Report on the Financial Statements

We were engaged to audit the accompanying financial statements of CSAT Solutions LP 401(k) Plan (the Plan) which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 4, which was certified or provided by Newport Trust Company (previously known as Verisight Trust Company), the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2016, and for the year then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter – 2015 Financial Statements
The financial statements of the Plan as of December 31, 2015, were audited by other auditors whose report, dated October 4, 2016, did not express an opinion on the 2015 financial statements for the same reason described in the Basis for Disclaimer of Opinion paragraph. Their report also indicated the form and content of the information included in the 2015 financial statements, other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplemental Schedule
The supplemental Schedule H, Part IV Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan

The following description of the CSAT Solutions LP 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan was established on August 14, 1995 by Peripheral Computer Support, Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan is a defined contribution plan available to all employees upon joining the Company, who are 21 years of age or older and who are not nonresident aliens, leased employees, independent contractors or employees of an independent contractor or members of a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and certain provisions of the Internal Revenue Code (IRC). The Plan's Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Effective 2016, the Plan was amended to change its name from PCS 401(k) Plan to CSAT Solutions LP 401(k) Plan. Also, in 2016, the Company changed its name and Employer Identification Number (EIN) from Peripheral Computer Support, Inc. (EIN 77-0152971) to CSAT Solutions LP (EIN 13-4189492). The Plan was amended on January 1, 2016 to institute a safe harbor match.

Administration of the Plan: The trustee for the Plan's participant-directed assets is Newport Trust Company (Newport Company or Trustee) (previously known as Verisight Trust Company) and the record-keeper for the Plan is Newport Group, Inc.

Contributions: Participants may elect to defer and contribute to the Plan up to 100 percent of their eligible compensation, subject to a limitation imposed by the IRC. Rollover contributions may also be accepted by the Plan on behalf of participants from other plans qualified under Section 401(a) of the IRC, provided that such rollover contributions are approved by the Plan Administrator. Participant salary deferral contributions can be made either on a pre-tax basis or as Roth elective deferrals on an after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make additional tax deferred catch-up contributions of up to $6,000 for 2016. The amount of a participant's annual compensation which may be taken into account for purposes of determining the amount of the employer match or for any other purpose under the Plan shall not exceed the amount permitted annually by IRS limits, which was $265,000 for 2016. All employees are automatically enrolled in the Plan upon employment with the Company. Participants that are enrolled under this feature will contribute 6 percent of their eligible compensation to the Plan unless the participant elects a different percentage or opts not to participate in the Plan. The Plan Sponsor may make discretionary contributions as determined annually, and provides safe harbor matching contributions equal to 100 percent of the amount participants contribute to the Plan for the Plan year up to the first 3 percent of compensation plus 50 percent of the amount participants contribute between 3 percent and 5 percent of compensation. Employer matching contributions totaled $381,081 for the year ended December 31, 2016. For the year ended December 31, 2016, $318,260 was contributed related to the safe harbor match and $62,821 was contributed to leased employees.

Participant accounts: Accounts are separately maintained for each participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan investment earnings or losses and (c) administrative expenses. Allocations are based on participant contributions, earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided form the participant's vested accounts.

Note 1. Description of the Plan (Continued)

Vesting: Participants are immediately vested in their voluntary contributions, rollover contributions and safe harbor match contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary matching contributions plus actual earnings or losses thereon is based on years of continuous service. The vesting schedule as follows:

Year of Service	Vesting Percentage
Less than 1 year	-
1 year	33%
2 years	66%
3 years	100%

Investment options: Upon enrollment in the Plan, participants may direct the investment of their account balance into various mutual funds available through the Newport Group (previously known as Verisight Trust Company).

Notes receivable from participants: Participants are allowed to borrow from their participant-directed accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50 percent of their vested account balance. Participants will only be allowed to have one outstanding loan at any time. The loan is secured by the vested balance in the participant's account and bears fixed interest at the available market financing rates for similar loans from commercial lending institutions at the date of loan. Principal and interest are paid ratably through semi-monthly payroll deductions and any outstanding loan will become due and payable upon termination of employment. The loan term must not be longer than five years, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period may be longer. All interest paid to the Plan with respect to a note is credited to the borrower's account balance. Principal and interest are paid ratably through payroll deductions. Interest rates on notes outstanding at December 31, 2016 range from 5.25 percent to 5.50 percent. The notes receivable outstanding at December 31, 2016 are due through August 2022.

Payment of benefits: Participants are eligible to receive distributions from the Plan upon reaching normal retirement age, termination of service, or death. Normal retirement age is 65. A participant may be eligible to receive an in-service distribution upon attainment of age 59 ½. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances as defined in the Plan Agreement. A participant's deferrals are suspended for six months after each hardship withdrawal. Distributions to the participant or beneficiary are made in the form of a lump-sum distribution or a direct rollover distribution of the participant's vested interest in his or her account. Terminated participants with account balances of $5,000 or greater may delay receipt of distribution. If a terminated participant's account is $1,000 or less, the balance will be distributed to the participant in a lump sum. Account balances between $1,000 and $5,000 will be directly rolled over into an individual retirement account (IRA) if no instructions are received from the participant. Mandatory distributions are required to begin no later than April 1st following the later of the end of the year a participant retires, or reaches age 70 ½.

Forfeitures: The nonvested portion of a terminated participant's account balance is forfeited. Forfeited accounts may be used to pay administrative expenses and fund future employer contributions. As of December 31, 2016 and 2015, forfeited nonvested accounts amounted to $21,621 and $19,065, respectively. During the year ended December 31, 2016, $7,495 of forfeitures were added to the Plan, $5 was earned from dividends and other income received, and $4,944 of forfeitures were used to pay Plan expenses.

Note 1. Description of the Plan (Continued)

Administrative expenses: Fees and expenses incurred in the administration of the Plan, to the extent not paid by the Plan Sponsor, are charged to and paid from the Plan's assets. Fees and expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants, and other participant directed expenses are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Plan Sponsor. However, such employees and officers receive no compensation from the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on an accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), as codified by the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits, and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of shares are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent participant notes are recorded as distributions based upon the terms of the Plan document.

Excess contributions refundable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. As of December 31, 2016 and 2015, excess contributions amounted to $0 and $26,938, respectively.

Payment of benefits: Benefits are recorded as a reduction to net assets available for benefits when paid.

Subsequent events: The Plan Administrator has evaluated all events and transactions through January 22, 2018, the date these financial statements were available for issuance.

On October 10, 2017, the Plan was amended effective January 1, 2016 to include the number of leased employees to satisfy coverage requirements in accordance with IRC Section 410(b). In October 2017, the Plan signed an agreement to transition its trustee from Newport Trust Company to Great-West Trust Company, LLC and its record keeper from Newport Group, Inc. to Empower Retirement, effective December 27, 2017. The Plan also transitioned its third party administrator from Newport Group, Inc. to California Retirement Plans, Inc. The transition blackout period was from December 12, 2017 to January 17, 2018.

Note 2. Summary of Significant Accounting Policies (Continued)

Effective January 1, 2018, the Plan was further amended from a safe harbor plan to a discretionary plan. A contribution limit was implemented for highly compensated employee contributions.

Note 3. Fair Value Measurements

The Plan follows ASC 820, Fair Value Measurements and Disclosures, for its financial assets and liabilities carried at fair value on a recurring basis in the financial statements.

The Plan utilizes market data or assumptions that market participants who are independent, knowledgeable and willing and able to transact would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable. The Plan attempts to utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan is able to classify fair value balances based on the observability of those inputs. This guidance establishes a formal fair value hierarchy based on the inputs used to measure fair value. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements, and accordingly, Level 1 measurements should be used whenever possible.

The three levels of the fair value hierarchy as defined by ASC 820 are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

All of the investments held by the Plan at December 31, 2016 and 2015 are mutual funds which are classified as Level 1 investments within the fair value hierarchy.

Note 3. Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

Changes in fair value: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016, there were no transfers in or out of Level 1.

Note 4. Information Certified or Provided by Newport Trust Company (Previously Known as Verisight Trust Company) (Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2016	2015
Investments, at fair value:		
Mutual funds	$ 4,593,512	$ 4,213,518
Total investments at fair value	$ 4,593,512	$ 4,213,518
Notes receivable from participants	$ 29,806	$ 48,633

The trustee also certified to the completeness and accuracy of $202,865 of net appreciation in the fair value of mutual funds, $84,798 of interest and dividends, and $1,626 of interest on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2016.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA. In the event of Plan termination, the net assets would be allocated among participants and beneficiaries of the Plan in the order provided for by ERISA and participants would become fully vested.

Note 6. Party-In-Interest

Newport Trust Company (previously known as Verisight Trust Company) is the Plan's trustee, therefore, certain transactions qualify as party-in-interest transactions. The Plan's management has approved these activities and transactions. Fees paid by the Plan to the trustee for the daily operational services of the Plan were $21,008 for the year ended December 31, 2016. Notes receivable from participants also qualify as party-in-interest transactions.

Note 7. Income Tax Status

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. A favorable opinion letter from the Internal Revenue Service was received on March 31, 2014 regarding the qualified status of the volume submitter profit sharing plan on which terms of the Plan were based. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

Note 8. Risks and Uncertainties

The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2016:

Net assets available for benefits per the financial statements	$	4,710,498
Contributions receivable from Employer		(87,180)
Net assets available for plan benefits per the Form 5500	$	4,623,318

The following is a reconciliation of the decrease in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2016:

Net increase in net assets available for benefits per the financial statements	$	475,285
Contributions receivable from Employer		(87,180)
Net decrease in net assets available for benefits per the Form 5500	$	388,105

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of CSAT Solutions LP 401(k) Plan (the Plan) which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to information summarized in Note 4, which was certified or provided by Newport Trust Company (previously known as Verisight Trust Company), the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2016, and for the year then ended, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent audit, tax, and consulting firms. Visit rsmus.com/aboutus for more information regarding RSM US LLP and RSM International.

Other Matter – 2015 Financial Statements
The financial statements of the Plan as of December 31, 2015, were audited by other auditors whose report, dated October 4, 2016, did not express an opinion on the 2015 financial statements for the same reason described in the Basis for Disclaimer of Opinion paragraph. Their report also indicated the form and content of the information included in the 2015 financial statements, other than that derived from the information certified by the trustee, was presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter – Supplemental Schedule
The supplemental Schedule H, Part IV Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations
The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan

The following description of the CSAT Solutions LP 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan was established on August 14, 1995 by Peripheral Computer Support, Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document. The Plan is a defined contribution plan available to all employees upon joining the Company, who are 21 years of age or older and who are not nonresident aliens, leased employees, independent contractors or employees of an independent contractor or members of a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and certain provisions of the Internal Revenue Code (IRC). The Plan's Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Effective 2016, the Plan was amended to change its name from PCS 401(k) Plan to CSAT Solutions LP 401(k) Plan. Also, in 2016, the Company changed its name and Employer Identification Number (EIN) from Peripheral Computer Support, Inc. (EIN 77-0152971) to CSAT Solutions LP (EIN 13-4189492). The Plan was amended on January 1, 2016 to institute a safe harbor match.

Administration of the Plan: The trustee for the Plan's participant-directed assets is Newport Trust Company (Newport Company or Trustee) (previously known as Verisight Trust Company) and the record-keeper for the Plan is Newport Group, Inc.

Contributions: Participants may elect to defer and contribute to the Plan up to 100 percent of their eligible compensation, subject to a limitation imposed by the IRC. Rollover contributions may also be accepted by the Plan on behalf of participants from other plans qualified under Section 401(a) of the IRC, provided that such rollover contributions are approved by the Plan Administrator. Participant salary deferral contributions can be made either on a pre-tax basis or as Roth elective deferrals on an after-tax basis. Participants who have attained age 50 before the end of the Plan year are eligible to make additional tax deferred catch-up contributions of up to $6,000 for 2016. The amount of a participant's annual compensation which may be taken into account for purposes of determining the amount of the employer match or for any other purpose under the Plan shall not exceed the amount permitted annually by IRS limits, which was $265,000 for 2016. All employees are automatically enrolled in the Plan upon employment with the Company. Participants that are enrolled under this feature will contribute 6 percent of their eligible compensation to the Plan unless the participant elects a different percentage or opts not to participate in the Plan. The Plan Sponsor may make discretionary contributions as determined annually, and provides safe harbor matching contributions equal to 100 percent of the amount participants contribute to the Plan for the Plan year up to the first 3 percent of compensation plus 50 percent of the amount participants contribute between 3 percent and 5 percent of compensation. Employer matching contributions totaled $381,081 for the year ended December 31, 2016. For the year ended December 31, 2016, $318,260 was contributed related to the safe harbor match and $62,821 was contributed to leased employees.

Participant accounts: Accounts are separately maintained for each participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan investment earnings or losses and (c) administrative expenses. Allocations are based on participant contributions, earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided form the participant's vested accounts.

Note 1. Description of the Plan (Continued)

Vesting: Participants are immediately vested in their voluntary contributions, rollover contributions and safe harbor match contributions plus actual earnings or losses thereon. Vesting in the Company's discretionary matching contributions plus actual earnings or losses thereon is based on years of continuous service. The vesting schedule as follows:

Year of Service	Vesting Percentage
Less than 1 year	-
1 year	33%
2 years	66%
3 years	100%

Investment options: Upon enrollment in the Plan, participants may direct the investment of their account balance into various mutual funds available through the Newport Group (previously known as Verisight Trust Company).

Notes receivable from participants: Participants are allowed to borrow from their participant-directed accounts a minimum of $1,000 up to a maximum amount equal to the lesser of $50,000 or 50 percent of their vested account balance. Participants will only be allowed to have one outstanding loan at any time. The loan is secured by the vested balance in the participant's account and bears fixed interest at the available market financing rates for similar loans from commercial lending institutions at the date of loan. Principal and interest are paid ratably through semi-monthly payroll deductions and any outstanding loan will become due and payable upon termination of employment. The loan term must not be longer than five years, unless the loan is used for the purchase of a principal residence in which case the maximum repayment period may be longer. All interest paid to the Plan with respect to a note is credited to the borrower's account balance. Principal and interest are paid ratably through payroll deductions. Interest rates on notes outstanding at December 31, 2016 range from 5.25 percent to 5.50 percent. The notes receivable outstanding at December 31, 2016 are due through August 2022.

Payment of benefits: Participants are eligible to receive distributions from the Plan upon reaching normal retirement age, termination of service, or death. Normal retirement age is 65. A participant may be eligible to receive an in-service distribution upon attainment of age 59 ½. A participant may also be eligible for a withdrawal due to financial hardship in certain circumstances as defined in the Plan Agreement. A participant's deferrals are suspended for six months after each hardship withdrawal. Distributions to the participant or beneficiary are made in the form of a lump-sum distribution or a direct rollover distribution of the participant's vested interest in his or her account. Terminated participants with account balances of $5,000 or greater may delay receipt of distribution. If a terminated participant's account is $1,000 or less, the balance will be distributed to the participant in a lump sum. Account balances between $1,000 and $5,000 will be directly rolled over into an individual retirement account (IRA) if no instructions are received from the participant. Mandatory distributions are required to begin no later than April 1st following the later of the end of the year a participant retires, or reaches age 70 ½.

Forfeitures: The nonvested portion of a terminated participant's account balance is forfeited. Forfeited accounts may be used to pay administrative expenses and fund future employer contributions. As of December 31, 2016 and 2015, forfeited nonvested accounts amounted to $21,621 and $19,065, respectively. During the year ended December 31, 2016, $7,495 of forfeitures were added to the Plan, $5 was earned from dividends and other income received, and $4,944 of forfeitures were used to pay Plan expenses.

Note 1. Description of the Plan (Continued)

Administrative expenses: Fees and expenses incurred in the administration of the Plan, to the extent not paid by the Plan Sponsor, are charged to and paid from the Plan's assets. Fees and expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants, and other participant directed expenses are charged directly to the participant's account and are included in expenses of the Plan. Investment related expenses are included in net appreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Plan Sponsor. However, such employees and officers receive no compensation from the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on an accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), as codified by the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of net assets available for benefits, and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition: The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales of shares are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net appreciation in fair value includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015. Delinquent participant notes are recorded as distributions based upon the terms of the Plan document.

Excess contributions refundable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. As of December 31, 2016 and 2015, excess contributions amounted to $0 and $26,938, respectively.

Payment of benefits: Benefits are recorded as a reduction to net assets available for benefits when paid.

Subsequent events: The Plan Administrator has evaluated all events and transactions through January 22, 2018, the date these financial statements were available for issuance.

On October 10, 2017, the Plan was amended effective January 1, 2016 to include the number of leased employees to satisfy coverage requirements in accordance with IRC Section 410(b). In October 2017, the Plan signed an agreement to transition its trustee from Newport Trust Company to Great-West Trust Company, LLC and its record keeper from Newport Group, Inc. to Empower Retirement, effective December 27, 2017. The Plan also transitioned its third party administrator from Newport Group, Inc. to California Retirement Plans, Inc. The transition blackout period was from December 12, 2017 to January 17, 2018.

Note 2. Summary of Significant Accounting Policies (Continued)

Effective January 1, 2018, the Plan was further amended from a safe harbor plan to a discretionary plan. A contribution limit was implemented for highly compensated employee contributions.

Note 3. Fair Value Measurements

The Plan follows ASC 820, Fair Value Measurements and Disclosures, for its financial assets and liabilities carried at fair value on a recurring basis in the financial statements.

The Plan utilizes market data or assumptions that market participants who are independent, knowledgeable and willing and able to transact would use in pricing the asset or liability, including assumptions about risk and the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated or generally unobservable. The Plan attempts to utilize valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. The Plan is able to classify fair value balances based on the observability of those inputs. This guidance establishes a formal fair value hierarchy based on the inputs used to measure fair value. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements, and accordingly, Level 1 measurements should be used whenever possible.

The three levels of the fair value hierarchy as defined by ASC 820 are as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

All of the investments held by the Plan at December 31, 2016 and 2015 are mutual funds which are classified as Level 1 investments within the fair value hierarchy.

Note 3. Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

Changes in fair value: To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016, there were no transfers in or out of Level 1.

Note 4. Information Certified or Provided by Newport Trust Company (Previously Known as Verisight Trust Company) (Trustee)

The following is a summary of the Plan's asset and income information as of December 31, 2016 and 2015, and for the year ended December 31, 2016, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets:

	2016	2015
Investments, at fair value:		
Mutual funds	$ 4,593,512	$ 4,213,518
Total investments at fair value	$ 4,593,512	$ 4,213,518
Notes receivable from participants	$ 29,806	$ 48,633

The trustee also certified to the completeness and accuracy of $202,865 of net appreciation in the fair value of mutual funds, $84,798 of interest and dividends, and $1,626 of interest on notes receivable from participants related to the aforementioned assets for the year ended December 31, 2016.

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions set forth in ERISA. In the event of Plan termination, the net assets would be allocated among participants and beneficiaries of the Plan in the order provided for by ERISA and participants would become fully vested.

Note 6. Party-In-Interest

Newport Trust Company (previously known as Verisight Trust Company) is the Plan's trustee, therefore, certain transactions qualify as party-in-interest transactions. The Plan's management has approved these activities and transactions. Fees paid by the Plan to the trustee for the daily operational services of the Plan were $21,008 for the year ended December 31, 2016. Notes receivable from participants also qualify as party-in-interest transactions.

Note 7. Income Tax Status

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. A favorable opinion letter from the Internal Revenue Service was received on March 31, 2014 regarding the qualified status of the volume submitter profit sharing plan on which terms of the Plan were based. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in process.

Note 8. Risks and Uncertainties

The Plan provides for various investment options in a variety of investment securities. Investment securities are exposed to various risks, such as interest rate risk, financial market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2016:

Net assets available for benefits per the financial statements	$	4,710,498
Contributions receivable from Employer		(87,180)
Net assets available for plan benefits per the Form 5500	$	4,623,318

The following is a reconciliation of the decrease in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2016:

Net increase in net assets available for benefits per the financial statements	$	475,285
Contributions receivable from Employer		(87,180)
Net decrease in net assets available for benefits per the Form 5500	$	388,105
