NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Hollywood Woodwork, Inc. (the "Company") 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a qualified retirement plan under the Internal Revenue Code, established as a defined 401(k) profit sharing contribution plan covering all employees of the Company after a two (2) month probationary period. The Plan was originally formed on January 1, 1976. On July 1, 2015, the Plan was restated and restructured as a volume submitter defined contribution plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), and conforms to recent changes in legislation.

Plan Administration

The Plan is administered by the Company's management. The Plan's trustees are certain members of management and representatives of the Company. The custodian, which directs the custody and management of the Plan's assets, for the period January 1, 2015 through June 30, 2015, was MetLife Qualified Plan Solutions ("MetLife"). Effective July 1, 2015 the plan's assets were converted to Fidelity Management Trust Company ("Fidelity") the current custodian.

Contributions

Each year, participants may contribute pre-tax up to the lesser of 100% of eligible annual compensation, as defined in the Plan documents or maximum annual limitations as set by the Internal Revenue Code. Participants may also elect to have some or all of their deferral contribution invested as a Roth deferral (after-tax) as well as the ability to contribute amounts representing distributions ("rollovers") from other qualified plans. The Company may elect to make discretionary matching and profit sharing contributions at the option of the trustees and administrator.

Participants' Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the employer's matching contribution, if any, (b) the employer's discretionary contributions, if any, and (c) Plan earnings.

NOTE 1 - DESCRIPTION OF THE PLAN *(continued)*

Vesting

Participant elective contributions, rollovers from other plans and actual earnings thereon are 100% vested at all times.

Participants' share of employer-matching contributions, profit-sharing contributions and earnings on those accounts are subject to the following vesting schedule:

Years of Service	Percent Vested
Less than 2	0
2	20
3	40
4	60
5	80
6 or more	100

Payment of Benefits

Upon termination of service, the Plan provides that distributions will be paid in lump-sum cash payments to the participant or direct rollover to another qualified plan. The Plan also allows for hardship withdrawals in certain circumstances. Distributions that occur due to death, disability or retirement are not subject to forfeitures and will be paid upon the direction of the participant or beneficiary within a timeframe that is closest to administrative feasibility.

Forfeitures

Forfeitures occur when participants take distributions from their accounts prior to becoming 100% vested. Forfeitures only apply to discretionary match contributions or elective profit sharing contributions, and if occur, can be applied against administrative expenses or to reduce future employer contributions.

Administrative Expenses

The Plan administrator has elected to pay the significant administrative costs associated with Plan operations and compliance. Individual participant accounts may be charged additional fees associated with loans and distributive transactions.

NOTE 1 - DESCRIPTION OF THE PLAN *(continued)*

Participant Loans Receivable

Participants may borrow from their vested account balances a minimum of $1,000 up to a maximum equal to the lessor of $50,000 or 50% of their vested account balances. Loan terms range from one (1) to five (5) years or up to thirty (30) years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the administrator in a nondiscriminatory manner. Principal and interest is repaid ratably through regular payroll deductions. Loans to participants are carried at unpaid principal balance plus accrued, but unpaid interest. A loan that is not repaid in accordance with the loan amortization schedules and plan specifications will be considered defaulted, resulting in a taxable deemed distribution to the participant, subject to additional penalties.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting, in conformity with the accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and charges therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES ***(continued)***

Methods Used to Value Investments

The Plan's investment assets are invested in registered mutual funds maintained by an insurance company. The Plan's investments are stated at fair value, except for any benefit- responsive contracts. Benefit-responsive contracts are valued at contract value, which approximates fair value. Investments in mutual funds are valued at their market value on a daily basis, which is generally the last quoted sales price at the close of business on the New York Stock exchange.

The Company bases its fair value of investments on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Fair Value Measurements Topic of the FASB Accounting Standards Codification ASC 820, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities and the lowest priority to measurements involving significant unobservable inputs. It is the Company's policy to maximize the use of observable inputs. Fair value measurements for assets with limited or no observable market data may not be realized in an actual sale or immediate settlement of the asset or liability. The three levels of the fair value hierarchy are as follows:

Level 1 inputs are adjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

Level 2 inputs are based upon data other than quoted prices included within Level 1 that are observable for the assets or liabilities in either active or inactive markets. These may include quoted prices for identical or similar assets.

Level 3 inputs are unobservable inputs for the asset or liability. These values are determined primarily using predictive estimates on the values and underlying assumptions market participants would utilize in pricing the asset or liability.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair-value measurement. Valuation techniques used maximize the use observable inputs and minimize the use of unobservable inputs.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES *(continued)*

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. The Plan presents in the Statements of Changes in Net Assets Available for Plan Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the related gains (losses) and the unrealized appreciation (depreciation) on those investments. Dividends on mutual funds are recorded on the ex-dividend date and interest income is recorded on the accrual basis.

Recently Issued Accounting Pronouncements

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement: Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. This guidance removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The ASU is effective for interim and reporting periods beginning after December 15, 2016 and early application is permitted. The Plan adopted this ASU during the year ended December 31, 2016 and, based on the retrospective application, the Notes to the Financial Statements have been adjusted to reflect the simplifications permitted by the guidance.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, which is part of the FASB's Simplification Initiative for employee benefit plans.

> Part I – Designates contract value as the only required measure for fully benefit-responsive investment contracts.
> Part II – Removes the requirement to disclose individual investments that represent 5% or more of net assets available for benefits, removes the requirement to disclose the net appreciation or depreciation for investments by general type, and removes the requirement to disclose investments by class of investments in the fair value table prescribed by FASB ASC 820, *Fair Value Measurement*.
> Part III – Allows for certain amounts to be reported as of the month end date prior to the plan's year end for those ends that do not fall on a month end.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES *(continued)*

Recently Issued Accounting Pronouncements ***(continued)***

The ASU is effective for all entities for fiscal years beginning after December 15, 2015. In 2016, the Plan adopted the provisions of this ASU, as such, (i) Part I was not applicable to the Plan, (ii) the disclosures in Part II for the individual investments that represents 5% or more of net assets available for benefits, the net appreciation or depreciation for investments by general type and investment by class of investments in the fair value table have been eliminated, and (iii) Part III was not applicable to the Plan. Part II is applied retrospectively.

Accounting Changes and Reclassifications

As a result of the adoption of new accounting pronouncements, the Plan has changed its method of accounting and reporting to comply with the new provisions. Presentation of 2015 results may have been restated and reclassified to match 2016 classifications. The presentation of the financial statements and certain disclosures have also been changed or removed to comply with the new standards.

NOTE 3 - INVESTMENTS

The Plan administrator has elected the method of compliance as permitted by 29 CFR2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by Fidelity as of December 31, 2016 and 2015, respectively, except for comparing such information certified by the respective Trustee to information included in the Plan's financial statements and supplemental schedules.

As of December 31, 2016, and 2015, Fidelity respectively certified to the accuracy and completeness of the following investments held in their custody.

	2016 Fair Value	
Investments held with Fidelity, at estimated fair value:		
Registered Mutual Funds	$	1,101,948

NOTE 3 – INVESTMENTS *(continued)*

	2015 Fair Value

For the period January 1, 2015 through June 30, 2015, MetLife certified to the completeness and accuracy of appreciation totaling $35,742. For the period July 1, 2015 through December 31, 2015, Fidelity certified to the completeness and accuracy of net depreciation totaling $(74,803), and interest and dividends totaling $24,519, and $38,995 of appreciation and $42,876 of dividends for the period ended December 31, 2016, related to the aforementioned investments.

NOTE 4 – FAIR VALUE MEASUREMENT

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FAIR VALUE MEASUREMENT *(continued)*

The fair value of the registered mutual fund accounts represents the market value of the mutual funds as quoted in publicly-traded active markets for identical assets or liabilities.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Club has held the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 6 - RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by MetLife in 2015 before transferring to Fidelity in 2015 and 2016. These are the respective custodians as defined by the Plan, and therefore qualify as parties-in-interest. Investments in assets held by the custodians are not prohibited transactions in accordance with appropriate ERISA exceptions.

NOTE 7 - TAX STATUS

The Plan as managed by Fidelity Management & Research Co., obtained its latest volume submitter determination letter dated March 31, 2014, in which the Internal Revenue stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.
