CAPRIS FURNITURE INDUSTRIES, INC.
EMPLOYEE STOCK OWNERSHIP AND SAVINGS PLAN
Ocala, Florida
NOTES TO THE FINANCIAL STATEMENTS
December 31, 2016

NOTE A – DESCRIPTION OF PLAN

The following description of Capris Furniture Industries, Inc. Employee Stock Ownership and Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more detailed description of the Plan's provisions.

General - The Plan is a defined contribution plan designed to provide benefits to eligible employees of Capris Furniture Industries, Inc. (an S corporation) (the "Company") upon retirement, disability, death or termination of employment and was established on January 1, 1993, and amended and restated on January 1, 2003, January 1, 2004, January 1, 2011, and again on January 1, 2012.

The Plan was organized as a profit sharing plan under §401(a) and §401(k) of the Internal Revenue Code (the "Code") until January 1, 2004. Capris Furniture Industries, Inc. established the Capris Furniture Industries, Inc. Employee Stock Ownership and Savings Plan effective as of January 1, 2004. At that time, the Plan was amended and operates, in relevant part, as a leveraged employee stock ownership and savings plan (ESOP) that contains a cash or deferred feature, and is designed to comply with Section 4975(e) and the regulations thereunder of the Code, as amended and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is administered by an Employee Benefits Administration Committee comprised of not less than two nor more than seven persons appointed by the Capris Furniture Industries, Inc.'s Board of Directors. Nationwide Financial Services, Inc., an independent third-party, is the Plan's custodian for the 401(k) plan assets and the ESOP allocated investments. The trustees, Pedro R. Interian and Donald R. Beaudet, are custodians of the Company stock (ESOP plan asset) and all other ESOP plan assets are being held at Lincoln Financial Securities. The Plan covers substantially all eligible employees of the Company.

Accordingly, the financial statements of the Plan as of December 31, 2016 and 2015, and for the year ended December 31, 2016, present separately the assets and liabilities and changes therein pertaining to:

1. The accounts of employees with vested rights in allocated ESOP stock and allocated match stock

2. Stock not yet allocated to employees (Unallocated) and

3. 401(k) assets.

The Plan was amended and restated January 1, 2011, to adopt provisions allowing the employer to make contributions using the safe harbor match method. Participants are fully vested when safe harbor matching contributions are made. All eligible employees who made elective deferrals in the plan year participate in the match.

NOTE A – DESCRIPTION OF PLAN (continued)

Contributions and Funding Policy - Employees are permitted to defer up to 100 percent of allowable compensation within the meaning of section 415(c)(3) of the Code for the limitation year as adjusted for increases in the cost-of-living under section 415(d) of the Code. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The employer may make discretionary contributions each year as determined by the Board. In addition to any employer discretionary contributions, a safe harbor match may be made on behalf of the participants in an amount equal to 100% of the elective deferral. The safe harbor match contribution is fully vested when made and is made to all eligible employees who made elective deferrals. The Company made a safe harbor match of employees' elective deferral contributions up to a maximum of four percent, with cash during 2016. Other qualified, non-elective contributions may be made to the Plan at the Company's discretion. It is the Company's policy to remit the employees' contribution with each weekly payroll.

The Company may make cash distributions to shareholders. The cash distributions made during 2016 totaled $328,268 and were allocated to and within the Plan based on stock allocations.

Participant Accounts - The Plan is a deferred contribution plan under which a separate individual account is established for each participant.

Each participant's account is credited as of the last day of each plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Employer safe harbor matching contributions will be credited to all eligible participants determined according to the provisions of the Plan. Allocations for employer discretionary contributions are based on a participant's eligible compensation, relative to total eligible compensation and years of service as defined by the Plan.

Each participant's account is adjusted with debits and credits as described in the Plan agreement and the participants should refer to the plan agreement for a more complete description of the Plan's provisions. In general, the participant's account is credited with the participant's contribution, an allocation of the employer contribution, and plan earnings (losses) and charged with withdrawals, forfeitures, and fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan does not accept rollover contributions.

NOTE A – DESCRIPTION OF PLAN (continued)

Vesting - Employee contributions, employer safe harbor matching contributions, employer qualified nonelective contributions and the related allocated net income or loss are fully vested upon contribution. Vesting in the employer discretionary contributions, plus actual earnings thereon, is based upon years of service as follows:

Years of Service	Nonforfeitable Percentage
Less than 1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Participants are 100% vested upon attaining normal retirement age (age 65), or death or disability.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of $1,000 and up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance attributed to elective deferrals, qualified non-elective contribution and employer matching contributions. Loan terms will not exceed five years except for loans used to purchase primary residences. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. The interest rates for 2016 and 2015 were 4.50% and 4.25%, respectively. Principal and interest are paid ratably through payroll deductions.

Eligibility - Employees (except for non-resident aliens and union) of the Company who have completed twelve months of eligible service providing they worked at least 1,000 hours during such plan year and have attained 21 years of age are eligible to participate in the Plan. The entry date is the first day of the first and seventh month of the plan year following the date eligibility requirements have been met. Participants who do not have at least 1,000 hours of service during such plan year are generally not eligible for an allocation of Company discretionary contributions for such year.

Payment of Benefits - Benefits will be paid according to the terms of the Plan. Benefits are recorded when paid.

Hardship withdrawals are permitted on elective deferrals and qualified non-elective contributions only.

In-service withdrawals are allowed on elective deferrals, qualified non-elective contributions and fully vested employer matching contributions upon attaining age 59-1/2.

NOTE A – DESCRIPTION OF PLAN (continued)

Payment of benefits upon termination for elective deferrals, qualified non-elective contributions, and employer matching contributions shall be made as soon as administratively feasible. Payment of benefits upon termination for employer discretionary and employer matching contributions shall begin no later than one year after the close of the 5th plan year in which the participant was separated from service.

Payment of benefits upon termination due to death, disability or retirement shall begin not later than one year after the close of the plan year in which the event occurs.

Under the provisions of the Plan, the Company is obligated to repurchase participant shares which have been distributed under the terms of the Plan as long as the shares are not publicly traded or if the shares are subject to trading limitations.

Forfeited Accounts - Forfeitures may be used to offset the amount of any employer contribution. There were no forfeitures of terminated non-vested account balances allocated to remaining participants at December 31, 2016 and 2015. Plan forfeitures are allocated to each participant's account in the same manner as employer discretionary contributions and employer matching contributions.

Voting Rights - Each participant may be entitled to direct the manner in which certain voting rights are exercised on full shares of stock attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. In the event voting directions are not given, such stock shall or shall not be voted by the Trustee in its sole discretion shall deem appropriate. The Trustee is required, however, to vote any unallocated shares.

Put Option - Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification - Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each of these eligible participants over a six-year period. In each of the first five years, a participant may diversify up to 25% of the value of the participant's account balance, attributable to Company stock, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Participants who elect to diversify receive a cash distribution.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed are:

Date of Management's Review - Subsequent events were evaluated through January 24, 2018 which is the date the financial statements were available to be issued.

Estimates - The preparation of financial statements in accordance with generally accepted accounting principles accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and changes therein, and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting - The accompanying financial statements are prepared on the accrual basis of accounting.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but, unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the plan document.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

The common shares of the Company are valued at estimated fair value. See Note C for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded on a settlement date basis. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Operating Expenses - All expenses of maintaining the Plan are paid by the Company and participants. These expenses do not include indirect fees charged by mutual funds and other service providers.

Reclassifications - Certain accounts in the 2015 financial statements have been reclassified for comparative purposes to conform with the presentation in the 2016 financial statements.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present fair value measurement information for certain financial instruments. The carrying values of receivables, cash, and payables included in the accompanying statement of net assets available for benefits approximated fair value as of December 31, 2016 and 2015, and are thus not included in the following tables.

		Fair Value Measurements at the End of the Reporting Period Using:	
December 31, 2016	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
Mutual Funds	$ 2,130,948	$ 2,130,948	$ -

Total	$ 4,984,828	$ 2,475,492	$ 2,509,336

NOTE C – FAIR VALUE MEASUREMENTS (continued)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. No Level 2 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements - The fair value of mutual funds is determined by Nationwide Financial Services, Inc.'s unit value formula.

Level 3 Fair Value Measurements - The fair value of Capris Furniture Industries, Inc. common stock is determined by an annual independent appraisal. This appraisal was based upon a combination of the market and income valuation approaches consistent with prior years. The appraiser took into account historical and projected cash flow and net earnings, return on assets, return on equity, market comparables, estimated fair value of company assets and liabilities and applicable discounts and premiums.

The following table provides further details of this Level 3 fair value measurement.

The information certified includes total investments of $2,130,948 and $2,475,492 as of December 31, 2016 and 2015, respectively, and related appreciation in value of $8,690 and interest income of $4,531 for the year ended December 31, 2016.

NOTE K – TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 24, 2013, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate sections of the Code. The Plan has not been amended and restated since receiving the 2013 determination letter. The plan administrator and the Plan's tax counsel believe that the Plan in its current form and as currently operated is designed in compliance with the applicable requirements of the Code and therefore believe that the Plan is qualified and the related trust was tax-exempt as of the financial statement date.

Generally accepted accounting principles in the United States of America, requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions. The IRS selected the Form 5500 for the plan year ending December 31, 2014, for audit by the IRS. The IRS performed and completed the audit during 2016 and concluded that no change was necessary to the Form 5500 for the plan year ending December 31, 2014. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2013.

NOTE L – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
