INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Opengate, Inc. 401(k) Retirement Plan
Armonk, New York 10504

Report on the financial statements

We were engaged to audit the accompanying financial statements of the Opengate, Inc. 401(k) Retirement Plan, which comprise the statements of net assets available for benefits as of March 31, 2017 and 2016, the related statement of changes in net assets available for benefits for the year ended March 31, 2017, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the basis for disclaimer of opinion paragraph, however, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the trustee as of March 31, 2017 and 2016 and for the year ended March 31, 2017, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the basis for disclaimer of opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other matter

The supplemental schedules of assets held at year end and reportable transactions as of and for the year ended March 31, 2017 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the basis for disclaimer of opinion paragraph, we do not express an opinion on these supplemental schedules referred to above.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

OPENGATE, INC.
401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2017 AND 2016

1. Description of Plan:

The following brief description of the Opengate, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering eligible employees of Opengate, Inc. (the Sponsor) who have completed a year of service consisting of 12 consecutive months in which the participant has at least 1,000 hours of service and is age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Loans to participants are not allowed from the Plan. The Board of Trustees is responsible for oversight of the Plan.

The original Plan was restated to The Automatic Data Processing Defined Contribution Plan Non-Standardized 401(k) Profit Sharing Plan #01-003 with no changes in benefits, effective December 1, 2010.

Contributions

Participants may elect to have up to 90% of their compensation deferred, as pre-tax or after tax contributions, not to exceed the maximum percentage allowable by the Internal Revenue Code (IRC) sections 401(k), 402(g), 404 and 415. Effective December 1, 2010, an automatic employee contribution was implemented for all new hires, requiring a 2% employee contribution, which employees may elect to accept at their option. At the end of the Plan year, the Sponsor may make a safe harbor contribution to the Plan, on behalf of all participants, in an amount equal to 100% of the participant's first 3% of elective contributions, plus 50% of an additional 2% of participant elective contributions. The matching contribution shall not exceed 4% of the participant's compensation. The Sponsor may also make a contribution on a discretionary basis on behalf of all eligible employees who are employed as of the last day of the Plan year, although it is not required to do so. These contributions are referred to as non-matching contributions. In no event shall such contributions exceed the maximum amount allowable as a deduction to the Sponsor under IRC section 404. For the fiscal year ended March 31, 2017, the Sponsor made a safe harbor contribution of $237,108, and non-matching contributions of $326,580, less forfeiture of non-matching contributions of $33,141. The Plan has complied with its minimum funding requirement by making the annual contribution required.

1. Description of Plan (continued):

Participant accounts

Each participant's account is credited with the participant's contributions, an allocation of the Plan's matching and non-matching contributions, and Plan earnings. Participant accounts are charged with direct expenses and an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Benefits to which a participant is entitled are funded exclusively from the vested benefit of the participant's account. All investments are directed by the Plan participants.

Vesting

Participants are immediately vested in their contributions and rollover accounts plus actual earnings thereon. Vesting in the Sponsor's discretionary matching contributions or profit-sharing contributions plus actual earnings thereon is based on years of service. Such contributions, if any, vest in accordance with the Plan's vesting schedule, wherein the vested amount increases by 20% for each year of eligible employment between two and six years, whereupon a participant is 100% vested after completing six years of credited service.

Payment of benefits

On termination of service due to retirement, death, or disability, prior to normal retirement age, a participant may elect to receive a lump-sum amount equal to the vested portion of his or her account, or periodic payments. For termination of service prior to age 59½, a participant may receive the value of the vested interest in their account as a lump sum distribution. The Plan has a mandatory cash out provision if the participant terminates employment and his vested account balance does not exceed $5,000, exclusive of the balance of the rollover account.

Forfeited accounts

Forfeited non-vested amounts may be used to reduce the Sponsor's non-matching contributions or to pay administrative expenses. Forfeitures result from a participant's termination of service prior to achieving full vesting in the Sponsor's contributions. At March 31, 2017 and 2016, forfeited, non-vested amounts were $33,141 and $22,067, respectively.

1. Description of Plan (continued):

Investment options

The assets of the Plan are allocated to various investment funds at the direction of the participant. Upon enrollment, participants direct their 401(k) contributions in any of the various investment options offered by Reliance Trust Corporation.

Roth elective deferrals

The Plan allows Roth elective deferrals to be made to the Plan including an option allowing the participants to convert deferrals into Roth deferrals.

2. Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) which utilize the accrual method of accounting. Consequently, revenues and gains are recognized when earned or otherwise available and expenses and losses are recognized when incurred.

Accounting methods

Net assets available for benefits and changes in net assets available for benefits differ from that reported on Internal Revenue Service ("IRS") Form 5500, *Annual Return/Report of Employee Benefit Plans*. This difference is the result of using the cash basis for governmental reporting purposes and the accrual basis for financial reporting purposes. See Note 7 for a reconciliation of the financial statements to Form 5500.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

2. Summary of significant accounting policies (continued):

Adoption of new accounting pronouncement

In May, 2015, the FASB issued ASU 2015-07, "*Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per share (or its Equivalent)*". The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share as a practical expedient. The purpose of this new ASU is to eliminate the diversity in the way in which investments are measured using net asset value per share as a practical expedient to be classified in the fair value hierarchy.

This ASU is effective for fiscal years beginning after December 15, 2016 for all non-public entities with early adoption permitted. The amendments are to be applied retrospectively. Management has elected to early adopt the amendments of this ASU. Such adoption has no effect on the net assets available for benefits and changes in net assets available for benefits as of and for the year ended March 31, 2016.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the statement of changes in net assets available for benefits includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of significant accounting policies (continued):

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments. Fees related to distribution are $50 and are charged directly to the participant's account and included in administrative expenses. Investment expenses are included in net appreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Payment of benefits

Benefits are recorded as deductions from net assets when paid.

Reclassifications

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

3. Information certified by Reliance Trust Company:

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The Trustee, Reliance Trust Company, had supplied the plan's administrator with a certification as to the completeness and accuracy of all information regarding investment assets, transactions, and income presented in the statements of net assets available for benefits as of March 31, 2017 and 2016 and the statement of changes in net assets available for benefits for the year ended March 31, 2017 and the supplemental schedule of assets held at end of year as of March 31, 2017.

4. Fair value measurements:

FASB ASC 820, *"Fair Value Measurements"* establishes a framework for measuring fair value to provide a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology include unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs derived principally from, or corroborated by, observable market data or by correlation or other means.

If the asset or liability has a specified, contractual term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

4. Fair value measurements (continued):

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2017 and 2016.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: Valued at fair value as a series of mutual funds, which includes a pooled investment contract, consisting principally of funds including equity securities, money market funds and U.S. government securities investments, with characteristics which would provide a return consistent with the S&P 500 index. The fund may also invest in derivatives such as future contracts. The fund's shares are valued at NAV on a daily basis and are deemed to be actively traded.

Stable asset fund: Valued at the net asset value (NAV) of the fund's underlying investments less liabilities, the fund invests in a variety of guaranteed investment contracts (GICs) issued by insurance companies and other investment products (synthetic GICs) with similar characteristics. The investment advisor reserves the right to delay withdrawals from the stable asset fund trust for up to 12 months, in order to ensure that securities liquidations will be carried out in an orderly business manner, if the Plan were to initiate a full redemption of the stable asset fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no transfers or reclassifications of investments between levels within the fair value hierarchy during the year ended March 31, 2017 and 2016.

4. Fair value measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of March 31, 2017 and 2016. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

	Assets at fair value as of March 31, 2017			
Description	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds:	$ 4,490,066	$ -	$ -	$ 4,490,066
Total assets in the fair value hierarchy	4,490,066	-	-	4,490,066
Investments measured at net asset value (a):				
Stable asset fund	-	-	-	1,242,923
Collective investment trust	-	-	-	201,728
Total	$ 4,490,066	$ -	$ -	$ 5,934,717

	Assets at fair value as of March 31, 2016			
Assets:				
Mutual funds:	$ 3,826,964	$ -	$ -	$ 3,826,964
Total assets in the fair value hierarchy	3,826,964	-	-	3,826,964
Investments measured at net asset value (a):				
Stable asset fund	-	-	-	1,386,480
Collective investment trust	-	-	-	143,621
Total	$ 3,826,964	$ -	$ -	$ 5,357,065

(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. Fair value measurements (continued):

Investments measured using the net asset value per share practical expedient

In accordance with the fair value measurements and disclosure guidelines, the following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of March 31, 2017 and 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	2017 Fair value	2016 Fair value	Unfunded commitments	Redemption frequency	Redemption notice period
Stable asset fund	$ 1,242,923	$ 1,386,480	N/A	Daily	12 months
Collective investment trust	$ 201,728	$ 143,621	N/A	Daily	12 months

5. Related party transactions and party-in-interest transactions:

A party-in-interest is defined under Department of Labor regulations as any fiduciary of the Plan, employer, and certain others.

Certain Plan investments are shares of mutual funds managed by Reliance Trust Company and marketed by ADP, Inc. as broker-dealer. Reliance Trust Company is the Trustee and ADP, Inc. is the record keeper, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in investment gains, as they are paid through revenue sharing, rather than a direct payment.

5. Related party transactions and party-in-interest transactions (continued):

If the revenue received by ADP for investment management services from mutual funds exceeds the fees due under the Master Plan Services Agreement between the sponsor and ADP, ADP remits the excess to the Plan's trust. Those amounts may be applied to pay Plan administrative expenses or allocated to participant accounts. During the Plan year 2017, no such excess occurred. The Plan paid direct fees to ADP in 2016, of $4,645, related to direct operating costs not covered by revenue sharing.

The Plan also paid direct fees to Westport Capital markets, LLC, an investment advisor, of $13,846. The Sponsor paid other direct fees related to administrative costs which were not covered by revenue sharing.

6. Plan termination:

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

7. Risk and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participant's account balance and the amounts reported in the statements of net assets available for benefits.

8. Reconciliation of financial statements to Schedule H of IRS Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of IRS Form 5500 as of March 31, 2017 and 2016:

	2017	2016
Net assets available for benefits per Schedule H of Form 5500	$ 5,934,717	$ 5,357,065
Employer contributions receivable	530,547	556,059
Net assets available for benefits per the financial statements	$ 6,465,264	$ 5,913,124

8. Reconciliation of financial statements to Schedule H of IRS Form 5500 (continued):

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2017
Change in net assets available for benefits per the financial statements:	$ 552,140
Increase in Sponsor contributions receivable	25,512
Decrease in fund dividend and gain classifications	(23,486)
Increase in other income (expense)	14,058
Change in net assets available for benefits per Schedule H of Form 5500:	$ 568,224

Differences result from the use of the accrual basis for recognition of employer contributions receivable versus the use of the cash basis for recognition in the governmental Form 5500, Schedule H. Differences also result from differing classification of gain versus dividend and interest income and the reporting of reimbursement of other income (expense) differently, for the common collective trusts, as compared to the financial statement presentation.

9. Distribution payable:

Net assets available for benefits includes $239,754 and $190,603 as of March 31, 2017 and 2016, respectively, for balances payable to participants who separated without withdrawing from the Plan prior to the end of the Plan year and have not requested a distribution from the Plan prior to year-end.

10. Tax status:

The Plan is an adoption of a prototype plan of its record keeper, Automatic Data Processing Defined Contributions Plan non-standardized 401(k) Profit Sharing Plans No. 01-003. The Internal Revenue Service has determined and informed the custodian that the Plan is qualified and the trust established under the Plan is tax exempt under the appropriate sections of the Internal Revenue Code.

Although the Plan has been amended since the initial determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

11. Subsequent events:

The Plan has evaluated subsequent events through October 24, 2017, which is the date the financial statements are available for issuance, and have determined that other than that described herewith, there are no subsequent events which require disclosure under accounting principles generally accepted in the United States of America.

Effective June 1, 2017, the Plan authorized participants to make loans from their accounts, consisting of participant notes receivable, which is collateralized by the value of their accounts, to the lesser of: a maximum of 50% of the total vested balance, or $50,000. The balance of participant notes receivable, as of the date of issuance of the financial statements, is approximately $370,000.
