NOTE 1 – PLAN DESCRIPTION

The following description of the New Tech Engineering LP 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan that provides retirement savings benefits to eligible employees of New Tech Engineering LP (the "Company" or "Employer"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code ("IRC"). The Plan, which commenced effective December 15, 2005, was amended and restated effective April 1, 2016 to comply with the latest rules and regulations.

Plan Administration – The Plan's assets are held by Great-West Trust Company, LLC, Great-West Life & Annuity Insurance Company, and Voya Retirement Insurance and Annuity Company (the "Custodians"). Among other duties, the Custodians receive the contributions, hold and invest the fund assets in accordance with the directions of participants, and make disbursements as directed by the Company. An officer of the Company serves as Trustee of the Plan.

Eligibility – Employees, except those under collective bargaining agreements, non-resident aliens who receive no U.S.-source income, leased employees, and part-time, temporary, or seasonal employees, are eligible to participate in the Plan after the employee has reached 21 years of age and completed six months of service. Prior service with GAAP Financial Services, LLC is recognized. Eligible employees are permitted to enter the Plan quarterly, upon the first day of each quarter coincident with or next following satisfaction of the eligibility requirements. Prior to April 1, 2016, eligible employees were permitted to enter the Plan monthly, upon the first day of each month.

Participant Contributions – The Plan permits eligible employees, through salary deferral election, to make annual contributions on a before-tax or Roth basis of up to 90% of their eligible compensation subject to the IRC limit of $18,000 for 2016. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to $6,000 for 2016.

Employer Contributions – The Plan provides for Safe Harbor Employer matching contributions. In the 2016 Plan year, the Employer made Safe Harbor matching contributions to the Plan on behalf of participants in an amount equal to 100% of the first 3% of participant's eligible compensation and 50% of the next 2% of participant's eligible compensation contributed to the Plan as employee contributions.

The Plan also provides for discretionary profit sharing contributions and discretionary employer matching contributions. The Employer made no such contributions for the year ended December 31, 2016.

Rollover Contributions – Rollover contributions represent funds transferred to the Plan from other qualified plans. Participants may rollover balances from certain individual retirement accounts and qualified plans of former employers.

Participant Accounts – Each participant's account is credited with the participant's contributions and the Company's matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Upon enrollment in the Plan, participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment elections at any time, as well as transfer existing balances between investment funds.

NOTE 1 – PLAN DESCRIPTION – continued

Vesting – Participants are vested immediately in their contributions and Safe Harbor employer matching contributions plus actual earnings thereon. Discretionary profit sharing contributions and discretionary employer matching contributions to the Plan, plus any income or loss thereon, are vested as follows:

Number of Years of Completed Service	Percentage of Vested Interest
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. A participant may have one outstanding loan at a time. The loans are secured by the balance in the participant's account. Loan terms range from one to five years, except for loans used for the purchase of a principal residence. The loan interest rate, determined quarterly, is set at 2% above the Prime rate, as defined. As of December 31, 2016, outstanding notes receivable carry interest at rates from 3.25% to 5.5% per annum. Principal and interest are paid ratably through payroll deductions and are due in equal installments not less frequently than quarterly.

Payment of Benefits – The Plan provides benefits for eligible participants upon retirement, death, termination, or permanent disability, according to the form of payment elected by the participant within the limitations defined in the Plan. Distributions shall be made in the form of a lump sum, substantially equal installments, or partial withdrawals. On termination of service, any balance under $1,000 is automatically distributed from the Plan as soon as administratively possible. A participant may withdraw all or a portion of their account in the event of a financial hardship, as defined by the Plan. Additionally, in-service withdrawals are permitted upon attainment of age 59 ½.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of Plan additions and deductions during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value (except for fully benefit-responsive investment contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan Agreement.

Payment of Benefits – Benefit payments to participants are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Fees related to the administration of notes receivable from participants were charged directly to the participant's account and were included in administrative expenses. Investment related expenses were included in net appreciation in fair value of investments.

Recent Accounting Pronouncements – In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. The amendments in this update remove the requirement to report fully benefit-responsive investment contracts at fair value with an adjustment to contract value and to simplify certain investment disclosures required for employee benefit plans. The update designates contract value as the only required measure for fully benefit responsive investment contracts and eliminates certain disclosures (Part I). Additionally, the update eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation for investments by general type, and the investment information disaggregated based on nature, characteristics, and risks (Part II). The update also allows plans to measure investments and investment related accounts as of a month-end date that is closest to the plan's fiscal year end, when the fiscal period does not coincide with a month-end (Part III). The amendments in this update are effective for fiscal years beginning after December 15, 2015 and should be applied on a retrospective basis for the periods presented for Parts I and II and on a prospective basis for Part III. Early adoption is permitted. The Plan elected to adopt ASU 2015-12 Parts I and II as of January 1, 2016. Part III was not applicable to the Plan.

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its equivalent)*. ASU 2015-07 eliminates the requirement to categorize investments in the fair value hierarchy if the fair value is measured at net asset value ("NAV") per share (or its equivalent) using the practical expedient in the FASB's fair value measurement guidance. The provisions of ASU 2015-07 are effective for the Plan for fiscal years beginning after December 15, 2015, are required to be applied retrospectively to all periods presented, and early adoption is permitted. The Plan adopted this guidance as of January 1, 2016. The adoption of this guidance did not have an impact on the Plan because all investments measured at fair value in the Plan have readily determinable fair value.

Subsequent Events – The Plan has evaluated all events and transactions that occurred through December 11, 2017, the date these financial statements were issued. See Note 11.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Accounting Standards Codification ("ASC") 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015:

- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within Level 1 of the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

	Assets at Fair Value as of December 31, 2016			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 8,078,478	$ -	$ -	$ 8,078,478
Total investments, at fair value	$ 8,078,478	$ -	$ -	$ 8,078,478

	Assets at Fair Value as of December 31, 2015 (Unaudited)			
	Level 1	Level 2	Level 3	Total Fair Value
Mutual funds	$ 8,638,684	$ -	$ -	$ 8,638,684
Total investments, at fair value	$ 8,638,684	$ -	$ -	$ 8,638,684

NOTE 4 – GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a group annuity contract with Great-West Life & Annuity Insurance Company that invests contributions in the Key Guaranteed Portfolio Fund. The Key Guaranteed Portfolio Fund is a general account product. Interest earned on the Key Guaranteed Portfolio Fund value is compounded daily to the effective annual interest rate. The interest rate to be credited to the Plan will be determined by the insurance company prior to the last day of the previous calendar quarter. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount which would be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan Document (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, or (d) the failure of the Trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

NOTE 5 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by the Custodians, and, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party in-interest transactions under ERISA. Except as disclosed in the supplemental schedule of delinquent participant contributions, there have been no known prohibited transactions with parties-in interest. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to service providers.

The Plan has notes receivables from participants at December 31, 2016 and 2015. As a result, these receivables and all transactions relating to these receivables qualify as party-in-interest transactions. These transactions are exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Plan adopted a volume submitter defined contribution plan (the "Volume Submitter Plan") sponsored by Nova Associates Inc. The IRS has determined and informed the Volume Submitter Plan Sponsor by letter dated March 31, 2014 that the Volume Submitter Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan is qualified and the related trust is tax-exempt.

NOTE 7 – TAX STATUS – continued

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2016, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S CUSTODIANS

The Plan Sponsor has elected the cash method of annual reporting compliance permitted by 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodians have certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate:

Effective January 1, 2017, New Tech Global Staffing, LLC, and effective August 4, 2017, Oilfield Technical Advisors, LP adopted the Plan and became participating employers.
