Note 1 - Plan Description

The following description of Toyoda Gosei 401(k) Plan (the Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on August 1, 1987. Individual benefits from the Plan are based on the vested portion of a participant's account, which is comprised of the portion of the participant's salary which he or she elects to defer, rollover contributions made by the participant, any contributions made by the employer during the years of participation, and any earnings credited to the participant's account. The Plan covers all eligible employees of Toyoda Gosei North America Corporation, Toyoda Gosei Fluid Systems USA Corporation, Fuel Total Systems Kentucky Corporation, Toyoda Gosei Kentucky, L.L.C., Toyoda Gosei Missouri Corporation, Toyoda Gosei Automotive Sealing Kentucky, L.L.C., Toyoda Gosei Brownsville Texas, L.L.C., Toyoda Gosei Texas, L.L.C., TGR Technical Center, L.L.C., and Toyoda Gosei Personnel Services North America, Inc. (collectively, the "Company") who have completed one month of service and do not participate in a collective bargaining plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan provides for employee salary deferral contributions up to a maximum of 90 percent of their annual compensation subject to maximum tax-deferred limitations established by the Internal Revenue Code (IRC). The Plan allows participants to contribute on an after-tax basis subject to maximum tax-deferred limitations established by the IRC. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company will make a matching contribution in an amount equal to \$1 for each \$1 contributed by a participant, up to a maximum of 3 percent of the participant's compensation.

The Company may also make a discretionary profit-sharing contribution in an amount determined by its board of directors. The Company made discretionary profit-sharing contributions of 3 percent of a participant's compensation for each of the plan years ended March 31, 2017 and 2016, respectively. The discretionary profit-sharing contribution totaled \$5,676,983 and \$5,170,123 before application of forfeitures of approximately \$900,000 and \$600,000 for the plan years ended March 31, 2017 and 2016, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant's compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Participant Notes Receivable

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balances. Note receivable terms range from one to five years or 30 years if used for the purchase of a primary residence. The notes receivable are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined periodically by the plan administrator.

March 31, 2017 and 2016**Note 1 - Plan Description (Continued)*****Vesting***

Participants are immediately 100 percent vested in employee salary and rollover contributions and any income or loss thereon. Vesting in the Company's contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. Participants vest in contributions made by the Company 20 percent after one year of service and an additional 20 percent per year thereafter until they become fully vested after five years of service. However, if an active participant dies or becomes disabled prior to attaining the normal retirement age, the participant's account becomes 100 percent vested.

Forfeitures

If a participant is not fully vested on his or her termination date, the nonvested amount of the account is forfeited. Forfeitures are used to reduce future company contributions, reinstate account balances of returning participants who previously forfeited an account balance, or to pay administrative expenses of the Plan. At March 31, 2017 and 2016, forfeited account balances totaled \$810,565 and \$496,579, respectively.

Benefit Payments

Distributions are payable upon the retirement, death, disability, termination of employment, or attainment of 59 1/2 years of age in the form of a lump-sum amount equal to the vested balance of a participant's account.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in the plan document and ERISA. Upon termination of the Plan, participants become 100 percent vested in their account balances.

Administration

The Company is the sponsor of the Plan and has responsibility for the administration of the Plan. Reliance Trust Company functions as the trustee and is the custodian of the assets for the Plan. ADP Retirement Services functions as the recordkeeper for the Plan.

Party-in-interest Transactions

Certain plan assets may be in investment funds managed by Reliance Trust Company or its affiliates. Reliance Trust Company is the trustee of the Plan; therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines.

Note 2 - Summary of Significant Accounting Policies***Investment Valuation***

The Plan's investments are stated at fair value.

The common collective trust fund is valued at net asset value per share (NAV) or its equivalent of the fund, which is based on the fair value of the fund's underlying assets. There are no redemption restrictions or unfunded commitments on this investment. All other investments are valued based on quoted market prices reported in active markets. See Note 4 for additional information.

March 31, 2017 and 2016

Note 2 - Summary of Significant Accounting Policies (Continued)

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Administrative and custodial fees are paid by the Plan. Various other expenses related to the administration of the Plan are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including January 8, 2018, which is the date the financial statements were available to be issued.

Note 3 - Unaudited Information

Reliance Trust Company (the "Trustee") holds the Plan's investments and executes all investment transactions. The investment balances and related investment income and losses included in the accompanying financial statements, and supplemental schedule of assets held at end of year are based solely on information certified by the Trustee.

Note 4 - Fair Value Measurements

Accounting standards require certain assets and liabilities be reported at fair value in the financial statements and provide a framework for establishing that fair value. The framework for determining fair value is based on a hierarchy that prioritizes the valuation techniques and inputs used to measure fair value.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at March 31, 2017 and 2016.

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

March 31, 2017 and 2016

Note 4 - Fair Value Measurements (Continued)

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset. These Level 3 fair value measurements are based primarily on management's own estimates using pricing models, discounted cash flow methodologies, or similar techniques taking into account the characteristics of the asset.

In instances whereby inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

		Assets Measured at Fair Value on a Recurring Basis at March 31, 2017	
		Investments (at Fair Value)	Level 1
Mutual funds		\$ 153,188,003	\$ 153,188,003
Common collective trust fund measured at NAV		17,606,255	
Total investments at fair value		<u>\$ 170,794,258</u>	

		Assets Measured at Fair Value on a Recurring Basis at March 31, 2016	
		Investments (at Fair Value)	Level 1
Mutual funds		\$ 125,772,859	\$ 125,772,859
Common collective trust fund measured at NAV		15,461,922	
Total investments at fair value		<u>\$ 141,234,781</u>	

The Plan's policy is to recognize transfers between levels of the fair value hierarchy as of the end of the reporting period.

Note 5 - Tax Status

The Plan has received a determination letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for tax-exempt treatment under the applicable section of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.
