A. PLAN DESCRIPTION

The following description of the Burton Carol Management (the "Company" or "Plan Sponsor") 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan's provisions.

General **-** The Plan is a defined contribution plan with an Internal Revenue Service ("IRS") Code Section 401(k) arrangement which allows Plan participants to elect to contribute a portion of their salaries to the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility **-** Employees shall be eligible to participate with respect to salary deferrals and employer contributions upon the attainment of twenty-one years of age and the completion of one year of service or one-thousand hours.

Contributions - Participants may voluntarily contribute with a minimum of 0% to a maximum of 89%, limited to the Internal Revenue Code ("IRC") 402(g) limit, of their compensation on a pre-tax or post-tax ("Roth") deferral basis. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. The Company, however, may be required to limit contributions of certain employees to comply with the IRC.

The Company may make contributions to each eligible participant's account by matching a percentage of the participant's elective deferral for the Plan year. For the year ended December 31, 2015, the Company made matching contributions equal to 25% of the participant's elective deferral up to a maximum of 4% of eligible compensation.

The Plan also permits rollover contributions from other qualified retirement plans.

Participant Accounts **-** Each participant's account is credited with the participant's contributions, employer contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Participants may direct their contributions to any or all of the investment options provided. Participants may change their allocation of contributions or transfer money between investment options any time during the year.

Vesting **-** Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested in employer matching contributions after six years of credited services.

Notes Receivable from Participants - Participants may borrow from their accounts up to a maximum of $50,000. Loan terms range from one to five years unless used for the purchase of a primary residence, in which case longer terms are permitted. The loans are secured by the balance in the participant's account and bear interest at a rate determined at the time the loan is taken based on a reasonable rate of interest. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits **-** Upon termination of service, the participant may elect to receive his or her account balance as a lump-sum payment or in periodic installments. The Plan Administrator may automatically make a lump-sum distribution for account balances less than $5,000. Terminated participants are entitled to receive their benefits as soon as administratively feasible. Distributions of a participant's 401(k) account balance may be authorized at any time by the Plan Administrator under certain hardship conditions.

Forfeited Accounts **-** Unvested amounts forfeited by terminated participants may be used by the Plan for the payment of Plan expenses or to be reallocated to participants. For the year ended December 31, 2015, $0 of forfeitures were used by the Plan.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting **-** The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies using information provided by the investment advisors, trustees, and insurance company. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2015 and 2014. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses - Administrative expenses, including third party administrative expenses and investment management fees, are paid from the Plan. Fees attributable to loans, distributions and deferred payouts are paid by the participants. All other expenses of maintaining the Plan are paid by the Company. Investment related expenses are included in net appreciation in fair value of investments. Administrative expenses were $486 for the year ended December 31, 2015.

Recently Issued Accounting Standards - In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* (ASU 2015-07). ASU 2015-07 amended Accounting Standards Codification (ASC) 820, *Fair Value Measurement* (ASC 820), to remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient as well as to remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The guidance is to be applied retrospectively and is effective for annual periods beginning after December 15, 2016, with early application permitted.

In July 2015, the FASB issued ASU 2015-12, *Defined Contribution Plans (Topic 962), (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures and (Part III) Measurement Date Practical Expedient*. Part I removes the requirement to measure fully benefit-responsive investment contracts at fair value, with an adjustment to contract value and permits fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II removes the requirement to disclose (1) individual investments that represent 5% or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The guidance in Part I and II is to be applied retrospectively. The guidance in Part III is to be applied prospectively. The guidance in Parts I, II and III is effective for annual periods beginning after December 15, 2016, with early application permitted.

> ***Related Change of Accounting Methods and Presentation*** – Management has elected to apply the applicable section of the guidance described above to the Plan's financial statements as of and for the year ended December 31, 2015.

Subsequent Events **-** Subsequent events have been evaluated through December 5, 2017, which is the date the financial statements were available to be issued.

C. CUSTODIAL INFORMATION

Effective January 5, 2015, all contributions were deposited to John Hancock. The assets transferred from Mid Atlantic Trust subsequent to this date.

Mid Atlantic Trust Company **-** From January 1, 2015 through January 16, 2015, the assets of the Plan were held at Mid Atlantic Trust Company. As the Plan was in blackout status, no transactions occurred at Mid Atlantic during this time period other than daily valuation of the assets. No certification was issued by the custodian. (See Auditor's Report)

John Hancock - The Plan Administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by John Hancock, the custodian of the Plan.

John Hancock has certified as to the completeness and accuracy of the investments it holds and changes in net assets arising from said investment activity as of December 31, 2015, and for the period January 5, 2015 through December 31, 2015.

John Hancock has certified as to the completeness and accuracy of the schedule of assets (held at end of year) as of December 31, 2015.

D. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The levels of the fair value hierarchy under FASB guidance in these financial statements are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Pooled separate accounts - Market values of units held in the pooled separate account are determined daily by Principal based upon the initial value assignment, the net asset value of the mutual fund investments and the applicable investment management and administrative charges, as set forth in the group annuity contract.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's assets at fair value as of December 31:

	2015	2014
Pooled separated accounts	$ 3,113,044	$ -
Registered investment companies	-	3,131,932
Investments at fair value	$ 3,113,044	$ 3,131,932

E. INVESTMENTS

The accuracy and completeness of the information presented in the statement of net assets available for benefits for the year ended December 31, 2015 and the statement of changes in net assets available for benefits for the period January 5 through December 31, 2015 have been certified to the Plan Administrator by John Hancock Life Insurance Company U.S.A., the custodian of the Plan's assets, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA as of December 31, 2015. The information as of December 31, 2015 is as follows:

	2015 Certified
Pooled separate accounts	$ 3,113,044
Notes receivable from participants	60,079
Certified assets	$ 3,173,123

F. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of registered investment companies managed by John Hancock, the custodian of the Plan. The transactions involving these investments are allowable party-in-interest transactions under ERISA.

John Hancock provides certain administrative services to the Plan pursuant to a Service Agreement ("SA") between the Company and John Hancock. John Hancock receives revenue from mutual fund service providers for services John Hancock provides to the funds. The revenue is used to offset certain amounts owed to John Hancock for its administrative services to the Plan.

If the revenue received by John Hancock from such mutual fund service providers exceeds the amount owed under the SA, John Hancock remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Plan Sponsor may make a payment to John Hancock for administrative expenses not covered by revenue sharing.

G. PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

H. FEDERAL INCOME TAX STATUS

Effective January 1, 2014, the Company restated the plan document to comply with the Pension Protection Act as well as other legislative and regulatory changes by adopting a prototype document which received an Internal Revenue Service ("IRS") advisory opinion dated April 10, 2014. The Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to unrelated business income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the company has taken an

uncertain position that more likely than not would be sustained upon examination by the IRS. The Plan Sponsor has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

I. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rates and market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
