1. Description of the Plan

The following description of the San Jose Sharks 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan covering all of the employees of San Jose Sharks, LLC, San Jose Arena Management, LLC, Sharks Sports & Entertainment LLC, and Sharks Minor Holdings LLC (collectively, the "Plan Sponsor"), except individuals who are non-resident aliens, "Code Section 410(b)(6)(C) transaction" employees, and collectively bargained employees other than employees who are member of the Service Employees International Union (SEIU), Local 1877 and UNITE Here Local 19, AFL-CIO. Employees of the Plan Sponsor are eligible to participate in the Plan when they have attained age 21 and have completed one year of service. Participants may begin deferring a portion of their compensation into the Plan on January 1, April 1, July 1, or October 1 following eligibility.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and section 401(a) of the Internal Revenue Code. The Board of Trustees is responsible for oversight of the Plan. The Administrative Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Board of Trustees.

Contributions to the Plan

Participants may contribute up to 100% of their eligible annual salary on a pre-tax or Roth deferral basis to the Plan subject to certain anti-discrimination restrictions and to an annual limitation of $18,000 for 2016 ($24,000 for those participants age 50 and over).

The Plan includes an auto-enrollment provision whereby all eligible employees are automatically enrolled in the Plan unless they have either made an election to participate in the Plan or made an affirmative election not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation, with an automatic annual increase of 1 percent, and their contributions invested in a target retirement fund until changed by the participant. The increase must not result in an automatic deferral percentage in excess of 10 percent. Eligible employees may elect to withdraw the deferrals that were automatically made on their behalf within 90 days of the date of their first contribution.

The Plan Sponsor has adopted the QACA safe harbor matching provision whereby eligible non-highly compensated employees receive 100% of the first 1% of deferrals plus 50% of the next 5% of deferrals.

The Plan Sponsor is permitted to make profit sharing contributions. To be eligible for such contributions, a participant must complete a year of service and be employed on the last day of the Plan year. For 2016, the Plan Sponsor elected to forego profit sharing contributions.

Participant Accounts

All of the Plan's assets are invested, as directed by the participant, as pooled funds, as selected by the Board of Trustees. A participant's account balance in the Plan is derived through an allocation of these funds. Each participant's account is credited with the participant's contribution, Plan Sponsor matching contributions, and an allocation of investment earnings and losses pursuant to the participant's selection of investments and timing of purchase. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan.

Vesting and Forfeitures

Participants are immediately vested in their contributions and related earnings thereon at all times. Participants vest in Plan Sponsor profit sharing contributions over three years, 33% for the first year of

service, 67% for the second year and 100% for the third year. Participants vest in QACA safe harbor matching contributions over two years, 0% for less than two years of service and 100% for two or more years of service. Participants are vested 100% in the event of obtaining normal retirement age (age 65), death or disability. Forfeitures may be used to pay Plan expenses or to reduce any employer contribution. At December 31, 2016 and 2015, forfeitures available to offset future expenses and Plan Sponsor contributions were $1,513 and $141, respectively. During the year ended December 31, 2016, no forfeitures were used to pay Plan expense or to reduce Plan Sponsor contributions.

Payments of Benefits

The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, financial hardship, death, or termination of employment. In-service distributions are also available, providing the participant is at least age 59½. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum payment, substantially equal installments or partial withdrawals. Participants who separate from service and have vested account balances of $5,000 or less and do not process their own distribution may receive a lump sum cash payment if the entire vested account balance is $1,000 or less. If the value of the vested account balance is greater than $1,000 but equal to or less than $5,000 the participant must consent to distribution and is entitled to a lump sum payment only. Retired participants must begin receiving distributions from the Plan no later than April 1 of the year following the year in which the participant attains age 70½.

Notes Receivable from Participants

The Plan permits participants to receive a loan based upon their vested account balance. Borrowings are limited to the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan amount is $1,000. A participant may have 2 loans outstanding at a time Loans bear an interest rate determined by the plan administrator based on the prevailing rates charged by persons in the business of lending money. Loans generally must be repaid within five years, longer for qualified residential loans. Loans are segregated investments and to the extent a participant borrows, his or her account will not share in the earnings and gains in value attributable to other investments. Accordingly, the interest a participant pays on their loan will be directly credited to their account. The loans are secured by the balance in the participant's account and in the event of default, the unpaid loan principal will be offset against the participant's vested account balance.

Plan Amendments

Effective January 1, 2016, the Plan was restated to comply with recent legislative and regulatory changes, including:

- Changing the maximum deferral amount for participants automatically enrolled.
- Allowing more forms of distributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and in accordance with ERISA. Contributions from participants are recorded when withheld from the participant. Plan Sponsor contributions are recorded when approved by the Plan Sponsor. Benefit payments are recorded when paid.

Recent Accounting Pronouncement

In July 2015, the Financial Accounting Standards Board issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan*

Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management elected to adopt Part II in last year's financials. Parts I and II are to be applied retrospectively.

Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value as determined by the plan custodian (see Note 3). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from the participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events
The Plan has evaluated subsequent events through January 17, 2018, the date the financial statements were available to be issued.

3. Certification of Assets

Transamerica Life Insurance Company ("Transamerica") serves as the custodian of the Plan's assets. In that capacity, Transamerica holds the Plan's investment assets and executes investment transactions. The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). As permitted under such election, the plan administrator has obtained certifications from Transamerica as of December 31, 2016 and 2015, and for the year ended December 31, 2016, that all investment information supplied to the Plan is complete and accurate. Certain

information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2016 and 2015, and interest, dividends and net appreciation (depreciation) in fair value of investments for the year ended December 31, 2016, was obtained or derived from the certified information.

4. Fair Value Measurements

Assets at Fair Value as of December 31, 2016:

	Level 1	Total
Pooled Separate Accounts	$ 19,393,022	$ 19,393,022
Investments measured at net asset value	-	1,074,488
Investments at fair value	$ 19,393,022	$ 20,467,510

Assets at Fair Value as of December 31, 2015:

	Level 1	Total
Pooled Separate Accounts	$ 18,067,311	$ 18,067,311
Investments measured at net asset value	-	558,481
Investments at fair value	$ 18,067,311	$ 18,625,792

The framework for measuring fair value provides a fair value hierarchy that prioritizes inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements.) The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1
Inputs to the valuation methodology are unadjusted quoted prices for identical assets and or liabilities in active markets that the Plan has the ability to access.

Level 2
Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 inputs must be observable for substantially the full term of the asset or liability.

Level 3
Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level with the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts: Valued at the quoted net asset value of shares of the underlying investments held by the Plan at year-end.

Stable Value Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts is valued at the net asset value (contract value) as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidation will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The Plan Sponsor has adopted the Transamerica Volume Submitter plan. The submitter plan received a favorable opinion letter from the Internal Revenue Service dated March 31, 2014, stating that it is designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since the opinion letter, the Plan Sponsor and administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, the Plan Sponsor and administrator believe that the Plan is qualified and its related trust is exempt from tax.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor or Internal Revenue Service. Management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, all partially vested amount balance would become 100% vested.

7. Related Party Transactions

Transamerica Life Insurance Company currently serves as the custodian of the Plan's assets. Accordingly, all investment managed by Transamerica Life Insurance Company and related entities qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

Transamerica Life Insurance Company provides certain administrative services to the Plan pursuant to an agreement between the Company and Transamerica. Transamerica receives revenue from mutual funds and collective trust fund service providers for services Transamerica provides to the funds. This revenue is used to offset certain amounts owed to Transamerica for its administrative services to the Plan.

The Plan or Plan Sponsor may make payments to Transamerica for administrative expenses not covered by revenue sharing. As described in Note 2, the Plan made payments totaling $3,719 to the third party administrator, which were not covered by revenue sharing.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these securities and the level of uncertainty related to changes in the value, it is at least reasonably possible that changes in the various risk factors will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

9. Reconciliation of Financial Statements to Form 5500

See the Schedule of Delinquent Participant Contributions. The Plan sponsor will compensate participants for any lost earnings resulting from the delay in contributions. These contributions are considered nonexempt party-in-interest transaction subject to an excise tax that the company intends to pay.

11. Subsequent Events

Effective January 1, 2017, the Plan was amended to:

- Add 2 new trustees.
- Stop the automatic enrollment provision.
