NOTE A – DESCRIPTION OF PLAN

The following description of the Facility Contract Services 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

   The Plan was formed on January 1, 2009. The Plan is a participant directed defined contribution plan covering all of the employees of Facility Contract Services, LLC (the "Company" or "plan sponsor"). Employees are eligible to participate in the Plan on the first day of the month following their date of hire.

   The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

2. Contributions

   Participants are able to make two kinds of elective deferrals; pre-tax elective deferrals or Roth elective deferrals. Participants may contribute any combination of pre-tax elective deferrals and Roth elective deferrals from 1% to 88% (in whole percentages) of eligible earnings up to the maximum allowed by law which is $18,000 for 2016. Participants who are age 50 or older may make catch-up contributions up to $6,000 in 2016.

   The Company may make matching contributions and non-elective contributions to the Plan and allocate these contributions to participants at the end of the plan year, although the Company is not required to do so. Participants are entitled to receive matching contributions and non-elective contribution only if they are employed by the Company on December 31 and make elective deferrals to the Plan. During 2016, the percentage of matching contribution is 50% of participant deferrals up to 6% of participant eligible earnings. Each employee's share of non-elective contributions is integrated with the Company's contributions to Social Security.

   If employment is terminated prior to December 31 due to death, disability or attainment of age 65, the employee will be eligible to receive any matching contribution and non-elective contributions that may be made for the year the employment was terminated.

   Participants, with the consent of the Plan, may make rollover contributions from another qualified plan to the Plan.

3. Participant Accounts

   Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions, (b) the Company's non-elective contributions, and (c) plan earnings or losses. Allocations are based on participant contributions and earnings on participant account balances, as defined in the plan document. The benefit in which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

4. Vesting

   Participants are immediately vested in their own contributions, company matching contributions and earnings and losses thereon. Company participants vest 20% per year at the end of each year of service, starting in year two, in the Company's non-elective contributions, plus any related earnings or losses thereon. Full vesting also occurs in the event of retirement, death or disability.

NOTE A – DESCRIPTION OF PLAN (continued)

5. Notes Receivable from Participants

   Under the Plan provisions, a participant may borrow a minimum amount of $500 to a maximum of the lesser of 50% of his or her vested account balance or $50,000. Participant loans are required to be repaid within five years except for loans to purchase the principal residence of the participant which are required to be repaid within 30 years. Interest is charged at a fixed rate based upon the prevailing prime rate at the time of loan plus two percentage points.

6. Distribution of Benefits

   Payment of the participant's entire account balance under the Plan is available only upon retirement, termination of employment, the attainment of age 59 ½, death or total disability. The available forms of distribution are a lump sum payment, direct rollover, and installments and partial withdrawal until age 70 ½ if the account balance is greater than $5,000.

   Beneficiaries of participants, who die while participating in the Plan, or before all benefits are paid, will be entitled to receive the entire remaining account balance. In the event of death or permanent and total disability, the full value of the participant's account balance will be available to be distributed in a single lump sum. Upon attainment of age 59 ½, employees may elect to withdraw all or a portion of their entire account balance without penalty while still employed by the Company.

   The Plan's provisions provide for hardship withdrawals for certain qualifying events as more specifically described in the plan document.

7. Investments

   The Plan is participant directed and participants may invest their contributions in any of the investment funds offered by the Plan. The Plan is administered by Paychex, and its trustee is Mid Atlantic Trust Company.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of Accounting

   The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting.

2. Payment of Benefits

   Benefits are recorded when paid.

3. Investment Valuation and Income Recognition

   The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income (loss) is recorded on the accrual basis. Net investment gain (loss) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4. Administrative Expenses

   Most administrative expenses are paid by the Company.

5. Notes Receivable from Participants

   The Plan has classified loans to participants as notes receivable. Loans are treated as deemed distributions if participants default on any of the loan provisions. Loans are recorded at principal plus interest net of deemed distributions. Interest income is recorded when earned.

6. Use of Estimates

   The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates and assumptions.

7. Recent Accounting Pronouncements

   In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value (NAV) practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. Disclosures about investments in certain entities that calculate NAV per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the NAV practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted.

   In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962) I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. The amendments remove the requirement to:

   - Report fully benefit-responsive guaranteed investment contracts at fair value.
   - Disclose individual investments held which exceed 5% of net assets available for benefits.
   - Disclose net appreciation in fair value of investments by type of investment held.
   - Disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.
   - Disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities.

   Plan management adopted ASU 2015-12 and decided to early adopt ASU 2015-07 in 2016, as they believed it would simplify plan accounting and presentation in the financial statements. The new standards have been applied retrospectively in these financial statements.

8. Subsequent Events

   The Plan has evaluated subsequent events through January 5, 2018, the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1).

The three levels of the fair value hierarchy are described as follows:

1. Level 1

   Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

2. Level 2

   Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.

3. Level 3

   Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following methods and assumptions were used to estimate fair value of each class of assets that are recognized at fair value.

Money Market Fund. The carrying amount of the money market fund is deemed to be valued at deposit amount plus accrued interest, as determined according to stated terms. The money market fund consists of deposits in AB Government Exchange Reserves.

Mutual Funds. The investments are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust (CCT). Valued based on the underlying investments (i.e., common stock, mutual funds, short-term securities). While the majority of the underlying assets values are based on quoted prices, the NAV of the CCT's is not publicly traded. The NAV is reported by the trustee of the Plan as of the financial statement date based on recent transaction prices. The CCT's held by the Plan provide for daily redemptions at NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments. The investments in CCT totaling $-0- and $8,211 as of December 31, 2016 and 2015, respectively, are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and therefore have not been categorized in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C – FAIR VALUE MEASUREMENTS (continued)

As of December 31, 2016 and 2015, the Plan's participant-directed investments measured at fair value on a recurring basis by the fair value hierarchy levels described above are as follows:

Fair Value Measurements as of December 31, 2016

Description	Level 1	Level 2	Level 3	Total
Money Market Fund	$ 1,213,756	$ -	$ -	$ 1,213,756
Mutual Funds	6,964	-	-	6,964
	$ 1,220,720	$ -	$ -	$ 1,220,720

Fair Value Measurements as of December 31, 2015

Description	Level 1	Level 2	Level 3	Total
Money Market Fund	$ 20,411	$ -	$ -	$ 20,411
Mutual Funds	1,049,183	-	-	1,049,183
	$ 1,069,594	$ -	$ -	$ 1,069,594

NOTE D – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes of risk associated with certain investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE E – INFORMATION CERTIFIED BY TRUSTEES (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Mid Atlantic Trust Company and State Street Bank & Trust, the trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31 and for the year then ended:

	2016	2015
Money market fund	$ 1,213,756	$ 20,411
Mutual funds	6,964	1,049,183
Common collective trust	-	8,211
Notes receivable from participants	4,931	13,033
Net appreciation in fair value of investments	59,950	n/a
Dividends	41,560	n/a
Gain from common collective trust	494	n/a

NOTE F – TAX STATUS

The Company's Plan was developed from Paychex's standardized prototype plan. The Internal Revenue Service has determined and informed Paychex by letter dated April 10, 2014, that Paychex's standardized profit sharing plan prototype is designed in accordance with the applicable section of the Internal Revenue Code (IRC) and is therefore exempt from federal income taxes. The Plan has been amended since receiving the determination letter. In December 2016, the Plan changed its third-party administrator from ADP to Paychex. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has conclude that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE G – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Mid Atlantic Trust Company is the trustee of the Plan, and Paychex, is the plan administrator. Total fees paid by the Plan for plan administration and recordkeeping services amounted to $1,375 for the year ended December 31, 2016.

NOTE H – PLAN TERMINATION

It is the intention of the Company to continue the Plan; however, the Company has the right to terminate the Plan at any time, subject to the provisions and penalties set forth by ERISA and the Internal Revenue Code. In the event of plan termination participants would become 100% vested in the Company's contributions.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2016 and 2015, to Form 5500:

Contributions per the financial statements, at December 31, 2016	$	280,232
Contributions receivable, at December 31, 2015		53,306
Contributions, per Form 5500, at December 31, 2016	$	333,538

NOTE A – DESCRIPTION OF PLAN

The following description of the Facility Contract Services 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

   The Plan was formed on January 1, 2009. The Plan is a participant directed defined contribution plan covering all of the employees of Facility Contract Services, LLC (the "Company" or "plan sponsor"). Employees are eligible to participate in the Plan on the first day of the month following their date of hire.

   The Plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA).

2. Contributions

   Participants are able to make two kinds of elective deferrals; pre-tax elective deferrals or Roth elective deferrals. Participants may contribute any combination of pre-tax elective deferrals and Roth elective deferrals from 1% to 88% (in whole percentages) of eligible earnings up to the maximum allowed by law which is $18,000 for 2016. Participants who are age 50 or older may make catch-up contributions up to $6,000 in 2016.

   The Company may make matching contributions and non-elective contributions to the Plan and allocate these contributions to participants at the end of the plan year, although the Company is not required to do so. Participants are entitled to receive matching contributions and non-elective contribution only if they are employed by the Company on December 31 and make elective deferrals to the Plan. During 2016, the percentage of matching contribution is 50% of participant deferrals up to 6% of participant eligible earnings. Each employee's share of non-elective contributions is integrated with the Company's contributions to Social Security.

   If employment is terminated prior to December 31 due to death, disability or attainment of age 65, the employee will be eligible to receive any matching contribution and non-elective contributions that may be made for the year the employment was terminated.

   Participants, with the consent of the Plan, may make rollover contributions from another qualified plan to the Plan.

3. Participant Accounts

   Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions, (b) the Company's non-elective contributions, and (c) plan earnings or losses. Allocations are based on participant contributions and earnings on participant account balances, as defined in the plan document. The benefit in which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

4. Vesting

   Participants are immediately vested in their own contributions, company matching contributions and earnings and losses thereon. Company participants vest 20% per year at the end of each year of service, starting in year two, in the Company's non-elective contributions, plus any related earnings or losses thereon. Full vesting also occurs in the event of retirement, death or disability.

NOTE A – DESCRIPTION OF PLAN (continued)

5. Notes Receivable from Participants

   Under the Plan provisions, a participant may borrow a minimum amount of $500 to a maximum of the lesser of 50% of his or her vested account balance or $50,000. Participant loans are required to be repaid within five years except for loans to purchase the principal residence of the participant which are required to be repaid within 30 years. Interest is charged at a fixed rate based upon the prevailing prime rate at the time of loan plus two percentage points.

6. Distribution of Benefits

   Payment of the participant's entire account balance under the Plan is available only upon retirement, termination of employment, the attainment of age 59 ½, death or total disability. The available forms of distribution are a lump sum payment, direct rollover, and installments and partial withdrawal until age 70 ½ if the account balance is greater than $5,000.

   Beneficiaries of participants, who die while participating in the Plan, or before all benefits are paid, will be entitled to receive the entire remaining account balance. In the event of death or permanent and total disability, the full value of the participant's account balance will be available to be distributed in a single lump sum. Upon attainment of age 59 ½, employees may elect to withdraw all or a portion of their entire account balance without penalty while still employed by the Company.

   The Plan's provisions provide for hardship withdrawals for certain qualifying events as more specifically described in the plan document.

7. Investments

   The Plan is participant directed and participants may invest their contributions in any of the investment funds offered by the Plan. The Plan is administered by Paychex, and its trustee is Mid Atlantic Trust Company.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

   The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting.

2. Payment of Benefits

   Benefits are recorded when paid.

3. Investment Valuation and Income Recognition

   The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset (an exit price) in the principal or most advantageous market for the asset in an orderly transaction between market participants on the measurement date. See Note C for discussion of fair value measurements.

   Purchases and sales of securities are recorded on a trade-date basis. Interest income (loss) is recorded on the accrual basis. Net investment gain (loss) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4. Administrative Expenses

   Most administrative expenses are paid by the Company.

5. Notes Receivable from Participants

   The Plan has classified loans to participants as notes receivable. Loans are treated as deemed distributions if participants default on any of the loan provisions. Loans are recorded at principal plus interest net of deemed distributions. Interest income is recorded when earned.

6. Use of Estimates

   The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates and assumptions.

7. Recent Accounting Pronouncements

   In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value (NAV) practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. Disclosures about investments in certain entities that calculate NAV per share are limited under ASU 2015-07 to those investments for which the entity has elected to estimate the fair value using the NAV practical expedient. ASU 2015-07 is effective for fiscal years beginning after December 15, 2016, with early adoption permitted.

   In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962) I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient. The amendments remove the requirement to:

   - Report fully benefit-responsive guaranteed investment contracts at fair value.
   - Disclose individual investments held which exceed 5% of net assets available for benefits.
   - Disclose net appreciation in fair value of investments by type of investment held.
   - Disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.
   - Disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities.

   Plan management adopted ASU 2015-12 and decided to early adopt ASU 2015-07 in 2016, as they believed it would simplify plan accounting and presentation in the financial statements. The new standards have been applied retrospectively in these financial statements.

8. Subsequent Events

   The Plan has evaluated subsequent events through January 5, 2018, the date the financial statements were available to be issued.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1).

The three levels of the fair value hierarchy are described as follows:

1. Level 1

   Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

2. Level 2

   Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.

3. Level 3

   Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following methods and assumptions were used to estimate fair value of each class of assets that are recognized at fair value.

Money Market Fund. The carrying amount of the money market fund is deemed to be valued at deposit amount plus accrued interest, as determined according to stated terms. The money market fund consists of deposits in AB Government Exchange Reserves.

Mutual Funds. The investments are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust (CCT). Valued based on the underlying investments (i.e., common stock, mutual funds, short-term securities). While the majority of the underlying assets values are based on quoted prices, the NAV of the CCT's is not publicly traded. The NAV is reported by the trustee of the Plan as of the financial statement date based on recent transaction prices. The CCT's held by the Plan provide for daily redemptions at NAV with no advance notice requirement. The Plan is permitted to redeem investment units at NAV on the measurement date. There are no unfunded commitments. The investments in CCT totaling $-0- and $8,211 as of December 31, 2016 and 2015, respectively, are measured at fair value using the net asset value per share (or its equivalent) as a practical expedient and therefore have not been categorized in the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE C – FAIR VALUE MEASUREMENTS (continued)

As of December 31, 2016 and 2015, the Plan's participant-directed investments measured at fair value on a recurring basis by the fair value hierarchy levels described above are as follows:

Fair Value Measurements as of December 31, 2016

	$ 1,069,594	$ -	$ -	$ 1,069,594

NOTE D – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes of risk associated with certain investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE E – INFORMATION CERTIFIED BY TRUSTEES (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Mid Atlantic Trust Company and State Street Bank & Trust, the trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as of December 31 and for the year then ended:

	2016	2015
Money market fund	$ 1,213,756	$ 20,411
Mutual funds	6,964	1,049,183
Common collective trust	-	8,211
Notes receivable from participants	4,931	13,033
Net appreciation in fair value of investments	59,950	n/a
Dividends	41,560	n/a
Gain from common collective trust	494	n/a

NOTE F – TAX STATUS

The Company's Plan was developed from Paychex's standardized prototype plan. The Internal Revenue Service has determined and informed Paychex by letter dated April 10, 2014, that Paychex's standardized profit sharing plan prototype is designed in accordance with the applicable section of the Internal Revenue Code (IRC) and is therefore exempt from federal income taxes. The Plan has been amended since receiving the determination letter. In December 2016, the Plan changed its third-party administrator from ADP to Paychex. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has conclude that as of December 31, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

NOTE G – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Mid Atlantic Trust Company is the trustee of the Plan, and Paychex, is the plan administrator. Total fees paid by the Plan for plan administration and recordkeeping services amounted to $1,375 for the year ended December 31, 2016.

NOTE H – PLAN TERMINATION

It is the intention of the Company to continue the Plan; however, the Company has the right to terminate the Plan at any time, subject to the provisions and penalties set forth by ERISA and the Internal Revenue Code. In the event of plan termination participants would become 100% vested in the Company's contributions.

NOTE I – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of contributions per the financial statements for the year ended December 31, 2016 and 2015, to Form 5500:

Contributions per the financial statements, at December 31, 2016	$	280,232
Contributions receivable, at December 31, 2015		53,306
