It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year Hope Homes Inc. matches the contributions of each of its participating employees up to 5% of the employees' gross income. Additional profit sharing amounts may be contributed at the option of the Company's Board of Trustees. Participating employees make contributions to the Plan according to their written wage reduction agreement not to exceed the maximum amount allowed by the IRS. Contributions are subject to certain limitations. The Company withholds and remits to the trustee bi-weekly contributions in an amount equal to the participant's eligible earnings multiplied by the contribution rate applicable to each participant and the company's contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and (a) the Company's matching contribution, (b) an allocation of Plan earnings, and (c) an allocation of forfeitures of terminated participants' non-vested accounts and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The forfeitures allocated to participant accounts for 2016 was \$3,110.

Forfeitures

Forfeitures are allocated first to plan expenses, then to reduce employer contributions. The amount of terminated non-vested participant forfeitures held for future allocation totaled \$6,356, in Company contributions.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service.

403(B) THRIFT PLAN OF HOPE HOMES INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016 AND 2015

NOTE A – DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

On termination of service due to death, disability, or retirement a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or in annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting

The Plan's policy is to prepare its financial statements on the accrual basis of accounting. Specifically, benefits are recorded when incurred, and contributions are recorded when withheld from payroll or when declared for Company contributions.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are held by contract with insurance companies and are valued at current market value (Note C). Marketable securities are stated at fair value. The change in the difference between fair value and the cost of the investments is reflected in the statements of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments.

Administrative Costs

Trustee fees are generally paid by the Plan, while the Company pays other costs of administering the Plan. Certain administrative and clerical functions are performed by Company employees at no charge to the Plan.

Reclassification

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform with the presentation in the current year financial statements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and Uncertainties

The Plan provides for various investment options in any combination of mutual funds. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE C – INVESTMENT CONTRACTS WITH INSURANCE COMPANIES

The plan has entered into an investment contract with Nationwide Life Insurance Company. Nationwide Life Insurance Company maintains the contributions in a pooled account. The account is credited with actual earnings on the underlying investments and charged for Plan withdrawals and administration expenses charged by the company. The contract is included in the financial statements at contract value, which approximates fair value, as reported to the Plan by Nationwide Life Insurance Company Mutual. Contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and administration expenses.

The following presents investments that represent 5% or more of the Plan's net assets:

	<u>2016</u>	<u>2015</u>
Nationwide BOA – Fixed	\$ 251,646	\$ 292,955
JPM US EQ A	86,591	76,744

	<u>2016</u>	<u>2015</u>

DECEMBER 31, 2016 AND 2015

NOTE E – RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Nationwide Life Insurance Company. Nationwide Life Insurance Company is the trustee as defined by the Plan, therefore, these transactions qualify as party-in-interest transactions.

NOTE F – FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The plan has entered into investment contracts with Nationwide Life Insurance Company. These contracts meet the fully-benefit responsive investment contract criteria and therefore are reported at fair market value, which approximates contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participants withdrawals, and administrative expenses.

The investment contracts held by the Plan are variable group annuity contracts consisting of nearly 60 investment options. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The credit rating is based on a formula established by the contract issuer. The credit rate is reviewed on a quarterly basis for resetting.

Certain events may limit the ability of the plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. If the plan sponsor views the occurrence of any of these events as probable as of the measurement date, details about market value adjustments or other withdrawal restrictions can be obtained through the plan's account manager.

The issuer may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by state or federal law, failure to render performance necessary to comply with the terms of the contract, plan disqualification, and failure to adopt the plan in a reasonable period of time. Upon termination by the issuer, a market value adjustment or other withdrawal restrictions may apply. The plan sponsor may choose to pay the market value adjustment directly, if applicable, so that participants' contract values are not affected.

NOTE G – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

FASB Accounting Standards Codification 820, *Fair Value Measurements and Disclosures*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair values of common stock, corporate bonds, and U.S. government securities are available are based on quoted market prices, when available.

NOTE G – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 2 Fair Value Measurement

The guaranteed investment contracts with insurance companies are not actively traded however significant other observable inputs are available. Thus, the fair value of the guaranteed investment contracts are derived from the contract provisions and contract value is held as fair value. Nationwide Trust Co. serves as either directed trustee or custodian. These investments are reported at fair market value. Due to the valuation process used these contracts are within Level 2 of the Fair Value Hierarchy.

Level 3 Fair Value Measurement

The guaranteed investment contracts with insurance companies are not actively traded however significant other observable inputs are available. Thus, the fair value of the guaranteed investment contracts are derived from the contract provisions and contract value is held as fair value.

NOTE H – TAX STATUS

The Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2014.

NOTE I – SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 26, 2017, the date on which the financial statements were available to be issued. On July 19, 2017 a Board Resolution to terminate the plan was adopted. Final distributions will be determined based upon the plan document and participant account balances. Participants will become 100% vested in their account balances upon termination.
