NOTE 1 – DESCRIPTION OF THE PLAN

The following brief description of the Lili Mirtorabi DDS MS A Profes 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General: Adopted January 1, 2007, the Plan is a defined contribution and profit sharing plan covering substantially all employees of Lili Mirtorabi DDS MS A Profes (the Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All employees of the Plan Sponsor who meet the eligibility requirements as defined by the Plan qualify to become participants in the Plan.

Contributions: Each year, participants may contribute up to the deferral limit of pretax annual compensation as defined in the Plan. Participants age 50 and older may elect to defer additional amounts (catch-up contributions). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants may direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers 25 mutual funds and one money market fund as investment options for participants.

The Plan Sponsor contributes a safe harbor matching amount of 100% of participant contributions up to 3% of annual compensation, plus 50% of the elective deferral that exceeds 3% of compensation but does not exceed 5% of compensation as defined in the Plan. Additional profit sharing contributions and qualified nonelective contributions (QNECs) may be made at the option of the Plan Sponsor's owner. Contributions are subject to certain limitations. For the year ended December 31, 2016, the Plan Sponsor did not make any profit sharing contributions or QNECs.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of the Plan Sponsor's contributions and the Plan's earnings or losses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of 95% of their vested account balance, excluding the Roth elective deferral balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant loan fund. Loan terms cannot be extended for more than five years unless the loan is used to acquire a dwelling unit, which can be determined within a reasonable time frame when the loan is made. The loans are secured by the participant's vested interest and require the participant to make payments via automatic payroll deductions.

Investment Options: Participants may direct both employee and employer contributions to be invested among various investment options as made available and determined by the Plan Administrator, which are more fully described in the plan literature.

Vesting: Participants are immediately vested in their voluntary contributions, QNECs, safe harbor matching and any transfer accounts plus actual earnings thereon. Vesting in the remainder of their accounts is based on years of continuous service.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

A participant is 100% vested after six years of credited service according to the following schedule:

Years of Service	Nonforfeitable Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Retirement: The normal retirement date is the first day of the month on or after the date the participant turns age 65.

Payment of Benefits: Upon termination of service due to death, disability or severance of employment from the Plan Sponsor, a participant may elect to receive the vested interest in his or her account in the form of a lump-sum amount equal to the value of his or her account or one of several life annuity arrangements. Upon termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed by the Plan are reflected below.

Basis of Accounting: The financial statements of the Plan were prepared under the accrual method of accounting.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and included in administrative expenses when incurred. As of December 31, 2016, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefits payment based on the terms of the plan document.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements: The Accounting Standards Codification (ASC) establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three-tier fair value hierarchy includes the following categories:

- Level 1 asset and liability fair values are based on quoted prices in active markets for identical assets and liabilities.
- Level 2 asset and liability fair values are based on observable inputs that include quoted market prices for similar assets or liabilities, quoted market prices that are not in an active market, or other inputs that are observable in the market and can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 assets and liabilities are financial instruments whose value is calculated by the use of pricing models and/or discounted cash flow methodologies, as well as financial instruments for which the determination of fair value requires significant management judgment or estimation.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Further, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

- *Mutual Funds* – Valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. Mutual funds are classified as Level 1 measurements.
- *Money Market Fund* – Interest-bearing cash consists of money market investments. The carrying value is believed to be representative of its fair value due to its short-term nature and is classified within Level 1 of the valuation hierarchy.

The Plan's financial instruments subject to fair value measurement and/or disclosure are summarized in Note 3.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Certain administration expenses of the Plan are paid by the Plan Sponsor.

Recent Accounting Pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07—*Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent) (a consensus of the FASB Emerging Issues Task Force)*. This ASU eliminates the requirement to categorize investments in the fair value hierarchy if their fair value is measured at NAV per share (or its equivalent) using the practical expedient in ASC 820. Reporting entities must provide sufficient information to enable users to reconcile total investments measured at fair value in the statement of financial position. Additionally, the scope of current disclosure requirements for investments eligible to be measured at NAV will be limited to investments to which the practical expedient is applied. ASU No. 2015-07 is effective for all entities except public business entities during annual reporting periods beginning after December 15, 2016 and interim periods thereafter, with early adoption permitted. ASU No. 2015-07 did not apply to the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

On July 31, 2015, the FASB simplified or eliminated some of the financial reporting and disclosure requirements for employee benefit plans with the issuance of ASU No. 2015-12—*Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient (consensuses of the FASB Emerging Issues Task Force)*. ASU No. 2015-12 simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures and provides for a measurement date practical expedient for plans with a fiscal year-end that does not coincide with a month-end. The guidance in this ASU does not apply to the financial reporting for the Plan Sponsor; it only applies to the Plan's financial statements. Prior to ASU No. 2015-12, GAAP required an entity to measure fully benefit-responsive investment contracts (i) at contract value for purposes of determining the net assets of an employee benefit plan and (ii) at fair value (measured under Topic 820) for purposes of presentation and disclosure and to provide an adjustment to reconcile fair value to contract value on the face of the plan financial statements when those measures differed. This ASU designates contract value as the only required measure for fully benefit-responsive investment contracts. Contract value is considered relevant because that is the amount at which plan participants would transact. This ASU requires entities to disclose the contract value of each type of fully benefit-responsive investment contract (e.g., traditional, synthetic). The amendments under ASU No. 2015-12 are effective for fiscal years beginning after December 15, 2015, and earlier adoption is permitted. Plans are required to apply the amendments in Parts I and II retrospectively for all financial statements presented and should apply the amendments in Part III prospectively. When a part is adopted, it must be adopted in its entirety. Part I and Part III of this ASU did not apply to the Plan. The Plan applied Part II during 2016.

In January 2016, the FASB issued ASU No. 2016-01—*Financial Instruments—Overall (Subtopic 825-10): Recognition and Measurement of Financial Assets and Financial Liabilities*. This ASU requires an entity to measure equity investments at fair value through net income, with certain exceptions; present in other comprehensive income the changes in instrument-specific credit risk for financial liabilities measured using the fair value option; present financial assets and financial liabilities by measurement category and form of financial assets; and calculate the fair value of financial instruments for disclosure purposes based on an exit price. ASU No. 2016-01 provides an election to subsequently measure certain nonmarketable equity investments at cost less any impairment and adjusted for certain observable price changes. This ASU also requires a qualitative impairment assessment of such equity investments and amends certain fair value disclosure requirements.

Entities that are not public business entities will no longer be required to disclose the fair value of financial instruments carried at amortized cost.

The classification and measurement guidance will be effective for non-public entities in fiscal years beginning after December 15, 2018. ASU No. 2016-01 did not apply to the Plan.

In February 2017, the FASB issued ASU No. 2017-06—*Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Pension Plans (Topic 965), Employee Benefit Plan Master Trust Reporting (a consensus of the Emerging Issues Task Force)*, to improve the usefulness of the information reported to users of employee benefit plan financial statements and to provide clarity to preparers and auditors. ASU No. 2017-06 relates primarily to the reporting by a plan for its interest in a master trust. The amendments clarify presentation requirements for a plan's interest in a master trust and require more detailed disclosures of a plan's interest. The amendments also eliminate a redundancy relating to 401(h) account disclosures. The amendments in this ASU apply to reporting entries within the scope of ASC 960, 962 or 965 and are effective for fiscal years beginning after December 15, 2018.

Subsequent Events: The Plan has evaluated subsequent events through November 16, 2017, the date the financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's investments at fair value, by level within the fair value hierarchy, are as follows:

		Fair Value Measurements Using		
2016	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Mutual funds	$ 1,342,516	$ 1,342,516	$ -	$ -
Money market	34,285	34,285	-	-
	$ 1,376,801	$ 1,376,801	$ -	$ -

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2016, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE 4 – RELATED PARTY TRANSACTIONS

Certain investments of the Plan are shares of mutual funds managed by Mid Atlantic Trust Company (Mid Atlantic). Mid Atlantic is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions.

The Plan Sponsor provides certain accounting and administrative services to the Plan for which no fees are charged. These constitute exempt party-in-interest transactions under ERISA.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their employer contributions, if any.

NOTE 6 – TAX STATUS

The Plan obtained its latest determination letter, dated April 10, 2014, in which the Internal Revenue Service stated that the Plan and related trust, as then designed, were in compliance with the applicable requirements of the Internal Revenue Code.

The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

NOTE 8 – TRUSTEE CERTIFICATION

The investment information and related loss information included in the financial statements, accompanying notes and supplemental schedule, summarized below, were derived from statements certified by Mid Atlantic as of and for the years ended December 31, 2016 as complete and accurate in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. The balances reflected below are on the cash basis.

The certified plan assets are as follows:

Investments at fair value:		
Mutual funds	$	1,341,241
Money market		34,285
	$	1,375,526

The certified plan net income is as follows:

Investment income:		
Realized and unrealized income on mutual funds	$	39,337
Dividends and interest income		40,699
	$	80,036

NOTE 9 – FIDUCIARY BOND

ERISA requires the Plan to have fiduciary bond coverage at least equal to the lesser of 10% of the funds handled or $500,000 and should be fixed at the beginning of each reporting period. The total assets of the Plan at the beginning of the year amounted to $1,196,558, and therefore, the minimum fiduciary coverage should be $119,656. The Plan had no fiduciary bond coverage as of January 1, 2016.
