EAST MANUFACTURING CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the East Manufacturing Corporation 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan document or the Summary Plan Description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution 401(k) plan covering all full-time employees of East Manufacturing Corporation (Company or Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees are eligible to participate in the Plan after six months of service and who are at least 21 years of age. Entry into the Plan is granted the first day of the subsequent month once eligibility requirements are satisfied.

Contributions: Each year, participants may make salary deferral contributions of pretax annual compensation, as defined in the Plan, up to 60% of eligible compensation subject to the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan Sponsor contributes non-discretionary matching contributions in an amount equal to 10% of participant deferral contributions subject to a maximum of 5% of the participant's eligible compensation contributed to the Plan. The Plan Sponsor may also make discretionary contributions to the Plan. There were no discretionary contributions for the year ended May 31, 2017.

Participant accounts: Each participant's account is (a) credited with the participant's contributions, (b) credited with the Company's contributions, (c) credited (reduced) with actual earnings (losses) thereon, (d) reduced by the participant's withdrawals, and (e) reduced by administrative expenses. Allocations are based on a participant's account balance or eligible compensation, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their deferral contributions as defined by the Plan document plus actual earnings thereon. Participants become 100% vested in the Company's matching contributions and actual earnings thereon based on a six-year graded schedule. Additionally, participants become fully vested, regardless of vesting table, upon attainment of normal retirement age, upon retirement due to disability, upon death, or upon termination of the Plan.

Notes receivable from participants: A participant may borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her vested account balance. Loans are collateralized by the participant's vested account balance. Loan terms range up to five years, with the exception of loans for the purchase of a principal residence, which may exceed five years. Interest rates are equal to 1% over the prime rate on the first day of the month in which the loan is requested. Interest rates on outstanding loan balances are 4.25% as of the date of the most recent loan. Principal and interest shall be paid at least quarterly through payroll deductions.

Payment of benefits: On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a direct rollover to another plan, or a direct rollover to an Individual Retirement Account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeited accounts: Forfeiture of non-vested accounts arising from employee terminations and withdrawals may be used to offset employer contributions, as provided by the Plan document. As of May 31, 2017 and 2016, forfeited non-vested accounts totaled \$10,674 and \$9,332, respectively. No forfeitures were used to reduce employer contributions during the year ended May 31, 2017.

NOTES TO FINANCIAL STATEMENTS

Investment options: Participants are permitted to direct the investment of their account balances into a variety of investment choices as more fully described in the Plan's literature. Participants may change their investment allocations on a daily basis.

Note 2. Summary of Accounting Policies

The accounting policies followed by the Plan and the method of applying those policies which materially affect the determination of net assets available for benefits and changes in net assets available for benefits are as follows:

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains on investments bought and sold as well as held during the year.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets available for Plan benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as distributions based upon the terms of the Plan document.

Payments of benefits: Benefits are recorded when paid.

Administrative expenses: Except for loan origination fees associated with notes receivable from participants, the Plan's administrative expenses are paid by the Plan Sponsor as provided by the Plan document.

Subsequent events: In preparing these financial statements, the Plan Sponsor evaluated events that occurred through December 7, 2017, the date the financial statements were available to be issued, for potential recognition or disclosure.

NOTES TO FINANCIAL STATEMENTS

Note 3. Information Certified by Fidelity Management Trust Company (Fidelity), the Trustee

The following is a summary of the investment information as of May 31, 2017 and 2016, and for the year ended May 31, 2017, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the Trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA, the Plan Administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following investments as of May 31:

	2017	2016
Investments at fair value:		
Registered investment companies	\$ 5,854,056	\$ 4,870,795
Common/collective trust	345,216	267,790
	<u>\$ 6,199,272</u>	<u>\$ 5,138,585</u>

The Trustee also certified the completeness and accuracy of \$490,973 of net appreciation in fair value of registered investment companies and common/collective trust, \$245,511 in interest and dividends related to the aforementioned investments, and \$1,714 of interest income on notes receivable from participants for the year ended May 31, 2017. Notes receivable from participants that were certified by the Trustee as of May 31, 2017 and 2016, amounted to \$51,716 and \$46,264, respectively.

Note 4. Investments and Fair Value Measurements

Authoritative guidance regarding *Fair Value Measurements* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level I measurements) and the lowest priority to unobservable inputs (Level III measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level I Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level II Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level II input must be observable for substantially the full term of the asset or liability.

Level III Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

EAST MANUFACTURING CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of May 31, 2017 or 2016:

Registered investment companies: Valued based on quoted market prices.

Common/collective trust: Valued using the net asset value (NAV) as a practical expedient to estimate fair value provided by the Plan's Trustee. The NAV is based on the fair value of the underlying assets owned by the trust, minus liabilities, and then divided by the number of shares outstanding. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of May 31:

Assets at Fair Value as of May 31, 2017				
	Total	Level I	Level II	Level III
Registered investment companies	\$ 5,854,056	\$ 5,854,056	\$ -	\$ -
Common/collective trust (a)	345,216	-	-	-
Total assets at fair value	\$ 6,199,272	\$ 5,854,056	\$ -	\$ -

Assets at Fair Value as of May 31, 2016				
	Total	Level I	Level II	Level III
Registered investment companies	\$ 4,870,795	\$ 4,870,795	\$ -	\$ -
Common/collective trust (a)	267,790	-	-	-
Total assets at fair value	\$ 5,138,585	\$ 4,870,795	\$ -	\$ -

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented on the statements of net assets available for benefits.

Transfers Between Levels

For years ended May 31, 2017 and 2016, there were no significant transfers between Levels I and II and no transfers in or out of Level III.

EAST MANUFACTURING CORPORATION 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Investments Measured Using NAV per Share as Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of May 31. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value		Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
	2017	2016			
Common/collective trust:					
Fidelity Management Income Portfolio	<u>\$ 345,216</u>	<u>\$ 267,790</u>	N/A	Daily	Daily

Note 5. Related Party Transactions

Certain Plan investments are investments in registered investment companies and a common/collective trust managed by Fidelity. Fidelity is the Plan Trustee and, therefore, these transactions qualify as party-in-interest transactions.

Fees paid by the Plan to Fidelity for administrative expenses amounted to \$3,606 for the year ended May 31, 2017. Certain Plan administrative fees are paid by the Company for which it is not reimbursed. Certain administrative functions are performed by officers or employees of the Company. No such officers or employees receive compensation from the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Note 7. Tax Status – Prototype Plan

The Plan has adopted a non-standardized form of a prototype plan. The sponsor of the prototype plan has received an opinion letter, dated March 31, 2014, from the Internal Revenue Service (IRS) as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the appropriate taxing authority. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. Generally, tax returns for the years ended May 31, 2014, and thereafter remain subject to examination by the appropriate taxing authorities.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.
