NOTE 1 – DESCRIPTION OF PLAN

Paton Engineers and Constructors, Inc. 401(k) Plan (the Plan) is a defined contribution plan adopted by Paton Engineers and Constructors, Inc. (the Company), originally effective on January 1, 2004, to enable eligible employees to save for retirement. The Plan was amended and restated effective January 1, 2016. The Plan is administered by the Company and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The summary of significant provisions of the Plan presented below provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility – All nonexcluded employees of the Company who have completed six consecutive months of service are eligible to participate in the Plan. The Plan's entry date is the first day of the calendar month coincident with or next following the date an employee satisfies the eligibility requirements.

Contributions – Participants may elect to defer up to 100% of their eligible compensation into the Plan on a pre-tax or after-tax basis, not to exceed the dollar limit set by law. Participants who are age 50 or over may also defer an additional amount, called a catch-up contribution. Participants may elect to start, increase or reduce elections to contribute to the Plan effective as of the first day of the Plan year and the first date of the seventh month of the Plan year. Participants may suspend their elections at any time.

Participants can rollover part or all of an eligible rollover distribution they receive from an eligible retirement plan into this Plan.

The Company may make a matching contribution to the Plan on behalf of each eligible participant in an amount equal to a percentage of the eligible contributions made by each eligible participant during the contribution period. For 2016, the Company made matching contributions equal to 50% of each participant's pre-tax contributions, up to 5% of eligible compensation.

The Company may also make a profit sharing contribution to the Plan on behalf of eligible participants in an allocated amount. Participants are eligible to receive profit sharing contributions to the Plan if they are employed by the Company on the last day of the Plan year. For 2016, the Company did not make a profit sharing contribution.

Participant Accounts – Each participant's account is credited with the participant's contributions, employer contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Participants are responsible for their investment decisions under the Plan and any resulting investment activity. The Plan currently offers various pooled separate accounts as investment options for participants. The value of participant accounts is updated each business day to reflect any contributions, exchanges between investment options, investment earnings or losses for each investment option and withdrawals.

Vesting – Participants are always 100% vested in their deferral contributions, including catch-up contributions and rollover contributions, plus any earnings thereon. Vesting in employer matching contributions and profit sharing contributions is based on years of vesting service. Participants will become 100% vested in their employer matching contributions after four years of service.

Notes Receivable From Participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum amount equal to the lesser of one-half of their vested account balance or $50,000, reduced by the highest outstanding loan balance in their account during the prior twelve-month period. Loans are secured by the balance in a participant's account. All loans bear a reasonable rate of interest. Principal and interest is paid ratably through after-tax payroll deductions on at least a quarterly basis over a five-year period unless it is for the purchase of a participant's principal residence in which case the loan repayment period may not exceed beyond 15 years from the date of the loan. Participants may only have one loan outstanding at any given time.

Payment of Benefits – Participants may receive a distribution if they request one due to their disability, retirement, or termination of employment from the Company. If a participant's vested account balance does not exceed $1,000, the participant's account balance will be distributed in a lump sum. If a participant's vested account balance exceeds $1,000 but is less than $5,000, participants may either elect to receive the distribution in cash or to roll over the distribution to an IRA or other qualified plan of a new employer. If a participant's vested account balance exceeds $5,000, the participant must consent to any distribution.

Participants who have attained age 59½ may receive an in-service distribution from their vested accounts. Hardship distributions may also be made to satisfy certain immediate and heavy financial needs that a participant may have.

Forfeited Accounts – If a participant terminates employment before being fully vested, they will forfeit the nonvested portion of their account balance when they receive a distribution. Forfeitures may be used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. At December 31, 2016 and 2015, the forfeited nonvested account totaled $12,937 and $3,783, respectively.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Company to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See *Note 3* for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Payment of Benefits – Benefits are recorded when paid.

Administration Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Recent Accounting Pronouncements – In July 2015, the FASB issued ASU 2015-12, *Plan Accounting*. This three-part ASU simplifies current benefit plan accounting and, among other things, calls for plans to (i) disaggregate their investments measured using fair value by general type; (ii) present the net appreciation or depreciation in investments for the period to be presented in the aggregate rather than by general type; and (iii) removes certain disclosure requirements relevant to individual investments that represent 5% or more of net assets available for benefits. The standard is effective retrospectively for fiscal years beginning after December 15, 2015. The Company has adopted the guidance applicable for the year ended December 31, 2016, and applied the changes retrospectively to the Plan year ended December 31, 2015.

Subsequent Events – The Plan has evaluated subsequent events through January 24, 2018, the date the financial statements were available to be issued (*see Note 11)*.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- **Level 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- **Level 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- **Level 3** – Inputs in the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled Separate Accounts – Fair value is calculated as the number of units of the sub-account held on a particular date multiplied by the unit value on that date, and generally is the value that would be paid out for participant-initiated or benefit withdrawals.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2016			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	**$ -**	**$ 6,964,910**	**$ -**	**$ 6,964,910**
Investments at fair value	**$ -**	**$ 6,964,910**	**$ -**	**$ 6,964,910**

	2015			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 6,384,732	$ -	$ 6,384,732
Investments at fair value	$ -	$ 6,384,732	$ -	$ 6,384,732

NOTE 4 – INFORMATION CERTIFIED BY CUSTODIAN

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor (DOL)'s Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company (U.S.A.), the custodian of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statement of net assets available for benefits as of December 31, 2016, the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2016, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2016. Accordingly, as permitted under such election, the Company instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the custodian, except for comparing such information certified by the custodian with information included in the Plan's financial statements and supplemental schedule.

NOTE 5 – RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by the custodian. These transactions qualify as party in interest transactions. Such transactions are permitted under the provisions of the Plan and are exempt from the prohibited transactions rules under ERISA.

NOTE 6 – PLAN TERMINATION

Although the Company intends to maintain the Plan indefinitely, the Company may amend or terminate the Plan at any time in its sole discretion. If any of these actions are taken, the participants will be notified. However, no such action may permit any part of Plan assets to be used for any purpose other than the exclusive benefit of participants and beneficiaries or cause any reduction in participant vested account balances as of the date of the amendment or termination. If the Plan is terminated, all amounts credited to participant's accounts will become 100% vested.

NOTE 7 – TAX STATUS

The Company adopted a volume submitter profit sharing plan with CODA sponsored by Alliance Benefit Group of Houston Inc. The plan obtained its latest opinion letter on September 30, 2014, in which the Internal Revenue Service (IRS) stated that the plan, as then designed, was acceptable under section 401 of the Internal Revenue Code (IRC) for use by employers for the benefit of their employees. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires the Company to evaluate the tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – PROHIBITED TRANSACTIONS

During 2016, the Company failed to remit to the custodian certain participants' contributions and loan repayments totaling $30,795 within the timeframe called for within the DOL's regulations. Delays in remitting participants' contributions and loan repayments were due to unintentional administrative errors. As of December 31, 2016, the Company had remitted to the Plan such delinquent participants' contributions. The Company is currently working to determine related lost earnings, if any, and remit them to the Plan.

NOTE 10 – SUBSEQUENT EVENTS

Effective May 30, 2017, the Plan was amended to change certain provisions for distribution cash-outs, in-service withdrawals, and participant loan refinancing.
