NOTE 1 DESCRIPTION OF PLAN

The following brief description of the CCARE 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan providing retirement benefits covering substantially all employees who meet certain eligibility requirements of CCARE, Inc. (the "Company"), and was last amended January 1, 2016. All employees are eligible to make elective deferral contributions to the Plan on the later of employment commencement date or reaching 21 years of age. Employees who are 21 years or older, have completed one year of employment, and a minimum of 1,000 hours during the year are eligible for various nonelective and discretionary employer contributions. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for the oversight of the Plan.

Contributions

Each year, participants may contribute up to 75% of compensation, subject to certain IRS limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, which are not eligible for employer matching contributions. Each Plan Year, the Employer shall contribute to the Plan and allocate to each eligible participant a non-elective safe harbor contribution equal to 3% of eligible participants' compensation during the Plan year. The Company has the discretion to make an Employer Discretionary Profit Sharing Contribution to the Plan. For 2016, the Company elected to give eligible non-owner participants an additional 2% discretionary non-elective contribution to non-owners, and the maximum allowable contribution to owners. The Company has the option of making discretionary matching profit sharing contributions to the Plan, which cannot exceed 4% of compensation for the Plan year. Participants may also rollover distributions from other qualified benefit or defined contribution plans. For the year ending December 31, 2016, the Company made a total of \$1,330,433 in safe harbor and profit sharing contributions, net of forfeitures.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and allocations of Plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

NOTE 1 DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in all employee contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of continuous service. Participants vest at 20 percent per year beginning in their second year of service and become 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts up to the lesser of \$50,000 or 50% of the their vested account balances. Notes Receivable from Participants are secured by the respective participant's vested account balance and are subject to interest charges. Notes are paid ratably through payroll deductions over a term not to exceed five years, or longer for notes used for the purchase of a primary residence. Loans are collateralized by the vested balance in the participant's account and bear interest at rates commensurate with prevailing market rates as determined by the Plan administrator. Interest rates on Notes Receivable from Participants as of December 31, 2016 were 4.25-4.75%, and mature through April 2028.

Payment of Benefits

Upon termination of service, a participant's vested account balance not exceeding \$5,000, excluding rollovers, will be distributed from the Plan. The distribution may either be paid in a lump-sum distribution or rolled over into another qualified Plan. Participants must consent to distributions greater than \$5,000. Participants may also receive distributions due to hardship, subject to approval, as defined by the Plan, as well as retirement, disability or death, subject to Plan provisions.

Forfeited Accounts

Forfeitures from nonvested participant accounts are used to reduce employer contributions. At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$25,264 and \$11,239, respectively.

Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Investment and certain administrative expenses of the Plan are paid directly by the Company. Other expenses, such as loan fees or fees for distributions, are nominal and are charged to the participant incurring the distribution. Other plan expenses are deducted from the Plan's investment gains.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan maintains its accounts on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles. The significant accounting policies followed are discussed below.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Management determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are reinvested into the Plan and reflected as Other Investment Income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Realized and unrealized appreciation and depreciation is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net depreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Liabilities

Other Liabilities relate to accrued expenses payable. At December 31, 2016 and 2015, Other Liabilities were \$20,430 and \$17,669.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value (NAV) per Share (or Its Equivalent), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The ASU is effective for nonpublic entities for fiscal years beginning after December 15, 2016, with early adoption permitted. Management elected to early adopt ASU 2015-07 as of December 31, 2016, and has determined based on the expanded definition of Readily Determinable Fair Value, (RDFV) per ASU 2015-10, Technical Corrections and Improvements, that NAV of the ETF Managed Portfolio Strategies does not qualify as a practical expedient. Therefore, ASU-07 is not applicable, and investments will continue to be included in the fair value hierarchy.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Since the Plan does not hold investment contracts, Part I is not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management adopted Part II as of December 31, 2016, via retrospective application.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

The plan has evaluated subsequent events through November 13, 2017, the date of the financial statements were available to be issued.

NOTE 3 INFORMATION PREPARED AND CERTIFIED

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Alerus Financial.

NOTE 4 FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**CCARE 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015**

Page 10

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Funds- The Stable Value Fund is priced daily using the unadjusted NAV as of the reporting date, which is the basis for current transactions, and consist of investments in accounts of The Charles Schwab Bank, a subservice organization of Alerus Retirement Solutions, investing primarily in equity and fixed income securities. As these transactions occur directly with The Charles Schwab Bank and not on active markets, they are less observable and therefore classified in Level 2.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31 2016:

	Level I	Level II	Level III	Total
Cash	\$ 411	\$ 0	\$ 0	\$ 411
Mutual Fund	\$ 15,499,049	\$ 0	\$ 0	\$ 15,499,049

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31 2015:

	Level I	Level II	Level III	Total
Cash	\$ 0	\$ 0	\$ 0	\$ 0
Mutual Fund	\$ 13,702,405	\$ 0	\$ 0	\$ 13,702,405

Total investments at fair value	\$ 13,702,405	\$ 358,351	\$ 0	\$ 14,060,756

NOTE 5 PARTY-IN-INTEREST TRANSACTIONS

Alerus Financial is the recordkeeper and custodian of the Plan. Aldrich Retirement Solutions is the investment advisor for the Plan. Transactions with the recordkeeper, advisor, and custodian qualify as party-in-interest transactions. Fees paid by the Plan for these services were included as a reduction of the return earned on each fund.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 TAX STATUS

The Plan is a prototype basic savings plan for which the Plan administrator has received a determination letter regarding tax-exempt status under the provisions of the Internal Revenue Service Code. Although the Plan has been amended since receiving the letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan's participants direct investments in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of these investment securities will occur in the near term and that such changes could materially affect Plan participants' account balances and the amounts reported in the Plan's Statement of Net Assets Available for Benefits. For more detailed information about any of the investments offered under the Plan, including risk factors, investment objectives and expenses, Plan participants should refer to the respective investment's prospectus.

NOTE 9 SUBSEQUENT EVENTS

On June 1, 2017, the Plan was amended. In conjunction with the amendment, Plan assets were transferred to Great West Life & Annuity Insurance Company, acting as custodian, and its recordkeeping services to Empower Retirement.

NOTE 1 DESCRIPTION OF PLAN

The following brief description of the CCARE 401(K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan providing retirement benefits covering substantially all employees who meet certain eligibility requirements of CCARE, Inc. (the "Company"), and was last amended January 1, 2016. All employees are eligible to make elective deferral contributions to the Plan on the later of employment commencement date or reaching 21 years of age. Employees who are 21 years or older, have completed one year of employment, and a minimum of 1,000 hours during the year are eligible for various nonelective and discretionary employer contributions. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for the oversight of the Plan.

Contributions

Each year, participants may contribute up to 75% of compensation, subject to certain IRS limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, which are not eligible for employer matching contributions. Each Plan Year, the Employer shall contribute to the Plan and allocate to each eligible participant a non-elective safe harbor contribution equal to 3% of eligible participants' compensation during the Plan year. The Company has the discretion to make an Employer Discretionary Profit Sharing Contribution to the Plan. For 2016, the Company elected to give eligible non-owner participants an additional 2% discretionary non-elective contribution to non-owners, and the maximum allowable contribution to owners. The Company has the option of making discretionary matching profit sharing contributions to the Plan, which cannot exceed 4% of compensation for the Plan year. Participants may also rollover distributions from other qualified benefit or defined contribution plans. For the year ending December 31, 2016, the Company made a total of \$1,330,433 in safe harbor and profit sharing contributions, net of forfeitures.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and allocations of Plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

NOTE 1 DESCRIPTION OF PLAN (Continued)

Vesting

Participants are immediately vested in all employee contributions plus actual earnings thereon. Vesting in the employer's contribution portion of their accounts is based on years of continuous service. Participants vest at 20 percent per year beginning in their second year of service and become 100 percent vested after six years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts up to the lesser of \$50,000 or 50% of the their vested account balances. Notes Receivable from Participants are secured by the respective participant's vested account balance and are subject to interest charges. Notes are paid ratably through payroll deductions over a term not to exceed five years, or longer for notes used for the purchase of a primary residence. Loans are collateralized by the vested balance in the participant's account and bear interest at rates commensurate with prevailing market rates as determined by the Plan administrator. Interest rates on Notes Receivable from Participants as of December 31, 2016 were 4.25-4.75%, and mature through April 2028.

Payment of Benefits

Upon termination of service, a participant's vested account balance not exceeding \$5,000, excluding rollovers, will be distributed from the Plan. The distribution may either be paid in a lump-sum distribution or rolled over into another qualified Plan. Participants must consent to distributions greater than \$5,000. Participants may also receive distributions due to hardship, subject to approval, as defined by the Plan, as well as retirement, disability or death, subject to Plan provisions.

Forfeited Accounts

Forfeitures from nonvested participant accounts are used to reduce employer contributions. At December 31, 2016 and 2015, forfeited nonvested accounts totaled \$25,264 and \$11,239, respectively.

Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Investment and certain administrative expenses of the Plan are paid directly by the Company. Other expenses, such as loan fees or fees for distributions, are nominal and are charged to the participant incurring the distribution. Other plan expenses are deducted from the Plan's investment gains.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan maintains its accounts on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles. The significant accounting policies followed are discussed below.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Management determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Capital gain distributions are reinvested into the Plan and reflected as Other Investment Income. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Realized and unrealized appreciation and depreciation is recorded in the accompanying Statement of Changes in Net Assets Available for Benefits as net depreciation in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other Liabilities

Other Liabilities relate to accrued expenses payable. At December 31, 2016 and 2015, Other Liabilities were \$20,430 and \$17,669.

Payment of Benefits

Benefits are recorded when paid.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, Fair Value Measurement (Topic 820) Disclosures for Investments in Certain Entities that Calculate Net Asset Value (NAV) per Share (or Its Equivalent), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. The ASU is effective for nonpublic entities for fiscal years beginning after December 15, 2016, with early adoption permitted. Management elected to early adopt ASU 2015-07 as of December 31, 2016, and has determined based on the expanded definition of Readily Determinable Fair Value, (RDFV) per ASU 2015-10, Technical Corrections and Improvements, that NAV of the ETF Managed Portfolio Strategies does not qualify as a practical expedient. Therefore, ASU-07 is not applicable, and investments will continue to be included in the fair value hierarchy.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Since the Plan does not hold investment contracts, Part I is not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management adopted Part II as of December 31, 2016, via retrospective application.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

The plan has evaluated subsequent events through November 13, 2017, the date of the financial statements were available to be issued.

NOTE 3 INFORMATION PREPARED AND CERTIFIED

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Alerus Financial.

NOTE 4 FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820, described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**CCARE 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015**

Page 10

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Funds- The Stable Value Fund is priced daily using the unadjusted NAV as of the reporting date, which is the basis for current transactions, and consist of investments in accounts of The Charles Schwab Bank, a subservice organization of Alerus Retirement Solutions, investing primarily in equity and fixed income securities. As these transactions occur directly with The Charles Schwab Bank and not on active markets, they are less observable and therefore classified in Level 2.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31 2016:

	Level I	Level II	Level III	Total
Cash	\$ 411	\$ 0	\$ 0	\$ 411
Mutual Fund	\$ 15,499,049	\$ 0	\$ 0	\$ 15,499,049

NOTE 4 FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value as of December 31 2015:

	Level I	Level II	Level III	Total
Cash	\$ 0	\$ 0	\$ 0	\$ 0
Mutual Fund	\$ 13,702,405	\$ 0	\$ 0	\$ 13,702,405
Stable Value Fund	\$ 0	\$ 358,351	\$ 0	\$ 358,351
Total investments at fair value	\$ 13,702,405	\$ 358,351	\$ 0	\$ 14,060,756

NOTE 5 PARTY-IN-INTEREST TRANSACTIONS

Alerus Financial is the recordkeeper and custodian of the Plan. Aldrich Retirement Solutions is the investment advisor for the Plan. Transactions with the recordkeeper, advisor, and custodian qualify as party-in-interest transactions. Fees paid by the Plan for these services were included as a reduction of the return earned on each fund.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 TAX STATUS

The Plan is a prototype basic savings plan for which the Plan administrator has received a determination letter regarding tax-exempt status under the provisions of the Internal Revenue Service Code. Although the Plan has been amended since receiving the letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan was qualified and tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 8 RISKS AND UNCERTAINTIES

The Plan's participants direct investments in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of these investment securities will occur in the near term and that such changes could materially affect Plan participants' account balances and the amounts reported in the Plan's Statement of Net Assets Available for Benefits. For more detailed information about any of the investments offered under the Plan, including risk factors, investment objectives and expenses, Plan participants should refer to the respective investment's prospectus.

NOTE 9 SUBSEQUENT EVENTS

On June 1, 2017, the Plan was amended. In conjunction with the amendment, Plan assets were transferred to Great West Life & Annuity Insurance Company, acting as custodian, and its recordkeeping services to Empower Retirement.
