WOOD GROUP POWER PLANT SERVICES, INC. CRAFT 401(K) PLAN

Notes to Financial Statements

December 31, 2016

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Wood Group Power Plant Services, Inc. Craft 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Wood Group Power Plant Services, Inc. Craft 401(k) Plan is a single employer defined contribution plan established on December 1, 2008, to provide retirement and other related profit sharing benefits to eligible employees of Wood Group Power Plant Services, Inc. (the “Company” or “Employer”), a division of EthosEnergy LLC.

The Plan was established for the exclusive benefit of participating employees and their beneficiaries. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and related rules and regulations.

Contributions

Participants may make pretax contributions ranging from 1 percent to 60 percent of their earnings as elective contributions up to the limits prescribed by the Internal Revenue Service (“IRS”), \$18,000 for the Plan year ended December 31, 2016. The Plan also allows for participants who are 50 years old or older to make catch up contributions in the amount of \$6,000 for the Plan year ended December 31, 2016. Participants can change their contribution percentage at any time and those changes will be effective as soon as administratively feasible.

The Plan provides for discretionary Employer matching contribution. For the year ended December 31, 2016, the Employer matched 25 percent of salary deferrals.

Eligibility

Employees who have 1,000 hours or more of service and are age eighteen or older are eligible to participate in the Plan the first full day of the first full payroll period that begins after their date of hire.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, Employer’s contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant may elect to receive an amount equal to the value of the participant’s vested interest in his or her account as a lump sum distribution, installment payments or partial payments.

Withdrawals

Withdrawals prior to the age of 59½ are allowed only at termination of employment and/or on any hardship basis subject to Internal Revenue Service regulations.

NOTE 1 – DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are vested immediately in their contributions, Employer matching contributions, and actual earnings thereon.

Notes Receivable from Participants

Notes receivable from participants are not allowed.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820) – Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied will continue to be included in the fair value hierarchy along with the related required disclosures. ASU 2015-07 is effective for fiscal years beginning after December 15, 2015 and is to be applied retrospectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Recent Accounting Pronouncements (Continued)

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* (“ASU 2015-12”). Part I eliminates the requirement to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represents five percent or more of net assets available for benefits and the net appreciation/(depreciation) in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of the plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015. Parts I and II are to be applied retrospectively.

Since comparative statements are presented, the requirements of ASU No. 2015-07 and ASU No. 2015-12 have been retrospectively applied.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation/(depreciation) in fair value of investments.

Subsequent Events

The Plan monitored and evaluated any subsequent events for footnote disclosure or adjustments required in its financial statements for the year ended December 31, 2016 through October 20, 2017, the date on which financial statements were available to be issued.

NOTE 3 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (“FASB”) *Accounting Standards Codification* (“ASC”) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

NOTE 3 – FAIR VALUE MEASUREMENTS (CONTINUED)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;
- Level 2 Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.
If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability;
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 or 2015.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The Plan's assets at fair value as of December 31, 2016 and 2015 consist of registered investment companies (mutual funds) of \$231,532 and \$204,460, respectively, which are Level 1, within the fair value hierarchy.

NOTE 4 – BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan offers a fully benefit-responsive guaranteed investment contract (stable value fund) which carries a benefit-responsiveness feature that allows Plan participants to make exchanges or request benefit payments at contract value. Fidelity Management Trust Company ("Fidelity") maintains the contributions to the investment in a common/collective trust. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The stable value investment issuers are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Fidelity credited the Stable Value Fund with 1.15% annualized during the year ended December 31, 2016.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Fidelity, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawals or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 4 – BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including partial or complete Plan termination or merger with another Plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures, or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under Employee Retirement Income Security Act of 1974 (5) premature termination of the contract. The Plan administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable.

NOTE 5 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

During the year ended December 31, 2016, all employees were terminated from the Employer which triggered a partial termination of the Plan while the Plan continues to exist without employee contributions. All employees were already fully vested in their benefits in the Plan and therefore there are no changes required.

NOTE 6 – TAX STATUS

The Plan is a Fidelity proto-type plan. The Internal Revenue Service has determined and informed Fidelity by a letter dated October 9, 2003, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended, Fidelity, the Plan administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with applicable requirements of the IRC and, therefore, believe that the Plan is qualified and is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 – PARTIES-IN-INTEREST TRANSACTIONS AND RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by Fidelity. Fidelity is the trustee of the Plan's assets therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net depreciation in fair value of investments. Fidelity performs certain administrative, advisory and recordkeeping services for the Plan. Morgan Stanley provides investment advisor and accounting services for the Plan and is considered a party-in-interest. For the year ended December 31, 2016, Fidelity and Morgan Stanley were paid \$122 for these services.

NOTE 8 – INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

Certain information related to investments disclosed in the accompanying financial statements, including investments held at December 31, 2016 and 2015, and net appreciation/(depreciation) in fair value of investments, interest and dividends for the year ended December 31, 2016, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity.

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan provides for various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 – RECONCILIATION OF PLAN FINANCIAL STATEMENTS TO FORM 5500

The Annual Return/Report of Employee Benefit Plan ("Form 5500") is prepared on the modified cash basis. Accordingly, certain balances included on Schedule H (Part I and II) of Form 5500 differ from those included in the financial statements.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2015:

Add back: Adjustment from fair value to contract value for fully benefit-responsive investment contracts	<u>182</u>
Net assets available for benefits per Form 5500	<u><u>\$ 223,331</u></u>

The following is a reconciliation of net increase in assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2016:

Net increase per Form 5500	<u><u>\$ 24,465</u></u>
