SUTRON CORPORATION 401(K) PROFIT SHARING PLAN
EIN: 54-1006352; PLAN NO.: 002
ATTACHMENT TO 2015 FORM 5500

To Whom It May Concern:

Please be advised that the attached 2015 Form 5500 for the Sutron Corporation 401(k) Profit Sharing Plan ("Plan") is being timely filed without an auditor's opinion for the reason described below. We expect to file a complete 2015 Form 5500 for the Plan as soon as the auditor's opinion and the financial statements for 2015 are finalized.

By way of background information, for Sutron Corporation ("Devicor") became a controlled group member of Danaher Corporation as of July 27, 2015, merged the Plan with a Danaher 401(k) plan as of December 31, 2015, and adopted a Danaher 401(k) plan as of January 1, 2016. The 2015 Form 5500 will be the final Form 5500 for the Plan. For plan years prior to 2015, the Plan satisfied the small plan exception to the requirement to file a Schedule H and auditor's opinion with the Form 5500. The 2015 plan year is the first, and only plan year that the Plan will have to file a Schedule H and auditor's opinion. Under the circumstances, Sutron did not realize that the Schedule H and auditor's opinion would still be required for 2015. We are in the process of engaging a Certified Accounting Firm to audit the Plan's financial statements and will file the opinion with the financial statements as soon as possible.

Notes to Financial Statements

1. Description of Plan

The following description of the Sutron Corporation 401(K) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Sutron Corporation (the “Company”). Management of the Company controls and manages the operation and administration of the Plan. Fidelity Management Trust Company (“Fidelity”) serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Effective December 31, 2015, the Plan was merged into the Danaher Corporation & Subsidiaries Savings Plan as the Company is now a subsidiary of the Danaher Corporation.

Contributions

Each year, participants could elect to defer up to 75% of eligible compensation, as defined by the Plan, subject to certain Internal Revenue Code (“IRC”) limitations. Participant salary deferrals could be traditional 401(k) (pretax) or Roth 401(k) (after-tax). Participants who had attained age 50 before the end of the plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans and certain individual retirement accounts. The Company contributed a safe-harbor match equal to 100% of the first 5% of compensation that a participant contributed to the Plan during 2015. The Company could also have contributed discretionary non-elective contributions as determined by the Employer in a nondiscriminatory manner. No such contributions were made in 2015. Contributions were subject to certain limitations.

Investment options

Participants directed the investment of their accounts into various investment options offered by the Plan. The Plan offered mutual funds and a stable value collective trust fund as investment options for the participants. In addition, participants could utilize an individual self-directed brokerage option, through which participants were able to invest in a variety of securities including stocks, bonds, mutual funds and government securities in accordance with the plan document.

Participant accounts

Each participant’s account was credited with the participant’s contribution and allocations of the Company’s contributions and plan earnings (losses), and charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and allocations of administrative expenses. Allocations were based on participant earnings or account balances, as defined. The benefit to which a participant was entitled was the benefit that can be provided from the participant’s vested account.

Vesting

Participants were immediately vested in their contributions and the Company’s safe-harbor contribution plus actual earnings thereon. Vesting in the Company’s discretionary non-elective contribution portion of their accounts plus actual earnings thereon was based on years of service. A participant was 100% vested after six years of credited service.

Notes receivable from participants

Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans were secured by the balance in the participant's account and bore interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. During the year ended December 31, 2015, outstanding loans bore interest rates ranging from 3.25% to 6.25%. Principal and interest were paid ratably through payroll deductions.

Payment of benefits

On termination of service, a participant could elect to receive the value of his or her vested account in either a lump sum amount, installments or a partial withdrawal. Hardship distributions were permitted from elective deferral accounts upon demonstration of financial hardship, with limitations as defined in the Plan. In-service distributions were available after the participant reaches age 59 ½.

Forfeitures

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$- and \$18,548, respectively. During 2015, forfeitures of \$13,066 were used to reduce Company contributions.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income from notes receivable from participants is recorded when received. Other interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Payment of benefits

Benefits are recorded upon distribution.

New accounting standards

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent). The ASU removes certain disclosures and the requirement to categorize within the fair value hierarchy investments for which fair value is measured using the net asset value ("NAV") per share practical expedient provided by ASC 820, Fair Value Measurement. The ASU is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. The ASU should be applied retrospectively to all periods presented. Management has elected to adopt this guidance for the year ended December 31, 2015.

Administrative expenses

The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the plan document. Certain administrative functions are performed by employees of the Company. No such employee receives compensation from the Plan. Expenses relating to specific participant transactions (notes receivable and distributions) are charged directly to the participant's account.

Subsequent events

The Plan has evaluated subsequent events through December 21, 2017, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy which prioritizes the inputs used in measuring fair value. These tiers include:

- Level 1:** Observable inputs such as quoted prices in active markets.
- Level 2:** Inputs other than quoted prices in active markets that are either directly or indirectly observable.
- Level 3:** Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2015 and 2014. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds

Mutual funds are publicly traded investments and are valued daily at the closing price reported on the active market on which the funds are traded.

Self-directed brokerage accounts

Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market values.

Stable value collective trust fund

The Plan invests in a stable value collective trust fund for which quoted prices are not available in active markets for identical instruments. The Plan utilizes the net asset value ("NAV") provided by the Trustee as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the stable value collective trust fund, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value collective trust fund is not required to be classified within a level on the fair value hierarchy.

The following tables set forth by level within the fair value hierarchy the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2014.

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 10,163,793	\$ -	\$ -	\$ 10,163,793
Self-directed brokerage accounts	58,911	-	-	58,911
Total assets in the fair value hierarchy	<u>\$ 10,222,704</u>	<u>\$ -</u>	<u>\$ -</u>	10,222,704
Investments measured at NAV (a)				<u>1,497,412</u>
Investments at fair value				<u>\$ 11,720,116</u>

(a) *In accordance with Topic 820, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.*

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2014. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Restrictions	Notice Period
Stable value collective trust fund	\$1,497,412	None	Daily	12 month

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Unaudited Information Certified by Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2015 and for the year then ended that was obtained from data prepared and certified to be complete and accurate by the Plan's trustee.

Investments at fair value	\$ <u> </u> -
Notes receivable from participants	\$ <u> </u> -
Net depreciation in fair value of investments	\$ <u> (508,144)</u>
Interest and dividends	\$ <u> 571,656</u>
Interest income on notes receivable from participants	\$ <u> 9,360</u>

5. Exempt Party-in-Interest Transactions

Fidelity is the trustee as defined by the Plan and, therefore, transactions with the trustee qualify as exempt party-in-interest transactions. Fees paid by the plan for investment management services were included as a reduction of the return earned on each fund. Fees paid to the recordkeeper by the Plan for administrative services were \$6,234 for the year ended December 31, 2015.

6. Plan Merger

The Company adopted a resolution, effective December 31, 2015, to merge the Plan into the Danaher Corporation & Subsidiaries Savings Plan. All Plan assets were transferred to the Danaher Corporation & Subsidiaries Savings Plan at that date.

7. Tax Status

The Plan had not obtained a determination letter from the Internal Revenue Service (the "IRS") stating that the Plan was in compliance with the applicable requirement of the IRC. The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated March 31, 2008 that the volume submitter plan document was designed in accordance with applicable sections of the IRC. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
