The following description of the Eagle US 2 LLC Employee Savings Plan for Certain Collective Bargaining Employees (the “Plan”) provides only general information pertaining to the Plan. Participants should refer to the official Plan document for complete information.

General

On January 28, 2013, Axiall Corporation (the “Axiall”) acquired substantially all of the assets and liabilities of PPG Industries, Inc.’s (“PPG”) business relating to the production of chlorine, caustic soda and related chemicals (the “Merged Business”), through a merger between a subsidiary of PPG and a subsidiary of the Company (the “Merger”). In conjunction with the Merger, effective as of January 28, 2013, the Eagle US 2 LLC Employee Savings Plan for Certain Collective Bargaining Employees was created to provide defined contribution retirement benefits to certain union employees of the Merged Business covered by collective bargaining agreements. References to the “Company” or “we” are to Axiall or Eagle US 2 LLC, as the context may require.

On August 31, 2016, Westlake Chemical Corporation acquired Axiall Corporation for \$33 per share in an all-cash transaction. In conjunction with this transaction, the Axiall stock was fully liquidated and no longer an option for investment in the Plan.

The Plan is a defined contribution plan of which Bank of America, N.A. (the “Trustee”) serves as the trustee. The Plan covers collective bargaining employees of the Merged Business where the collectively bargained agreement provides for participation in the Plan, excluding casual employees, co-operative education students, contract workers, consultants and independent contractors. Specifically, the Plan covers employees represented by the International Chemical Worker’s Union Council, Local 45C at the Natrium Plant in New Martinsville, West Virginia and employees represented by Local Lodge 470 of District 161, International Association of Machinists and Aerospace Workers at the Lake Charles Plant in Lake Charles, Louisiana. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Eligible employees may participate on the first day of the first payroll period that is administratively feasible after the employee’s hire date.

Participants may elect to invest a portion of their accounts in the Company’s common stock fund. That investment may occur either through the profit sharing component of the Plan or through the employee stock ownership plan (ESOP) component of the Plan. The ESOP component of the Plan is designed to qualify as a stock bonus plan for federal income tax purposes.

Employee and Employer Matching Contributions

Participants may elect to contribute in 1 percent increments, a percentage of their eligible compensation as defined in the Plan, and subject to limitations of the Internal Revenue Code of 1986, as amended (IRC). Contributions may be made: i) on a pre-tax basis; ii) on an after-tax basis (before February 1, 2014); and iii), on a Roth 401(k) after-tax contribution basis, up to 100 percent of eligible compensation.

1. PLAN DESCRIPTION – CONTINUED

Eligible employees who will attain at least age of 50 before the end of the taxable year, are eligible to make catch-up contributions in accordance with the Economic Growth and Tax Relief Reconciliation Act of 2001.

The Company provides “safe harbor matching” contributions on behalf of eligible participants. The Company’s matching contributions are equal to 100 percent of the employee’s contributions up to the first 3 percent of eligible compensation and 50 percent of the next 2 percent of the employee’s contributions of eligible compensation.

The investments of all contributions are participant-directed. Participants may change their investment elections at any time. Matching contributions are fully vested and nonforfeitable and shall be subject to the withdrawal restrictions.

Employer Discretionary Contributions

Eligible employees of the Merged Business who are covered by collective bargaining agreements at the Company’s Natrium and Lake Charles plants (excluding employees who are eligible to participate in the Eagle US 2 LLC Retirement Pension Plan), are eligible to participate in the Defined Contribution Retirement Program feature of the Plan, under which the Company may make an employer discretionary contribution. Employees designated as utility crew at the Lake Charles plant became eligible effective August 1, 2015. The Company’s discretionary contribution is 2 percent to 5 percent of the participant’s eligible compensation, as defined by the Plan, depending on the participant’s age and service at the end of each plan year. Effective January 1, 2016, the Company increased its discretionary contributions to a range of 3 percent to 7 percent for participants in the Lake Charles Plant.

Effective as of January 1, 2014, the employer contributions to the Defined Contribution Retirement Program are determined, and made, on a yearly basis for participants of the Natrium facility and continue to be made on a monthly basis for participants at the Lake Charles facility.

An eligible participant, who separates from service with the Company and its affiliated companies by reason of retirement, death or disability or who completes at least three years of Vesting Service is deemed fully vested in the contribution related to the Defined Contribution Retirement Program. Vesting Service is the sum of the number of years of “Vesting Service” under the PPG Industries, Inc. Defined Contribution Retirement Plan for Employees Covered by Collective Bargaining Agreements and the PPG Industries, Inc. Defined Contribution Retirement Plan for Employees Covered by the Collective Bargaining Agreement between PPG and the International Association of Machinists and Aerospace Workers, Local Lodge 470 of District 161, as of the effective date of the Plan plus the period of the participant’s employment with the Company and any affiliated companies after the effective date. If the participant’s employment with the Company and its affiliated companies terminates and the employee is rehired within one year, the Vesting Service that was completed before the participant’s employment terminated will be restored immediately. If the employee is rehired more than one year after employment terminates, the prior Vesting Service will be restored only after the employee has completed at least twelve months of benefit service, as defined in the Plan, following the rehire date.

1. PLAN DESCRIPTION – CONTINUED

Investment Funds

Assets held in the Plan as of December 31, 2016 and 2015 are invested by the Trustee in various investment fund options, offered by the Plan, as directed by participants.

Benefits/Distributions

Generally, upon termination of service due to death, disability, retirement, or separation from service, a participant or designated beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. The participant may also elect to roll over his or her account into an individual retirement account (IRA) or another company's retirement plan, or leave it in the Plan as long as the value of the account exceeds \$5,000. If the participant's balance is \$5,000 or less, the Company has the authority to distribute the balance to the participant in a single lump-sum payment. A participant may make withdrawals from his or her elective contribution account balance after reaching age 59½ and must begin receiving distributions at age 70½ if the participant has terminated employment by that time.

The Plan also allows participants to withdraw funds from the Plan in the event of financial hardship, as defined by Internal Revenue Service (IRS) regulations. Such permissible hardship conditions include purchasing a primary residence, paying post-high-school tuition costs for the participant or dependents, burial or funeral expenses for a participant's parents, spouse, children or dependents, paying certain medical expenses, preventing eviction from, or foreclosure of the mortgage on a participant's primary residence, or paying expenses for the repair of casualty-type damages to the participant's principal residence.

Participant Loans

Participants may borrow a minimum of \$1,000 and up to a maximum amount equal to the lesser of \$50,000 (minus the highest outstanding balance of loans from the Plan to the participant during the one-year period ending on the day before the date when the loan was made) or 50 percent of his/her vested account balance. Loans are secured by the participant's account balance and bear interest at a fixed rate over the life of the loan. Interest rates are based on the prime interest rate plus 1 percent at the time the loan is approved. Repayments of the loans are made in substantially equal payroll deductions amortized over the life of the loan. Participants may have up to two loans outstanding at any time. The loans must be repaid within five years, unless used to purchase a primary residence, in which case the term may be longer.

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, allocations of Company contributions and investment income and charged with withdrawals, allocations of investment losses and investment manager expenses. Allocations of investment income or loss and investment manager expenses are based on participant account balances, as provided in the Plan document. The benefits to which participants are entitled are the benefits that could be provided from the participant's vested account balance.

1. PLAN DESCRIPTION – CONTINUED

Administrative Expenses

Administrative expenses, including Trustee fees, are borne by the Company after application of any available revenue sharing. Transaction fees for investment trades are borne by the Plan.

Forfeitures

Allocations of forfeitures are used to reduce future employer matching contributions to the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event the Plan is terminated, participants become 100 percent vested in all Company contributions regardless of length of service. In addition, any unallocated plan funds will be allocated to the appropriate accounts of Plan participants and beneficiaries.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The accompanying financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America (GAAP) and are presented on the accrual basis of accounting.

Use of Estimates and Risks and Uncertainties

The preparation of the financial statements in conformity with GAAP requires the Plan administrator to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates. The Plan utilizes various investment instruments including a stable value fund, common stock, and mutual funds. Investment securities, in general, are exposed to various risks, including credit, interest, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is possible that changes in values of investment securities will occur and that such changes could materially affect the amount reported in the financial statements.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. If a participant ceases to make loan repayments and the participant loan is deemed to be a distribution, under applicable IRS guidelines, a benefit payment is recorded and reported for tax purposes.

Valuation of Investments

Investments in mutual funds and common stock (held in 2015) are stated at fair value based on quoted market prices. Investments in the stable value fund are stated at fair value as determined by the issuer of the stable value fund based on the fair value of the underlying investments.

Payment of Benefits

Benefits are recorded when paid.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07 *Fair Value Measurement (Topic 820): Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*, which exempts investments measured using net asset value (NAV) practical expedient in Topic 820 Fair Value Measurement, from categorization within the fair value hierarchy. This guidance requires retrospective application and is effective for public entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. Management elected to early adopt the provisions of this standard in 2015. The impact of adopting this amendment is reflected in the financial statements.

In July 2015, the FASB issued ASU 2015-12 *Plan Accounting: Defined Benefit Pension Plans (Topic 960); Defined Contribution Plans (Topic 962); and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts; Part (II) Plan Investment Disclosures; and Part (III) Measurement Date Practical Expedient* (the "Update"). The purpose of this Update was to simplify Plan accounting, presentation and disclosures. The provisions are as follows:

- I. The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- II. The amendments in Part II of this Update will eliminate the requirements for plans to disclose (i) individual investments that represent 5 percent or more of net assets available for benefits and (ii) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the NAV per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- III. The amendments in Part III of this Update reduce the complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Parts I and II of this Update for the 2015 Plan year and the impact is reflected in these financial statements. The amendments in Part III of this Update are not applicable to the Plan.

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan as of December 31, 2016, and for the year then ended, included in the Plan's financial statements and supplemental schedule, which was prepared by, or derived from, information prepared by the Trustee of the Plan and furnished to the Plan administrator. The Plan administrator has obtained a certification from the Trustee that such information is complete and accurate.

Statement of Net Assets Available for Benefits

Investments, at fair value	\$ 50,386,501

Net appreciation in fair value of investments	3,939,324

Supplemental Schedule: All investment balances and information included in Form 5500, Schedule H, Part IV, Line 4(i) Schedule of Assets (Held at End of Year).

4. FEDERAL INCOME TAX STATUS

The IRS has determined and informed the Company by letter dated April 21, 2015 that the Plan and related trust meet the requirements for “qualified plan” status and that the trust meets the requirements for tax-exempt status in accordance with IRC Sections 401(a) and 501(a).

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

At December 31, 2015, the Plan held 68,545 shares of investments in the Company's Employer Stock Fund. At December 31, 2015, the cost basis of this investment was \$1,906,765.

6. FAIR VALUE OF FINANCIAL INSTRUMENTS

ASC Topic 820 establishes a fair value hierarchy that prioritizes observable and unobservable inputs to valuation techniques used to measure fair value. These levels, in order of highest to lowest priority are described below:

- Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities at the measurement date.
- Level 2 – Observable prices that are based on inputs not quoted on active markets, but corroborated by market data.
- Level 3 – Prices that are unobservable for the asset or liability and are developed based on the best information available under the circumstances, which might include the Company's own data.

The Plan classifies its investments based on the lowest level of input that is significant to the fair value measurement. The following tables set forth by level within the fair value hierarchy, a summary of the Plan's investments measured at fair value, there were no level 2 or level 3 investments, as of December 31, 2016 and 2015:

	As of December, 31	
	Level 1	Total
Mutual Funds	\$ 42,634,156	\$ 42,634,156
Money Market Fund	7,304	7,304
Total	<u>\$ 42,641,460</u>	42,641,460

6. FAIR VALUE OF FINANCIAL INSTRUMENTS – CONTINUED

	As of December, 31

Investments measured at NAV ⁽¹⁾⁽²⁾		<u>5,404,403</u>
Investments at fair value		<u>\$ 41,003,221</u>

⁽¹⁾ In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

⁽²⁾ In accordance with the adoption of ASU 2015-12 as disclosed in Note 3, if an investment is measured using the NAV per share (or its equivalent) as the practical expedient in ASC 820 and that investment is in a fund that files a Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity, disclosure of that investment's strategy will no longer be required.

7. SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 12, 2017, which is the date the financial statements were available to be issued, and have determined that there are no subsequent events that require disclosure under the Subsequent Events topic of ASC 855, *Subsequent Events*.
