Voalte, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2016

I. Description of the Plan

The following description of Voalte, Inc. 401(k) Plan (the Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering all employees of Voalte, Inc. (the Company). The Plan was established effective January 1, 2015 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees who had completed three months of service and had attained twenty-one years of age were eligible to participate in the Plan. Effective July 1, 2016, the Plan was amended and employees who attained one month of service and had attained twenty-one years of age were eligible to participate in the Plan. The purpose of the Plan is to enable eligible employees to save for retirement, as well as providing certain benefits in the event of death, disability or other termination of employment.

Contributions

Salary deferral contributions are made to the Plan by participating employees through payroll deductions in amounts authorized by the employees. Participants may contribute up to the limits of the Internal Revenue Service (IRS) of \$18,000 of pretax annual compensation for 2016. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. For 2016, the annual catch-up contribution limit was \$6,000.

Effective July 1, 2016, the Plan instituted an employer profit-sharing contribution for the Plan. The amount each year is discretionary and the decision to pay out a profit-sharing contribution is determined by management. In order to share in the matching contribution, participants must be employed with the Company on the last day of the Plan year. For 2016, the Company approved a profit-sharing contribution of \$27,919. This is reported on the statement of net assets available for benefits as a receivable and was paid in 2017.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's discretionary matching contribution and an allocation of the Plan earnings. Allocations of the Plan earnings are based on participants' account balances.

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions, and earnings thereon. Up until the Plan was amended effective July 1, 2016, participants are vested in employer discretionary matching contributions and earnings thereon, based on years of service, as defined in the Plan, as follows:

Completed Years of Service	Vested Percentage
0-1	30%
2	60%
3	100%

Voalte, Inc. 401(k) Plan
Notes to Financial Statements (Continued)
December 31, 2016

I. Description of the Plan (Continued)

Vesting (Continued)

Effective July 1, 2016, participants are vested in employer discretionary matching contributions and earnings thereon, based on years of service, as defined in the Plan, as follows:

Completed Years of Service	Vested Percentage
0-1	20%
2	40%
3	60%
4	80%
5	100%

If, while an employee, the participant dies, becomes disabled, or reaches normal retirement age of 65 before the three year vesting period, the participant's account will be 100% vested. Employees who were participants in the Plan prior to July 1, 2016 shall be subject to the vesting schedule in effect prior to July 1, 2016.

Investment Options

Upon enrollment in the Plan, participants direct the investment of their contributions and allocate contributions to the investment options available under the Plan. Employer contributions are allocated according to the participant's allocations. The percentage of contributions allocated to each of the investment options is at the discretion of the participant.

Participants may change their investment options at any time using the custodian's website or via telephone, which allows a participant to access their account using a personal identification number.

Notes Receivable from Participants

The Plan allows for loans to be taken out by participants if certain criteria are met. A participant may borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Creditworthiness is considered and all loans must be adequately secured, generally by the vested interest in the Plan. A promissory note must be signed along with a loan pledge. No more than one loan may be outstanding at any time per participant. Loans are taken at an interest rate equal to 2% above the prime rate. Interest rates on outstanding loans from participants as of December 31, 2016 and 2015 were 5.50% and 5.25%, respectively. Principal and interest are paid through payroll deductions. Loans that are outstanding at the occurrence of a distributable event will become due in their entirety. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document. No allowance has been established for uncollectable loans from participants as of December 31, 2016 and 2015. The Plan uses the direct write-off method and declares a deemed distribution in the year in which the participant is in default.

Benefits Paid to Participants

If a participant ceases to be employed by the Company for any reason, other than death or total and permanent disability, prior to satisfying the age and service requirements for normal retirement, the terminated participant may elect, with the consent of his or her spouse, to receive in a lump-sum payment any vested amounts plus the earnings thereon. Employees must work at least 1,000 hours in order to be credited with one year of service for vesting purposes. If the participant's vested account balance is \$5,000 or less, the Plan Administrator will direct the custodian to distribute as a lump-sum payment upon termination.

Notes to Financial Statements (Continued)

1. Description of the Plan (Continued)

Plan Termination

The Company anticipates that the Plan will continue without interruption, but reserves the right to terminate the Plan. In the event of Plan termination, the participants will become 100% vested in their accounts and the net assets of the Plan will be distributed to the participants and beneficiaries of the Plan.

2. Summary of Accounting Policies

Financial Statements

The Plan's financial statements and notes are representations of the Company's management, who is responsible for their integrity and objectivity. The accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Investments

The Plan's investments are stated at fair value based on quoted market prices as reported on the last business day of the year. Purchases and sales of investments are recorded on the trade date. Income from investments in units of participation is recorded as earned and reinvested in the accounts. Income earned from investments and gains or losses on disposal of investments are recorded using the accrual method. Dividend income is recognized when earned.

Net Appreciation in the Fair Value of Investments

The Plan presents, in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments. This amount consists of realized gains and losses and unrealized appreciation and depreciation of those investments.

Benefits Paid to Participants

Benefits are recorded when paid.

Use of Estimates and Assumptions

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, revenues and expenses and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Administrative Expenses

Fees paid by the Plan for the year ended December 31, 2016 totaled \$5,840.

4. Financial Information Certified by John Hancock

The following is a summary of the investment information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian John Hancock and furnished to the Plan Administrator.

Notes to Financial Statements (Continued)
December 31, 2016

4. Financial Information Certified by John Hancock (Continued)

The Plan Administrator has obtained certification from the custodian that information provided to the Plan Administrator by the custodian related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments:

	2016	2015
Mutual funds	\$ 925,502	\$ 521,249
Total investments, at fair value	<u>\$ 925,502</u>	<u>\$ 521,249</u>
Notes receivable from participants	<u>\$ 6,904</u>	<u>\$ 4,841</u>

The custodian also certified to the completeness and accuracy of the following for the year ended December 31, 2016:

Net appreciation in fair value of investments	<u>\$ 69,871</u>
---	------------------

5. Tax Status

Effective January 1, 2015, the Plan has adopted a standardized form of a volume submitter plan sponsored by KB Pension Services, the Plan's third party administrator. The volume submitter plan has received an opinion letter from the Internal Revenue Service dated March 31, 2014, as to the volume submitter plan's qualified status. The Plan has been amended since its inception but the Plan Administrator believes the Plan is currently designed and is being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Risks and Uncertainties

The Plan invests in investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

7. Fair Value Measurements

The Fair Value Measurements and Disclosures Topic of the FASB Accounting Standards Codification provides enhanced guidance for using fair value to measure assets and liabilities and clarifies the principle that fair value should be based on the assumptions market participants would use when pricing the assets or liabilities and establishes a hierarchy that prioritizes the information used to develop those assumptions.

Voalte, Inc. 401(k) Plan
Notes to Financial Statements (Continued)
December 31, 2016

7. Fair Value Measurements (Continued)

The hierarchy gives the highest priority to unadjusted quoted prices in active markets (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The three levels for measuring fair value are based on the reliability of inputs and are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quote prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2016 and 2015.

Self-directed brokerage fund and mutual funds: Shares are generally valued at Net Asset Value Per Share (NAVPS) based upon net asset value of underlying portfolio securities and are published on a national exchange valued at the end of each day.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Voalte, Inc. 401(k) Plan
Notes to Financial Statements (Continued)
December 31, 2016

7. Fair Value Measurements (Continued)

The following table presents information about the Plan's assets that are measured at fair value on a recurring basis as of December 31, 2016 and 2015 and indicate the fair value hierarchy of the valuation techniques used to determine such fair value.

Description	12/31/2016	Level 1	Level 2	Level 3
Mutual funds	\$ 925,502	\$ 925,502	\$ -	\$ -
Total investments, at fair value	\$ 925,502	\$ 925,502	\$ -	\$ -

Description	12/31/2015	Level 1	Level 2	Level 3
Mutual funds	\$ 521,249	\$ 521,249	\$ -	\$ -
Total investments, at fair value	\$ 521,249	\$ 521,249	\$ -	\$ -

8. Party-in-Interest Transactions

When the Plan invests in shares of mutual funds managed by the Plan's custodian, these investments are considered party-in-interest transactions. The Plan's custodian as of December 31, 2016 and 2015 was John Hancock. The supplemental Schedule of Assets (Held at end of Year) identifies which of the investments held are party-in-interest investments. As of December 31, 2016 and 2015, the total market value of these investments was \$563,072 and \$365,038 and approximately 57.6% and 69.4% of total Plan assets, respectively.

The following is a reconciliation of net assets available for benefits per the financial statements to the 2016 Form 5500:
