EAST MANUFACTURING CORPORATION PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the East Manufacturing Corporation Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a more complete description of the Plan's provisions.

General and eligibility: The Plan is a defined contribution plan covering all full-time employees of East Manufacturing Corporation (Company or Plan Sponsor) who have completed one year of service and have worked at least 1,000 hours. Plan entrance days occur on the first day of each Plan year and the first day of the seventh month of each Plan year. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. It is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: The Plan is funded solely by discretionary employer profit sharing contributions determined annually by the Board of Directors of the Plan Sponsor. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is (a) credited with allocations of the Company's contributions, (b) credited (reduced) with actual earnings (losses) thereon, (c) charged with administrative expenses, and (d) reduced by participant withdrawals. Allocations are based on a participant's eligible compensation and years of service, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested in their accounts based on years of continuous service. A participant is 100 percent vested after six years of credited service on a graded scale. Additionally, participants become fully vested, regardless of vesting table, upon attainment of normal retirement age, upon retirement due to disability, upon death, or upon termination of the Plan.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum distribution or a direct rollover equal to the value of the participant's vested account balance. For termination of employment due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution after the participant has incurred a one year break in service. In-service distributions are available if certain criteria are met.

Forfeited accounts: Forfeiture of non-vested accounts arising from employee terminations and withdrawals may be used to offset employer contributions or reallocated to participants, as provided by the Plan document. As of May 31, 2017 and 2016, forfeited nonvested accounts totaled \$11,892 and \$2,658, respectively.

Investment options: Participants are permitted to direct the investment of their account balances into a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment allocations on a daily basis.

Note 2. Significant Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affect the determination of net assets available for benefits and changes in net assets available for benefits are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting, in accordance with accounting principles generally accepted in the United States of America.

EAST MANUFACTURING CORPORATION PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the year.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payments of benefits: Benefits are recorded when paid.

Subsequent events: In preparing these financial statements, the Plan Sponsor evaluated events that occurred through December 7, 2017, the date the financial statements were available to be issued, for potential recognition or disclosure.

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity), the Trustee

The following is a summary of the investment information as of May 31, 2017 and 2016, and for the year ended May 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments as of May 31:

	2017	2016
Investments at fair value:		
Registered investment companies	\$ 11,930,556	\$ 10,046,207
Common/collective trust	2,421,508	-
Cash	-	2,391,780
	<u>\$ 14,352,064</u>	<u>\$ 12,437,987</u>

Fidelity also certified the completeness and accuracy of \$1,136,053 of net appreciation in fair value of registered investment companies and common/collective trust, and \$342,631 of interest and dividends related to the aforementioned investments for the year ended May 31, 2017.

NOTES TO FINANCIAL STATEMENTS

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of May 31, 2017 or 2016:

Registered investment companies: Valued based on quoted market prices.

Common/collective trust: Valued using the net asset value (NAV) as a practical expedient to estimate fair value provided by the Plan's Trustee. The NAV is based on the fair value of the underlying assets owned by the trust, minus liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Cash: Valued at the cash value at end of year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

EAST MANUFACTURING CORPORATION PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of May 31:

Assets at Fair Value as of May 31, 2017				
	Total	Level I	Level II	Level III
Registered investment companies	\$ 11,930,556	\$ 11,930,556	\$ -	\$ -
Common/collective trust (a)	2,421,508	-	-	-
Total assets at fair value	\$ 14,352,064	\$ 11,930,556	\$ -	\$ -

Assets at Fair Value as of May 31, 2016				
	Total	Level I	Level II	Level III
Registered investment companies	\$ 10,046,207	\$ 10,046,207	\$ -	\$ -
Cash	2,391,780	2,391,780	-	-
Total assets at fair value	\$ 12,437,987	\$ 12,437,987	\$ -	\$ -

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amount presented in this table is intended to permit reconciliation of the fair value hierarchy to the line item presented on the statement of net assets available for benefits.

Transfers Between Levels

For years ended May 31, 2017 and 2016, there were no significant transfers between Levels I and II and no transfers in or out of Level III.

Investments Measured Using NAV per Share as Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of May 31. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
	2017	2016		2017 and 2016	
Common/collective trust:					
Fidelity Management Income Portfolio	\$ 2,421,508	\$ -	N/A	Daily	Daily

Note 5. Related Party Transactions

Certain Plan investments are investments in registered investment companies, a common/collective trust, and a cash account managed by Fidelity. Fidelity is the Trustee of these investments and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative expenses amounted to \$4,728 for the year ended May 31, 2017.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

EAST MANUFACTURING CORPORATION PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

Note 7. Tax Status – Prototype Plan

The Plan has adopted a non-standardized form of a prototype plan. The sponsor of the prototype plan has received an opinion letter, dated March 31, 2014, from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the appropriate taxing authority. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. Generally, tax returns for the years ended May 31, 2014, and thereafter remain subject to examination by the appropriate taxing authorities.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

Note 9. Reconciliation of Federal Form 5500 to Financial Report

Differences occur between the federal Form 5500 filed with the Internal Revenue Service and the financial report. These differences are due to the employer contribution receivable. The following is a reconciliation of Form 5500 to the financial report as of and for the years ended May 31:

	2017	2016
Net assets available for benefits per federal Form 5500	\$ 14,352,064	\$ 12,437,987
Add:		
Employer contributions receivable, ending	350,000	675,000
Net assets available for benefits per financial report	\$ 14,702,064	\$ 13,112,987
Employer contributions per federal Form 5500	\$ 675,000	
(Less):		
Employer contributions receivable, beginning	(675,000)	
Add:
