## **Notes to Financial Statements December 31, 2016 and 2015**

### **Note 1 - Plan Description**

The following description of Fulton County Health Center Employees' Pension Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

**General** - The Plan is a defined contribution plan that covers substantially all employees of Fulton County Health Center and FCHC Medical Care, LLC (collectively, the "Center"), excluding physicians. An employee becomes a participant upon attaining age 21 and completing two years of service of at least 750 hours of service per year, as defined in the plan document.

**Contributions** - The Center makes contributions for each participant in the amount of 5 percent of the participant's eligible compensation. Employees may invest amounts transferred from other qualified plans. The transferred amounts are held for the benefit of the participant and are accounted for separately in the individual participant's account.

**Vesting** - Participants are 100 percent vested in their account balances at all times.

**Payment of Benefits** - Upon termination of employment, retirement (generally at normal retirement age of 65 or early retirement of age 55 with 10 years of service), permanent disability, or death, a participant is entitled to receive a distribution of the entire balance of his or her individual account, partial payments, or monthly payments upon retirement until death. Effective February 19, 2013, the Plan was amended to permit participants to elect in-service withdrawals upon reaching the age of 67.

**Forfeitures** - If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions.

**Party-in-interest Transactions** - Certain administrative expenses are paid by the Center. Certain plan assets are in investment funds managed by American United Life Insurance Company (AUL). AUL is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

**Termination** - While it has not expressed any intent to do so, the Center has the right under the Plan to terminate the Plan subject to the provisions set forth in the plan agreement and ERISA.

**Participant Accounts** - Contributions are maintained in individual accounts for each participant, which may not be used for the benefit of any other account or participant. The account value includes the employer contributions earned by the participant and received by the Plan, employee rollovers, and a pro-rata share of earnings, gains, and losses from investments, net of expenses.

## **Notes to Financial Statements December 31, 2016 and 2015**

### **Note 2 - Summary of Significant Accounting Policies**

**Investment Valuation** - The Plan's investments are stated at fair value, except as noted below. The fully benefit-responsive unallocated contract is valued at contract value. Contract value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees.

The registered investment companies and pooled separate accounts are valued at net asset value per share (or its equivalent) of the funds, which is based on the fair value of the funds' underlying net assets.

See Note 6 for additional information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Benefit Payments** - Benefits are recorded when paid. Amounts allocated to accounts belonging to participants who have elected to withdraw from the Plan, but have not yet been paid, were approximately \$552,000 and \$872,000 at December 31, 2016 and 2015, respectively.

**Administrative Expenses** - Various administrative costs are paid by the Center.

**Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

**Risks and Uncertainties** - The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**Subsequent Events** - The financial statements and related disclosures include evaluation of events up through and including June 21, 2017, which is the date the financial statements were available to be issued.

## **Notes to Financial Statements December 31, 2016 and 2015**

### **Note 2 - Summary of Significant Accounting Policies (Continued)**

**Reclassification and Restatement** - Certain prior year amounts have been reclassified to conform to the current year presentation. As a result of the reclassification during 2016, it was determined that investments previously classified as mutual funds should have been classified as pooled separate accounts based on the underlying valuation of investments. Accordingly, the 2015 fair value disclosure has been updated.

### **Note 3 - Unaudited Information**

American United Life Insurance Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information provided by the Trustee.

### **Note 4 - Tax Status**

The Plan has received a determination letter from the Internal Revenue Service (IRS) indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

### **Note 5 - Investment Contracts**

The Plan has benefit-responsive investment contracts with AUL. AUL maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contracts issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contracts issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer and has a 4 percent minimum guarantee.

Interest rates are established and declared for new contributions that will be received in a calendar quarter. The rate is based on the return AUL expects on new investments made by it and held within the AUL general account. When establishing interest credit rates for these contracts, AUL considers past general account investments, adjusted for portfolio turnover and withdrawals for benefit payments. The crediting rate will always equal or exceed the contractually guaranteed rate.

Liquidation of the entire contract may cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. This total liquidation is a contingent event, which cannot be initiated by the plan participants and can only be initiated by the plan trustee upon termination of the Plan or complete termination of the contract.

### Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.

The investment company, the underlying investment portfolio, and the annual compensation percentages are shown below.
