BYNUM TRANSPORT, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2016

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Bynum Transport, Inc. ("Company") 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a participant directed defined contribution plan covering all full-time employees of the Company who have six months of service and are age 18 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company oversees governance of the Plan and determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Contributions – Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and an insurance investment contract as investment options for participants. The Company contributes 25% of the first 6% of base compensation that a participant contributes to the Plan. The matching Company contribution is directed by the participants. Contributions are subject to certain statutory limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of the Company's matching contribution, Plan earnings or losses, and charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period no longer than life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Vesting - Participants are immediately vested in their elective deferral contributions, qualified matching contributions, and qualified nonelective contributions as defined in the Plan. Vesting in the Company contribution portion of their accounts plus earnings thereon is based on years of vesting service. A year of vesting service is a vesting service period in which the employee has at least 1,000 hours of service. A participant is 100% vested after five years of vesting service.

The vesting percentage for participants who are employees when they reach normal retirement age or early retirement age or death or total disability is 100%.

Hardship Withdrawals – Withdrawal of a portion of a participant's account will be permitted due to an immediate and heavy financial need, if it meets IRS requirements.

Forfeitures –Forfeitures of unvested Company matching contributions plus earnings thereon from terminated participant accounts can be used to offset future Company matching contributions or to pay Plan administration expenses. At December 31, 2016 and 2015, forfeited nonvested accounts totaled $0 and $0, respectively. During the year ended December 31, 2016, employer contributions were offset by forfeitures of $2,203.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further discussion of fair value measurements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events – The Plan evaluated subsequent events through December 19, 2017, the date these financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

Excess Contributions Payable – Amounts payable to participants totaling $488 for contributions in excess of amounts allowed by the IRS are recorded as accounts payable, with a corresponding reduction to 2016 contributions. The Plan distributed the 2016 excess contributions after March 15, 2017. The Plan distributed the 2015 excess contributions after March 15, 2016.

Payment of Benefits – Benefits are recorded when paid.

Operating Expenses – Expenses of maintaining the plan are paid partially by the Company and partially by the participants.

NOTE 3– FAIR VALUE MEASUREMENT

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology are observable market-based inputs or unobservable inputs corroborated by market data.
- Level 3 - Inputs to the valuation methodology are unobservable inputs reflecting the reporting entity's own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques followed need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as December 31, 2016 and 2015.

NOTE 3– FAIR VALUE MEASUREMENT (CONTINUED)

- **Investment contracts** are valued at discontinuance value which is the amount the plan participant will receive if they transfer or surrender their funds out of the investment contract.

- **Separate accounts** are valued at net asset value (NAV) which is not publicly quoted provided the Plan has the ability to redeem the investment for the NAV at the measurement date.

The following table sets forth, by level within the fair value hierarchy, a summary of the Plan's investments that were measured at fair value on a recurring basis as of December 31, 2016:

	Level 1	Level 2	Level 3	Investments measured at net asset value	Total

NOTE 4 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 1996, the Plan entered into an investment contract with Principal Life Insurance Company (Principal). Principal maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract is included in the statement of net assets available for benefits at fair value as determined using the market approach based on market prices of similar contracts. The adjustment from fair value to contract value for the investment contract is based on the contract value as reported by the Plan by Principal. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The fair value of the investment contract at December 31, 2016 and 2015 was $45,249 and $37,631, respectively.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Principal. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

NOTE 5 – RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Principal Financial Group. Principal Financial Group is the insurance carrier as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $7,829 for the year ended December 31, 2016.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 7 – RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	2016	2015 restated
Net Assets Available for Benefits per the Financial Statements	$ 1,323,140	$ 1,121,506
Excess Contributions Payable	488	2,550
Net Assets Available for Benefits per Schedule H to the Form 5500	$ 1,323,628	$ 1,124,056

The following is a reconciliation of increase in net assets available for benefits per the financial statements to Schedule H of Form 5500.

	2016
Increase in Net Assets Available for Benefits per the Financial Statements	$ 201,634
Add: Current Year Excess Contributions Payable	488
Less: Prior Year Excess Contributions Payable	(2,550)
Increase in Net Assets Available for Benefits per the Form 5500	$ 199,572

NOTE 8 - TAX STATUS

The Internal Revenue Service has determined and informed the Plan sponsor by a letter dated March 31, 2015 that the Prototype Non-standardized Profit Sharing Plan with CODA is designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator and the Plan's sponsor believe that the Plan is designed and has been and is currently being operated in compliance with applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 10 – CHANGE IN ACCOUNTING PRINCIPLES

In previous years, the Plan prepared its financial statements on a modified cash basis of accounting, which is a comprehensive basis of accounting other than U. S. GAAP. In 2016, the financial statements have been prepared on the accrual basis of accounting, in conformity with generally accepted accounting principles. Management also believes that the accrual basis of accounting more accurately reflects the Company's financial position and results of operations. The effect of this change was to accrue excess contributions payable.

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard. Accordingly, the amendment was retrospectively applied resulting in prior-period disclosures being adjusted.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. Management has elected to adopt Parts II and III early. Accordingly, the amendments were retrospectively applied resulting in prior-period information being adjusted. Part I is not applicable to this Plan.
