Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Continental National Bank 401(k) Plan ("the Plan"), which comprise the statements of net assets available for benefits as of December 31, 2016 and 2015, and the related statement of changes in net assets available for benefits for the year ended December 31, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (collectively referred to as "Principal"), except for comparing such information with the related information included in the financial statements. We have been informed by the plan administrator that Principal holds the Plan's investment assets and execute investment transactions. The plan administrator has obtained certifications from Principal as of December 31, 2016 and 2015 and for the year ended December 31, 2016 that the information provided to the plan administrator by Principal is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for purposes of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by Principal, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

THE CONTINENTAL NATIONAL BANK 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE 1 – DESCRIPTION OF PLAN

The following description of The Continental National Bank 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a complete description of the Plan's provisions.

General: The Plan is established by the plan sponsor, Continental National Bank ("Bank" or "Employer"). The Plan is a defined contribution plan, which covers all employees who have completed six (6) months of service and attained the age of 21. The contributory portion of the Plan is based on elective contributions from participants in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Elective deferrals by participants are based on a percentage of their compensation as defined in the Plan agreement, which are subject to certain limitations. Employees also may rollover account balances from other plans into their account. The Bank may contribute to each participant's account a matching contribution, which is a percentage of the participant's elective contribution for the year. For 2016, the Bank made matching contributions equal to 50% of the first 6% of the compensation deferred by each participant subject to certain limitations as specified in the Plan agreement.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Bank's matching contributions, (b) Plan earnings and (c) forfeitures of employer matching contributions, and is charged with his or her withdrawals and an allocation of administration expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the aggregate of the participants' deferrals, rollovers and vested employer contributions. Each participant directs the investment of his or her account to any of the investment options available under the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Retirement, Death, and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death, or disability.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the employer contributions plus earnings is based on years of service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2 but less than 3	25%
3 but less than 4	50%
4 but less than 5	75%
5 or more	100%

Payment of Benefits: On termination of service due to death, disability, retirement, or termination, a participant or his or her beneficiary may elect to receive the vested portion in the participant's account in a lump-sum distribution or in installment payments.

Notes Receivable from Participants: Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear an interest rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid through payroll deductions.

THE CONTINENTAL NATIONAL BANK 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Forfeitures: The non-vested portion of terminated participants accounts plus earnings there on are forfeited and can be used by the Plan to pay administrative expenses or are reallocated on the last day of the Plan year to active participants and who have at least 1,000 hours of service during the year. During 2016, \$9,290 of forfeitures were used to offset employer contributions. There were \$0 and \$25 in forfeitures available to be used to offset future employer contributions or administrative expenses as of December 31, 2016 and 2015, respectively.

Administrative and Investment Management Expenses: Loan origination fees associated with notes receivable from participants and the Plan's record keeping and custodian fees are paid by the Plan and are reflected in the financial statements as administrative expenses of the Plan. Investment management fees are charged to the Plan as a reduction of investment return and included in the investment income reported by the Plan. All other expenses of the Plan are paid by the plan sponsor.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits: Benefits are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest, with no allowance for credit losses, as repayments of principal and interest are received through payroll deductions and the notes are collateralized by the participants' account balances.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures; actual results may differ from these estimates.

Risks and Uncertainties: The Plan invests in various investments. These investments are exposed to various risks such as interest rate, market, liquidity, and credit risks. Due to the level of risk associated with certain investments and the sensitivity of certain fair value estimates to changes in valuation assumptions, it is at least reasonably possible that changes in the fair values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 3 – RIGHTS UPON PLAN TERMINATION

Although it has not expressed any intent to do so, the Bank has the right under Plan provisions to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

NOTE 4 – UNAUDITED INFORMATION – CERTIFIED INVESTMENTS

Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company hold investment assets and execute transactions therein. Substantially all information pertaining to investments included in the financial statements, including the associated investment income, has been certified by them as complete and accurate. This information has not been audited by independent accountants.

NOTE 5 – FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (level 1 measurements) and gives the lowest priority to unobservable inputs (level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following are descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of its investments.

Investment contracts: The fair values of the Plan's investment contracts have been determined to approximate contract values (Level 3 inputs), as the amount plan participants would receive if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. This fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceeds crediting rates. In addition, management has determined that no adjustment from contract value is required for credit quality considerations.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

THE CONTINENTAL NATIONAL BANK 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

Pooled separate accounts: The fair values of participation units held in pooled separate accounts are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. Each of the pooled separate accounts invests in a single, open-ended mutual fund which is generally identified in the name of the pooled separate account. The investment strategies of these pooled separate accounts are consistent with each of the mutual funds identified in the names of the funds. Each pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund's net asset value per unit.

The RE Fund account (Principal U.S. Property Separate Account): Invests mainly in commercial real estate and includes mortgage loans which are backed by the associated properties. Until March 25, 2011 this separate account had a temporary withdrawal limitation.

Domestic fixed income: These investments seek maximum total return, consistent with preservation of capital and prudent investment management. The funds normally invest at least 80% of net assets in a diversified portfolio of fixed-income instruments of varying maturities. They invest primarily in investment grade debt securities, but may invest up to 20% of its total assets in high yield securities.

Balanced life cycle: These investments seek a total return consisting of long-term growth of capital and current income. The fund operates as a "target date fund." It invests in underlying Principal Funds, Inc. ("PFI") domestic and foreign equity, real estate investments, and fixed-income funds according to an asset allocation strategy designed for investors having an investment time horizon comparable to that of the fund.

Large capital equity: These investments normally invest the majority of assets in common stocks of companies that compose the S&P 500 Index. Fund management attempts to mirror the investment performance of the index by allocating assets in approximately the same weightings as the S&P 500 Index. Over the long-term, management seeks a very close correlation between the performance of the Separate Accounts before expenses and that of the S&P 500 Index.

Mid capital equity: The investment option invests primarily in common stocks and other equity securities of medium capitalization companies. It normally invests the majority of assets in companies with market capitalizations similar to those companies in the Russell MidCap Index. Management's securities selection is based on stocks with value and/or growth characteristics, and management constructs an investment portfolio that has a blend of stocks with these characteristics. It may invest up to 25% of assets in foreign securities.

Small capital equity: These investments seek long-term growth of capital and primarily invest in common stocks of small capitalization companies. It normally invests the majority of assets in companies with market capitalizations similar to those of companies in the Russell 2000 Index. Fund management looks at stocks with value and/or growth characteristics and constructs an investment portfolio that has a blend of stocks with these characteristics. Management does not have a policy of preferring one of these styles to the other. The Separate Accounts may invest up to 25% of assets in foreign securities.

THE CONTINENTAL NATIONAL BANK 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2016 and 2015

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

Foreign equity: These investments normally invest the majority of assets in equities of companies in emerging market countries. It invests in securities of companies with their principal place of business or principal office in emerging market countries; companies for which the principal securities trade in an emerging market; or companies, regardless of where their securities are traded, that derive 50% of their total revenue from either goods or services produced in emerging market countries. The fund may invest in securities of companies with small to medium market capitalizations.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2016 Using			Total
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

**Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan holds units of pooled separate accounts and unallocated investment contracts managed by Principal Life Insurance Company and mutual funds managed by Principal Trust Company. These transactions and the Plan's payment of investment management fees and administrative expenses to Principal qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions. Loan origination fees associated with notes receivable from participants are paid by the Plan and included as administrative expenses in the statement of changes in net assets available for benefits. Certain administrative functions are performed by officers or employees of the Bank and therefore these are considered party-in interest transactions. No such officer or employee receives compensation from the Plan.

NOTE 7 – TAX STATUS

The Continental National Bank 401(k) Plan uses a prototype plan developed by the Principal Life Insurance Company. The Internal Revenue Service has determined and informed the Bank by a letter dated April 2, 2012, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 8 – SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through December 1, 2017, which is the date the financial statements were available to be issued.
