QED, INC. 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2017

1. DESCRIPTION OF PLAN

General

The following description of the QED, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Plan Merger

On June 21, 2017, the Plan was merged into the Sonepar USA 401(k) Plan (the Sonepar Plan). In conjunction with the merger, all net assets were transferred into the Sonepar Plan. The merger is reflected within the statement of changes in net assets available for benefits for January 1, 2017 to June 30, 2017.

The following key provisions are outlined prior to the Sonepar Plan merger.

The Plan covers all employees of QED, Inc. (the Company) who have one month of service and are age twenty-one or older, excluding leased employees and non-resident aliens, as defined. Acensus Trust Company serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute to the Plan a percentage of their annual wages up to 100% of compensation, not to exceed a specific dollar amount determined by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan has enacted an automatic contribution arrangement under which eligible employees are automatically enrolled at a 3% deferral rate unless a contrary election is made. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make matching contributions or non elective contributions at the discretion of the Company's board of directors. For the period January 1, 2017 to June 30, 2017, the Company elected to match participant contributions at a rate of 25% of the first 6% of deferred by eligible participants.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's deferral contributions, the Company's matching contributions, allocations of any Company profit sharing contributions, Plan investment income, and charged with any benefit payments and allocations of Plan investment losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of a participant's account.

Investments

Participants direct the investment of their account into various investment options offered by the Plan. The Plan currently offers numerous mutual funds and one guaranteed investment contract.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service if the Plan is considered a top-heavy plan.

Forfeitures

Forfeitures of nonvested accounts are used to reduce employer contributions and administrative expenses. At June 30, 2017 and December 31, 2016, the Plan did not have any forfeited, nonvested accounts.

Payment of Benefits

On termination of service a participant must receive the value of the vested interest in his or her account as a lump-sum distribution if the amount is under \$5,000. If the vested interest is over \$5,000, then the participant may elect from two different options:

1. Lump-sum distribution
2. Installment payments for required minimum distributions only (annually, quarterly, monthly) over a specified period of time, not exceeding your life expectancy or the joint life expectancy of you and your designated beneficiary.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by 50% of the borrowing participants vested account and bear interest at rates, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates and Risks and Uncertainties

The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, except for the guaranteed investment contract which is stated at contract value. Shares of mutual funds are valued at the net asset value (NAV) of shares of such funds held by the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits

Benefits are recorded when paid by the Plan.

Administrative Expenses

Expenses of maintaining the Plan may be paid using forfeitures of non-vested employer matching contributions. Any excess of expenses over available funds from forfeitures are paid by the Company.

Excess contribution payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability. The Plan distributed the 2017 excess contributions to the applicable participants prior to March 15, 2017.

Adoption of New Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Fair Value Measurement (Topic 820): Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share* (or its Equivalent), which exempts investments measured using NAV practical expedient in FASB Accounting Standards Codification (ASC) Topic 820 from categorization within the fair value hierarchy. This guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. The impact of adopting this amendment is reflected in the financial statements in 2015.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans* (Topic 960), *Defined Contribution Pension Plans* (Topic 962), *Health and Welfare Benefit Plans* (Topic 965) – (I) *Fully Benefit-Responsive Investment Contracts*, (II) *Plan Investment Disclosures*, and (III) *Measurement Date Practical Expedient* (a consensus of the FASB Emerging Issues Task Force) (the Update). The purpose of this Update is to simplify plan accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.

The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Parts I and II of this Update in the prior year. The impact of adopting these amendments is reflected in the financial statements.

3. GUARANTEED INVESTMENT CONTRACT

The Plan has a fully benefit-responsive investment contract with VALIC. VALIC maintains the contributions in a pooled account. The account is credited with earnings on the underlying investments at guaranteed crediting rates and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

NOTES TO THE FINANCIAL STATEMENTS

3. GUARANTEED INVESTMENT CONTRACT – CONTINUED

There are no reserves against contract value for credit risk of the contract issuer or otherwise. When establishing interest crediting rates for this contract, VALIC considers many factors, including current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula.

Generally, there are not any events that would limit the Plan's ability to transact at contract value with VALIC. In accordance with the Plan merger, this investment was liquidated at contract value.

4. FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The level in the fair value hierarchy within which a fair value measurement in its entirety falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used.

4. FAIR VALUE MEASUREMENT – CONTINUED

The following table sets forth by level, within the fair value hierarchy, the Plan's participant-directed assets at fair value as of December 31, 2016. There were no transfers to or from Levels 1, 2, or 3 of the fair value hierarchy in 2016 nor were there any investments in Level 2 or 3. The Plan's policy is to recognize transfers between levels as of the end of the reporting period.

	Fair Value	Level 1
Mutual funds	\$ 5,412,364	\$ 5,412,364
Total investments, at fair value	\$ 5,412,364	\$ 5,412,364

5. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan administrator has obtained certifications from the custodian that the following data is complete and accurate:

- Investments, with the exception of the fully benefit-responsive investment contract, as shown in the statements of net assets available for benefits as of June 30, 2017 and December 31, 2016;
- Investment activity (interest, dividend, and net appreciation in the fair value of investments), as shown in the statement of changes in net assets available for benefits for the period January 1, 2017 to June 30, 2017;

6. RELATED PARTY TRANSACTIONS

Ascensus Trust Company provides custodial services for the Plan as well as recordkeeping services through its affiliated entity, Ascensus, Inc. Retirement Planning Services, Inc. provides contract administration services to the Plan. Cambridge Investment Research provides investment research services to the Plan. Therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for these services are included within the administrative expenses on the statement of changes in net assets for the period January 1, 2017 to June 30, 2017.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

8. TAX STATUS

The Company adopted a volume submitted plan sponsored by Retirement Planning Services, Inc. The volume submitted plan received a determination letter from the IRS dated March 2, 2012, as to the plan's qualified status. The volume submitted opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with applicable provisions of the Internal Revenue Code.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions, including the IRS. The Plan is not currently under IRS examination for any Plan years.
