Independent Auditors' Report

To the Participants and Trustees of
BLS Trucking, Inc. Profit Sharing Plan

Report on the Financial Statements

We have audited the accompanying financial statements of the BLS Trucking, Inc. Profit Sharing Plan, which comprise the statements of net assets available for benefits as of June 30, 2017 and 2016, and the related statement of changes in net assets available for benefits for the year ended June 30, 2017, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall financial statement presentation.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2017 and 2016, and the changes in its net assets available for benefits for the year ended June 30, 2017, in accordance with accounting principles generally accepted in the United States of America.

Report on Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of assets (held at end of year), referred to as supplemental information, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

BLS TRUCKING, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017 and 2016

NOTE A - DESCRIPTION OF THE PLAN

The following description of the BLS Trucking, Inc. Profit Sharing Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan sponsored by BLS Trucking, Inc., and Southeast Trucking, Ltd., (the Company) and covers all eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The investments of the Plan are all non-participant directed. The Plan Document was restated on January 15, 2016.

Eligibility

Under the terms of the Plan, covered employees are eligible to become participants on the first day of the first month of the plan year following or coincident with completion of at least 1,000 hours of service over one full year and upon reaching age 21. The allowable entry date is July 1.

Contributions

A profit sharing contribution, if any, will be determined each year by the Board of Directors of the Company, at its sole discretion at the Plan's year-end. This amount will be allocated based on compensation of all participants eligible to share in the discretionary amount. Eligible employees must be employed on the last day of the plan year to receive the contribution for the year, with the exception of certain employees who are granted an eligibility waiver, are a non-highly compensated employee, and are eligible for another allocation. The Company accrued a discretionary profit sharing contribution of \$980,062 and \$612,684 as of June 30, 2017 and 2016, respectively.

Participant Accounts

Each participant's account is credited or charged with the following:

- (a) The above contributions,
- (b) Rollover contributions,
- (c) Plan earnings,
- (d) Forfeitures, and
- (e) Plan expenses.

The benefit to which a participant is entitled is the amount that can be provided from the participant's vested account balance.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

<u>Years of Service</u>	<u>Non-Forfeitable Percentage</u>

2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Forfeited Accounts

Forfeitures are reallocated following the date on which a terminated participant incurs five consecutive one-year breaks in service or following the date on which a terminated participant receives payment of his vested account balance. Amounts forfeited from a participant's account shall be used to restore forfeitures, reduce Company contributions (or reallocated as Company contributions), or pay plan expenses. For the years ended June 30, 2017 and 2016, the balance of forfeitures was \$19,913 and \$20,030, respectively. During the 2017 and 2016 plan years, \$15,000 and \$25,000, respectively, of the forfeiture balance was used to fund a portion of the Company's profit sharing contribution.

Payment of Benefits

Benefits are recorded when paid. Upon termination of service, a participant may elect to receive:

- (a) A lump sum distribution equal to the value of their account,
- (b) Equal installments over a period of not more than the participant's assumed life expectancy, or
- (c) A joint and survivor annuity.

Participants may take in-service withdrawals if they are fully vested in their account balance.

Hardship Withdrawals

Participants may receive a distribution on account of hardship if they are fully vested in their account balance and the hardship meets criteria detailed in the Plan Document.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan prepares its financial statements using the accrual basis of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Fees

Substantially all administrative fees were paid by the Plan. Plan expenses paid by the Plan for the year ended June 30, 2017, include \$10,800 for prior year plan audit fees and \$51,348 for fees related to trading and investment management and advisory services.

Accounting Changes

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management elected to early-adopt the provisions of this new standard as of June 30, 2016. Accordingly, the amendment was adopted resulting in simplified reporting of fair value hierarchies at June 30, 2017 and 2016, in Note G.

BLS TRUCKING, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017 and 2016

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounting Changes (Continued)

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively with early application permitted. Management has elected to adopt Parts I and II early as of June 30, 2016. Accordingly, the amendments were adopted resulting in simplified reporting of investments at June 30, 2017 and 2016, in Note G.

NOTE C - CONCENTRATION OF CREDIT RISK

The Plan maintains its cash balances in various money market funds. At various times during the year, some or all of these funds may be uninsured or exceed insurance limits.

NOTE D - BENEFITS PAYABLE

As of June 30, 2017 and 2016, the vested benefits payable to participants terminated prior to year-end was \$355,261 and \$216,322, respectively.

NOTE E - INCOME TAX STATUS

The Plan obtained a favorable tax determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Sponsor believes that the Plan was qualified and was tax exempt as of the financial statement date; therefore, no income taxes have been provided for in the financial statements.

BLS TRUCKING, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017 and 2016

NOTE E - INCOME TAX STATUS (Continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent (100%) vested in their accounts.

NOTE G - FAIR VALUE MEASUREMENTS

FASB ASC 820-10, Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

BLS TRUCKING, INC. PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017 and 2016

NOTE G - FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2017.

Common stocks, exchange traded funds, bond funds, and real estate investment trusts: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds and money market funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy the Plan's assets measure at fair value on a recurring basis as of June 30, 2017 and 2016.

	Assets at Fair Value as of June 30, 2017			
	Level 1	Level 2	Level 3	Total
Cash and money market funds	\$ 54,794	\$ 0	\$ 0	\$ 54,794

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
