REPORT

INDEPENDENT AUDITORS' REPORT

To the Retirement Committee of
Mondi Retirement Savings Plan USA

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Mondri Retirement Savings Plan USA (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2016, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting our audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of December 31, 2016, and for the year then ended, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion on the 2016 financial statements. Accordingly, we do not express an opinion on the 2016 financial statements.

Other Matter – Supplemental Schedule

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2016, is required by the DOL's Rules and Regulations for Reporting and Disclosures under ERISA and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on this supplemental schedule.

Other Matter – 2015 Financial Statements

The financial statements as of December 31, 2015 were audited by a predecessor auditor. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by Fidelity Management Trust Company, the trustee of the Plan. Their report, dated October 17, 2016, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the ERISA.

Mondi Retirement Savings Plan USA

Notes to Financial Statements

NOTE 1: PLAN DESCRIPTION

The following description of the Mondi Retirement Savings Plan USA (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

Mondi Bags USA, LLC (the “Company”) established the Plan effective as of December 15, 2014 as a result of acquiring Graphic Packaging International, Inc.’s multi-wall bag business on June 30, 2014. On December 15, 2014, the Company transferred assets of \$48,042,348 from the GPI Savings Plan and GPI Hourly Savings Plan (For Represented Employees) into the Plan for participants affected by the acquisition. Effective January 1, 2015, the Plan was amended to allow Mondi Akrosil, LLC, Mondi Jackson, Inc., Mondi USA, Inc. and Tekkote Corporation (collectively “Related Employers”) to be participating employers in the Plan. As a result, in early 2015 the Company transferred assets of \$43,158,145 into the Plan from qualified plans previously sponsored by the Related Employers.

The Plan covers substantially all employees of the Company and the Related Employers, except for employees covered by a collective bargaining agreement that does not allow for participation in the Plan. Employees are immediately eligible to participate in the Plan, except for employees covered under USW Local Union Nos. 13-935 and 936 which must have 3 months of service to participate in the Plan and are subject to quarterly entry dates. Unless specified otherwise by collective bargaining agreements, employees that have not enrolled in or opted out of the Plan within 30 days of becoming eligible will be automatically enrolled at a 3% contribution rate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Each year, participants may contribute up to 75% of their eligible compensation in pre-tax, Roth after-tax or a combination of both contributions to the Plan, not to exceed certain Internal Revenue Code (“IRC”) limits. Any participant who is age 50 by the end of the Plan year may contribute additional “catch-up” contributions. Participants may make Roth after-tax contributions and Roth after-tax “catch-up” contributions to the Plan in lieu of all or a portion of the pre-tax contributions the participant could otherwise contribute to the Plan. However, Roth after-tax contributions and Roth after-tax “catch-up” contributions are included in the participant’s gross income at the time of deferral and subject to income tax. Participants may also contribute in the form of a direct rollover, amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes a safe harbor matching contribution in the amount of 100% of the participant’s contribution up to 3% of eligible compensation and 50% of the next 2% of eligible compensation. The Company’s matching contributions may vary for participants covered by certain collective bargaining agreements and the matching contributions will depend on the provisions of those agreements.

NOTE 1: PLAN DESCRIPTION (CONTINUED)

Contributions (continued)

The Company also makes a supplemental company contribution to certain participants not covered by a collective bargaining agreement who have 1 year of service and are employed on the last day of the plan year. For the years ended December 31, 2016 **and 2015**, the Company made a supplemental company contribution equal to 3% of the participant's eligible compensation, totaling \$688,158 and \$862,734, respectively.

The Company also makes an automatic company contribution to certain participants covered by collective bargaining agreements based on years of service and the participant's eligible compensation. For the years ended December 31, 2016 **and 2015**, the Company made an automatic company contribution totaling \$689,100 and \$886,264, respectively.

The Company may make pension replacement contributions to the Plan to compensate certain participants who are covered by certain collective bargaining agreements and who are no longer covered under a pension plan as a result of the Company's acquisitions or plan mergers. The pension replacement contribution is intended to be a one-time Company contribution occurring as benefits under the collective bargaining agreements are renegotiated. There were no pension replacement contributions in 2016.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and Plan earnings or losses. Participant accounts are charged with withdrawals and investment fees which are netted against the revenue allocated to them and certain loan and distribution fees. Allocations are based on participant earnings, participant contributions or account balances, as defined. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and pension replacement contributions plus actual earnings thereon. Vesting in the participant's Company matching contributions portion of the participant's account is immediate, unless dictated otherwise by a collective bargaining agreement. Vesting in the participant's supplemental company contributions portion of the participant's account is based on a 5 year graded vesting schedule. Vesting in the participant's automatic company contributions portion of the participant's account is 100% after 3 years of service, unless dictated otherwise by a collective bargaining agreement.

Notes to Financial Statements

NOTE 1: PLAN DESCRIPTION (CONTINUED)

Payment of Benefits

A participant is entitled to a distribution of 100% of his or her vested account balance upon retirement, death, or disability. Upon termination of service for any other reason or if the participant has attained the age of 59 1/2, a participant may elect to receive the value of the vested portion of their account either as a lump-sum amount or in the form of installment payments. A participant may take a distribution in the event of financial hardship if all requirements are met as specified by the Plan document.

Notes Receivable from Participants

Participants may borrow from their accounts in amounts equal to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear varying rates of interest, which are commensurate with local prevailing rates as determined by the Plan administrator. The loans can have up to a maximum term of 5 years, unless the loan is to be used in conjunction with a purchase of a primary residence. Interest rates range from 1.80% to 6.00% per annum on loans outstanding as of December 31, 2016. Principal and interest are paid ratably through payroll deductions.

Forfeited Accounts

During 2016, forfeitures of \$57,462 were used to reduce employer contributions and \$62,500 were used to pay the Plan's administrative expenses. As of December 31, 2016 **and 2015**, forfeited nonvested accounts totaled \$83,318 and \$139,457, respectively. These accounts are available to reduce future employer contributions to the Plan or to pay the Plan's administrative expenses.

Administrative Expenses

With the exception of certain administrative costs, substantially all costs of administering the Plan are paid by the Company. These costs include legal, accounting and administrative fees.

Income Tax Status

Effective December 15, 2014, the Plan adopted the Fidelity volume submitter defined contribution basic plan document. The underlying volume submitter plan received an advisory letter from the Internal Revenue Service ("IRS") dated March 31, 2014 stating that the form of the Plan is qualified under Section 401(a) of the IRC, and therefore, the related trust is tax-exempt. The Plan administrator has determined that it is eligible to and has chosen to rely on the current advisory letter. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

NOTE 1: PLAN DESCRIPTION (CONTINUED)

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of a plan termination, participants will become 100% vested in their accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan's investments include a money market fund and mutual funds, which invest in various types of investment securities and in various companies within various markets. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Plan's financial statements and schedule.

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation in the fair value of investments includes both realized and unrealized gains and losses on investments.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3: INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

The Company has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following investment information was obtained from data that has been prepared and certified as complete and accurate by Fidelity Management Trust Company, in accordance with DOL Regulations, and was not subjected to any auditing procedures, except for comparing such information to the amounts included in the Plan's financial statements and supplemental schedule.

	2016	2015
Statements of net assets available for benefits:		
Investments, at fair value	\$ 88,232,837	\$ 82,537,230
Notes receivable from participants	\$ 2,812,030	\$ 2,988,941
Statement of changes in net assets available for benefits:		
Interest and dividends	\$ 3,172,833	
Net appreciation in fair value of investments	\$ 3,329,675	
Interest income on notes receivable from participants	\$ 118,812	

Supplemental Schedule: All investment balances and information included in the supplemental schedule of assets (held at end of year) as of December 31, 2016.

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED)

Financial Accounting Standards Board, Accounting Standards Codification 820, *Fair Value Measurements* ("ASC 820"), defines fair value, establishes a framework for measuring fair value and requires additional disclosures about the use of fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are observable as of the reporting date. These inputs include quoted prices for similar assets in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets at fair value. There have been no changes in methodologies used at December 31, 2016 **and 2015**.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: Valued at the NAV of shares held by the Plan at year end. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments less its liabilities. As of December 31, 2016 **and 2015**, there are no unfunded commitments or redemption restrictions.

Mondi Retirement Savings Plan USA

Notes to Financial Statements

NOTE 4: FAIR VALUE MEASUREMENTS (UNAUDITED) (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2016 and 2015. There were no level 2 or 3 investments as of December 31, 2016 and 2015.

December 31,	2016	2015
Level 1 Investments		
Mutual Funds	\$ 85,217,860	\$ 80,740,135
Investments in fair value hierarchy	85,217,860	80,740,135
Money market fund at NAV (1)	3,014,977	1,797,095
Total Investments, at fair value	\$ 88,232,837	\$ 82,537,230

(1) These investments that are measured at fair value using the NAV per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

NOTE 5: PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of a money market fund and mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transactions rule. Notes receivable from participants amounted to \$2,812,030 and \$2,988,941 for 2016 and 2015, respectively. During the year ended December 31, 2016, fees paid to parties in interest amounted to \$158,092.
