FIELDTURF USA 401(k) Plan
Notes to Financial Statements
December 31, 2016 and 2015

Note 1. Description of the Plan

The following description of the FieldTurf USA 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan covers eligible employees of FieldTurf USA as well as its subsidiaries; Benyon Sports Surfaces, Inc., DeFargo Sports Surfaces, Inc., L.E.R., Inc. d/b/a Renner Sports and Atlas Tracks, Inc. (collectively referred to as "the Company") and consists of profit sharing and 401(k) features. The profit sharing feature is a discretionary defined contribution profit sharing plan covering all eligible employees. The 401(k) feature includes elective employee salary deferrals and employer matching contribution features. The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investments, monitors investment performance, and reports to the Plan's Board of Trustees.

Plan Amendment. The Plan was amended effective January 1, 2016 to exclude seasonal employees with less than 1,000 hours of service from the Plan. However, if any such excluded employee actually completes a year of service then such employee will no longer be part of the excluded class.

Contributions. Under the 401(k) feature, participants may contribute up to the maximum allowed by law. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make qualified nonelective contributions and/or matching contributions to the Plan each Plan year based on a discretionary formula in an amount determined by the Company. Contributions are subject to certain statutory limitations.

Participant Accounts. Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's contribution, (b) Plan earnings and, (c) forfeitures of terminated participants' non-vested accounts, if any, and charged with an allocation of any administrative expenses paid by the plan. Allocation of the Company's contributions are made in the ratio which each participant's compensation for the applicable Plan year bears to the total compensation of all participants for such Plan year. Allocation of Plan earnings are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1. Description of the Plan (continued)

Eligibility. After an employee has been with the Company for more than two months, the employee becomes eligible for the Plan on the first day of the following month. Once past the initial eligibility period, an employee is eligible to share in the Company contributions each year.

Vesting. Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants are also immediately vested in the Company's contribution portion of their accounts. As a result, there are no forfeitures to allocate among participant accounts.

Payment of Benefits. On termination of service due to death, disability, participant's termination of employment, or Company termination of the Plan, the participant will receive a lump-sum payment equal to the value of the participant's vested interest in his or her account. If a participant receives a distribution prior to the age of 59 1/2, a 20% tax withholding will apply to the distribution. If the participant terminates employment with the Company prior to age 59 1/2, an additional 10% penalty tax will apply. If the participant's vested balance is less than \$5,000 at normal retirement age, defined as age 65, the participant will receive a single lump-sum payment of his or her account within 90 days after the Plan year in which he or she becomes eligible to receive it. If the vested balance is more than \$5,000, a written request must be submitted to the Plan Administrator for payment. Payment will be made no later than 90 days after the close of the Plan year in which the written request is received by the Plan Administrator. Benefits may be left in the Plan but participants must begin taking minimum distributions at age 70 1/2. Participants receive a 100% distribution by April 1 of the year following the Plan year in which they turn 70 1/2 and are retired.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Plan Expenses. Investment expenses and commissions are paid by the Plan. Other administrative expenses and professional fees are typically paid by the Plan sponsor. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in the net appreciation of fair value of investments.

See independent auditors' report.

Note 2. Summary of Significant Accounting Policies (continued)

Payment of Benefits. Benefits are recorded when paid.

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reported as deemed distributions to the participant for tax purposes. For financial reporting purposes, the note continues to accrue interest until paid or offset against future benefit payments.

Risk and Uncertainties. The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, prepayment, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statements of changes in net assets available for plan benefits.

Administration of Plan Assets. The Plan's assets are held by Nationwide, the Trustee of the Plan. Approximately 1.5 and 37 percent of the total assets as of December 31, 2016 and 2015, respectively, were invested in registered investment company funds or a guaranteed investment contract managed by Nationwide, a party-in-interest to the Plan (as defined by ERISA).

Company contributions are held and managed by the Trustee, which invests cash received, interest, and dividend income and makes distributions to participants. Certain administrative functions are performed by officers or employees of the Company or its subsidiaries. No such officer or employee receives compensation from the Plan.

See independent auditors' report.

Note 2. Summary of Significant Accounting Policies (continued)

Adoption of New Pronouncements.

Investments That Calculate Net Asset Value - In May 2015, the FASB issued ASU 2015-07, “Fair Value Measurement (ASC Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)” (“ASU 2015-07”), which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient.

In addition, the standard limits certain disclosures to investments for which the entity has elected to measure the fair value using the practical expedient, rather than for all investments that are eligible to be measured at fair value using the net asset value per share.

The provisions of ASU 2015-07 were adopted by the Plan, retrospectively, on January 1, 2016, and the disclosures in the Financial Instruments Note have been updated. The adoption had no effect on the Plan’s Statements of Net Assets Available for Benefits or Statements of Changes in Net Assets Available for Benefits.

Simplified Financial Reporting For Employee Benefit Plans- In May 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960)*, *Defined Contribution Pension Plans (Topic 962)*, and *Health and Welfare Benefit Plans (Topic 965)*: Part (I) Fully Benefit Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient, which eliminates the requirement that individual investments greater than 5% of net assets and net appreciation/depreciation by investment type be disclosed in the financial statements. It also eliminates the requirement for Plan investments to be disaggregated by nature, characteristics, and risk and only requires disclosure by general investment.

The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Management adopted the provisions of this new standard during the year ended December 31, 2016. Accordingly, the guidance was retrospectively applied resulting in the revised disclosures noted above at December 31, 2016 and 2015.

Subsequent Events. The Plan has evaluated subsequent events through November 9, 2017, the date which the financial statements were available to be issued.

Note 3. Investment in Insurance Contract

At December 31, 2016, the Plan had invested in a guaranteed investment contract related investment option, the Fixed Select Contract issued by Nationwide Financial Services, Inc. and Subsidiaries (“Nationwide”). The contract underlying this investment option is considered to be fully benefit-responsive in accordance with ASC Topic 962. As of December 31, 2016 the contract value of the investment in the Fixed Select Contract was \$223,160.

The crediting interest rate to participants for the contract was 2.2% at December 31, 2016. The guaranteed minimum crediting interest rates for the contract for the year ended December 31, 2016 was 2.2%. Nationwide makes this guarantee, and although Nationwide may credit a higher interest rate, the credited rate will not fall below the lifetime guaranteed minimum of 0%. The average yield rate was approximately 2.2% for the plan year ended December 31, 2016.

The determination of credited interest rates reflect a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. A market value adjustment may apply to amounts withdrawn at the request of the contract holder.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan) (ii) changes to Plan’s prohibition on competing investment options or deletion of equity wash provisions; or (iii) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event which would limit the Plan’s ability to transact at contract value with participants is probable.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

See independent auditors’ report.

FIELDTURF USA 401(k) Plan
Notes to Financial Statements
December 31, 2016 and 2015

Note 4. Fair Value Measurements (continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Registered Investment Company Funds. Valued at the quoted net asset value of the units or shares held by the plan at year end. These values were certified by the plan Trustee pursuant to 29 CFR Section 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following table summarizes the fair value of Plan assets within the fair value hierarchy as of December 31, 2016 and 2015:

	December 31, 2016

Note 5. Plan Merger

On October 24, 2014, FieldTurf USA, Inc. acquired L.E.R. d/b/a Renner Sports. On January 1, 2016 FieldTurf USA approved an amendment to terminate the L.E.R., Inc. 401(k) & Profit Sharing Plan effective 6/22/16. All participants in the L.E.R., Inc. 401(k) & Profit Sharing Plan became 100 percent vested in that plan upon termination and a lump sum transfer of all existing transfer balances was made to the Plan. An aggregate of \$1,176,666 was rolled into the Plan during the year ended December 31, 2016 and is included in Transfer of assets to Plan in Plan merger on the statements of changes in net assets available for benefits.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

Note 7. Tax Status

The Plan is a tax-qualified retirement plan under Code Section 401(a), with a qualified cash or deferred arrangement under Code Section 401(k). The Plan is an adopted form of the Prototype Standardized Profit Sharing Plan with CODA (Volume Submitter Plan). The Volume Submitter Plan obtained an opinion letter from the IRS dated March 31, 2014, which stated that the language of the Volume Submitter Plan was in compliance with the applicable requirements of the Code. The Company believes that the Plan is currently being administered in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by The IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2012.
