Note 1 – Description of Plan

The following description of Medical Specialists of the Palm Beaches, Inc. 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to their respective employer's adoption agreement for a complete description of the Plan's provisions as it applies to them.

General

The Plan is a defined contribution plan that was established January 1, 1996, to provide benefits to eligible employees of Medical Specialists of the Palm Beaches, Inc. (the "Sponsor" or "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Administration

The Plan is administered by the Company. The Custodian of the Plan is Lincoln Financial Group Trust Company, LLC ("LFGTC" or the "Custodian"). The Plan's investments are maintained by LFGTC, Lincoln Retirement Service Company, LLC ("LRSC") and TD Ameritrade; United Retirement Plan Consultants ("United") is the third party administrator of the Plan.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, common collective trusts, and a Stable Value Account issued by LFGTC as investment options for participants. In addition, participants have the option of utilizing a self-directed brokerage account ("brokerage account"), through which participants are able to invest in a variety of securities including mutual funds, equities, or certain fixed-income securities.

Eligibility

The Plan covers all employees of the Company who have attained the age of 20 and completed one year of service. The Plan provides for entry dates semi-annually on the first day of January and July of the Plan year following the satisfaction of the eligibility requirements.

Contributions

Each year, a participant may defer 100% of pretax compensation through periodic payroll deductions, up to contribution limits specified by the Internal Revenue Code ("IRC"). The maximum pre-tax contribution for the year ended December 31, 2016 was $18,000. In addition, participants over 50 years of age are permitted to make additional annual catch-up contributions of $6,000 for the year ended December 31, 2016. Participants also may contribute, on an after-tax basis, Roth elective deferrals, subject to certain limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Sponsor will contribute a safe harbor matching contribution to each employee who meets the eligibility requirements, equal to a maximum of 3% of eligible compensation. In addition, the Sponsor may elect to make discretionary contributions and profit sharing contributions.

Note 1 – Description of Plan, continued

Contributions, continued

The Sponsor discretionary profit sharing contributions are determined as a percentage of compensation or as a dollar amount determined by the Plan Sponsor annually. The Sponsor profit sharing contribution for 2016 was 6% of the eligible Plan compensation. In order to receive the profit sharing contributions, the employee must be a shareholder of the Company, employed on the last day, and have worked a minimum of 1,000 hours. The Company made no discretionary matching contributions, discretionary profit sharing contributions of $794,246, and safe harbor contributions of $829,265 for the year ended December 31, 2016.

Participant Accounts

The Plan maintains separate accounts for each participant. Participant accounts are credited with each participant's elective deferral contributions, Company contributions, and reduced by benefit distributions, investment fees, and any administrative expenses paid by the Plan. Participant accounts are further credited or charged with their pro rata share of the earnings or losses of the total investments in each investment fund.

Vesting

Participants are vested immediately in their elective contributions, any rollover contributions, and Safe Harbor contributions, plus actual earnings thereon. Company discretionary matching and profit sharing contributions vesting based on years of continuous service. A participant is 100% vested after six years of credited service. Participants are 100% vested when they become disabled or deceased while still employed by the Company.

Years of Service	Vesting Percentages
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The interest rate is equal to the current prime rate plus 2% or a reasonable interest rate as determined by the Plan Administrator. At December 31, 2016 and 2015, the interest rate was equal to 4.50% and 4.25%, respectively. Loan terms range from one to five years or longer for the purchase of a primary residence. The maximum number of loans a participant may have is two loans outstanding at any particular point in time. The loans are secured by the balance in the participant's account. Principal and interest payments with respect to the notes are credited solely to the account of the borrowing participant from which the note was made.

Note 1 – Description of Plan, continued

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a fixed reasonable period of time, not to exceed the life expectancy of the participant. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan allows the Sponsor to automatically distribute participant accounts with balances less than $5,000 upon termination of employment within a reasonable period of time.

Hardship Distributions

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is under age 59 ½. Hardship withdrawals are limited to the participant's vested account balance excluding Sponsor safe harbor contributions. Participants are not eligible to make contributions to the Plan for six (6) months following a hardship withdrawal.

Forfeited Accounts

Forfeited non-vested accounts shall be used to pay Plan expenses. If any forfeitures remain after paying Plan expenses, such forfeited amounts will be allocated to all eligible participants as additional contributions for the Plan year in which the forfeiture occurs. The amounts of unallocated forfeitures at December 31, 2016 and 2015 were $46,035 and $54,917, respectively.

Note 2 – Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan have been prepared under the accrual basis of accounting in conformity with generally accepted accounting principles in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and changes therein. Actual results could differ from those estimated.

Notes Receivable from Participants

Notes receivable from participants represent loans to participants and are measured at the unpaid principal balance plus any accrued and unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded at December 31, 2016 or 2015. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Note 2 – Summary of Significant Accounting Policies, continued

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for investments in fully benefit-responsive investment contracts ("FBRICs"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. FBRICs are reported at contact value because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in an FBRIC with Lincoln through the Lincoln Stable Value Account. See Note 4 for a discussion on the Stable Value Account and Note 5 for a discussion of Fair Value Measurements. Purchases and sales of securities are reflected on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative expenses of the Plan, including custodial fees, investment company fees, and record keeping fees, have been paid by the Plan. Other operating expenses, including accounting fees, have been paid by the Company. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

Recent Accounting Pronouncement

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, *Fair Value Measurement Topic 820 - Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value ("NAV") per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statements of net assets available for plan benefits. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. The amendments in this ASU are effective for nonpublic entities for fiscal years beginning after December 15, 2016. Early adoption is permitted. The Plan adopted this guidance for the 2015 plan year and the adoption did not have a material impact on the Plan's financial statements.

Date of Management's Review

The Plan has evaluated subsequent events and their potential effects on these financial statements through the January 26, 2018, which is the date these financial statements were available to be issued.

Note 3 – Investments as Certified by the Custodian

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, LFGTC has certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for plan benefits at December 31, 2016 and 2015, the schedule of assets (held at end of year) at December 31, 2016, and the related investment activity reported in the statement of changes in net assets available for plan benefits for the year ended December 31, 2016.

Note 4 – Stable Value Account

As noted in Note 2, the Plan invests in a FBRIC with the Custodian. The Custodian maintains the contributions in a general account. The account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. The FBRIC is reported at contact value because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Stable Value Account strives to maintain stable returns and protect capital. Many types of investments are found in the Stable Value Asset account including money market mutual funds, annuities, and some collective trusts. The Stable Value Account is a fixed annuity contract issued by Lincoln. The contracts are backed by the general account of Lincoln. The guaranteed interest can range from 1% to 3%. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer. There is no minimum credit rate in the contract. Such interest rates are reviewed on a monthly basis for resetting.

Certain events, such as the premature termination of the contract by the Plan or termination of the Plan, would limit the Plan's ability to transact at contract with Lincoln. These events would also permit Lincoln to terminate the contracts and settle at amounts that differ from contract value. The Plan Administrator does not believe that the occurrence of such events, which would limit the Plan's ability to transact at contract value with the Plan participants, is probable.

Note 5 – Fair Value Measurements

GAAP, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Quoted prices in active markets for identical assets or liabilities.

Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted market prices in markets that are not active; or model-derived valuations or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan were deemed to be actively traded.

Common Collective Trusts: Public investment vehicles valued using the NAV provided by the administrator of the trust. The NAV is based on the value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of shares outstanding. The NAV is quoted on a private market that is not active; however, the unit price of the underlying investments is traded on an active market.

Self-Directed Brokerage Accounts: Consist of mutual funds held in a brokerage account not offered through your service provider. Valued at the NAV of the funds held by the participants on the last business day of the Plan year.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuations methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 5 – Fair Value Measurements, continued

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurement at December 31, 2016			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 35,642,433	$ -	$ -	$ 35,642,433
Self-Directed Brokerage Account	1,159,949	-	-	1,159,949
	$ 36,802,382	$ -	$ -	
Investments measured at NAV (a)				
Common Collective Trusts				743,701
Total investments at fair value				$ 37,546,083

	Fair Value Measurement at December 31, 2015			
	(Level 1)	(Level 2)	(Level 3)	Total
Mutual funds	$ 32,757,661	$ -	$ -	$ 32,757,661
Self-Directed Brokerage Account	807,554	-	-	807,554
	$ 33,565,215	$ -	$ -	
Investments measured at NAV (a)				
Common Collective Trusts				525,261
Total investments at fair value				$ 34,090,476

(a) In accordance with Subtopic 820-10 as amended by ASU No. 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for plan benefits.

Note 6 – Party-in-Interest Transactions

The Plan's investments represent funds invested in, or maintained by, LFGTC, LRSC and TD Ameritrade. LFGTC is the Plan's Custodian, LRSC, is the record-keeper for the Plan, and TD Ameritrade is the custodian of the brokerage account assets. Therefore, these investments represent exempt party-in-interest transactions. In 2016, the Plan made direct payments to the third parties for investment related services of $133,085 for services rendered to the Plan. The Sponsor directly pays any other fees related to the Plan's operations.

Certain participants of the Plan have outstanding loans (notes receivable from participants) with the Plan at December 31, 2016 and 2015. These loans are considered party-in-interest transactions according to the DOL guidelines. Total notes receivable from participants at December 31, 2016 and 2015 were $545,741 and $502,709, respectively.

Note 7 – Tax Status

The Plan is a Volume Submitter Profit Sharing Plan, sponsored by United, and designed in accordance with applicable sections of the IRC. United has obtained an opinion letter from the IRS dated March 31, 2014. The IRS letter states that the Plan is qualified under section 401(a) of the Code and therefore, the related trust is exempt from taxation. The Plan Administrator believes the Plan is currently being operated in accordance with the Code.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in Sponsor discretionary and profit sharing contributions.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Note 10 – Operational Error

During 2017, the Plan Sponsor discovered an operational error. Although the Plan defined "compensation" as all compensation paid to a participant, the Plan was administered by excluding bonuses from the definition of "compensation" in regards to elective participant deferrals. This error was a failure to follow the terms of the Plan document during the Plan year 2016. During 2017, the Plan Administrator is initiating procedures to assess the participants affected by the error and evaluating the steps necessary to take corrective action.
