Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

VITA-LIVING, INC. 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE A - DESCRIPTION OF PLAN

The following description of the Vita-Living, Inc. 403(b) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan that became effective January 1, 1998 and was restated on August 1, 2016. Eligible employees, as defined in the Plan, who regularly work 1,000 hours annually (20 hours weekly) are eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). All assets in the Plan are subject to participant investment directions.

Contributions - Each year, participants may make elective contributions (pre-tax or Roth) up to the maximum amount allowable, subject to the limits set by the Internal Revenue Code. Participants age 50 or over are allowed catch-up contributions. Rollover contributions to the Plan are also allowed. Participants direct the investment of their contributions into various investment options offered by the Plan. The employer may make a discretionary matching contribution on behalf of all participants equal to a uniform percentage or dollar amount of elective deferrals.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the employer matching contribution, (b) Plan earnings, and (c) amounts charged from an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their elective contributions plus actual earnings thereon. Vesting in the employer contribution of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

Payment of Benefits - On termination of service due to death, disability, retirement or for termination of service due to other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, or annual installments over a period of not more than his or her assumed life expectancy.

Forfeited Accounts - Forfeitures are allocated in accordance with the provision of the Plan. There were no forfeitures at December 31, 2016.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared under the accrual method of accounting.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator believes that contract value is an appropriate determination of fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value held by the Plan at the end of its fiscal year. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the accrual basis as recognized by the different portfolios.

Participant loans - Effective with the Plan restatement on August 1, 2016, the Plan does not permit participant loans.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain administrative fees are paid by the Plan and are included as deductions from net assets.

Date of Management Review - Subsequent events were evaluated through November 6, 2017, which is the date the financial statements were available to be issued.

NOTE C - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. At December 31, 2016, all of the Plan's investments are considered Level 1 or Level 2.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

The contracts with insurance companies consist of a guaranteed investment contract with an insurance company amounting to $16,376 at December 31, 2016 and a variable annuity with an insurance company amounting to $1,004 at December 31, 2016. The guaranteed investment contract is a fixed interest investment option (the Fixed Option) consisting entirely of Level 2 inputs with the observable inputs for the portion of the contract held in the Principal Trust Company separate account being the accumulation units in the investment account, and for the portion of the contract held in the Fixed Option, the inputs being the amounts contributed or transferred to the Fixed Option less any withdrawals or transfers out, plus all accrued interest. The variable annuity contract is held by RiverSource Life Insurance Company and consists of premium payments and interest thereon.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016:

		Fair Value Measurements Using	
	Fair Value	Level 1	Level 2
Registered investments	$ 219,586	$ 219,586	$ -
Investment contracts with insurance companies	17,380	-	17,380
Total	$ 236,966	$ 219,586	$ 17,380

The Plan's policy is to recognize transfers between Level 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2016, there were no transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE D - INVESTMENTS

The Plan is funded with investment contracts issued by and Principal Life Insurance Company (Principal) and RiverSource Life Insurance Company (RiverSource). The contract with Principal offers a fixed interest investment option (the Fixed Option) through Principal's general account and a number of variable investment options through separate accounts. Funds allocated to the Fixed Option are placed in the Principal general account where they are invested in accordance with Principal's general account investment policy. The contract with RiverSource offers a life insurance annuity and a number of variable investment options. All financial information related to the Fixed Option and the insurance annuity are reported to a Plan participant at contract value (principal invested plus interest earned). Principal and RiverSource believe contract value is an appropriate determination of fair value. There are no reserves against the contract value for credit risk of the contract issuer. A participant may self direct contributions to the Fixed Option or any of the variable investment options.

During 2016, the Plan's investments (including gains and losses on investments bought and sold, as well as investments held at year end) appreciated in value by $6,311.

NOTE E - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE F - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (the "Code"). The terms of the Plan have been prepared to conform with sample language provided by the Internal Revenue Service ("IRS"). The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain positions that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

NOTE G - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per financial statements to Schedule H of the Form 5500 as of December 31, 2016:

Net assets available for benefits per financial statements	$ 236,966
Net Assets Available for Benefits Per Form 5500	$ 236,966

The following is a reconciliation of contributions, earnings, benefits paid and expenses per financial statements to the Form 5500 for the year ended December 31, 2016:

	Contributions	Earnings	Benefits Paid	Expenses
Per financial statements	$ 67,707	$ 8,151	$ 50,730	$ 790
Per Form 5500	$ 67,707	$ 8,151	$ 50,730	$ 790

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE I - TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain Plan investments are shares of mutual funds managed by RiverSource and Principal, both of whom are trustees as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions; however, they are exempt from the ERISA prohibited transactions rules. Fees paid to Principal for contract administration amounted to $376 and fees paid to RiverSource for investment advisory services amounted to $414 for the year ended December 31, 2016.

NOTE J - SUBSEQUENT EVENTS

Subsequent events have been evaluated through November 6, 2017. Based on the result of the evaluation, no adjustments were required to the accompanying financial statements.

Effective January 1, 2017, the Plan was amended so that Plan participants must be active employees as of the last day of the Plan year in order to receive an allocation of employer matching contributions and forfeitures.
