Samar Hospitality, Ltd. 401(k) Plan

Notes to Financial Statements
December 31, 2016

1. Description of Plan

The following description of Samar Hospitality, Ltd. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan description for a more complete description of the Plan's provisions.

General

The Plan was formed on February 21, 2014 (inception) and is a defined contribution plan covering substantially all of the employees of Samar Hospitality, Ltd. (the "Company" or "Employer") that have reached 21 years of age and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, participants may contribute up to 100% of their annual compensation not to exceed the annual Internal Revenue Code limit on a pre-tax or after tax (Roth) basis, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans.

The Employer makes a safe harbor matching contribution in an amount equal to 100% of a participant's contributions up to 3% of their compensation and 50% of a participant's contributions that exceed 3% but not to exceed 5% of their compensation. The Employer may make a discretionary profit sharing contribution to the Plan on a participant's behalf if they have completed at least 1,000 hours of service during the plan year and are employed by the Employer on the last day of the plan year. Profit sharing contributions are allocated in the ratio each participant's compensation bears to the compensation of all eligible participants. To receive the safe harbor matching and profit sharing contributions, an employee must complete one year of service and be at least 21 years of age or older. For the year ended December 31, 2016, the Employer did not elect to make a profit sharing contribution.

Vesting

Participants are vested immediately in their contributions, employer safe harbor matching contributions plus allocated earnings thereon. Participants vest in Employer profit sharing contributions based on the follows vesting schedule:

Years of Vesting Service	Vesting Percentage
Less than One year	0%
1 but less than 2	20%
2 but less than three	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

1. Description of Plan *(continued)*

Forfeitures

At December 31, 2016 and 2015, forfeited account balances were $0. Forfeiture accounts are used to reduce future Employer contributions or administrative expenses. During 2016, no forfeitures were used to reduce Employer contributions or administrative expenses.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All investments are participant directed.

Payment of Benefits

Upon termination of service, a participant's balance will be paid in a lump sum payment. Benefits can also be distributed in the event of a participant's immediate and heavy financial need. Such distributions, which are considered withdrawals, are subject to restrictions as to use of the proceeds.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50% of their account balance. The loans bear interest at the prime rate and are secured by the participants account. The loans plus interest are repaid through payroll deduction in equal payments over the term of the loan (up to five years). A participant may have no more than one outstanding loan from the Plan at any time. Loans are collateralized by the participant's account balance. Upon termination of service, the principal and accrued interest shall be immediately due and payable.

Expenses

Certain expenses related to maintaining the Plan are paid by the Employer and are excluded from these financial statements. Investment related expenses are included in the net asset value ("NAV") of the respective investment vehicles and, consequently, those expenses are not separately reflected but are a component of net appreciation (depreciation) in fair value of investments.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist. As of December 31, 2016 and 2015, all of the Plan's investments were valued using level 1 inputs.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the plan year.

Notes Receivable from Participants

Participants loans are measured at their unpaid principal balance plus any accrued unpaid interest and are classified as notes receivable from participants. If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant loan balance is reduced and a benefit payment is recorded as "deemed distribution".

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Significant Accounting Policies *(continued)*

Accounting for Uncertainty in Income Taxes

The Plan recognizes the effect of income tax positions only if those positions are more likely than not to be sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition and/or disclosure. The Plan is no longer subject to examinations by the applicable taxing jurisdictions for periods prior to December 31, 2013.

Subsequent Events Evaluation by Management

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is January 9, 2018.

3. Information Certified (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of Department of Labor's Rules Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of December 31, 2016 and 2015, the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016, and the supplemental Schedule H, Part IV, Line 4i –Schedule of Assets (Held at End of Year) as of December 31, 2016.

4. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions.

5. Tax Status

The Plan's prototype plan document preparer has obtained a determination letter dated March 31, 2014 from the Internal Revenue Service ("IRS") stating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan is currently under examination by the IRS which has determined a correction is required to be made to the plan document in order for the Plan to remain qualified. The Employer is aware of the correction that is needed for the plan document and is fully cooperating with the IRS to resolve the matter. Except for the correction needed to the plan document, the plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

6. Party-in-Interest Transactions

All Plan investments are managed by American Funds. American Funds is the record-keeper as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions under ERISA.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statement of net assets available for benefits.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
