Independent Auditor's Report

To the Plan Administrator of the Metro Toyota, Inc. 401(k) Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Metro Toyota, Inc. 401(k) Retirement Plan (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Principal Trust Company ("Principal"), the trustee of the Plan, except for comparing the information with related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2016, and for the year ended December 31, 2016, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Other Matter - 2015 Financial Statements

The 2015 financial statements of the Plan were audited by KPFF, L.L.C. ("KPFF") whose professional staff joined Apple Growth Partners effective January 1, 2017 and has subsequently ceased operations. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed KPFF not to perform and they did not perform, any auditing procedures with respect to the information certified by the trustee. KPFF's report, dated September 19, 2016, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Metro Toyota, Inc. 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2016 and 2015

A. PLAN DESCRIPTION

The following is a brief description of the Metro Toyota, Inc. (the “Company” or “Plan Sponsor”) 401(k) Retirement Plan (the “Plan”) provided for general information purposes only. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

General - The Plan is a defined contribution profit sharing plan established by the Company in May 1991, under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”) and includes a Code Section 401(k) arrangement which allows plan participants to defer current taxation on a portion of their salaries by electing a percentage of their salary to be contributed to the Plan. These employee salary savings type contributions are hereafter referred to as employee salary deferrals.

The Plan covers all employees of the Company who have completed six months of service and have attained age twenty-one and provides for automatic enrollment for newly eligible participants, unless they elect to opt out. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Company is the Plan’s administrator and has appointed the Plan trustee to receive and invest the funds in the trust in accordance with the Plan’s provisions.

Contributions - Contributions to the Plan include both employee salary deferrals and employer contributions. Beginning on the first day of the calendar quarter following the date of eligibility, participants may voluntarily contribute a minimum of 1% to a maximum of 100%, limited to the Internal Revenue Code (“IRC”) 402(g) limit, of their compensation on a pre-tax or post-tax basis (“Roth contributions”). Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. The Company, however, may be required to limit contributions of certain employees to comply with the IRC.

The types of employer contributions are as follows:

Discretionary Employer Matching Contribution - The Company’s Board of Directors determines the percentage of the employee salary deferral contribution that it will match and contribute to the Plan for each participant. For all periods presented, the Company elected to match 50% of each dollar deferred up to 5% of participants’ compensation. A discretionary match of \$111,637 was made for the year ended December 31, 2016.

Discretionary Profit Sharing Contribution - The Company’s Board of Directors may elect to make an additional discretionary contribution for eligible participants who are employed on the last day of the Plan year. The contribution is allocated based on participant’s compensation. The Company has not made a profit sharing contribution for the year ended December 31, 2016.

The Plan also permits rollover contributions from other qualified retirement plans.

Participant Accounts - Each participant’s account is credited with the participant’s deferral contribution, employer matching contribution, allocation of the Company’s discretionary profit sharing contribution, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant’s vested account.

Participants direct the investment of their contributions into the various funds provided. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Metro Toyota, Inc. 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2016 and 2015

Vesting - Participants are immediately vested in their deferral contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portions of their accounts is based on years of continuous service. A participant is 100% vested after six years of continuous service.

Notes Receivable from Participants - Participants may borrow from their salary deferral accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested balance. The note is secured by the balance in the participant's account. The loan bears interest at a rate determined at the time the loan is taken based on Prime (4.50% and 4.25% at December 31, 2016 and 2015, respectively). Principal and interest are paid ratably through payroll deductions.

Payment of Benefits - Upon termination of service, the participant can receive his or her account balance as a lump-sum payment or roll over assets to another qualified plan. The Plan Administrator may automatically make a lump-sum distribution for account balances less than \$1,000. Participants terminated are entitled to receive their benefits as soon as administratively feasible. Hardship withdrawals are allowed for participants incurring an immediate and severe financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the IRS, and a participant must exhaust all available loan options and distributions prior to requesting a hardship withdrawal.

Forfeitures - Forfeitures may be used by the Plan to offset employer contributions or for the payment of Plan expenses. Re-allocated forfeitures totaled \$8,684 for the year ended December 31, 2016, which were used to offset employer contributions.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodian, and trustees. See Note D for discussion of fair value instruments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including third party administrative expenses and investment management fees, are paid from the Plan. Fees attributable to loans and distributions are paid by the participants. All other expenses of maintaining the Plan are paid by the Company except if reimbursed or paid directly by Principal through its reimbursement agreement with the Plan Sponsor. During 2016, \$6,000 was reimbursed to the Plan Sponsor for the 2015 audit fees that it had paid and \$15,000 was paid directly to an advisor for investment advisory services provided to the Plan.

Investment related expenses are included in net appreciation in fair value of investments.

Metro Toyota, Inc. 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2016 and 2015

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, upon a distributable event the participant loan balance is reduced and a benefit payment is recorded.

Deemed Distributions - For active participants who have not incurred a distributable event but have delinquent loans, the participant loan is recorded as a distribution in the year of default.

Excess contributions payable - Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as excess contributions payable with a corresponding reduction to contributions. The Plan distributed the 2016 and 2015 excess contributions to the applicable participants prior to March 15, 2017 and 2016, respectively.

Recently Issued Accounting Standards - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurement* (ASC 820), to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient as well as to remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The guidance is to be applied retrospectively and is effective for annual periods beginning after December 15, 2016, with early application permitted.

In July 2015, the FASB issued ASU 2015-12, *Defined Contribution Plans (Topic 962), (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient*. Part I removes the requirement to measure fully benefit-responsive investment contracts at fair value, with an adjustment to contract value and permits fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II removes the requirement to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the Plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The guidance in Part I and II is to be applied retrospectively. The guidance in Part III is to be applied prospectively. The guidance in Parts I, II and III is effective for annual periods beginning after December 15, 2016, with early application permitted.

The Plan Administrator has elected to apply the applicable sections of the guidance described above to the Plan's financial statements as of and for the years ended December 31, 2016 and 2015.

C. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements of information prepared and certified by Principal, the trustee of the Plan.

Principal has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of December 31, 2016 and 2015, and for the year ended December 31, 2016.

Principal has certified as to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2016.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under Financial Accounting Standards Board guidance in these financial statements are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

Mutual fund - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts - Market values of units held in the pooled separate account are determined daily by Principal based upon the initial value assignment, the net asset value of the mutual fund investments and the applicable investment management and administrative charges, as set forth in the group annuity contract.

Common/collective trust fund - Valued at the NAV of units of the collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

E. CUSTODIAL GUARANTEED INTEREST CONTRACT WITH INSURANCE COMPANY

On March 1, 2007, Principal Trust Company, as custodian for the guaranteed interest contract entered into a fully benefit-responsive guaranteed investment contract with Principal Life Insurance Company (Principal). The Plan's investment in the contract was \$568,002 for 2016 and \$624,049 for 2015. As of

Metro Toyota, Inc. 401(k) Retirement Plan
Notes to the Financial Statements
December 31, 2016 and 2015

December 31, 2016 and 2015 the contract value was equal to the fair market value. Principal maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The Plan holds a Fixed Income Guaranteed Option that meets the fully benefit-responsive investment contract criteria, and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material representation, or (4) a material amendment to the agreement without the consent of the issuer.

F. RELATED-PARTY TRANSACTIONS

Certain Plan investments are managed by Principal, the trustee of the Plan. The transactions involving these investments are allowable party-in-interest transactions under ERISA.

G. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in the Company's contributions.

H. FEDERAL INCOME TAX STATUS

The Plan has adopted a prototype plan sponsored by Principal which received an Internal Revenue Service ("IRS") Opinion Letter dated March 31, 2014. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the prototype plan. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2016, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

J. SUBSEQUENT EVENT

The Plan has evaluated subsequent events through October 9, 2017, the date that the Plan's financial statements were available to be issued.
