CREME DE LA CREME, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

A Description of Plan.

The following description of the Crème de la Crème, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

- 1 General.** The Plan is a defined contribution plan covering all employees of Crème de la Crème, Inc. and its participating affiliates, (collectively the “Company”) who have completed one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In February 2015, the Plan was amended and restated in order to comply with current plan qualification requirements under amendments to the Internal Revenue Code and under rulings and regulations adopted by the Department of Labor and Department of Treasury.

The Company is the Plan administrator and is responsible for oversight of the Plan. State Street Bank & Trust Company served as the trustee through June 30, 2016, and Automatic Data Processing, Inc. serves as third party administrator and recordkeeper. Effective July 1, 2016, the Plan changed its trustee to Reliance Trust Company. Morgan Stanley Smith Barney is the investment advisor to the Plan. The Plan administrator determines the appropriateness of the Plan's investment offerings and monitors investment performance.

- 2 Contributions.** Each year, participants may contribute from 1% to 15% of annual compensation, as defined in the Plan. Deferral contributions shall not exceed certain limits set forth by the Internal Revenue Code (“IRC”) (\$18,000 in 2016). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions (up to \$6,000 in 2016). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Company may make matching contributions equal to a percentage of each participant's contributions. For the year ended December 31, 2016, the Company did not make any matching contributions. Contributions are subject to certain limitations.
- 3 Participant Accounts.** Each participant's account is credited with the participant's contribution, Company contributions, and allocations of (a) Plan earnings and (b) charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- 4 Vesting.** Participants are immediately vested in their contributions, plus actual earnings thereon. Participants are immediately vested in the Company's contribution portion of their account, plus actual earnings thereon.

CREME DE LA CREME, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

- 5 Investment Options.** Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common collective trust as investment options for participants. Participants may change their investment options at any time.
- 6 Notes Receivable from Participants.** Participants may borrow from their fund accounts a minimum of \$500, up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. Loan terms range from one to five years or up to 30 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate comparable to the rates being charged by lending institutions in the same geographic locale as the Company (effective rate of interest is 5.25%). A loan will carry the same rate of interest throughout its term. Principal and interest is paid ratably through bi-weekly payroll deductions.
- 7 Payment of Benefits.** Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments, as defined by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.
- 8 Hardship Withdrawals.** Hardship withdrawals are available if the participant meets certain criteria.
- 9 Forfeited Accounts.** There were no forfeited accounts at December 31, 2016 and 2015. These accounts may be used to pay administrative expenses or to reduce future employer contributions. No forfeitures were used during the year ended December 31, 2016.

B Summary of Accounting Policies.

- 1 Basis of Accounting.** The financial statements of the Plan are prepared using the accrual basis of accounting.
- 2 Use of Estimates.** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

CREME DE LA CREME, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

- 3 Investment Valuation and Income Recognition.** Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustees. See Note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

- 4 Notes Receivable from Participants.** Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit (loss) has been recorded as of December 31, 2016 and 2015. Delinquent loans may be reclassified as benefits paid to participants based upon the terms of the Plan documents.

- 5 Payment of Benefits.** Benefits are recorded when paid.

- 6 Operating Expenses.** Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Certain investment related expenses are included in net appreciation of fair value of investments.

- 7 Subsequent Events.** The Plan has evaluated subsequent events through October 3, 2017, the date the financial statements were available to be issued. Plan management has not identified any material subsequent events that require reporting or disclosure.

C Investments and Information Prepared and Certified by Trustee (Unaudited).

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520-103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the trustees of the Plan have certified that the following unaudited data included in the accompanying financial statements and supplemental schedule is complete and accurate:

CREME DE LA CREME, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

- Investments, as shown in the Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015, and investment information included in the notes to the financial statements.
- Notes receivable from participants and related interest income on notes receivable from participants.
- Dividends and net appreciation in fair value of investments as shown in the Statement of Changes in Net Assets Available for Benefits.
- The schedule of assets held at year-end included as supplemental information.

This information has not been audited by the Plan's independent auditors.

D New and Adopted Accounting Pronouncements.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent)*. Under the new guidance, investments measured at net asset value, as a practical expedient for fair value, are excluded from the fair value hierarchy. ASU 2015-07 also removes the requirement to make certain disclosures for investments that are eligible to be measured at fair value using the practical expedient, but for which the practical expedient was not elected. The amendments of ASU 2015-07 were adopted by the Plan as of December 31, 2015.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*.

ASU 2015-12 Part I designates contract value as the only relevant measure for fully benefit-responsive investment contracts, thus eliminating the previous requirement to measure, present, and disclose the fair value of such contracts. The conclusions reached by ASU 2015-12 Part I also clarify that indirect holdings in investment contracts (such as stable value common or collective trusts) should no longer be reflected as fully benefit-responsive investment contracts.

ASU 2015-12 Part II simplifies financial statement disclosures by removing the requirements to disclose (a) investments that represent five percent or more of net assets available for benefits, (b) the net appreciation of investments by general type, and (c) the investment strategy of investments in direct filing entities that are measured using the practical expedient. ASU 2015-12 Part II also clarifies that investments shall be grouped by general type for purposes of fair value disclosures.

CREME DE LA CREME, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

ASU 2015-12 Part III allows defined benefit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end.

The amendments within ASU 2015-12 Part II were adopted by the Plan as of December 31, 2015, while the amendments within ASU 2015-12 Part I and Part III were not applicable to the Plan. The adoption resulted in certain investment related disclosures being eliminated and did not have an impact on total Net Assets Available for Benefits.

E Fair Value Measurements.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements.

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Fair Value Measurements.

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 Input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements.

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

CREME DE LA CREME, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The investment held in the common collective trust has a daily redemption frequency and no unfunded commitments as of December 31, 2016.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at Fair Value as of December 31, 2016

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds	\$ 616,445	\$ -	\$ -	\$ 616,445
Total Assets in the Fair Value Hierarchy	<u>\$ 616,445</u>	<u>\$ -</u>	<u>\$ -</u>	616,445
Investments Measured at Net Asset Value (a): Common Collective Trust				<u>38,131</u>
Total Investments at Fair Value				<u>\$ 654,576</u>

CREME DE LA CREME, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

Assets at Fair Value as of December 31, 2015

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual Funds	\$ 555,736	\$ -	\$ -	\$ 555,736
Total Assets in the Fair Value Hierarchy	<u>\$ 555,736</u>	<u>\$ -</u>	<u>\$ -</u>	555,736
Investments Measured at Net Asset Value (a): Common Collective Trust				<u>84,351</u>
Total Investments at Fair Value				<u>\$ 640,087</u>

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

There were no transfers in and/or out of Level 1, 2, or 3 for financial instruments measured at fair value on a recurring basis for the year ended December 31, 2016. If the Plan were to recognize transfers, it would do so at the end of the reporting period.

F Related Party Transactions and Party-In-Interest Transactions.

Certain Plan investments are common collective trusts managed by State Street Bank & Trust Company and Reliance Trust Company, the trustees; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. The Plan sponsor pays directly any other fees related to the Plan's operations.

G Plan Termination.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

CREME DE LA CREME, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2016 AND 2015

H Tax Status.

As disclosed in Note A, effective February 2015, the Plan was amended and restated in order to comply with current plan qualification requirements under amendments to the Internal Revenue Code and under rulings and regulations adopted by the Department of Labor and Department of Treasury. The Plan's prototype Plan sponsor obtained a favorable opinion letter from the IRS dated July 8, 2014, stating that the prototype plan is qualified under the applicable sections of the IRC. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate the tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in-progress.

I Risks and Uncertainties.

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

401K Plan

Governing Authorities

Dear Representative:

Please accept this Reasonable Cause Letter for the Crème de la Crème, Inc. 401K Plan (ADP Retirement Services plan ID 101019, plan number 002) for the year of 2016. This is the 401K plan for Crème de la Crème, Inc. (Crème), tax ID 84-1367584. Today ADP Retirement Services (ADP) called to inform me the Form 5500 filing for the year 2016 was late and of that I had the option of submitting a Reasonable Cause Letter (Letter) to request consideration to waive the late filing status.

Please refer to the three pages that are attached to this Letter to support my explanations. To start Crème did file electronically the 2016 Form 5500 and audited financial statements (a pdf file) on October 16, 2017 through the ADP web portal. Since it was later in the day and I wanted to make sure the filing was submitted correctly and on time, I contacted ADP and had an ADP representative assist me with each step in the process. At the end I received an online confirmation message indicating the filing was successfully submitted to the transmission queue on 10/16/17. The ADP representative indicated everything looked fine and we proceeded to file Form 8855-SSA. However, it was learned the next day the Form 5500 filing was not accepted due to an invalid attachment.

Then on October 17, 2017 I called ADP again to follow up on the message indicating the filing was not accepted and understand why and to attempt to file the Form 5500 and audited financial statements again. The ADP representative walked me through the steps again and after I deleted and reattached the audited financial statements pdf file the ADP representative said she opened the file I had created and indicated she could see the audited financial statements in what would be submitted. According we continued through the remaining steps to complete the submission. At the end of these steps a message was displayed indicating the filing was successfully submitted to the transmission queue on 10/17/17. I asked the ADP representative since I submitted the filing on Monday, 10/16/17, and we were re-filing on 10/17/17, would Crème's 2016 submission still be considered filed on time. The ADP representative indicated yes it is still considered timely.

Then on October 18, 2017 I called ADP again to follow up on yet another message indicating the filing had not been accepted. The reason was again due to an invalid attachment. The ADP representative indicated she did not know why it was not being accepted and said she could open a ticket to have the issue researched and that someone from ADP would get back to me in 4-5 days. Obviously I wanted to get the issue resolved immediately. I was transferred to her manager and we went through what had

happened. The manager didn't know why the system was not submitting the attachment correctly because it was a pdf file. Eventually the manager said he was going to try to do something to the file. I believe he said he was going to compress it, although he could have done something else. After doing this to the attached file he opened up the filing and he indicated he could see the Form 5500 and the audited financial statements. We walked through the remainder of the steps and again submitted everything. I received an online confirmation message the filing was successfully submitted to the transmission queue on 10/18/17. Out of curiosity I asked the manager if the fact that I submitted the filing on 10/16/17, albeit unsuccessful, did that mean it would still be considered filed on time even with the third attempt at filing being on 10/18/17. The manager indicated no since it was not accepted on 10/16/17 it is considered late. The manager also indicated the problem wasn't an ADP issue, but was a problem with the Department of Labor system.

I don't know who is at fault. All I know is I uploaded the completed 2016 Form 5500 and associated audited financial statements on October 16, 2017 through the same ADP site that I have submitted the same for prior years and received an online message indicating a successful upload of the 2016 data. I also diligently followed up on messages indicating the filing was not successful until the filing was successful. Would you please take this into consideration and allow the 2016 Crème de la Crème, Inc. 401K Plan filing to be classified as filed on time? Again, please refer to the three pages attached to this two page letter which are screen prints of the online confirmation messages the filing was successfully submitted to the transmission queue on 10/16/17, 10/17/17 and 10/18/17.

Sincerely,
