1. Description of Plan

The following description of Jonathan's Landing Golf Club, Inc. 401(k) Retirement Savings Plan (the "Plan") provides for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

- a) *General* – The Plan is a defined contribution plan covering all employees of Jonathan's Landing Golf Club, Inc. (the "Club"), except employees of a collective bargaining unit and non-resident aliens, who have at least one year of service to the Club (1,000 hours within a twelve month period), as defined in the Plan documents, and have attained the age of twenty-one. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was formed on January 1, 2015, with the transfer of assets from another qualified plan offered to the employees through a leasing arrangement with a payroll company.
- b) *Plan Administration* – The Plan is administered by employees and members of the Board of Directors of the Club and by The Pension Studio, a third party administrator (TPA). The Plan's trustees are members and/or employees of the Club. As of December 31, 2016 and 2015, the investment manager, custodian and party which directs the custody and management of the Plan's assets is Lincoln National Life Insurance Company (Lincoln).
- c) *Contributions* – Each year participants may contribute up to 100% of pretax annual compensation, as defined in the Plan and as subject to limitations defined by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified plans. The Club currently matches 100% of the first 3% of the employee elective deferral. Additional amounts may be contributed at the option of the Club's Board of Directors. For the year ended December 31, 2016, the Club did not make any discretionary contributions.
- d) *Participant Accounts* – Each participant's account is credited with participant's contribution, the employer's matching contribution and Plan earnings. Allocations are based upon an eligible participant's relative compensation.
- e) *Vesting* – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Club's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant becomes 100% vested after 3 years of credited service.
- f) *Administrative Expenses* – The Plan administrator has elected to pay the administrative costs associated with Plan operations and compliance. Individual participants pay for loan fees, investment fees and associated expenses.
- g) *Investment Options* – Upon enrollment in the Plan, a participant may direct the investment of their contributions to any of the investment options offered in the Lincoln program and determined by the Plan Administrator. Participants may change their investment options via phone or Internet access to Lincoln.

For the Year Ended December 31, 2016

1. Description of Plan, continued

- h) *Participant Loans Receivable* – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund. Loan terms range from 1-5 years or up to 10 years or longer for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the loan administrator. The interest rate on participant loans receivable as of December 31, 2016 range from 4.25% to 5.75%. Principal and interest is paid ratably through weekly payroll deductions. Participants loans are reported at their unpaid principal balances plus any accrued, but unpaid interest. The loan balances are secured by the participants' investment accounts, therefore, no allowance for uncollectible loans was deemed necessary.
- i) *Payments of Benefits* – Upon retirement, disability retirement, or termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.
- j) *Forfeited Accounts* – Forfeitures of non-vested accounts may be used to pay administrative expenses, to be allocated to the accounts of participating employees as additional contribution, or to reduce future employer contributions. For the year ended December 31, 2016, there were no Plan forfeitures. Total forfeitures available as of December 31, 2016 and 2015 amounted to \$3,144 and \$3,106, respectively.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

- a) *Basis of Accounting* – The accompanying financial statements are prepared on the accrual basis of accounting.
- b) *Use of Estimates* – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
- c) *Valuation of Investments and Income Recognition* – Investments in registered investment companies (i.e., mutual funds held in pooled separate accounts) are reported at fair value of the fund's quoted market price, which represents the net asset value ("NAV") as quoted by the custodian of the shares held by the Plan at year end. Investment in the guaranteed investment contract is reported at contract value (Note 5). Investment options that do not have readily available market quotations are valued according to quotations from the custodian. Purchases and sales of securities are recorded on a trade-date basis.

For the Year Ended December 31, 2016

2. Summary of Significant Accounting Policies, continued

- d) *Payment of Benefits* – Benefits are recorded when paid.
- e) *Plan Risk and Uncertainties* – The Plan and the Plan assets are sensitive to economic pressures prevalent in the investment market. The pressures primarily stem from interest rate, market and credit risk and their effect on bond rates, mortgage rates, the value of real estate, stock prices, and the overall stability of the market. Certain Plan investments are shares of pooled trust funds managed by the custodian. Change in the custodian's management may affect operating results of the funds adversely. Additionally, the financial position of the Plan Sponsor, Jonathan's Landing Golf Club, Inc., may have a significant impact on the Plan. Specifically, this includes the ability of the Plan Sponsor to continue to make contributions under the program and/or the stability of the Plan Sponsor's operations. Other external factors which may affect the Plan and the Plan assets include legislation or regulations established by the Internal Revenue Service, Employee Retirement Income Security Act of 1974 (ERISA), and/or Department of Labor (DOL).

3. Fair Value Measurements

FASB Accounting Standards Codification (FASB ASC) 820-10, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

For the Year Ended December 31, 2016

3. Fair Value Measurements, continued

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following descriptions provide the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2016.

- a) *Mutual funds held in pooled separate accounts* – Valued based on the number of participation units owned under the contract in each pooled separate account times the unit value of the participation units. The unit values of participation units in the pooled separate accounts are estimated by Lincoln based on the value of the underlying assets owned by the fund minus the fund's liabilities, divided by the number of participation units outstanding. This value is also commonly referred to as the net asset value ("NAV").

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

<u>Assets at Fair Value as of December 31, 2016</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds held in pooled separate account	<u>\$ -</u>	<u>\$ 2,413,245</u>	<u>\$ -</u>	<u>\$ 2,413,245</u>

<u>Assets at Fair Value as of December 31, 2015</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds held in pooled separate account	<u>\$ -</u>	<u>\$ 2,088,441</u>	<u>\$ -</u>	<u>\$ 2,088,441</u>

4. Information Certified by the Plan's Custodian

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly Lincoln, the custodian, has certified that the data included in the accompanying financial statements and supplemental schedule is complete and accurate. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. The following information was prepared and certified as complete and accurate by Lincoln:

	<u>2016</u>	<u>2015</u>
Investments in pooled separate accounts	<u>\$ 2,413,245</u>	<u>\$ 2,088,441</u>
Guaranteed investment contract	<u>\$ 187,909</u>	<u>\$ 164,857</u>
Net appreciation in fair value of investments	<u>\$ 172,476</u>	
Interest on guaranteed interest contract	<u>\$ 2,775</u>	

For the Year Ended December 31, 2016

5. Investment Contract with Insurance Company

The Plan has a traditional fully benefit-responsive group annuity contract (i.e., Guaranteed interest account investment option) with Lincoln National Life Insurance Company ("Lincoln"). Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the Lincoln Guaranteed Stable Value account investment as of December 31, 2016 and 2015, was \$187,909 and \$164,857, respectively. The crediting interest rate is set to be no less than the guaranteed minimum interest rate, as shown in the contract specifications. The rate is communicated to plan sponsors before they go into effect and are guaranteed for at least one quarter. As of December 31, 2016 and 2015, the crediting interest rate was 2.65% and 2.64%, respectively.

Certain events limit the Plan's ability to transact at contract value with Lincoln. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion or equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events includes (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation.

The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

6. Related Party Transactions

Certain plan investments include shares of separate pooled accounts managed by Lincoln. Lincoln is the investment manager and custodian as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. However, they are not considered prohibited transactions in accordance with appropriate ERISA exceptions.

For the Year Ended December 31, 2016

7. Tax Status

The Plan is adopted via a Defined Contribution Volume Submitter Plan and Trust (Volume Submitter Plan), utilized by the TPA – The Pension Studio. The Volume Submitter Plan has a favorable determination letter from the Internal Revenue Service dated March 31, 2014. Furthermore, the Plan administrator believes that the Plan was designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. Plan Termination

Although the Club intends the Plan to be permanent and continuing, the Club has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and accrued benefits, to the extent funded or required to be funded, must be distributed to the participants.

9. Subsequent Events

Management has evaluated subsequent events through December 22, 2017, the date on which the financial statements were available to be issued, and determined there were no events to disclose in these financial statements.
