AMERICAN PROFESSIONAL ASSOCIATES, LLC 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016

1. DESCRIPTION OF PLAN

The following description of the American Professional Associates, LLC 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The American Professional Associates, LLC 401(k) Profit Sharing Plan is a defined contribution plan covering substantially all employees of American Professional Associates, LLC (the Company) except those who are union, non-resident aliens, or leased as defined by the Plan. The Plan provides eligible employees a means of regular and systematic savings with several investment options. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan upon completing three consecutive months of service. Employees may elect to participate in the Plan on the first day of the month following the date that the eligibility requirements were met.

Contributions

Each year, participants may contribute up to the maximum amount of the participant's qualified compensation, as defined by the Plan, subject to an annual dollar limit which is set by law. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts as options for participants.

Each year, the Company may make discretionary matching contributions equal to 100% of the participant's deferrals up to 3% of employee compensation plus 50% of the participant's deferrals between 3% and 5% of employee compensation contributed by each participant. In addition to the matching contributions, the Company may make a discretionary qualified non-elective contribution ("QNEC") equal to a uniform percentage of the employee's compensation, which the Company will determine annually. The Company may also make an annual discretionary profit sharing contribution. In order to receive either of these additional contributions, the participant must meet the specified requirements stated in the Plan agreement. Contributions are subject to certain conditions.

AMERICAN PROFESSIONAL ASSOCIATES, LLC 401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2016

1. DESCRIPTION OF PLAN

Participant Accounts
Each participant's account is credited with the participant's voluntary contribution, any employer discretionary contributions and allocation of Plan earnings (losses) reduced by administrative expenses which are allocated proportionately among all participants based on their investment in each fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in deferral contributions plus actual earnings thereon. Vesting in the Company's profit sharing contributions, QNEC, and employer matching contributions is based on years of service. A participant is 100% vested upon normal retirement, employment termination due to death or termination as a result of becoming disabled. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants
Participants may borrow from their accounts a minimum of $1,000 up to the limits taking into account a participant's entire interest in the Plan. Participants are permitted to have one loan outstanding. The loans are secured by the balance in the participant's account and bear interest at a prime rate plus 1%, which is fixed on date of loan.

Payment of Benefits
Benefits equal to the value of the funds allocated to a participant's vested balance in the account will be paid upon the participant's death, disability, retirement, termination of the Plan, or termination of employment in either a lump sum amount or in annual installments. The non vested portion will be forfeited, unless the employee returns to service with the employer before incurring five consecutive breaks in service, in which case the account balance will be restored unadjusted for any gains or losses. In-service distributions may be made to a participant who has not separated from the Company, is 100% vested and has reached the normal retirement age.

Forfeitures
The Plan allows for a specific schedule of vesting in discretionary contributions. Amounts of discretionary contributions that are not considered vested by a participant can be forfeited due to the termination of the participant. The Plan's sponsor has elected to apply forfeitures to administrative expenses and against discretionary contributions. Forfeitures totaled $74,022 for the year ended December 31, 2016.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates in the Preparation of Financial Statements
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation
Investments are reported at fair value or the net asset value with approximates the fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income Recognition
Investment income is recorded when earned. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The administrative expense associated with the Plan is paid from Plan assets. Expenses, net of forfeitures, for 2016 were $4,308.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Change in Accounting Principle

In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, Plan Accounting. This three-part ASU simplifies current benefit plan accounting and, among other things, calls for plans to (i) disaggregate their investments measured using fair value by general type; (ii) present the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type; and (iii) removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. The Plan Sponsor has elected to adopt the new guidance applicable to the Plan for the year ended December 31, 2016.

3. FAIR VALUE MEASUREMENTS

The Plan utilizes ASC 820, *Fair Value Measurements.* Accounting Standards Codification (ASC) 820 establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include: a) quoted prices for similar assets or liabilities in active markets; b) quoted prices for identical or similar assets or liabilities in inactive markets; c) inputs other than quoted prices that are observable for the asset or liability; and d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation method are unobservable and significant to the fair value measurement. Unobservable inputs are those that reflect the plan's own assumptions about the assumptions that market participants would use in pricing the asset, developed based on the best information available in the circumstances.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

3. FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	December 31, 2016			
	Level 1	Level 2	Level 3	Total
Investments in:				
Pooled Separate Accounts	$ -	$ 3,310,559	$ -	$ 3,310,559
Mutual Funds	-	183,518	-	183,518
Total	$ -	$ 3,494,077	$ -	$ 3,494,077

	December 31, 2015			
	Level 1	Level 2	Level 3	Total
Investments in:				
Mutual Funds	$ -	$ 2,830,652	$ -	$ 2,830,652
Total	$ -	$ 2,830,652	$ -	$ 2,830,652

4. TAX STATUS

The Internal Revenue Service has determined and informed American Professional Associates, LLC 401(k) Profit Sharing Plan by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company's Federal Forms 5500 are subject to examination, generally for three years after they are filed. Interest and penalties related to income tax matters, if any, are recognized in administrative expenses and are disclosed if material.

5. INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information with respect to investments was produced by the Custodian and was not subjected to any auditing procedures by the independent public accountant.

The Plan's Custodian certified the following information:

	2016
Investments, at fair value	$ 3,494,077
Notes receivable	133,067
Net (appreciation) depreciation in fair value of investments including earnings	440,138
Interest and dividends	1,891
Contributions received	757,621
Benefits paid to participants	417,427

Principal Financial Group also certified the information reported in the Schedule of Assets Held at End of Year as of December 31, 2016.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Management of the Plan has determined that certain participant contributions and loan payments were not timely submitted to the Plan, which result in future liabilities related to reimbursement of the Plan's lost earnings on profits. However, management has not currently estimated such liability. As of December 31, 2016, no amounts had been accrued.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its discretionary contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

8. SUBSEQUENT EVENTS

The Plan assessed events that have occurred subsequent to December 31, 2016 through October 12, 2017 for potential recognition and disclosure in the financial statements. No events have occurred that would require adjustment to or disclosure in the financial statements which were available to be issued on October 12, 2017.
