INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Westlake Wage Employees' Defined Benefit Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Westlake Wage Employees' Defined Benefit Plan (the "Plan") which comprise the Statements of Net Assets Available for Benefits as of December 31, 2016 and 2015, and the related Statements of Changes in Net Assets Available for Benefits for the years then ended, and the Statement of Accumulated Plan Benefits as of December 31, 2015, and the related Statement of Changes in Accumulated Plan Benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matters described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Wells Fargo Bank Texas, N.A. (the "Trustee"), the Trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the Plan Administrator that the Trustee holds the Plan's investment assets and executes investment transactions. The Plan Administrator has obtained a certification from the Trustee, as of and for the years ended December 31, 2016 and 2015, that the information provided to the Plan Administrator by the Trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedules (1) Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016, and (2) Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2016, are required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on these supplemental schedules.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the Trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

WESTLAKE WAGE EMPLOYEES' DEFINED BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The Westlake Wage Employees' Defined Benefit Plan (the "Plan") is a noncontributory defined benefit plan and is subject to the provisions of the Internal Revenue Code of 1986 (the "Code") and the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was established effective March 1, 1990. It covers all employees of Westlake Management Services, Inc. and Westlake Vinyls, Inc. (the "Companies") who are covered by a collective bargaining agreement providing for participation under the Plan. Prior years' service is recognized for purposes of accruing benefits under the Plan with respect to certain employees as defined in the Plan agreement. The Plan was amended and restated effective January 1, 2014 to reflect the most recent statutory and regulatory changes applicable to plans maintained under Code Section 401(a). Effective February 1, 2015, Westlake Management Services, Inc. ("WMS") replaced Westlake Chemical Corporation as the Plan sponsor.

Following is a brief description of the Plan's provisions. Participants should refer to the Plan document for more complete information.

Retirement Benefits

Effective January 1, 2005, participation under the Plan was frozen.

Effective January 31, 2015, the Plan was amended to cease all future benefit accruals. Additionally, the Plan was amended to add a lump sum payment option for eligible participants who commenced receipt of benefits on or after February 1, 2015.

Normal monthly retirement benefits are generally calculated under a formula based upon the participant's number of years of credited service multiplied by a retirement income factor as defined in the Plan as \$45 for the years ended December 31, 2016 and 2015. The Plan is responsible for payment of this monthly benefit, less the fixed portion of benefits to be paid by a previous employer, where applicable, which is based on previous service with that employer. Benefits payable in the event of death, disability or early retirement are computed in a similar manner as defined in the Plan.

The disability retirement pension payable to a participant shall be a monthly amount determined in the same manner as a normal retirement pension under section 6.1 of the Plan Document, except the participation years of benefit service shall be determined as of the date that the participant first becomes entitled to the disability retirement pension payment.

Certain general and temporary limitations exist on the benefits described above and are more fully explained in the Plan document.

Payment of Retirement Benefits

Payment of benefits to which a participant is entitled and has elected to receive shall begin at:

- a. Normal retirement - the participant attains age 65 and has completed 5 years of service;
- b. Early retirement - the participant attains age 55 and has completed 10 years of service or has completed 30 years of participation; or
- c. Late retirement - the participant terminates employment with the Companies after attaining normal retirement age.

Unless a participant elects in writing to receive an alternate form of payment, benefits are payable in the form of a qualified joint and survivor annuity for married participants and a 5-year certain and life annuity for unmarried participants.

Vesting Provisions

An employee becomes 100 percent vested after five years of vesting service.

WESTLAKE WAGE EMPLOYEES' DEFINED BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Funding Policy

The Companies' funding policy is to contribute such amounts as are necessary, on an actuarial basis, to provide the Plan with assets sufficient to meet the benefits to be paid to participants and their beneficiaries. The contributions to the Plan are based on the limitations of maximum and minimum tax-deductible deposits certified by the actuary. Any gains resulting from forfeitures of non-vested benefits will be used to reduce future contributions that would otherwise be required to provide for the defined level of benefits under the Plan. The Companies recorded contributions to the Plan of \$400,000 and \$1,137,000 for the years ended December 31, 2016 and 2015, respectively. The Plan met the minimum funding requirements of the Code and ERISA.

Termination of the Plan

Although it has not expressed any intent to do so, the Companies have the right to discontinue contributions and to terminate the Plan at any time subject to the provisions of the Code and ERISA and the provisions of the Plan. In the event of Plan termination, the net assets of the Plan will be allocated in accordance with the Plan as provided by ERISA.

Should the Plan terminate at some future time, and should the Plan not be sufficiently funded to provide all accrued benefits, whether a particular participant's accumulated plan benefits will be paid would depend on both the priority of those benefits and the level of benefits guaranteed by the Pension Benefit Guaranty Corporation (the "PBGC") at that time. In such a case, some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all. Should the Plan be sufficiently funded at the time of termination, PBGC coverage does not become an issue.

Administration

The Plan was administered by Westlake Chemical Corporation through January 31, 2015. Effective February 1, 2015, WMS became administrator of the Plan. Wells Fargo Bank Texas, N.A. (the "Trustee") serves as Trustee of the Plan.

WMS provides certain administrative services without charge to the Plan. In accordance with the Plan document, administrative expenses incurred on behalf of the Plan that are not paid by the Companies are paid from Plan assets. During 2016 and 2015, the Companies paid administrative expenses of \$0 and \$6,975, respectively. All other administrative expenses were paid by the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements and supplemental schedules of the Plan have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Bank collective trust funds are valued based on the fair value of the underlying investments held by the fund less its liabilities at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the services employees have rendered. Accumulated plan benefits include benefits expected to be paid to retired or terminated employees or their beneficiaries, beneficiaries of employees who have died and present employees or their beneficiaries. The accumulated plan benefits for active employees are based upon current benefit levels and actual service.

Benefits payable under all circumstances (retirement, death, disability and termination of employment) are included to the extent they are deemed attributable to employee services rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment. The change in assumptions primarily represents the use of updated mortality tables as prescribed by the Internal Revenue Service ("IRS"), changes in retirement rates to reflect recent experience, and an increase in assumed expenses from \$150,000 to \$245,000. The actuarial present value of accumulated plan benefits was calculated as of January 1, 2016 and accordingly, the Plan presents the statement of accumulated plan benefits and the statement of changes in accumulated plan benefits using beginning of year actuarial data. Had the actuarial valuation been performed as of December 31, 2015, there would be no material differences. The significant actuarial assumptions underlying the actuarial valuations for January 1, 2016 are as follows:

Interest rate	7.0%
Lump sum interest rate	5.0%
Turnover	Percentage of employees withdrawing from employment during the year of age shown.

Risks and Uncertainties

The Plan has various investments in bank collective trust funds. Such investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect investment balances reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU No. 2015-07 applies to reporting entities that elect to measure the fair value of an investment using the net asset value ("NAV") per share (or its equivalent) as a practical expedient. Under the amendments in this update, investments for which fair value is measured using NAV per share (or its equivalent) as the practical expedient should not be categorized in the fair value hierarchy. Removing those investments from the fair value hierarchy not only eliminates the diversity in practice resulting from the way in which investments measured at NAV per share (or its equivalent) with future redemption dates are classified, but also ensures that all investments categorized in the fair value hierarchy are classified using a consistent approach. Investments that calculate NAV per share (or its equivalent), but for which the practical expedient is not applied, will continue to be included in the fair value hierarchy. A reporting entity should continue to disclose information on investments for which fair value is measured at NAV (or its equivalent) as a practical expedient to help users understand the nature and risks of the investments and whether the investments, if sold, are probable of being sold at amounts different from NAV. ASU No. 2015-07 is effective for fiscal years beginning on or after December 15, 2016 on a retrospective basis. Early adoption is permitted and, accordingly, Plan management elected to adopt ASU No. 2015-07 early in Plan year 2015. The adoption of ASU No. 2015-07, in 2015, simplified disclosures within the notes to the financial statements.

WESTLAKE WAGE EMPLOYEES' DEFINED BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Recent Accounting Pronouncements, continued

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Parts I and III are not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Plan management elected to adopt ASU No. 2015-12 early in Plan year 2015. The adoption did not have any impact on the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

3. Information Certified by Trustee (Unaudited)

The Plan Administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments held at December 31, 2016 and 2015, and net appreciation in fair value of investments, and interest for the years ended December 31, 2016 and 2015, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee of the Plan.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. Fair Value Measurements

FASB Accounting Standards Codification Topic 820, *Fair Value Measurements and Disclosures* ("ASC 820"), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

WESTLAKE WAGE EMPLOYEES' DEFINED BENEFIT PLAN

NOTES TO FINANCIAL STATEMENTS

4. Fair Value Measurements, continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Bank collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with ASU No. 2015-07, investments measured at NAV per share (or its equivalent) as a practical expedient, are not classified in the fair value hierarchy. All of the Plan's investments, at both December 31, 2016 and 2015, are in bank collective trust funds and measured at NAV as a practical expedient. Accordingly, no fair value hierarchy is presented.

The following tables summarize investments measured at fair value based on the NAV per share as of December 31, 2016 and 2015:

5. Income Tax Status

The IRS has determined and informed the Plan Sponsor by a letter dated October 19, 2015, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Code. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Accordingly, no provision for federal income tax has been recorded.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party Transaction

Westlake Chemical Corporation has a revolving credit facility with a syndicate of banks, of which an affiliate of Wells Fargo Bank is a participant. In addition, the Plan investments include funds managed by affiliates of Wells Fargo, the Plan Trustee.

7. Subsequent Events

In January 2017, Plan management elected to change the Plan's actuary from Retirement Horizons, Inc. to Willis Towers Watson. Plan management also elected to change the Plan's trustee with an effective date of January 1, 2018, from Wells Fargo Bank, N.A. to The Northern Trust Company.

Plan management has evaluated subsequent events through December 12, 2017, which is the date the financial statements were available for issuance, and has concluded that there is no other significant events to be reported.

80% of participants are assumed to be married.
Males are assumed to be three years older than their spouses.

Other Assumptions

Administrative expenses

Administrative expenses paid from the trust are assumed to equal \$245,000 for the current plan year.

Form of Payment

All active and terminated vested participants are assumed to elect a lump sum. To the extent optional forms of payment are elected and conversions are determined under an actuarial basis that differs from the basis used in the valuation, gains or losses will occur. These gains or losses will be recognized through the routine application of the actuarial cost method.

SCHEDULE SB, PART V - STATEMENT OF ACTUARIAL ASSUMPTIONS/METHODS

Maximum Benefit Limitations
Under IRC Sec. 415

\$210,000 effective for 2016

Changes in Assumptions

The lump sum mortality assumption was updated to the 2016 IRS Applicable Mortality Table and all other mortality and interest rate assumptions were changed as prescribed by the IRS. The administrative expense assumption was changed from \$150,000 to \$245,000 to reflect expectations for the current year. The retirement rates were updated to better reflect future expectations. There have been no other changes in the valuation assumptions since the prior valuation.

Methods

Asset Valuation Method

The actuarial value of assets on the valuation date is equal to a smoothed fair value of assets. The smoothed value is equal to the actual fair value of assets (including discounted receivable contributions) plus two-thirds of the investment gain or loss from the prior year plus one-third of the investment gain or loss from two years ago. The investment gains and losses are determined by comparing the actual fair value of assets to the expected fair value. Additionally, the resulting asset value is limited to be no less than 90% and no more than 110% of the fair market value of assets.

Unit Credit Actuarial Cost Method

The Unit Credit Actuarial Cost Method is used to determine Funding Target. The Target Normal Cost is the present value of the benefit which accrues for the active participants plus administrative expenses expected to be paid from the trust during the year.

Changes in Methods

There have been no changes in actuarial methods since the prior year.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Administrative expenses

Administrative expenses paid from the trust are assumed to equal \$245,000 for the current plan year.

Form of Payment

All active and terminated vested participants are assumed to elect a lump sum. To the extent optional forms of payment are elected and conversions are determined under an actuarial basis that differs from the basis used in the valuation, gains or losses will occur. These gains or losses will be recognized through the routine application of the actuarial cost method.

SCHEDULE SB, PART V - STATEMENT OF ACTUARIAL ASSUMPTIONS/METHODS

Maximum Benefit Limitations
Under IRC Sec. 415

\$210,000 effective for 2016

Changes in Assumptions

The lump sum mortality assumption was updated to the 2016 IRS Applicable Mortality Table and all other mortality and interest rate assumptions were changed as prescribed by the IRS. The administrative expense assumption was changed from \$150,000 to \$245,000 to reflect expectations for the current year. The retirement rates were updated to better reflect future expectations. There have been no other changes in the valuation assumptions since the prior valuation.

Methods

Asset Valuation Method

The actuarial value of assets on the valuation date is equal to a smoothed fair value of assets. The smoothed value is equal to the actual fair value of assets (including discounted receivable contributions) plus two-thirds of the investment gain or loss from the prior year plus one-third of the investment gain or loss from two years ago. The investment gains and losses are determined by comparing the actual fair value of assets to the expected fair value. Additionally, the resulting asset value is limited to be no less than 90% and no more than 110% of the fair market value of assets.

Unit Credit Actuarial Cost Method

The Unit Credit Actuarial Cost Method is used to determine Funding Target. The Target Normal Cost is the present value of the benefit which accrues for the active participants plus administrative expenses expected to be paid from the trust during the year.

Changes in Methods

There have been no changes in actuarial methods since the prior year.

SCHEDULE SB, PART V – SUMMARY OF PLAN PROVISIONS

Effective Date	Effective March 1, 1990; last amended effective January 31, 2015
Eligibility	All employees who were participants in the BF Goodrich Retirement Program (for Salaried employees) as of February 28, 1990, are automatically participants of this plan as of the Effective Date. Each employee (other than leased employees) covered by a collective bargaining agreement who is an hourly employee of Westlake PVC Corporation Calvert City Plant shall become participants in the plan on the Entry Date coincident with or immediately preceding the date on which they complete one year of Vesting Service. Effective August 15, 1997 Wage employees of the CA&O division of BF Goodrich who were acquired by Westlake became eligible to participate. Participation was frozen to only allow employees hired prior to November 1, 2004 into the plan.
Actuarial Equivalence	Based on the 1971 Group Annuity Mortality Table for males, setback 3 years for males and females and 7% interest.
Vesting Service	Calculated on an elapsed time basis, rounded to completed months, from participant's hire date.
Benefit Service	Calculated on an elapsed time basis, rounded to completed months. From October 15, 1991 for the PVC group, and from hire date for all other participants. Service is frozen December 31, 2004 for employees who transferred to the savings plan for benefit accrual purposes. Service will continue to accrue for early retirement eligibility as long as they work for Westlake. Benefit service was frozen January 31, 2015.

Accrued Benefit

Upon termination of employment at any time, a participant's Accrued Benefit equals the monthly retirement income commencing on his Normal Retirement Date calculated using the Normal Pension Formula, and with Benefit Service, Final Average Earnings and Covered Compensation as of his termination date.

For the Westlake Monomers Group, the monthly retirement income is equal to the Benefit Rate multiplied by Benefit Service, less the frozen accrued benefit payable from the BF Goodrich Plan.

For the PVC Calvert City Group, the monthly retirement income is equal to the Benefit Rate multiplied by Benefit Service.

Special Transfer Election

Each employee who is an Eligible Employee of Westlake Vinyls, Inc. on November 1, 2004 or who is an Eligible Employee of Westlake Management Service on December 7, 2004 and who is an active employee on such date, shall have a one time irrevocable election to cease active participation under this plan effective January 1, 2005. In lieu of such participation, the employee will be eligible to receive the Employer Annual Retirement Contribution under the provisions of the Westlake Savings Plan. The election period is from December 6, 2004 through December 27, 2004. Employees hired after November 1, 2004 will not be eligible for this plan, but instead will be covered by the Westlake Savings Plan.

Early Retirement Benefit

- (a) A participant may elect either (1) or (2):
- (1) A monthly retirement income equal to his Accrued Benefit commencing at the later of his Early Retirement Date or age 62.
 - (2) A monthly retirement income commencing at any time prior to age 62, equal to his Accrued Benefit reduced by 0.4% for each month by which the early commencement date precedes his 62nd birthday.
- (b) Notwithstanding the above paragraphs, a participant having 30 or more years of Benefit Service may begin receiving an annual retirement income equal to his Accrued Benefit immediately.
- (c) In addition, a participant age 55 or older with 30 or more years of Benefit Service is entitled to a monthly benefit, in lieu of the aforementioned benefits, until he becomes eligible for old age insurance or disability benefits under the Federal Social Security Act, equal to the sum of (1), (2) and (3):
- (1) \$830
 - (2) \$10 for each year the participant's age at Early Retirement Date exceeds 55,
 - (3) \$31 for each year of Benefit Service at Early Retirement Date in Excess of 30.

Disability Retirement Benefit

A participant who terminates employment prior to age 65 due to disability and who has completed 10 years of vesting service is entitled to a monthly benefit using the Normal Pension Formula based on his years of Service as of date of disability. The benefit shall commence in the sixth month following the month in which he became disabled. Disabled participants not eligible for Social Security disability benefits are also entitled to a supplement, equal to the accrued benefit without applying the BFG offset.

Benefit Upon Separation

If a participant terminates employment after completing at least five years of Vesting Service, he will be entitled to his full Accrued Benefit, payable at age 65. If such participant elects to receive his Accrued Benefit prior to age 65, the monthly benefit will be actuarially reduced.

Pre-Retirement Death Benefit:

➤ **After Early Retirement Date**

Upon the death of a participant, the surviving spouse is entitled to an immediate monthly life annuity equal to one-half of the Qualified Joint and Survivor Annuity which the participant had accrued to the date of his death (or, if earlier, the date of separation from service). The monthly annuity is reduced by 4.8% for each year by which the commencement precedes the participant's 62nd birthday.

➤ **Before Early Retirement Date**

Upon the death of a participant, the qualifying spouse is entitled to a monthly life annuity equal to one-half of the Qualified Joint and Survivor Annuity payable at the participant's 55th birthday which the participant had accrued at the date of his death (or, if earlier, the date of separation from service). The monthly annuity is reduced by 4.8% for each year by which the commencement precedes the participant's 62nd birthday.
