JCIM US, LLC PENSION PLAN FOR BRYAN, OHIO UNION EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2017 AND 2016

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the JCIM US LLC Pension Plan for Bryan Ohio Employees (the "Plan") provides only general information. Participants should refer to the plan document provided to all participants for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined benefit plan effective July 1, 2008 established as a spin-off of the Plastech Exterior Systems, Inc. Retirement Plan including Bryan bargaining participants covered by the bargaining agreement effective July 1, 2004, which covers eligible employees of JCIM US, LLC. JCIM US, LLC was wholly owned by Johnson Controls, Inc. as of June 30, 2016. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On July 24, 2015, Johnson Controls, Inc. ("Johnson Controls") announced its intent to separate its automotive seating and interiors businesses into an independent, publicly traded company—Adient plc ("Adient"). The separation occurred on October 31, 2016. To implement the separation, Johnson Controls transferred its automotive seating and interiors businesses, including the Plan, to Adient.

As of June 30, 2016, the Plan was administered by the Johnson Controls Employee Benefit Policy Committee. Effective July 1, 2016 the sponsorship of the Plan transferred to Adient US LLC (the "Company"), and plan administration started being performed by the Adient Employee Benefit Policy Committee effective October 31, 2016, which has contracted with Aon Hewitt to assist with plan administration.

All employees at the Bryan, Ohio Plant represented by AIW Local 141 are eligible to participate after attaining age 18 with 12 months of service (during which at least 870 hours are worked). Effective September 30, 2003, participation in the Plan was closed.

VESTING

Prior to January 1, 1975, one year of vesting service is granted for each year of continuous service. On or after January 1, 1975, one year of vesting service is granted for each calendar year in which the employee works 870 hours.

FUNDING POLICY

The Company's funding policy is to make contributions to the Plan in amounts that meet or exceed the minimum amounts required by ERISA. The Company's contributions for the years ended June 30, 2017 and 2016 met or exceeded the ERISA required minimum amount.

ADMINISTRATIVE EXPENSES

Administrative expenses are paid by the Plan, as allowed by the Plan's provisions, with all remaining expenses paid by the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF PRESENTATION

The accompanying financial statements are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2017 AND 2016

ADIENT US LLC MASTER PENSION TRUST

The Company has entered into a master trust agreement with U.S. Bank, N.A. (the "Trustee"). Under the agreement, plans held by Adient participate under a master trust arrangement whereby all the assets of the plans are pooled and invested in one or more investment accounts.

For the period of July 1, 2016 to October 19, 2016, all investments of the Adient plans were held in the Johnson Controls, Inc. Master Pension Trust (the "JCI Master Trust"). In anticipation of the separation referred to in Note 1, the Adient US LLC Master Trust ("Master Trust") was established effective as of September 2016. As of October 19, 2016, all investments of the Plans were transferred into the Master Trust. As of June 30, 2017, all investments of the Plan were included under the Master Trust.

The Master Trust holds investments in short-term securities, U.S. government securities, bonds, mutual and pooled equity funds, and common stocks as of June 30, 2017.

The Company requires collateral at a minimum of 102% of the value of any securities lending transactions.

Each plan's interest in the investments of the Master Trust is evidenced by units of participation, as no plan has a right, title or ownership of any of the specific assets in the Master Trust. In accordance with the master trust agreement, net investment income or loss of the Master Trust is prorated to each participating plan in proportion to the number of units held by each plan. Plan participation in the Master Trust is adjusted as required to reflect benefit payments to the Plans' participants and for Company contributions. All plans in the Master Trust, with the exception of the Plan, have a December 31 plan year end.

The following represents the percentage interest in the Master Trust by plan:

	<u>June 30, 2017</u>
TechnoTrim, Inc. Pension Plan for Salaried Employees (001)	17.8%
Adient Production Employees Pension Plan (002)	34.5%
JCIM US LLC Pension Plan for Bryan Ohio Employees (004)	47.7%
Total	<u>100.0%</u>

The statement of financial position as of June 30, 2017 and the statement of operations and changes in participating plans' equity of the Master Trust for the year ended June 30, 2017 are presented in Note 9.

NEW ACCOUNTING PRONOUNCEMENTS

In February 2017, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) No. 2017-06 "Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): Employee Benefit Plan Master Trust Reporting (a consensus of the Emerging Issues Task Force)." ASU No. 2017-06 clarifies presentation requirements for a plan's interest in a master trust and require more detailed disclosures of the plan's interest in the master trust. ASU No. 2017-06 will be effective for the Plan for the plan year ending June 30, 2020, with early adoption permitted.

DATE OF MANAGEMENT'S REVIEW

Management has evaluated subsequent events through December 15, 2017, the date which the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

Assets of the Plan, with the exception of the accrued administrative expenses as shown in the statements of net assets available for benefits, investment income as shown in the statements of changes in net assets available for benefits, and the Master Trust financial information appearing in Note 9, have been derived from information prepared and certified as complete and accurate

NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2017 AND 2016

by the Trustee, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments that are attributable under the Plans' benefit provisions based on employees' years of service. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits. The actuarial present value of accumulated plan benefits is determined by an actuary, Aon Hewitt, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money and the probability of payment between the valuation date and the expected date of payment. The actuarial assumptions used for the July 1, 2016 and 2015 valuations are based on the Unit Credit Cost Method. The current actuarial assumptions are based on the presumption that the Plan will continue. If the Plan was to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by Aon Hewitt.

The significant actuarial assumptions used in the valuations at July 1, 2016 and 2015 were as follows:

Description	Assumption
Retirement Age	Varies based on the probability of retirement at social security retirement age, with 100% at age 65.
Mortality Rates	2016 and 2015 Static mortality tables with separate mortality rates for annuitants and non-annuitants.
Withdrawal Rates	A graduated scale from higher to lower as attained age increase.
Disability Rates	None assumed.
Interest Rates	7.5% at July 1, 2016 and 2015

NOTE 5 - TAX STATUS

The Plan was established effective July 1, 2008, and is intended to satisfy the requirements of the Internal Revenue Code (IRC). The Company had requested a new determination letter in a previous period, as required by the IRS, and received a response on January 9, 2014, confirming the favorable determination of the Plan and amendments to the Plan. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Company has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or Department of Labor. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PLAN TERMINATION

The Company anticipates and believes the Plan will continue without interruption but reserves the right to discontinue the Plan at any time in accordance with the respective plan provisions and provisions set forth in ERISA. In the event of a plan termination or permanent discontinuance of contributions to a Plan, the assets of the Plan will be distributed in accordance with the requirements of 29 CFR 4044 of ERISA.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC), a U.S. government agency, in the event of Plan termination. The net assets of the Plan will be allocated as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Benefits attributable to employee contributions, taking into account those paid out before termination.

JCIM US, LLC PENSION PLAN FOR BRYAN, OHIO UNION EMPLOYEES
NOTES TO THE FINANCIAL STATEMENTS
YEARS ENDED JUNE 30, 2017 AND 2016

2. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
3. Other vested benefits insured by the PBGC up to the applicable limitations.
4. All other vested benefits (not insured by the PBGC).
5. All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. For Plan terminations occurring during 2017 or 2016, that ceiling was \$5,369 and \$5,011 per month. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants, or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Whether all participants receive their benefits should a Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan's sponsor and the level of benefits guaranteed by the PBGC.

NOTE 7 - PARTY-IN-INTEREST TRANSACTIONS

Transactions involving the account administered by the Trustee and the funds of the investment managers for the Plan are considered party-in-interest transactions. These transactions are not, however, considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates and employee compensation and demographics. Due to the changing nature of these assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term and due to the uncertainties inherent in setting assumptions, that the effect of such changes could be material to the value of accumulated plan benefits.

NOTE 10 - FAIR VALUE MEASUREMENTS

Accounting Standards Codification (ASC) 820, "Fair Value Measurement" defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 also establishes a three-level fair value hierarchy that prioritizes information used in developing assumptions when pricing an asset or liability as follows:

- Level 1: Observable inputs such as quoted prices in active markets;
- Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3: Unobservable inputs where there is little or no market data, which requires the reporting entity to develop its own assumptions.

ASC 820 requires the use of observable market data, when available, in making fair value measurements. When inputs used to measure fair value fall within different levels of the hierarchy, the level within which the fair value measurement is categorized is based on the lowest level input that is significant to the fair value measurement.

The following table sets forth by level, within the fair value hierarchy, the Master Trust's assets at fair value as of June 30, 2017:

Investments at Fair Value as of				
June 30, 2017				
	Level 1	Level 2	Level 3	Total
Fixed Income Securities	\$ 6,633,596	\$ —	\$ —	\$ 6,633,596
Equity Securities	10,558,665	—	—	10,558,665
Total investments at fair value	<u>\$ 17,192,261</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 17,192,261</u>

Following is a description of the valuation methodologies used for assets measured at fair value:

Fixed income and equity securities: The fair value for the fixed income and equity securities, which are mutual funds, is determined by direct quoted market prices. Mutual funds are open-ended investments that obtained proper registration from the Securities and Exchange Commission. The funds publish daily their NAV after the close of trading on regulated financial exchanges. The NAV represents the current market value of the fund's holdings after deducting the fund's liabilities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair values of other assets and liabilities approximate their carrying values.
