NOTE 1 – PLAN DESCRIPTION

The following description of the FAST – Americas 401K Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions. ECG Critical Components, CDI Energy Products, Hallite Seals, and American Industrial Plastics (collectively the "Company" or "Employer") is the Plan Sponsor. The Plan, which commenced effective April 1, 1990 and was amended and restated September 12, 2014, is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC").

General – The Plan is a defined contribution plan 401(k) plan that provides retirement savings benefits to all eligible employees of the Company through pre-tax and Roth voluntary contributions by employees and contributions by the Company. Employees are eligible to participate after attaining age 18 and completing 6 months of service. After meeting eligibility, participant can enter the Plan on the first day of each month of the Plan year.

Plan Custodian and Trustee – The Company contracts with Principal Life Insurance Company and Principal Trust Company (the "Custodians") to maintain custody of all investments held by the Plan, to maintain the Plan's participant account balances, and provide investment advisory services. Multiple individuals employed by the Company collectively serve as the Plan Trustee.

Contributions – Employees may elect to contribute, on a before-tax or Roth basis, up to 100% of eligible compensation as defined by the Plan and subject to IRC limits ($18,000 for 2016). Participants who have attained 50 years of age before the end of the Plan year are eligible to make catch-up contributions ($6,000 for 2016). Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

The Plan includes a Safe Harbor provision, which requires the Company to make matching contributions on behalf of each participant to satisfy Safe Harbor requirements. The Company's matching contribution is equal to 100% of each participant's elective deferrals up to a maximum of 4% of eligible compensation plus 50% of each participant's elective deferrals up to the next 2% of eligible compensation. The Company may also make discretionary contributions, which are allocated equally to all eligible participants based on compensation. No discretionary contributions were made during the year ended December 31, 2016.

Participants' Accounts – Each participant's account is credited with the participant's contributions and the Company's matching contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants direct the investment of their contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are 100% vested in employee deferrals, rollovers, employer Safe-Harbor contributions, and related earnings. A participant becomes 100% vested in their full account balance immediately upon reaching normal retirement age, disability, or death.

Participants are subject to the following vesting schedule for discretionary employer profit sharing contributions:

Years of Service	Vesting
Less than 2 years	0%
2	25%
3	50%
4	75%
5 or more	100%

NOTE 1 – PLAN DESCRIPTION – continued

A year of service is deemed to be complete upon achieving 1,000 hours of service in a calendar year.

Notes Receivable from Participants – Participants may borrow up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by the highest outstanding loan balance during the one-year period prior to the date of the loan being made. The minimum loan amount is $1,000. Loans are secured by the balance in the participant's account and bear interest at 3.25% to 3.75% per annum. Payments are due at least quarterly and the repayment period will be no longer than five years unless for the purpose of a primary residence. A participant may be granted three loans during any one-year period. A participant may only have one loan outstanding at any one time.

Payment of Benefits – Distributions to a terminated employee with a vested account balance not exceeding $1,000 are made as lump sum distributions as soon as administratively possible following the participant's termination of employment. The participant may elect whether to receive the distribution directly or to rollover the distribution into another retirement Plan. The Plan permits rollover of distributions into an Individual Retirement Account ("IRA") if the following criteria are met: i) the distribution amount is at least $1,000 and the participant is not of age 65; and ii) the participant has not elected to receive or roll over the distribution. If a terminating employee has a vested account balance exceeding $1,000, the participant may elect to maintain their balances within the Plan.

The Plan allows hardship withdrawals in accordance with IRC regulations. Among other things, the withdrawal must be necessary in light of immediate and heavy financial needs of the employee and is limited to certain purposes. Active participants age 59 ½ or older may also withdraw all or any part of their vested account.

Forfeited Accounts – Participants who terminate employment with the Company prior to full vesting forfeit the non-vested portion of the Company's contribution, and the non-vested amount is first used to pay Plan expenses. Any remaining forfeitures after the payment of plan expenses may be used to reduce future Employer contributions in accordance with Plan Documents. There are no available forfeited funds at December 31, 2016 and 2015.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with the accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – The Company may pay, at its discretion, all reasonable costs, charges, and expenses incurred in the administration of the Plan. Additionally, the Company provides various other operational and administrative services to the Plan for which the costs are incurred directly by the Company. These expenses are not included in the Plan's financial statements. Any administrative expenses not paid by the Company are paid directly by the Plan and the participants. Certain expenses specifically incurred by, or attributable to, a participant will be paid from that participant's account. Plan expenses could include, but are not limited to, costs to process Plan distributions. Investment related expenses are included in net appreciation of fair value of investments.

Recent Accounting Pronouncements – In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Fair Value Measurement (Topic 820): Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)*. ASU 2015-07 eliminates the requirement to categorize investments in the fair value hierarchy if the fair value is measured at net asset value ("NAV") per share (or its equivalent) using the practical expedient in the FASB's fair value measurement guidance. The provisions of ASU 2015-07 are effective for the Plan for fiscal years beginning after December 15, 2016, are required to be applied retrospectively to all periods presented, and early adoption is permitted. The Plan early adopted this update effective January 1, 2015, and its investments in Pooled Separate Accounts that are measured at fair value using the NAV per share (or its equivalent) as practical expedient have not been categorized in the fair value hierarchy (See Note 3 for additional information).

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: *Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. The amendments in this update remove the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value and to simplify certain investment disclosures required for employee benefit plans. The update designates contract value as the only required measure for fully benefit responsive investment contracts and eliminates certain disclosures (Part I). Additionally, the update eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation for investments by general type, and the investment information disaggregated based on nature, characteristics and risks (Part II). The update also allows plans to measure investments and investment related accounts as of a month-end date that is closest to the plan's fiscal year end, when the fiscal period does not coincide with a month-end (Part III). The amendments in Parts II and III are not applicable to the Plan. The amendments in ASU 2015-12 are effective for reporting periods beginning after December 15, 2015, with early adoption permitted. The amendments within Parts I and II require retrospective application. Management elected to early adopt the provisions of Part I of this new standard in 2015. Accordingly, these provisions were retrospectively applied in 2015.

Subsequent Events – The Plan has evaluated all events and transactions that occurred through October 11, 2017, the date these financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- *Pooled Separate Accounts*: These investments are valued using the NAV of units held by the Plan at year end as provided by the Custodians. The NAV is based on the fair value of the underlying assets owned by the fund, net of the investment management fee, and is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. If the Plan initiates a full redemption of the pooled separate account, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. Participant transactions (purchases and sales) may occur daily, and there are no significant restrictions on participant redemptions or any unfunded commitments.

- *Guaranteed Interest Contract*: This contract is valued at fair value which represents the amount the Plan Sponsor would receive if the Plan Sponsor terminated the contract or withdrew funds at the reporting date prior to maturity, which is book value less an early withdrawal charge, also called a surrender charge. Guaranteed interest contracts are backed by a general account. The investment has unobservable pricing inputs and is classified within level 3 of the valuation hierarchy.

- *Mutual Funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within level 1 of the valuation hierarchy.

NOTE 3 – FAIR VALUE MEASUREMENTS – continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 272,398	$ -	$ -	$ 272,398
Guaranteed interest contract	-	-	1,354,151	1,354,151
Total assets in the fair value hierarchy	272,398	-	1,354,151	1,626,549
Investments measured at net asset value (a)	-	-	-	21,110,998
Investments at fair value	$ 272,398	$ -	$ 1,354,151	$ 22,737,547

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 308,981	$ -	$ -	$ 308,981
Guaranteed interest contract	-	-	1,267,146	1,267,146
Total assets in the fair value hierarchy	308,981	-	1,267,146	1,576,127
Investments measured at net asset value (a)	-	-	-	18,928,559
Investments at fair value	$ 308,981	$ -	$ 1,267,146	$ 20,504,686

(a) In accordance with ASC 820-10, pooled separate accounts that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Changes in Fair Value of Level 3 Assets and Related Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2016:

	Guaranteed Interest Contract
Balance, beginning of year	$ 1,267,146
Interest income	9,851
Unrealized losses relating instruments still held at reporting date	(6,609)
Purchases	152,580
Sales	(68,817)
Balance, end of year	$ 1,354,151

NOTE 3 – FAIR VALUE MEASUREMENTS – continued

The amount of total losses for the period attributable to the change in unrealized losses relating to assets still held at the report date is $6,609.

Quantitative Information about Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, as of December 31, 2016 and 2015, respectively, and the significant unobservable inputs and the ranges of values for those inputs:

	Fair Value 12/31/16	Fair Value 12/31/15	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values
Guaranteed Interest Contract	$ 1,354,151	$ 1,267,146	Discounted cash flow	Composite guaranteed rate	0.10% to 1.40% 0.10% to 1.30%

NOTE 4 – SEPARATE ACCOUNT GUARANTEED INTEREST CONTRACT

The Plan's investment in the Guaranteed Interest Contract is held with the Principal Life Insurance Company. The Guaranteed Interest Contract promises contract value for a benefit event (termination, death, disability, and retirement); however, there is a possible market value adjustment, which is also called a surrender charge, when funds are withdrawn prior to their maturity. Thus, this Guaranteed Interest Contract is not considered fully benefit responsive and, therefore, fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Guaranteed Interest Contract. The Plan's investment in Guaranteed Interest Contract is valued at fair value. Fair value is determined by withdrawal value prior to maturity as reported by Principal Life Insurance Company. Contract value of the Guaranteed Interest Contract at December 31, 2016 and 2015 was $1,379,539 and $1,285,926, respectively. The average yield earned on these accounts was 0.75% for the year ended December 31, 2016.

NOTE 5 – RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments are managed by the Custodians, and, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA. There have been no known prohibited transactions with parties-in-interest. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers.

The Plan has notes receivable from participants at December 31, 2016 and 2015. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Company adopted a standardized prototype plan. The IRS has determined and informed the prototype sponsor by letter dated March 31, 2014 that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the determination letter, however, management believes the Plan is operating in compliance with the provisions of the IRC; therefore, no provision for income taxes has been made in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years priors to 2013.

NOTE 8 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIANS

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information with the related information included in the financial statements and supplemental schedule.

NOTE 9 – PLAN MERGER

Effective January 1, 2017, was amended and restated to merge the Secant Medical, Inc. Profit Sharing Plan and Trust and the Charter Medical Ltd. 401(k) Plan into the Plan. The Plan has recorded a corresponding receivable for the pending asset transfer due to the mergers, and a plan transfer in within the accompanying financial statements. As a result of the mergers, the Secant Medical, Inc. Profit Sharing Plan and Trust and the Charter Medical Ltd. 401(k) Plan filed a final Form 5500 for the year ended December 31, 2016.

NOTE 10 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Less: participant contribution receivable	(3,444)

NOTE 10 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 11 – SUBSEQUENT EVENTS

Effective January 1, 2017, the Plan was amended and restated to change the Plan name to Fenner AEP 401(k) Plan. The Plan was further amended on May 1, 2017 to merge The Fenner Drives Retirement Plan and the Fenner Precision Retirement Plan into the Plan.
