Notes to Financial Statements
Year Ended December 31, 2016

1. DESCRIPTION OF PLAN

The following description of the Agilux Laboratories Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Agilux Laboratories, Inc. (the "Plan Sponsor"). The Plan was established on January 1, 2008, and was most recently amended on January 1, 2015. The Accounting Manager of the Company serves as the Plan Administrator. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). State Street Bank and Trust Company served as the Plan's former trustee prior to July 1, 2016. Effective July 1, 2016, Reliance Trust Company was appointed the Plan's current trustee.

Eligibility

All employees of the Company who are age 21 or older are eligible to participate in the Plan beginning the first day of the month following the date the eligibility requirements are met.

Participant Contributions

Each year, participants may contribute up to 90% of eligible compensation, and not less than 1% of eligible compensation, subject to statutory limits, as defined. The Plan also permits Roth elective deferrals. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans or individual retirement accounts ("rollover contributions"). Unless otherwise selected, eligible employees are automatically enrolled at 3% of their eligible compensation.

Employer Contributions

The Company, at its discretion, may elect to contribute a nonelective contribution. Any nonelective contributions will be allocated to participants based on eligible compensation during the plan year. For the year ended December 31, 2016, the Company did not make a nonelective contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's discretionary nonelective contribution and, (b) Plan investment earnings or losses, and charged with an allocation of administrative expenses based on a pro rata basis determined using the participant's account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF PLAN…continued

Vesting

Participants are immediately vested in their voluntary contributions, including rollovers, plus actual earnings thereon. Vesting in the Company's discretionary nonelective contributions plus earnings thereon is based on years of continuous service as follows:

Years of Service	Vested Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6+	100%

Notes Receivable from Participants

Participants may borrow a minimum of $500 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000 (reduced by the highest outstanding loan balance the participant had during the previous one-year period). The loan repayment period is up to five years and may be extended to a maximum of thirty years for a loan to purchase a principal residence. Only one loan may be held at a time. The loans are secured by the balance in the participant's vested account balance and bear interest at a rate established by the plan administrator commensurate with prevailing interest rates for similar loans. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive an amount equal to the value of his or her vested account, either (a) in a lump-sum payout, (b) have the payment paid as a direct rollover to his or her individual retirement account or (c) to another employer's tax qualified plan. Participants with a vested account greater than $5,000 may also choose to receive installments over a period of time or request a partial withdrawal. Upon termination, if a participant's vested account is less than $1,000, the plan administrator, after notification, will distribute the benefit to the participant.

In-service withdrawals are allowed upon attainment of age 59½ from a participant's vested account balance. In-service hardship withdrawals are permitted from a participant's elective deferral contribution account, without respect to earnings thereon as defined, and vested nonelective contribution account, after exhausting the maximum amount available to the participant as a loan under the Plan. Participant deferral contributions will be suspended for six months upon receipt of a hardship withdrawal.

All distributions are subject to the applicable provisions of the Plan.

Investment Elections

Each participant shall direct the investment of their account among a selection of registered investment companies offered under the Plan. Participants may elect to transfer all or part of their account balances among the investment options at any time. Contributions may be diversified among one or more of the investments.

1. DESCRIPTION OF PLAN…continued

Forfeited Accounts

Forfeitures represent the non-vested portion of terminated participants' account balances. Forfeited accounts are used to pay administrative expenses. There were no amounts forfeited during the year ended December 31, 2016. As of December 31, 2016 and 2015, there were no forfeited non-vested accounts.

Administrative Expenses

The Plan's sponsor pays certain costs, charges and expenses, incurred by the trustees, in connection with the administration of the Plan; however, the sponsor may elect to have the trustees pay the expenses with plan assets. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The financial statements have been prepared in accordance with accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets generally accepted accounting principles ("GAAP") to ensure net assets available for plan benefits and changes in net assets available for plan benefits are consistently reported. References to GAAP issued by the FASB in these footnotes are to the FASB Accounting Standards Codification ("FASB ASC").

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015, respectively. Delinquent loans are treated as distributions based upon terms of the plan document.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. In the statement of changes in net assets available for plan benefits, the Plan presents net depreciation in the fair value of investments, which consists of the realized gains and losses and the unrealized appreciation depreciation on those investments.

2. SIGNIFICANT ACCOUNTING POLICIES…continued

Fair Value Measurements

The Plan follows the guidance within FASB ASC 820 – *Fair Value Measurements and Disclosures*, which defines fair value, and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Plan in determining fair value is greatest for instruments categorized in Level 3. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Plan's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Plan uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or Level 2 to Level 3.

Valuation Techniques

Following is a description of the valuation methodologies used for the assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds

Fair value of shares of mutual funds are determined using the quoted prices in active markets. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

2. SIGNIFICANT ACCOUNTING POLICIES…continued

Payment of Benefits

Benefits are recorded when paid to the participants.

Income Taxes

GAAP requires plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2013.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are reported as a liability with a corresponding reduction to contributions.

3. INFORMATION CERTIFIED BY TRUSTEES

The following is a summary of the Plan's asset information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the Plan's current and former trustees and furnished to the plan administrator. The plan administrator has obtained a certification from the current and former trustees that the information provided to the plan administrator by the trustees related to the following investments is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements and supplemental schedules related to the following assets:

	2016	2015
Investments, at fair value:		
Mutual funds	$ 3,456,384	$ 2,429,950
Notes receivable	-	16,380

The current and former trustees also certified as to the completeness and accuracy of $233,832 in net appreciation in fair value of investments and $72,622 of interest and dividend income related to the aforementioned investments and $228 of interest related to notes receivable from participants for the year ended December 31, 2016.

5. NOTES RECEIVABLE FROM PARTICIPANTS

The Plan permits its participants to obtain loans against their respective account balances. As of December 31, 2016 and 2015, total loans outstanding were $0 and $16,380, respectively. During the year ended December 31, 2016, interest earned on such loans was $228. Loans to participants are collateralized by the respective participant's remaining account balance. Also, certain restrictions apply to participant loans, as defined in the plan document.

6. PARTY-IN-INTEREST TRANSACTIONS

The Plan issues loans to participants which are secured by the balances in participant accounts. These transactions qualify as parties-in-interest transactions as that term is defined in Section 3(14) of ERISA.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

8. TAX STATUS

On January 1, 2015, the Plan adopted a prototype standardized 401(k) and profit sharing agreement under ADP Retirement Services ("ADP prototype plan"). The Plan has obtained an opinion letter from the IRS dated July 8, 2014, stating that the form of the ADP prototype plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has not been amended since adopting the prototype plan.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for plan benefits.

10. EXCESS CONTRIBUTIONS PAYABLE

Amounts contributed to the Plan from highly compensated employees in excess of the IRS approved limit were $25,346 and $19,718 during the years ended December 31, 2016 and 2015, respectively. These amounts are reflected as excess contributions payable on the accompanying statements of net assets available for plan benefits and were refunded to participants in March of the following plan year.

Agilux Laboratories Inc. 401K Profit Sharing
Form 5500 Plan Year 2016

To Whom It May Concern:

This letter is to advise you of reasonable cause for late filing of 2016 form 5500 for Agilux Laboratories Inc 401K Profit Sharing Plan and Trust.

I missed the deadline to file the return by one day because the financial statements arrived last minute while other pressures of the business day took precedence and quite honestly, I forgot to file. As soon as I remembered I logged into DOL for PIN number and submitted the return and audited report however the filing was rejected as late.

Regards,

Elaine Bouvier
Plan Administrator
