Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Laboratory Supply Company 401(k) Profit Sharing Plan (the "Plan"), which are comprised of the statements of net assets available for benefits as of April 1, 2017 and December 31, 2016, and the related statements of changes in net assets available for benefits for the period ended April 1, 2017 and the year ended December 31, 2016, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note C, which was certified by Matrix Trust Company, the Custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the Custodian holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Custodian as of and for the period ended April 1, 2017 and the year ended December 31, 2016, that the information provided to the Plan Administrator by the Custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the Custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Laboratory Supply Company 401(k) Profit Sharing Plan

March 31, 2017 and December 31, 2016

Note A--Description of Plan

The following description of the Laboratory Supply Company 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

Merger--In May 2016, McKesson Corporation purchased Laboratory Supply Company, the Employer. As of December 31, 2016, all participant contributions ceased into the Plan, and participants started contributing to the McKesson Corporation Profit-Sharing Investment Plan (the "McKesson Plan") effective January 1, 2017. Effective March 31, 2017, the Plan was merged with McKesson Plan. As a result, all investments were transferred from the Plan into the McKesson Plan on that date.

General--The Plan is a defined contribution plan sponsored by Laboratory Supply Company (the "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility--The Plan has an automatic enrollment feature, which upon attaining twenty one years of age and 90 days of service with the Employer, the employees become Plan participants on the first day of the following month coinciding with or following completion of the eligibility requirements. The participants are automatically enrolled contributing 3% of their compensation, unless they expressly decline participation in the Plan. This automatic enrollment feature includes an automatic deferral increase of 1% of compensation each year up to 8% of compensation, unless the participant elects otherwise.

Contributions and Funding

Participant Contributions--A participant may contribute up to a maximum of 50% of pretax annual compensation, subject to Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan allows for Roth 401k (or "post-tax") contributions to the Plan. There is no limit on the amount of Roth contributions other than statutory limits. Total annual deferrals of both pretax and Roth contributions combined may not exceed the maximum salary deferral set by law.

Employer Contributions--The Plan provides for a discretionary Employer matching contribution for active participants in the Plan. During 2017 and 2016, the Employer made monthly matching contributions equal to 3% of participant contributions up to a maximum of 1% of gross wages. The Employer may also make additional annual profit sharing contributions to the Plan at its discretion. There were no profit sharing contributions made during 2017 or 2016.

Participant Accounts--Each participant's account is credited with the participant's contribution and allocation of (a) the Employer's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note A--Description of Plan--Continued

Vesting--Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Employer's contribution portion of their accounts plus earnings thereon is based on years of continuous service, with a participant becoming 33% vested after one year of service, 66% after two years of service, and 100% vested after three years of service.

Investment Options--Participants direct his/her contributions, employer matching contributions, and employee rollover contributions in various increments to multiple investment options available as set forth in the Plan. The Plan currently offers various mutual funds and a stable value fund as investment options for participants.

Forfeitures--When certain terminations of participation in the Plan occur, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are utilized to reduce the Employer's matching contributions for the Plan year or can be used to pay Plan expenses. However, if the participant is re-employed and fulfills certain requirements as defined by the Plan, the participant's account will be reinstated.

During the year ended December 31, 2016, the Employer's contributions were reduced by \$9,346 from forfeited nonvested accounts. During the period ended March 31, 2017, employer contributions were not reduced from forfeited nonvested accounts. As of March 31, 2017 and December 31, 2016, the Plan had no forfeitures available to be used.

Participant Distributions Payable--Amounts payable to participants for forfeitures improperly withheld from participants' accounts during the Plan year are recorded as participant distributions payable.

Benefits--Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of his or her account, or monthly installment payments, in a form authorized by the Internal Revenue Service and approved by the Plan Administrator. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may also be permitted to receive a distribution from their account prior to termination of employment if they experience a financial hardship.

Amounts payable to participants totaling \$70,873 as of December 31, 2016 for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2016 excess contributions to the applicable participants prior to March 15, 2017.

Note B--Summary of Significant Accounting Policies

The Plan follows generally accepted accounting principles as outlined in Financial Accounting Standards Board *Accounting Standards Codification*. Significant accounting policies are as follows.

Basis of Accounting--The financial statements of the Plan are prepared on the accrual basis of accounting.

Note B--Summary of Significant Accounting Policies--Continued

Investment Valuation and Income Recognition--The Plan's investments are stated at fair value. All Plan assets were transferred to the McKesson Corporation Profit-Sharing Investment Plan before close of business on March 31, 2017. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

The Plan presents in the accompanying statements of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses and unrealized gains or losses on those investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments--Benefits are recorded when paid.

Administrative Expenses--Certain administrative expenses of the Plan are generally paid directly by the Employer. Certain administrative functions are performed by employees of the Employer; however, no employee receives compensation from the Plan.

Use of Estimates--The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefit and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Accordingly, actual results could differ from those estimates.

Note C--Summary of Financial Data Certified By the Custodian

The March 31, 2017 and December 31, 2016, statements of net assets available for plan benefits, the investment activities included on the statements of changes in net assets available for plan benefits for the period and year ended, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified includes no investment balances at March 31, 2017. The related income for the period then ended was \$391,296. Total investments were \$7,164,731 at December 31, 2016, and related income of \$463,297 for the year then ended.

Note D--Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Generally accepted accounting principles establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2017 and December 31, 2016.

1) Registered Investment Companies Mutual Funds, Including Money Market and Cash Reserve Funds:

These financial investments are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

2) Stable Value Fund:

A stable value fund that is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

Note D--Fair Value Measurements--Continued

The following table presents the fair value of investments at December 31, 2016:

	Fair Value Measurements Using:			
	Fair Value	Quoted Prices in Active Markets (Level 1)	Significant Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)
Registered investment companies	\$ 7,050,543	\$ 7,050,543		
Total Assets in the Fair Value Hierarchy	7,050,543	\$ 7,050,543		
Stable Value Fund Measured at Net Asset Value (a)	114,188			
Investments at Fair Value	\$ 7,164,731			

- (a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Investments Measured Using the Net Asset Value per Share Practical Expedient:

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2016, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2016	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Stable value fund	\$ 114,188	n/a	Daily	12 months

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the period ended March 31, 2017 and year ended December 31, 2016, there were no significant transfers between Level 1 and 2 and no transfers into or out of Level 3.

Note E--Stable Value Fund

The Plan has assets invested in a Stable Value Fund, which is offered through the AUL Stable Value Account. As of December 31, 2016, the Stable Value Fund has invested all of its assets in various bonds, mortgages and other mortgage-backed securities. The average duration of the underlying investments is seven years. The daily value of the Stable Value Fund's investments is based on the underlying daily value reported by the various bonds, mortgages and other mortgage-backed securities held.

Because the Stable Value Fund is not a fully benefit-responsive, fair value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Stable Value Fund. The Stable Value Fund is presented on the face of the statement of net assets available for benefits. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on an annual basis for resetting. For the year ended December 31, 2016, the crediting interest rate was 1.25%.

Note F--Merger of the Plan

Upon the transfer of all Plan assets on March 31, 2017, the Plan was merged into the McKesson Plan. The Plan participants' funds transferred into the McKesson Plan continued to follow the vesting and distribution provisions of the Plan.

Note G--Tax Status and Uncertain Tax Positions

The Employer adopted a Prototype Non-standardized Profit-Sharing Plan (cash or deferral arrangement) which received a favorable opinion letter from the IRS on March 31, 2008, which stated that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. In evaluating the Plan's tax status and potential liabilities, interpretations and tax strategies are considered. For the period ended April 1, 2017 and year ended December 31, 2016, the Plan Administrator determined it did not have any uncertain tax positions and the Plan did not accrue any associated interest or penalties.

Note H--Risks and Uncertainties

The Plan provides for any combination of various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Note J--Subsequent Events

Events that occur after the statement of net assets available for benefits date but before the financial statements were available to be issued must be evaluated for recognition or disclosure. The effects of subsequent events that provide evidence about conditions that existed at the statement of net assets available for benefits date are recognized in the accompanying financial statements. Subsequent events which provide evidence about conditions that existed after the statement of net assets available for benefits date require disclosure in the accompanying notes to the financial statements. Management evaluated the activity of the Plan through December 4, 2017, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to financial statements.
