Notes to Financial Statements
December 31, 2016 and 2015

Note 1 - Description of Plan

The Southeast Milk, Inc. 401(k) Profit Sharing Plan (the “Plan”) is organized as a defined contribution plan under Section 401(k) of the Internal Revenue Code and covers substantially all eligible employees of Southeast Milk, Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally established effective January 1, 1985. The Plan has been restated and amended throughout the years, with the most recent restatement effective January 1, 2015, and was also amended on January 1, 2016. The following is provided only for general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

Eligibility

Employees, except for excluded employees, are eligible to participate in the Plan on the first day of any month after they have completed three months of service.

Contributions

Participants may make contributions, up to a maximum of \$18,000 for participants under age 50 and \$24,000 for participants age 50 and older for 2016, as allowed by law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a variety of mutual funds and a fixed income account as investment options for participants. The Company may make matching contributions and a discretionary contribution also to be determined by the Company. The Company elected to match 100% of employee contributions up to the first 4% in 2016 and 2015. The Company did not elect to make a profit sharing contribution for 2016 or 2015.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and allocations of the Company’s contribution and Plan earnings and charged with withdrawals and allocations of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are immediately vested in their contributions and company matching contributions, plus or minus actual earnings thereon. Vesting in the Company’s discretionary contribution portion of their accounts plus or minus actual earnings thereon is determined under the following schedule:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

SOUTHEAST MILK, INC. 401(K) PROFIT SHARING PLAN
Notes to Financial Statements
December 31, 2016 and 2015

Note 1 - Description of Plan, (Continued)

Vesting, (Continued)

A participant will become 100% vested under any of the following circumstances:

- Death before retirement date.
- Disability before retirement date.
- Attainment of normal retirement age.

In addition, a participant is immediately 100% vested in any amount which has been transferred or rolled over into the Plan from another qualified employee benefit plan.

In the event a participant's employment is terminated for reasons other than retirement, disability or death, such participant is entitled to a termination of employment benefit in an amount equal to his vested interest as of the date of distribution of his benefit.

In the event of a termination of the Plan, the participants shall have fully vested interests in the amounts credited to their respective accounts at the time of such termination.

Forfeitures

The nonvested portion of a participant's account is forfeited upon termination of employment with the Company. Forfeitures are first used to reinstate forfeited account balances of reemployed participants, and then to reduce the employer's contributions or to pay administrative expenses of the plan. There are unallocated forfeitures totaling \$60,110 and \$34,586 at December 31, 2016 and 2015, respectively.

Payment of Benefits

On termination due to death, disability, or regular retirement, a participant is entitled to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments over a period not to exceed the participant's life expectancy.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested interest in the plan. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 4.50%, which are commensurate with local prevailing rates as determined by the Company. All loans are to be repaid within five years except for home loans to acquire or construct a principal residence, which must be repaid within twenty years. Loans to participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

SOUTHEAST MILK, INC. 401(K) PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2016 and 2015

Note 2 - Summary of Significant Accounting Policies, (Continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The custodian sets aside and invests the assets attributable to the investments, which consist of various publicly traded mutual funds and a fixed income account at December 31, 2016 and mutual funds and a common or collective fund at December 31, 2015. The Plan's investments are stated at fair market value at December 31, 2016 and 2015, except for fully benefit-responsive investment contracts, which are reported at contract value because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The common or collective fund is considered fully benefit-responsive and is reported at contract value at December 31, 2015.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments are recorded when paid.

Plan Expenses

All expenses of administration may be paid out of the Plan unless paid by the Company. The Plan has paid the general expenses of the administration of the Plan. Investment related expenses are included in net investment appreciation.

Reclassification

Certain accounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements with no effect on the previously reported Plan income.

Subsequent Events

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through the date the financial statements were issued, or January 30, 2018. No subsequent events have been recognized or disclosed.

Note 3 - Information Prepared and Certified by Custodians (Unaudited)

The following information included in the accompanying financial statements and supplementary schedule was obtained from data that has been prepared and certified by the custodians of the Plan as complete and accurate in accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes cash of \$0 and \$48,137, investments of \$11,603,450 and \$10,913,535, and notes receivable from participants of \$565,690 and \$663,609, at December 31, 2016 and 2015, respectively, and related gains of \$735,036 for the year ending December 31, 2016. The certified notes

receivable from participants balance at December 31, 2015 includes defaulted loans in the amount of \$1,186.

The related gains of \$735,036 consist of the following: net appreciation in the fair value of investments of \$471,858, interest of \$79,787, and dividends of \$183,391.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB), Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the assets or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Fixed account: Valued based on market value plus adjustments for the credited interest rate and surrender charges.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

SOUTHEAST MILK, INC. 401(K) PROFIT SHARING PLAN

Note 4 - Fair Value Measurements, (Continued)

	<u>Assets at Fair Value as of December 31, 2016</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 8,322,474	\$ 0	\$ 0	\$ 8,322,474
Fixed account	0	3,280,976	0	3,280,976

Total assets at fair value	<u>\$ 7,692,517</u>	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$ 7,692,517</u>

The Plan's policy is to recognize transfers into and out of levels as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2016 and 2015, there were no significant transfers into or out of levels 1, 2, or 3.

Note 5 - Investment Contracts

The Plan held the AUL GTD Benefit Unalloc GRP Ret fund at December 31, 2015, which was a collective fund, that was fully benefit-responsive and reported in the financial statements at contract value. Contract value approximated fair value. Contract value, as reported to the Plan by Matrix Trust Company, represented the accumulated contributions plus accrued net earnings, less distributions and administrative expenses.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Employer initiated events could limit the funds' ability to transact at contract value with the Plan. Plan management believed that the occurrence of events that would cause the Plan to transact at less than contract value was not probable. The contract value of the fund was \$3,221,018 at December 31, 2015.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts.

Note 7 - Income Taxes

The Plan obtained its latest determination letter on November 6, 2015, in which the Internal Revenue Service stated that the Plan and related trust is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan's administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax position taken by the Plan, and has concluded that as of December 31, 2016 and 2015, there are no uncertain positions taken or expected

to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

Note 8 - Risks and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9 - Party-In-Interest Transactions

Parties-in-interest include fiduciaries of the Plan, any person who provides services to the Plan, the employer, and certain other parties. Transactions during the year with parties-in-interest included the following:
