NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the L.A. Hydro-Jet 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan established by L.A. Hydro-Jet & Rooter Service, Inc. (the "Employer"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the Employer. Great-West Trust Company, LLC (the "trustee" or "Great-West") is responsible for the custody and management of the Plan's assets.

Eligibility

All employees who are age twenty-one (21) or over and have completed 249 hours of service within the three-month time period following their date of hire are eligible for participation in the Plan. If the employee does not complete 249 hours of service within the three-month time period of employment, then they will have satisfied the service requirement with one year of service. The eligible participant may enter the Plan on the first day of the month following satisfaction of the eligibility requirement.

Employer Contributions

As defined in the Plan, the Employer may make elective matching contributions at its sole discretion. The Employer did not make a matching contribution for the year ended December 31, 2016. However, the Employer did make a nonelective contribution as referenced in Note 11.

Participant Contributions

Each year, participants may enter into a salary deferral agreement and contribute any amount, not to exceed elective deferral limits imposed by the Internal Revenue Service (IRS), as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Participants are also allowed to make rollover contributions of amounts received from other tax-qualified, employer-sponsored retirement plans. Such contributions are deposited in the appropriate investment funds in accordance with the participant's direction and the Plan's provisions.

The Plan includes an automatic salary deferral feature. Accordingly, once a participant is eligible and unless an alternative salary deferral election is made, the Employer will automatically withhold 3% of eligible compensation and contribute that amount to the Plan as a pretax deferral.

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, discretionary employer contributions, rollovers from qualified plans of the participant's previous employers, and allocations of the Plan's earnings and administrative expenses. The allocation is based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants may direct their salary deferral contributions, as desired, in any of several investment options held by the trustee and may change their investment options daily. The Plan currently holds a combination of mutual funds as investment options for the participants.

Notes from Participants

Participants may borrow from their account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by the highest outstanding loan balance in the prior 12-month period. The loans are secured by the balance in the participant's account and bear a rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money under similar circumstances. Current loan interest rates range from 4.25% to 9.75%. Loan terms are specified for each loan. Loans must be repaid within a five-year period, unless the loan is used to purchase a principal residence. Principal and interest are paid ratably through weekly payroll deductions.

Benefit Payments

Active participants may withdraw amounts from their accounts up to their entire vested interest if they attain the age of 62 years or qualify for financial hardship. On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum cash payment equal to the value of the participant's vested interest.

Vesting

Plan participants are 100% vested in the balance of their contributions and related investment earnings at all times. The Employer's discretionary matching contributions and related investment gains or losses thereon vest as follows:

Years of Service	Cumulative Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Administrative Expenses

Administrative expenses incidental to the administration of the Plan, including fees of the trustee and custodian and independent public accountants, may be paid by the Plan. Administrative expenses not paid by the Employer are paid by the Plan. Most investment options have fees which reduce the overall return on assets. The net appreciation of investments is reflected net of these fees.

Forfeitures

At December 31, 2016, and 2015, forfeited non-vested accounts totaled $143 and $141, respectively. These accounts may be used to pay Plan expenses, reduce nonelective contributions, or reduce any future matching contributions.

Subsequent Events

The Plan Administrator has evaluated subsequent events through November 29, 2017, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting and include only the assets, liabilities, and changes in net assets of the Plan in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Contributions by the participants are recognized in the period the participants' wages are earned, and withdrawals from the Plan for participant distributions are recognized when the amounts are paid to the participant, except for cases where refunds are due to the participants in order for the Plan to conform to Internal Revenue Code (IRC) provisions. In addition, investment income is recorded when received by the Plan trustee. Plan expenses are recorded when incurred.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Certain management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Related fees are recorded as administrative expenses when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid. As of December 31, 2016, and 2015, there were no benefits payable to participants who elected to withdraw from the Plan.

Recently Adopted Accounting Pronouncements

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefits Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965): I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures; and III. Measurement Date Practical Expedient* (ASU 2015-12). This three-part ASU simplifies current benefit plan accounting and requires (i) fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and, accordingly, removes the requirement to reconcile their contract value to fair value; (ii) benefit plans to disaggregate their investments measured using fair value by general type, either on the face of the financial statements or in the notes to the financial statements; and (iii) the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type, and removes certain disclosure requirements relevant to individual investments that represent five percent or more of net assets available for benefits. Further, the amendments in ASU 2015-12 eliminate the requirement to disclose the investment strategy for certain investments that are measured using Net Asset Value (NAV) per share using the practical expedient in FASB Accounting Standards Codification (ASC) Topic 820, "Fair Value Measurements and Disclosures" (ASC 820).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Adopted Accounting Pronouncements (Continued)
Part III of the ASU provides a practical expedient to permit employee benefit plans to measure investments and investment-related accounts as of the month end that is closest to the plan's fiscal year end, when the fiscal period does not coincide with a month end, while requiring certain additional disclosures. The amendments in Parts I and II of this standard are effective retrospectively for fiscal years beginning after December 15, 2015. The amendments in Part III of this standard are effective prospectively for fiscal years beginning after December 15, 2015, and early adoption is permitted. Management elected to adopt this guidance for the Plan's year ended December 31, 2015. The impact of adopting these amendments is reflected in the financial statements.

In June 2015, the FASB issued ASU No. 2015-10, *Technical Corrections and Improvements* (ASU 2015-10). The amendments in this Update cover a wide range of Topics in the Accounting Standards Codification, including plan accounting. These amendments include technical corrections and improvements to the Accounting Standards. The amendments in ASU 2015-10 will generally be effective for fiscal periods beginning after December 15, 2015. Early adoption is permitted, including adoption in an interim period. The adoption of ASU 2015-10 was not significant to these financial statements.

NOTE 3 – INVESTMENT INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to investments and loans to participants held at December 31, 2016, and 2015, and investment income and interest income on loans to participants for the year ended December 31, 2016, except for comparing such information certified by the trustee to information included in the Plan's financial statements and supplemental schedule.

NOTE 4 – FAIR VALUE MEASUREMENTS

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish the daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,916,290	$ -	$ -	$ 1,916,290
Total assets in the fair value hierarchy	$ 1,916,290	$ -	$ -	$ 1,916,290
Guaranteed investment contract [a]	-	-	-	7,866
Total				**$ 1,924,156**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,748,196	$ -	$ -	$ 1,748,196
Total assets in the fair value hierarchy	$ 1,748,196	$ -	$ -	$ 1,748,196
Guaranteed investment contract [a]				7,670
Total				**$ 1,755,866**

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

NOTE 5 – FULLY BENEFIT RESPONSIVE CONTRACT

The Plan entered into a fully benefit-responsive guaranteed investment contract with Great-West, totaling $7,866 and $7,670 as of December 31, 2016, and 2015, respectively. Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract, plus earnings—less participant withdrawals—and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than zero. The interest crediting rate is reset quarterly.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds and a guaranteed investment contract managed by Great-West. Great-West is the trustee as defined by the Plan, and therefore, these transactions qualify as exempt "party-in-interest" transactions permitted by the United States DOL Rules and Regulations. Fees paid by the Plan to the trustee amounted to $21,201 for the year ended December 31, 2016. Notes receivable from participants and the related interest income are also considered related party transactions.

NOTE 7 – RISKS AND UNCERTAINTIES

The Plan provides for various investment options in funds in which participants can invest in a combination of equity-fixed income securities and other investments. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

NOTE 8 – PLAN TERMINATION

Although it has not expressed such intent, the Employer, by action of its board of directors, reserves the right, at any time, to amend or terminate the Plan. Upon termination of the Plan, further contributions to the Plan shall cease, and all participants who are affected by such termination shall become 100% vested. Net assets available for benefits would be distributed to the participants based on each participant's interest in the Plan.

NOTE 9 – INTERNAL REVENUE SERVICE STATUS

The Plan's adopted prototype plan obtained its latest opinion letter from the IRS dated March 31, 2014, in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The prototype plan's opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

The Plan Administrator believes the amendments to the original Plan document will not adversely impact the Plan's compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

NOTE 10 – NONEXEMPT TRANSACTIONS

As reported on the supplemental Schedule of Delinquent Participant Contributions (Schedule H, Line 4a), certain Plan contributions were not remitted to the trust within the time frame specified by the Department of Labor's Regulation 29 (CFR 2510.3-102), thus constituting nonexempt transactions between the Plan and Employer for the year ended December 31, 2016. Delay in remitting the contributions to the trustee were due to an administrative error. Delinquent participant contributions for the 2016 plan year included $14,236 of employee contributions and $4,151 of loan repayments. For the 2015 plan year, delinquent participant contributions included $38,380 of employee contributions and $11,789 of loan repayments. The Employer has deposited the contributions with the trustee.

The Employer intends to reimburse the Plan for lost interest, file Form 5330, and pay the applicable excise tax in 2017. The excise tax payments were made from the Employer's assets and not from assets of the Plan.

NOTE 11 – NONELECTIVE EMPLOYER CONTRIBUTION

During 2015, the Employer determined that employee deferrals were calculated on an alternate application of eligible compensation. Consequently, a corrective Employer contribution receivable of $26,346 was accrued as of December 31, 2015. However, during 2017, the Plan qualified for the safe harbor correction method for Employee Elective Deferral Failures from IRS Revenue Procedure 2015-28, Section 3.02(2), which allows the Employer to make a corrective contribution equal to 25% of missed deferrals. As a result, participant accounts received a deposit of $6,587, which represents 25% of the total missed deferral of $26,346. As of December 31, 2016, a corrective Employer contribution receivable of $6,587 was accrued, and the reduction in the corrective Employer contribution has been reflected as a $19,759 deduction in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2016. Participants are 100% vested in these contributions.

NOTE 12 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2016, and December 31, 2015 to the Form 5500:

Net assets available for benefits per Schedule H of the Form 5500	**$ 2,092,671**	**$ 1,936,315**

The following is a reconciliation of the total net increase per the financial statements for the year ended December 31, 2016, to the Form 5500:
