1 - DESCRIPTION OF PLAN

GENERAL

Billmyr Enterprises/Finishing Center 401(k) Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 2001, covering substantially all employees of Billmyr Enterprises Inc. and certain affiliates (the "Company"). The Plan's Trustee is Fidelity Management Trust Company (the "Trustee" or "Fidelity"). Fidelity Investments Institutional Operations Company serves as the record-keeper of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees become eligible for participation after 3 months of service, as defined by the Plan document. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, and an allocation of Plan earnings and charged with certain administrative expenses.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and employer discretionary matching contributions. Participants may elect to contribute up to 60% of annual pre-tax compensation, subject to maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2016). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2016). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted. The Company may make discretionary matching contributions. No such contributions were made during 2016.

QUALIFIED NON-ELECTIVE EMPLOYER CONTRIBUTION

The Company has determined that an operational oversight occurred from 2010 to 2016 involving the Plan's definition of compensation. The Company corrected the error in 2017 in accordance with the Employer Plans Compliance Resolution System of the Internal Revenue Service ("IRS") by making a qualified non-elective employer contribution to the Plan in the amount of $2,137, of which $328 relates to 2016 and $1,809 relates to 2015 and prior. The correction is presented as "qualified non-elective employer" receivable on the Statements of Net Assets Available for Benefits and "qualified non-elective employer" contribution on the Statement of Changes in Net Assets Available for Benefits.

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount or installment payments equal to 100% of the participant's vested account balance as of the valuation date of such event. In addition, distributions may be made based on financial hardship. Account balances of $1,000 or less at the time of the distribution will be "cashed out" as an involuntary lump sum payment.

INVESTMENT OPTIONS

The Plan provides for participants to direct both employee and employer contributions into a money market fund and a variety of mutual funds of registered investment companies in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

1 - DESCRIPTION OF PLAN

VESTING

Participants are immediately vested in elective deferrals and qualified non-elective employer contributions plus actual earnings, thereon. Vesting in the Company's discretionary matching contributions plus actual earnings, thereon, is 20% per year after two years of eligible service with 100% vesting upon completing six years of eligible service.

FORFEITURES

Forfeitures of terminated Participants' nonvested accounts are used to reduce Company contributions or to pay Plan expenses. These forfeitures are shown as a component of net assets available for benefits. At December 31, 2016 and 2015, there were forfeitures of $2,929 and $2,930 available, respectively. During 2016, no forfeitures were utilized.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the IRS. A participant may only have one loan outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at a rate determined reasonable by the Plan Administrator. Any note must be repaid within five years unless for the purchase of a primary residence, in which case the repayment period may not exceed ten years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants, as of December 31, 2016, have an interest rate of 8.50% and maturity dates from September 2017 through June 2021. Notes receivable from participants, as of December 31, 2015, have an interest rate of 8.50% and maturity dates from September 2016 through September 2019.

ADMINISTRATIVE EXPENSES

Distribution and loan fees are charged directly to the requesting participant's account. All other costs and expenses of the Plan and its administration, including all fees and expenses of the Trustee, are paid by the Company but may be paid by the Plan.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' accounts shall become 100% vested.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or loan policy of the Plan. Notes receivable are valued at amortized cost which approximates fair value.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation includes the Plan's gain and losses on the investments bought and sold, as well as held during the year.

3 - FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-7, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and aftr December 15, 2016 for all other entities with early adoption permitted. Plan management is currently in the process of evaluating the impact that will result from adoption of ASU 2015-7.

3 - FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Parts I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has adopted Part II.

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3 - FAIR VALUE MEASUREMENTS

In establishing a fair value hierarchy for the Plan's investments in accordance with FASB ASC 820, the following value methodologies were used for each type of investments:

Money market fund: Valued at a cost of $1 per unit.

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Money market fund	$ 285,396	$ -	$ -	$ 285,396
Mutual funds of registered investment companies	1,417,278	-	-	1,417,278
Total investments at fair value	$ 1,702,674	$ -	$ -	$ 1,702,674

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Money market fund	$ 465,621	$ -	$ -	$ 465,621
Mutual funds of registered investment companies	1,019,027	-	-	1,019,027
Total investments at fair value	$ 1,484,648	$ -	$ -	$ 1,484,648

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Fidelity Management Trust Company, the Trustee and party-in-interest as defined by ERISA, as of December 31, 2016 and 2015, and for the year ended December 31, 2016, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedules. This information consists of the following:

	2016	2015
Mutual funds of registered investment companies	$ 1,417,278	$ 1,019,027
Money market fund	285,396	465,621
Total investments	$ 1,702,674	$ 1,484,648
Notes receivable from participants	$ 77,130	$ 79,701
Interest and dividends	$ 45,761	
Interest on notes receivable from participants	$ 7,582	
Net appreciation in fair value of investments	$ 53,929	

5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds of registered investment companies and a money market fund managed by Fidelity Management Trust Company. Fidelity is the Trustee and record-keeper as defined by the Plan, and therefore, these transactions qualify as party-in-interest.

6 - RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7 - TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Fidelity, which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC, and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2013.

8 – RECONCILIATION TO THE FORM 5500

The following is a reconciliation between the net assets available for benefits reported in the audited financial statements and the Schedule H of the Form 5500 at December 31:

	2016	2015
Net assets available for benefits per the financial statements	$ 1,778,776	$ 1,563,433
Less: employee contributions receivable	(839)	(3,839)
Less: qualified non-elective employer contributions receivable	(2,137)	(1,809)
Add: excess contributions payable	4,004	6,564
Less: previously deemed loans	-	(13,058)
Net assets available for benefits per the Form 5500	$ 1,779,804	$ 1,551,291

The following is a reconciliation between the changes in net assets available for benefits reported in the audited financial statements and the Schedule H of the Form 5500 at December 31, 2016:

Net increase in net assets available for benefits per the financial statements	$ 215,343
Change in employee contributions receivable	3,000
Change in qualified non-elective employer contributions receivable	(328)
Change in excess contributions payable	(2,560)
Previously deemed loans	13,058
Net increase in net assets available for benefits per the Form 5500	$ 228,513

9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

Employee withholdings totaling $44,776 for 2015 and 2016 were inadvertently not remitted to the Plan on a timely basis due to unintentional delays. The Company remitted lost earnings and interest calculated following the Department of Labor guidelines for late deposits during 2017.

10 – EXCESS CONTRIBUTIONS PAYABLE

The Plan failed the discrimination testing for the years ended December 31, 2016 and 2015. As a result, excess contributions payable amounting to $4,004 and $6,564, respectively, are recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction to contributions in the related statement of changes in net assets available for benefits.

11 - SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "Subsequent Events," the Company has evaluated events or transactions occurring after December 31, 2016, the Statements of Net Assets Available for Benefits date, through December 11, 2017, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact the financial statements for the year ended December 31, 2016, other than as follows:

Effective January 1, 2017, the Company approved matching contributions in the amount of 50% of employee elective deferrals up to 4% of compensation after 6 months of service. Effective February 6, 2017, the Plan document was amended so that employees are immediately eligible to participate in the Plan but must be employed for six months in order to receive Company matching contributions. Effective October 27, 2017, interest on notes receivable from participants will be based on the prime rate reported by *Thomson Reuters*. Effective December 1, 2017, the Plan will only allow for hardship notes receivable from participants or those for a principal residence.

1 - DESCRIPTION OF PLAN

GENERAL

Billmyr Enterprises/Finishing Center 401(k) Plan (the "Plan") is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). The Plan was established on January 1, 2001, covering substantially all employees of Billmyr Enterprises Inc. and certain affiliates (the "Company"). The Plan's Trustee is Fidelity Management Trust Company (the "Trustee" or "Fidelity"). Fidelity Investments Institutional Operations Company serves as the record-keeper of the Plan. The following description provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

ELIGIBILITY AND PARTICIPANT ACCOUNTS

Employees become eligible for participation after 3 months of service, as defined by the Plan document. Subject to certain limitations on annual additions, each participant's account is credited with employee elective deferrals, and an allocation of Plan earnings and charged with certain administrative expenses.

CONTRIBUTIONS

The Plan is funded through employee elective deferrals and employer discretionary matching contributions. Participants may elect to contribute up to 60% of annual pre-tax compensation, subject to maximum limitations imposed by the Internal Revenue Code ("IRC") ($18,000 for 2016). Employees who are eligible to make elective deferrals under the Plan and who have attained the age of fifty before the close of the Plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,000 for 2016). Rollover contributions representing distributions from other qualified defined benefit or contribution plans are permitted. The Company may make discretionary matching contributions. No such contributions were made during 2016.

QUALIFIED NON-ELECTIVE EMPLOYER CONTRIBUTION

The Company has determined that an operational oversight occurred from 2010 to 2016 involving the Plan's definition of compensation. The Company corrected the error in 2017 in accordance with the Employer Plans Compliance Resolution System of the Internal Revenue Service ("IRS") by making a qualified non-elective employer contribution to the Plan in the amount of $2,137, of which $328 relates to 2016 and $1,809 relates to 2015 and prior. The correction is presented as "qualified non-elective employer" receivable on the Statements of Net Assets Available for Benefits and "qualified non-elective employer" contribution on the Statement of Changes in Net Assets Available for Benefits.

DISTRIBUTIONS TO PARTICIPANTS

Upon normal retirement age, death, disability, or termination, a participant's benefits are payable in a lump-sum amount or installment payments equal to 100% of the participant's vested account balance as of the valuation date of such event. In addition, distributions may be made based on financial hardship. Account balances of $1,000 or less at the time of the distribution will be "cashed out" as an involuntary lump sum payment.

INVESTMENT OPTIONS

The Plan provides for participants to direct both employee and employer contributions into a money market fund and a variety of mutual funds of registered investment companies in accordance with participant investment elections and the provisions of the trust agreement. Participants should refer to the Plan website for additional fund information.

1 - DESCRIPTION OF PLAN

VESTING

Participants are immediately vested in elective deferrals and qualified non-elective employer contributions plus actual earnings, thereon. Vesting in the Company's discretionary matching contributions plus actual earnings, thereon, is 20% per year after two years of eligible service with 100% vesting upon completing six years of eligible service.

FORFEITURES

Forfeitures of terminated Participants' nonvested accounts are used to reduce Company contributions or to pay Plan expenses. These forfeitures are shown as a component of net assets available for benefits. At December 31, 2016 and 2015, there were forfeitures of $2,929 and $2,930 available, respectively. During 2016, no forfeitures were utilized.

NOTES RECEIVABLE FROM PARTICIPANTS

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the IRS. A participant may only have one loan outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at a rate determined reasonable by the Plan Administrator. Any note must be repaid within five years unless for the purchase of a primary residence, in which case the repayment period may not exceed ten years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants, as of December 31, 2016, have an interest rate of 8.50% and maturity dates from September 2017 through June 2021. Notes receivable from participants, as of December 31, 2015, have an interest rate of 8.50% and maturity dates from September 2016 through September 2019.

ADMINISTRATIVE EXPENSES

Distribution and loan fees are charged directly to the requesting participant's account. All other costs and expenses of the Plan and its administration, including all fees and expenses of the Trustee, are paid by the Company but may be paid by the Plan.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all amounts credited to participants' accounts shall become 100% vested.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, changes therein, and associated disclosures. Accordingly, actual results may vary from the estimates used in preparing the accompanying financial statements.

BENEFITS

Benefits are recorded when paid.

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or loan policy of the Plan. Notes receivable are valued at amortized cost which approximates fair value.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation includes the Plan's gain and losses on the investments bought and sold, as well as held during the year.

3 - FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-7, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent). The update removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The update also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. ASU 2015-7 is effective for fiscal years beginning after December 15, 2015 for public entities and aftr December 15, 2016 for all other entities with early adoption permitted. Plan management is currently in the process of evaluating the impact that will result from adoption of ASU 2015-7.

3 - FAIR VALUE MEASUREMENTS

RECENT ACCOUNTING PRONOUNCEMENTS

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Parts I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has adopted Part II.

INVESTMENT VALUATION AND LEVELING

FASB Accounting Standards Codification ("ASC") Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

3 - FAIR VALUE MEASUREMENTS

In establishing a fair value hierarchy for the Plan's investments in accordance with FASB ASC 820, the following value methodologies were used for each type of investments:

Money market fund: Valued at a cost of $1 per unit.

Mutual funds of registered investment companies: Valued at the net asset value ("NAV") or quoted market prices of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE (UNAUDITED)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Company instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by Fidelity Management Trust Company, the Trustee and party-in-interest as defined by ERISA, as of December 31, 2016 and 2015, and for the year ended December 31, 2016, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedules. This information consists of the following:

	2016	2015
Mutual funds of registered investment companies	$ 1,417,278	$ 1,019,027
Money market fund	285,396	465,621
Total investments	$ 1,702,674	$ 1,484,648
Notes receivable from participants	$ 77,130	$ 79,701
Interest and dividends	$ 45,761	
Interest on notes receivable from participants	$ 7,582	
Net appreciation in fair value of investments	$ 53,929	

5 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds of registered investment companies and a money market fund managed by Fidelity Management Trust Company. Fidelity is the Trustee and record-keeper as defined by the Plan, and therefore, these transactions qualify as party-in-interest.

6 - RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

7 - TAX STATUS OF THE PLAN

The Plan is based on a prototype plan developed by Fidelity, which received a favorable opinion letter dated March 31, 2014, from the IRS stating that the prototype plan constitutes a qualified plan under Section 401 of the IRC. The Company believes the Plan, as adopted and amended, is operating within the guidelines of the IRC, and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2013.

8 – RECONCILIATION TO THE FORM 5500

The following is a reconciliation between the net assets available for benefits reported in the audited financial statements and the Schedule H of the Form 5500 at December 31:

	2016	2015
Net assets available for benefits per the financial statements	$ 1,778,776	$ 1,563,433

Net assets available for benefits per the Form 5500	$ 1,779,804	$ 1,551,291

The following is a reconciliation between the changes in net assets available for benefits reported in the audited financial statements and the Schedule H of the Form 5500 at December 31, 2016:

Net increase in net assets available for benefits per the financial statements	$ 215,343
Change in employee contributions receivable	3,000
Change in qualified non-elective employer contributions receivable	(328)
Change in excess contributions payable	(2,560)
Previously deemed loans	13,058
Net increase in net assets available for benefits per the Form 5500	$ 228,513

9 – DELINQUENT PARTICIPANT CONTRIBUTIONS

Employee withholdings totaling $44,776 for 2015 and 2016 were inadvertently not remitted to the Plan on a timely basis due to unintentional delays. The Company remitted lost earnings and interest calculated following the Department of Labor guidelines for late deposits during 2017.

10 – EXCESS CONTRIBUTIONS PAYABLE

The Plan failed the discrimination testing for the years ended December 31, 2016 and 2015. As a result, excess contributions payable amounting to $4,004 and $6,564, respectively, are recorded as a liability in the accompanying statements of net assets available for benefits and as a reduction to contributions in the related statement of changes in net assets available for benefits.

11 - SUBSEQUENT EVENTS

In accordance with FASB ASC 855, "Subsequent Events," the Company has evaluated events or transactions occurring after December 31, 2016, the Statements of Net Assets Available for Benefits date, through December 11, 2017, the date the financial statements were ready to be issued, and determined there were no events or transactions that would impact the financial statements for the year ended December 31, 2016, other than as follows:

Effective January 1, 2017, the Company approved matching contributions in the amount of 50% of employee elective deferrals up to 4% of compensation after 6 months of service. Effective February 6, 2017, the Plan document was amended so that employees are immediately eligible to participate in the Plan but must be employed for six months in order to receive Company matching contributions. Effective October 27, 2017, interest on notes receivable from participants will be based on the prime rate reported by *Thomson Reuters*. Effective December 1, 2017, the Plan will only allow for hardship notes receivable from participants or those for a principal residence.
