ALLIED MINERAL PRODUCTS, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: PLAN DESCRIPTION

General

The following description of the Allied Mineral Products, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established for the exclusive benefit of the employees of Allied Mineral Products, Inc. (the "Plan Sponsor"). Under the terms of the Plan, employees who have accumulated one month of service are eligible for participation. The Board of Directors of the Plan Sponsor control and manage the operation and administration of the Plan. The John Hancock Life Insurance Company USA serves as the custodian of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may elect to contribute a portion of their pre-tax and post-tax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code limitations. The Plan does not include a provision for employer contributions.

Participant Accounts

Individual accounts are maintained for each Plan participant to reflect the participant's entire interest under the Plan. Each participant's account is credited with the participant's contribution as well as net gains and losses on investments and reduced by distributions from the participant's account. Plan earnings are allocated to participants based on a daily valuation of the participant's respective funds. The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account.

Participant-Directed Investment Options

Participants direct the investment of their accounts into various investment options offered by the Plan. Participants may currently choose from a variety of different investment options with varying objectives and degrees of investment risk.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Loan terms range from one to five years or a longer term may be permitted for the purchase of a primary residence. Participants may not have more than one loan outstanding at a time. Loan transactions are treated as a transfer from the investment fund to the Participant Loan fund. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates are currently 4.25% for new loans. Principal and interest are paid ratably through monthly payroll deductions.

NOTE 1: PLAN DESCRIPTION (CONTINUED)

Payment of benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Partial withdrawals for participants with vested account balance greater than $5,000 are permitted. The Plan allows for hardship distributions to satisfy certain immediate and heavy financial needs specified in the plan document.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain amounts and disclosures. Accordingly, actual results may differ.

Investment Valuation and Income Recognition
The statements of net assets available for benefits include investments in pooled separate accounts which are presented at the value reported to the Plan by the insurance company, which represents approximate fair value. Fair value is the price that would be received to sell an asset or paid to transfer liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Accounting standards establish a framework for measuring fair value by providing a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1 inputs") and the lowest priority to unobservable inputs ("Level 3 inputs"). The Plan's investments in pooled separate accounts do not fall within the hierarchy described above.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits
Participant distributions are recognized when paid.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Administrative Expenses

Some plan fees and expenses, including fees and expenses connected with the providing of administrative services by external service providers other than custodian fees, are primarily paid by the Plan Sponsor and are excluded from these financial statements.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for the Plan's fiscal years beginning after December 15, 2016. Upon adoption, the amendments shall be applied retrospectively to all periods presented. This Update has been adopted for the Plan year ended March 31, 2017, and it was retrospectively applied to March 31, 2016. Prior year disclosures have been revised to reflect the retrospective application of the Update.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosure, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirements to measure the fair value of benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively, with Part III to be applied prospectively. Parts I and III are not applicable to the Plan. Part II was adopted early for the Plan year ended March 31, 2016.

Subsequent Events

In evaluating events that may have material impact on the financial statements, the Plan Sponsor has considered activities through November 30, 2017, the date the financial statements were available to be issued.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY JOHN HANCOCK LIFE INSURANCE COMPANY USA

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at March 31, 2017 and 2016, and net appreciation in fair value of investments and interest for the years ended March 31, 2017 and 2016, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by John Hancock Life Insurance Company USA (the custodian of the Plan).

NOTE 4: FAIR VALUE MEASUREMENTS

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used at March 31, 2017 and 2016.

Pooled separate accounts: Valued at net asset value (NAV) per unit based on quoted market prices of underlying investments.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of March 31, 2017 and 2016:

Assets at Fair Value Based on NAV Per Share as of March 31, 2017

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Assets at Fair Value Based on NAV Per Share as of March 31, 2016

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled separate accounts:				
Target risk (a)	$ 2,147,998	None	Daily	None

(a) The pooled separate accounts in this category seek to provide a balance between current income and long-term capital growth by investing in fixed income and equity securities based on the type of allocation model chosen (conservative, moderate, balanced, growth, aggressive).

(b) The pooled separate accounts in this category seek long-term capital appreciation and current income with a concentration on specific market sectors. The category primarily invests its assets in U.S. and international equity securities and real estate securities.

(c) The pooled separate accounts in this category seek long-term growth by primarily investing in common stocks of U.S. companies with large market capitalization. Investments from this category are normally from stocks within the top 70% of the capitalization of U.S. equity market.

(d) The pooled separate accounts in this category seek the maximum current income that is consistent with maintaining liquidity and preserving capital. The fund invests at least 99.5% of its total assets in cash, U.S. government securities and/or repurchase agreements that are fully collateralized by U.S. government securities or cash.

(e) The pooled separate accounts in this category primarily invest in U.S. stocks of various sizes and styles, giving it a middle-of-the-road profile. Investments from this category typically fall between $1 billion - $8 billion and represent 20% of the total capitalization of the U.S. equity market.

(f) The pooled separate accounts in this category seek a high level of current income. This category normally invests at least 80% of assets in debt securities of all types and repurchase agreements for those securities. The category invests up to 20% of assets in lower quality debt securities (those of less than investment-grade quality, also referred to as high-yield debt securities or junk bonds).

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

(g) The pooled separate accounts in this category seek high total return until the funds' target retirement date, with a greater focus on income as the target date approaches. The category primarily invests its assets in underlying funds. This category's asset allocations become more conservative over time.

(h) The pooled separate accounts in this category seek long-term growth by primarily investing in U.S. equity securities of companies with small market capitalization. Investments from this category are in the bottom 10% of the capitalization of the U.S. equity market.

(i) The pooled separate accounts in this category seek long-term growth by investing in common stocks of non-U.S. companies with large market capitalization. Investments are normally diversified across different countries and regions of the world.

NOTE 5: RELATED PARTY TRANSACTIONS

Certain Plan investments are units of pooled separate accounts managed by John Hancock Life Insurance Company USA. John Hancock is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $10,704 and $10,008 for the years ended March 31, 2017 and 2016, respectively.

NOTE 6: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right at any time to terminate the Plan subject to the provisions set forth in ERISA. In the event of any termination of the Plan, or upon complete or partial discontinuance of contributions, the accounts of each affected participant shall become fully vested.

NOTE 7: TAX STATUS

The Plan has adopted a non-standardized form of a prototype plan sponsored by Entrust Financial Group, Inc. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require management of an organization to evaluate tax positions taken by the organization and recognize a tax liability if the organization has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service.

NOTE 7: TAX STATUS (CONTINUED)

Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of March 31, 2017, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. There are currently no audits for any tax periods in progress.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment options. The investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with these investments, it is reasonably possible that changes in the values of investments will occur in the near term and such changes could materially affect the amounts reported in the statement of net assets available for benefits.
