The following description of the ABC Laboratories Retirement Savings Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

In 2015, the Company was acquired by EAG, Inc. and this plan continued as a separate plan from the EAG, Inc. 401(k) Savings Plan.

General **-** The Plan is a defined contribution plan that was established on November 1, 1990 by Analytical Bio-Chemistry Laboratories, Inc. ("the Company" or "Plan Administrator") covering all eligible employees of the Company as defined in the Plan agreement. Certain classes of employees as defined in the Plan agreement are excluded from plan participation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

A Plan Committee ("the Committee") manages the operation and administration of the Plan, including the appropriateness of the Plan's investment offerings and investment performance. The Company has contracted with Reliance Trust Company ("Reliance") to act as trustee and with Fidelity Brokerage Services LLC ("Fidelity") to act as custodian. A third-party administrator acts as record-keeper to process and maintain the records of participant data.

Contributions **-** Each year, participants may contribute an amount of eligible pre-tax annual compensation as defined in the Plan agreement, not to exceed the maximum statutory amount. The Plan allows for automatic enrollment for eligible new hires with a deferral rate of 6% and which will be increased by 1% each year until it reaches a maximum of 15% of compensation, unless the employee elects differently. The Plan allows for ROTH deferral contributions. Participants who are age 50 or older can elect to make catch-up contributions to the Plan, not to exceed the maximum statutory amount. Participants may also contribute amounts representing distributions from other qualified eligible plans.

The Plan allows for an employer discretionary matching and/or an employer discretionary profit sharing contribution, subject to certain eligibility requirements. In 2016, the Company matched 50% of a participant's contributions up to 6% of eligible compensation. The Company's matching contributions was $611,013 of which $25,392 was funded by forfeitures. No discretionary profit sharing contribution was made for 2016.

***Participant Accounts* -** Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, an allocation of the discretionary profit sharing contribution (if any), plan earnings and losses, and plan expenses as applicable to the Plan. Allocations of the discretionary profit sharing employer contribution are based on participant compensation. Allocations of plan earnings and losses are based on individual participant investment choices. All contributions/investments are participant directed. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain investment and fund fees are charged to the funds and are included in plan investment income and losses and charged to participant accounts. Participants should refer to the funds' prospectuses for further information on these fees.

***Vesting* -** Participants are 100% vested in their contributions and rollover amounts plus actual earnings thereon. Vesting in the discretionary matching contributions and discretionary profit sharing contributions and earnings is based on years of credited service based on 20% per year with full vesting after five years. Participants become fully vested in the event of death, disability, normal retirement age, or plan termination.

***Notes Receivable from Participants* -** Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. One outstanding note per participant is permitted at any given time. The notes are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the Plan Administrator. Outstanding notes receivable from participants as of December 31, 2016 carry interest rates which range from 4.25% to 4.50%. Outstanding notes receivable from participants as of December 31, 2015 carry an interest rate of 4.25%. Principal and interest is paid ratably through payroll deductions. The notes must be repaid within a five-year period, unless it is used for the purchase of a principal residence in which case the maximum repayment period may be longer. The Plan Administrator establishes the specific terms and conditions of such notes.

***Payment of Benefits* -** Upon the satisfaction of certain distributable events, participants or their beneficiaries may elect to receive their vested account balance and are paid in accordance with plan provisions.

Forfeited Accounts - Forfeited non-vested employer accounts can be used to pay plan expenses or to reduce amounts otherwise required to be contributed to the Plan. During 2016, $6,902 of plan expenses and $7,500 of auditor fees was paid through the forfeiture account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Committee determines the Plan's valuation policies utilizing information provided by Reliance. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant notes are recorded as distributions on the basis of the terms of the Plan agreement.

Excess Contributions Payable - Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability. As of December 31, 2016 and 2015 there were no material excess contributions payable.

***Plan Expenses* -** In 2016, some expenses related to the administration of the Plan were paid by the Company and these amounts are excluded from the Plan's financial statements. Certain participant note fees, distribution fees, and investment/fund fees are charged to participant accounts as applicable. Plan related fees are paid to Reliance, Fidelity, and the third party administrator. An investment advisor and audit fees were paid by the Plan. The Plan has a separate account for the purpose of collecting revenue from Plan investment options to be used to pay non-settlor Plan expenses. This account is considered a plan asset and included in the Fidelity Government Cash Reserve Account. During the year ended December 31, 2016, the Plan received revenue sharing of $74,117 and paid Plan expenses of $99,070, respectively. The ending balance available to pay future plan expenses totaled $7,854 and $32,807, as of December 31, 2016 and 2015, respectively.

***Payment of Benefits* -** Benefits are recorded when paid.

***Accounting Method* -** For the plan year ended December 31, 2015, the Plan implemented the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2015-07 *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* that was issued in May 2015 and FASB ASU 2015-12 - *Plan Accounting: Defined Contribution Pension Plans (Topic 962)* that was issued in July 2015.

***Subsequent Events* -** The Plan has evaluated subsequent events through November 17, 2017, the date the financial statements were available to be issued.

NOTE 3 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 4 - CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, information certified by Reliance regarding the current value of assets held as of December 31, 2016 and

2015, and transactions entered into during the year ended December 31, 2016, except for the Fidelity Government Cash Reserve Account and notes receivable from participants, was used in the preparation of the accompanying financial statements and supplemental schedule.

NOTE 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASU Subtopic 820-10 are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their

daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: The Wells Fargo Stable Return Fund J has invested its assets in the Wells Fargo Stable Return Fund G, a collective trust sponsored by Wells Fargo. The Wells Fargo Stable Return Fund G invests in a variety of investment contracts including traditional Guaranteed Investment Contracts ("GICs"), Security Backed contracts and separate account GICs. The Fund seeks to provide investors with a moderate level of stable income without principal volatility. There is no assurance that the Fund will achieve its objective. The fund is valued daily at a NAV using a market based approach based on the underlying investments in the fund. Units of the funds are issued and redeemed at the current NAV. The NAV is used as a practical expedient to estimate fair value for the funds. This practical expedient would not be used if it is determined to be probable that the funds will sell the investments for an amount different from the reported NAV. Participants may redeem their units in the fund at any time, there are no unfunded commitments, and the Plan Sponsor is subject to a 12 months redemption notice period for this fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016, and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$22,368,138	$ -	$ -	$22,368,138
Total assets in the fair value hierarchy	22,368,138	-	-	22,368,138
Investments measured at NAV (a)	-	-	-	1,038,305
Investments at fair value	$22,368,138	$ -	$ -	$23,406,443

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$20,630,716	$ -	$ -	$20,630,716
Total assets in the fair value hierarchy	20,630,716	-	-	20,630,716
Investments measured at NAV (a)	-	-	-	1,013,923
Investments at fair value	$20,630,716	$ -	$ -	$21,644,639

(a) In accordance with FASB ASU Subtopic 820-10, certain investments that were measured at NAV (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 6 - PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Plan investments are held/managed by Reliance and Fidelity. Any purchases and sales of these investments are performed in the open market at fair value. Plan related fees are paid by the Plan to Reliance, Fidelity and the third-party administrator. An investment advisory firm and the Plan's auditor were paid by the Plan. The Plan has other service providers. All these transactions, while considered parties-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 7 - PLAN TERMINATION AND/OR MODIFICATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

NOTE 8 - TAX STATUS

The Plan has adopted a volume submitter plan which has received an opinion letter dated March 31, 2014 from the IRS. The Plan has been amended since, however, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the

Internal Revenue Code and, therefore, believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by various taxing authorities and government agencies. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 - SUBSEQUENT EVENTS

In January 2017, the Plan changed providers from Reliance to Great-West Trust Company/Empower Retirement ("Great-West"). The Plan's name was changed to the EAG, Inc. Columbia 401(k) Plan. Substantially all the Plan assets were transferred from Reliance to Great-West in accordance with the provisions of ERISA. The black-out period in connection with the change was from December 28, 2016 to February 1, 2017. In connection with the change, the Plan was amended and restated and adopted a volume submitter plan with Great-West which received an opinion letter dated March 31, 2014 from the IRS. Participants should refer to plan documents for specific changes made to the Plan.

In connection with the change in providers, the Plan was amended as follows:

1. To exclude reclassified employees from participation in the Plan.
2. To consider eligible plan compensation for the entire plan year to determine the employer discretionary nonelective contribution (formerly called the profit sharing contribution).
3. To exclude In-Plan ROTH rollovers.
4. To allow automatic distribution of terminated participant balances less than $5,000 to an IRA Rollover account.
