AERLINE 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2016

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of the Plan

The following description of the AerLine 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was amended during 2016, whereby the name of the Plan was changed from TEM Enterprises 401(k) Plan to AerLine 401(k) Plan.

General

The Plan is a defined contribution plan, covering all employees of TEM Enterprises, Inc., DBA Xtra Airways (the Plan sponsor), Songbird Airways, and AerLine Holdings, LLC. The Plan is subject to the provisions of the Internal Revenue Code (IRC) and the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All employees of the Company are eligible to become participants in the Plan subsequent to reaching 21 years or older. Entrance to the Plan is on the first day of the month following date of hire.

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Contributions

Participants may elect to contribute from their salary in whole percentages, ranging from 1% - 80%, of eligible compensation as defined by the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions, subject to certain limitations under the IRC. Participants may also contribute amounts representing distributions from other plans and certain individual retirement accounts (IRA's). Under Internal Revenue Service (IRS) Code Section 402(g)(1), the maximum deferral of pre-tax earnings was $18,000 for the years ended December 31, 2016 and 2015.

The Plan provides for discretionary matching contributions of 25% of a participant's contribution with a maximum limit of 6% of participant's salary. Additional profit sharing amounts may be contributed at the discretion of the Plan sponsor. Discretionary contributions of approximately $48,000 were made by Plan sponsor during 2016. Participants may change their salary deferral contribution amounts or terminate their salary deferral contributions at any time.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution as well as an allocation of the Plan sponsor's contribution and Plan earnings or losses. Participant accounts are charged with an allocation of certain other administrative expenses, such as loan fees, specific to each participant. Allocations of the Plan's earnings or losses in each investment option and Plan sponsor's contributions are made to the participant's accounts based on the ratio of each participant's current account balance in each investment option to total participant's account balance in the investment option. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Forfeitures of the non-vested account balances of participants are used to reduce Plan sponsor contributions and pay Plan expenses.

Vesting

Participants are immediately vested in salary reduction contributions, voluntary contributions, and transfer contributions. Participants are vested in the Plan sponsor's contribution based on years of service as follows:

Years of Vesting Service	Vested
Less than 2	-%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Payment of Benefits

Participant contributions and the vested portion of the Plan sponsor's matching contributions are available for distribution upon attainment of age 59½, death, disability, termination of employment or normal retirement age. If the participant's vested account balance was less than $5,000 at the date of the distribution, then that balance shall be distributed in a single lump-sum payment. If the participant's vested account balance was more than $5,000 at the date of the distribution, then in addition to either a lump sum or direct rollover, participant may choose to receive installments, request partial withdrawal, or defer receiving payment until age 70½. If participant chooses to defer payments, their account will continue to be invested in the way they direct and will be adjusted for any gains or losses that occur.

Contributions were also available for distribution in the form of a hardship withdrawal.

In the event of death while employed by the plan sponsor, the participant becomes 100% vested and the amount of the account will be used to provide the participant's beneficiary with a death benefit.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits (Continued)

A participant becomes 100% vested in their accounts if they become permanently disabled as defined by the Plan document.

Termination of the Plan

Although it has not expressed any intent to do so, the Plan sponsor has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Investments

Security transactions are recorded on a trade date basis, which is the date the order to buy or sell is executed. Interest income and expenses are accrued on a daily basis. Dividend income and distributions to participants are recorded on the ex-dividend date. The Plan's investments are stated at fair value. Shares or mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at the year end.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to any of the various Principal Life Insurance Company (Principal) investment options (see Note 4). Participants may change their investment options at any time.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in these risks and uncertainties in the near term would materially affect participants account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Use of Estimates

The preparation of financial statements, in conformity with generally accepted accounting principles (GAAP), requires the Plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent net assets available for benefits at the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain administrative and accounting functions are performed by the Plan sponsor's employees, who receive no compensation from the Plan. Administrative expenses, such as professional fees, are paid directly by the Plan sponsor.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07 Fair Value Measurement (Topic 820) *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)*. The ASU removes the requirement to categorize certain investments within the fair value hierarchy and also removed the requirements to make certain disclosures. The Plan adopted this ASU and accordingly has reduced certain investment disclosures in the notes to the financial statements.

In July 2015, FASB issued ASU 2015-12, *Plan Accounting: Defined Contribution Pension Plans (Topic 962)*. The objective of Part II of this ASU is to simplify and make more effective the investment disclosure requirements. The Plan adopted this ASU and accordingly has eliminated or reduced certain investment disclosures in the notes to the financial statements.

NOTE 2. INFORMATION PREPARED AND CERTIFIED BY CUSTODIANS

State Street Bank and Trust Company (the Custodian) held the Plan's investments through January 29, 2016, when the funds were transferred to Principal Life Insurance Company. The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company and Principal Life Insurance Company have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016, and the information reflected on the Schedule of Form 5500 – Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplementary schedules.

NOTE 3. NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants consisted entirely of loans to participants. A loan cannot exceed the lesser of one-half of the vested interest of a participant's account balance or $50,000 and must be at least $500. The loans are secured by the participant's vested account balance and bear interest at the prime rate of interest, as published by the Wall Street Journal, on the day the loan is requested plus 2%. As of December 31, 2016 and 2015 interest charged on the loans was 5.50% and 5.25%, respectively. Notes receivable from participants were approximately $21,000 and $36,000 as of December 31, 2016 and 2015, respectively.

NOTE 3. NOTES RECEIVABLE FROM PARTICIPANTS (Continued)

All loans must be repaid within a five year period unless it is for the purchase of a principal residence, which allows for repayment within a period of no more than 30 years.

NOTE 4. FAIR VALUE MEASUREMENTS

GAAP provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the imputes to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs using the valuation methodology are unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

The following is a description of the valuation methods used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Common collective trust: Stable value fund that is composed of fully benefit responsive investment contracts that are valued at contract value. The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged by the trustee of the collective investment trust. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. There are no reserves against the collective investment trust for credit risk of the contract issuer or otherwise. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Guaranteed investment contract: A guaranteed general-account backed group annuity contract valued at contract value. The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses charged by the trustee of the guaranteed investment contract. The guaranteed investment contract issuers are contractually obligated to repay the principal and a specific interest rate that is guaranteed to the Plan. There are no reserves against the guaranteed investment contract for credit risk of the contract issuer or otherwise. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

Assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 770,691	$ -	$ -	$ 770,691
Guaranteed investment contract	-	-	2,755	2,775
Investments at fair value	$ 770,691	$ -	$ 2,755	$ 773,466

Assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 605,540	$ -	$ -	$ 605,540
Common collective trust	-	251,768	-	251,768
Investments at fair value	$ 605,540	$ 251,768	$ -	$ 857,308

NOTE 5. PARTY–IN–INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and guaranteed investment contract managed by Principal Life Insurance Company, custodian of the Plan; therefore, these transactions qualify as party-in-interest.

NOTE 6. TAX STATUS

The Plan utilizes a prototype document which has been approved by the IRS. The Plan obtained its latest determination letter on July 8, 2014, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan is a prototype plan, the Plan sponsor, as well as the Plan trustees, believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Plan management is required to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not to be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain tax positions taken or expected to be taken by the Plan. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The administrator believes it is no longer subject to income tax examination for years prior to 2013.

NOTE 7. PROHIBITED TRANSACTIONS

During 2016 participant deferrals for various payroll periods totaling approximately $29,000 were not remitted timely to the Plan. The Department of Labor's (DOL) regulation 29 CFR 2510.3-102 requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the Company's general assets. Failure to remit participant contributions to the Plan in a timely manner results in a prohibited transaction, which must be separately reported to the DOL and may result in penalties to the Plan sponsor. Subsequent to the due dates, the Plan sponsor remitted these participant contributions to the Plan.

NOTE 8. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 30, 2017, the date the financial statements were available to be issued.
