NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Family Care Partners of Northeast Florida, LLC Employees' Savings and Retirement Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan (401(k)) covering all full time employees who have satisfied eligibility requirements which include six (6) months of service and no minimum age requirement. The Plan is intended to comply with Section 404(c) of ERISA (The Employee Retirement Income Security Act of 1974).

Contributions

Each year participants may contribute a percentage of their compensation, not to exceed a certain dollar limit which is set by law. The Plan Sponsor (Family Care Partners of Northeast Florida, LLC) contributes a discretionary matching contribution equal to a uniform percentage of the amount of the salary reduction up to 4% of total payroll compensation. In addition, the Plan Sponsor shall have the right to make additional discretionary contributions which shall be allocated to each eligible employee in proportion to their compensation as a percentage of the compensation of all eligible employees. Contributions are subjected to limitations. Participants direct the investment of contributions made by them on their behalf to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the preceding paragraph. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS

1. **DESCRIPTION OF PLAN** – (Continued)

Vesting Participants

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six (6) years of credited service, based on the six (6) year graded provision of the Plan. However, a participant is 100% vested upon early or normal retirement age. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Distributions

On termination of service due to death, disability or retirement, participants are entitled to 100% of their account balance. On termination of service due to other reasons, a participant may receive the value of their vested balance.

Expenses and Fees

Expenses and fees associated with the Plan are paid with Plan assets. Such expenses and fees include the compensation of investment managers, brokers' fees, and costs related to Plan administration. During the years ended December 31, 2016 and 2015, expenses and fees were \$51,228 and \$51,434, respectively. Fees associated with the audit for the Plan were paid by the Plan Sponsor and are not included in expense in these financial statements.

NOTES TO FINANCIAL STATEMENTS

1. **DESCRIPTION OF PLAN** – (Continued)

Forfeited Accounts

Forfeited non-vested accounts totaled \$15,873 and \$717 for the years ended December 31, 2016 and 2015, respectively. These accounts will be used to offset administrative expenses of the Plan. If forfeitures exceed these expenses, forfeitures shall be applied to reduce the Employer's contribution to the Plan.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at reasonable rates which are commensurate with local prevailing rates as determined by the Plan administrator.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The Plan uses the accrual method of accounting. Under this method of accounting, contributions to the Plan are recognized when approved by the Employer. Revenues are recognized when earned, and expenses are recognized when incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements. Management's estimates and assumptions also affect the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value held by the Plan at year-end.

FAMILY CARE PARTNERS OF NORTHEAST FLORIDA, LLC
EMPLOYEES' SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** – (Continued)

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate fluctuations, market changes and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

3. **PLAN TERMINATION**

Although it has no intention to do so, the Plan Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants are 100% vested in their account balances from the date of participation to termination by the company.

4. **TAX STATUS**

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated September 4, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax provisions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The tax years 2013, 2014, 2015, and 2016 are subject to examination.

6. INVESTMENTS

All of the Plan's investments are held and invested by Wells Fargo Institutional Retirement and Trust and allocated based on each participant's election. Investment-related information relative to investment balances and transactions has been derived from information certified as accurate and complete by the Plan's Custodian, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. A schedule of investments that account for 5% or more of the total investment balance as of December 31, 2016 and 2015 are as follows:

7. FAIR VALUE MEASUREMENTS

Fair value as defined under generally accepted accounting principles ("GAAP") is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritize the inputs used in measuring fair value.

These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The fair values of Level 1 investments are determined from quoted prices in an active market for identical assets. When quoted prices are available in active markets for identical instruments, investment securities are classified within Level 1 of the fair value hierarchy. Level 1 investments are mutual funds from registered investment companies where fair value is the net asset value ("NAV") of shares held by the plan at year end.

The fair values of Level 2 investments are determined from inputs other than quoted prices in active markets that are directly or indirectly observable. Level 2 investments are common collective trusts. One investment within this category is the Wells Fargo Stable Return Fund. This fund does not invest directly in fully benefit-responsive contracts, and therefore are not required to include in the financial statements the disclosure requirements for stable value investment funds. The estimated fair value is net asset value, exclusive of the adjustment to contract value. The use of net asset value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions. Valuation of the remaining investments in collective funds is based on NAV. The unit value of an underlying fund is calculated by dividing the fund's NAV on the calculation date by the number of units of the fund that are outstanding on the calculation date. The collective funds have the ability to redeem its investment in the underlying fund at NAV per unit at the valuation date. Accordingly, investment in these collective funds are classified as Level 2.

10. CERTIFIED INVESTMENTS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2016 and 2015 including investment information related to the 401(k) account (see Note 6), that is disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian of the Plan.

The Plan Sponsor inadvertently failed to deposit \$14,622 and \$32,358 of participant deferrals in 2016 and 2015, respectively, within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers such late deposits to be prohibited transactions. The Plan Sponsor is required to file Form 5330 and pay applicable excise taxes. The excise tax payments will be made from the Plan Sponsor's assets rather than from assets of the Plan. Management estimates that the lost income associated with the delays in contributions amounts to \$21 and \$18 for the years ending December 31, 2016 and 2015, respectively.

12. SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2016, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosure is November 3, 2017, which is the date on which the financial statements were available to be issued.

EMPLOYEES' SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of the Family Care Partners of Northeast Florida, LLC Employees' Savings and Retirement Plan provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan (401(k)) covering all full time employees who have satisfied eligibility requirements which include six (6) months of service and no minimum age requirement. The Plan is intended to comply with Section 404(c) of ERISA (The Employee Retirement Income Security Act of 1974).

Contributions

Each year participants may contribute a percentage of their compensation, not to exceed a certain dollar limit which is set by law. The Plan Sponsor (Family Care Partners of Northeast Florida, LLC) contributes a discretionary matching contribution equal to a uniform percentage of the amount of the salary reduction up to 4% of total payroll compensation. In addition, the Plan Sponsor shall have the right to make additional discretionary contributions which shall be allocated to each eligible employee in proportion to their compensation as a percentage of the compensation of all eligible employees. Contributions are subjected to limitations. Participants direct the investment of contributions made by them on their behalf to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the preceding paragraph. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

EMPLOYEES' SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. **DESCRIPTION OF PLAN** – (Continued)

Vesting Participants

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six (6) years of credited service, based on the six (6) year graded provision of the Plan. However, a participant is 100% vested upon early or normal retirement age. The vesting schedule is as follows:

<u>Years of Service</u>	<u>Vesting %</u>
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Distributions

On termination of service due to death, disability or retirement, participants are entitled to 100% of their account balance. On termination of service due to other reasons, a participant may receive the value of their vested balance.

Expenses and Fees

Expenses and fees associated with the Plan are paid with Plan assets. Such expenses and fees include the compensation of investment managers, brokers' fees, and costs related to Plan administration. During the years ended December 31, 2016 and 2015, expenses and fees were \$51,228 and \$51,434, respectively. Fees associated with the audit for the Plan were paid by the Plan Sponsor and are not included in expense in these financial statements.

NOTES TO FINANCIAL STATEMENTS

1. **DESCRIPTION OF PLAN** – (Continued)

Forfeited Accounts

Forfeited non-vested accounts totaled \$15,873 and \$717 for the years ended December 31, 2016 and 2015, respectively. These accounts will be used to offset administrative expenses of the Plan. If forfeitures exceed these expenses, forfeitures shall be applied to reduce the Employer's contribution to the Plan.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at reasonable rates which are commensurate with local prevailing rates as determined by the Plan administrator.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The Plan uses the accrual method of accounting. Under this method of accounting, contributions to the Plan are recognized when approved by the Employer. Revenues are recognized when earned, and expenses are recognized when incurred.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements. Management's estimates and assumptions also affect the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value held by the Plan at year-end.

FAMILY CARE PARTNERS OF NORTHEAST FLORIDA, LLC
EMPLOYEES' SAVINGS AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** – (Continued)

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate fluctuations, market changes and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of these investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

3. **PLAN TERMINATION**

Although it has no intention to do so, the Plan Sponsor has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants are 100% vested in their account balances from the date of participation to termination by the company.

4. **TAX STATUS**

The Internal Revenue Service has determined and informed the Plan Sponsor by a letter dated September 4, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax provisions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. The tax years 2013, 2014, 2015, and 2016 are subject to examination.

NOTES TO FINANCIAL STATEMENTS

5. CONCENTRATION OF CREDIT RISK

Plan assets are currently held by a single financial institution. Contributions receivable from Plan participants as of December 31, 2016 and 2015 was \$533 and \$12,849, respectively. Contributions receivable from the Plan Sponsor as of December 31, 2016 and 2015 were \$-0-.

6. INVESTMENTS

All of the Plan's investments are held and invested by Wells Fargo Institutional Retirement and Trust and allocated based on each participant's election. Investment-related information relative to investment balances and transactions has been derived from information certified as accurate and complete by the Plan's Custodian, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. A schedule of investments that account for 5% or more of the total investment balance as of December 31, 2016 and 2015 are as follows:

7. FAIR VALUE MEASUREMENTS

Fair value as defined under generally accepted accounting principles ("GAAP") is an exit price, representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritize the inputs used in measuring fair value.

These tiers include:

- Level 1: Observable inputs such as quoted prices in active markets.
- Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The fair values of Level 1 investments are determined from quoted prices in an active market for identical assets. When quoted prices are available in active markets for identical instruments, investment securities are classified within Level 1 of the fair value hierarchy. Level 1 investments are mutual funds from registered investment companies where fair value is the net asset value ("NAV") of shares held by the plan at year end.

The fair values of Level 2 investments are determined from inputs other than quoted prices in active markets that are directly or indirectly observable. Level 2 investments are common collective trusts. One investment within this category is the Wells Fargo Stable Return Fund. This fund does not invest directly in fully benefit-responsive contracts, and therefore are not required to include in the financial statements the disclosure requirements for stable value investment funds. The estimated fair value is net asset value, exclusive of the adjustment to contract value. The use of net asset value is deemed appropriate as the collective trust funds do not have finite lives, unfunded commitments relating to these types of investments, or significant restrictions on redemptions. Valuation of the remaining investments in collective funds is based on NAV. The unit value of an underlying fund is calculated by dividing the fund's NAV on the calculation date by the number of units of the fund that are outstanding on the calculation date. The collective funds have the ability to redeem its investment in the underlying fund at NAV per unit at the valuation date. Accordingly, investment in these collective funds are classified as Level 2.

10. CERTIFIED INVESTMENTS

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at December 31, 2016 and 2015 including investment information related to the 401(k) account (see Note 6), that is disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the custodian of the Plan.

11. PROHIBITED TRANSACTIONS

The Plan Sponsor inadvertently failed to deposit \$14,622 and \$32,358 of participant deferrals in 2016 and 2015, respectively, within the required timeframe as stated by the United States Department of Labor (DOL). The DOL considers such late deposits to be prohibited transactions. The Plan Sponsor is required to file Form 5330 and pay applicable excise taxes. The excise tax payments will be made from the Plan Sponsor's assets rather than from assets of the Plan. Management estimates that the lost income associated with the delays in contributions amounts to \$21 and \$18 for the years ending December 31, 2016 and 2015, respectively.

12. SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2016, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosure is November 3, 2017, which is the date on which the financial statements were available to be issued.
