Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by DST Market Services, LLC, the trustee of the Plan, and Ascensus (agent for Ascensus Trust Company), custodian of Plan assets, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that DST Market Services, LLC held the Plan's investment assets and executed investment transactions from July 1, 2016 to December 31, 2016, and that Ascensus held the Plan's investment assets and executed investment transactions as of December 31, 2015, and for the period January 1, 2015 to June 30, 2016. The plan administrator has obtained certifications from the trustee and custodian of Plan assets as of December 31, 2016 and 2015 and for the period from July 1, 2016 to December 31, 2016, that the information provided to the plan administrator by the trustee and custodian of Plan assets is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplementary schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets Held at End of Year, as of December 31, 2016, are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplementary schedules referred to above.

Correction of Error

As discussed in Note 10 to the financial statements, certain errors resulting in understatement of amounts previously reported for investments and net assets available for benefits as of December 31, 2015, were discovered by the plan sponsor during the current year. Accordingly, amounts reported for investments and net assets available for benefits have been restated in the 2015 financial statements now presented to correct the error.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplementary schedules, other than that derived from the information certified by the trustee and custodian of Plan assets, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Premier Family Medical, LLC 401(k) Retirement Plan

Notes to Financial Statements

December 31, 2016 and 2015

Note 1 – Description of Plan

The following brief description of the Premier Family Medical, LLC 401(k) Retirement Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering qualified employees of Premier Family Medical, LLC (the Company) and affiliated employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Employees are eligible to participate in the Plan if they have completed one year of service and are 21 years of age or older. Employees are credited with a year of service at the end of the twelve month period beginning on the date of hire if they have been credited with at least 1,000 hours of service during such period.

Entry Date – Employees may enter the Plan on the first day of the Plan year quarter coinciding with or next following the date they satisfy the eligibility requirements.

Contributions – Each year, participants may elect to contribute up to the maximum amount of compensation allowed by Code Sections 402(g) and 414(v) not to exceed the limits of Code Sections 401(k), 404, and 415 (for 2016 the limit is \$18,000). This amount is indexed periodically for changes in the cost-of-living index. This limit applies to all employee 401(k) contributions made during a tax year to any 401(k) plans maintained by a present or former employer. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions of up to \$6,000 for 2016. Participants may also contribute amounts representing distributions from other qualified plans (rollover). The Company currently matches 100% of employee deferrals up to 3% of annual compensation and 50% of employee deferrals of the next 2% of annual compensation. Additional amounts may be contributed at the discretion of the Company's board of directors. No such discretionary contributions were made for the year ended December 31, 2016. Amounts are funded each pay period.

Participant Accounts – Each participant's account is credited with the participant's contributions and the Company's discretionary contribution, as well as an allocation of the Company's discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options – Upon enrollment in the Plan, a participant may direct deferrals and employer contributions in any of the funds offered by the Plan. A self-directed brokerage account option is offered whereby participants can choose to invest a portion of their accounts in investments outside the Plan's fund lineup. Special contribution, loan, distribution, withdrawal, and fee allocation rules apply to self-directed brokerage accounts. Participants may change their investment options daily.

Notes to Financial Statements (Continued)

December 31, 2016 and 2015

Note 1 – Description of Plan (Continued)

Vesting – Participants are vested immediately in their contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Vesting is based on years of credited service as set forth in the following table:

<u>Participant's Years of Service</u>	<u>Vested Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures – At December 31, 2016 and 2015, forfeited non-vested accounts total \$2,479 and \$2,410, respectively. The Employer may use forfeitures to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. During the year ended December 31, 2016, no forfeitures were used.

Notes Receivable from Participants – Participants may borrow from their fund accounts, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 4.50%, which are commensurate with local prevailing rates at the time funds are borrowed, as determined by the plan administrator. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the proceeds of the loan were used to acquire the participant's residence. A participant may have no more than two outstanding loans at any one time.

Payment of Benefits – Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death, or disability. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made at the participant's election prior to termination, upon attainment of age 59 ½, or hardship as defined in the Plan document.

Death Benefits – The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Notes to Financial Statements (Continued)

December 31, 2016 and 2015

Note 1 – Description of Plan (Continued)

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

If the Plan terminates, benefits are not insured by the Pension Benefit Guaranty Corporation (PBGC). Under the law, PBGC insurance does not cover the type of plans called defined contribution plans. This Plan is a defined contribution plan and, therefore, is not covered.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2016 and 2015.

Payments of Benefits – Benefit payments to participants are recorded upon distribution. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan, but had not yet been paid as of December 31, 2016 and 2015.

Premier Family Medical, LLC 401(k) Retirement Plan

Notes to Financial Statements (Continued)

December 31, 2016 and 2015

Note 2 – Summary of Significant Accounting Policies (Continued)

Administrative Expenses – The Plan’s expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Subsequent Events – The Plan sponsor has evaluated subsequent events through January 27, 2018, the date which the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to methodologies used at December 31, 2016 and 2015.

Mutual Funds – Valued at fair value based on quoted market prices.

Note 3 – Fair Value Measurements (Continued)

Self-Directed Investment Accounts – Self-directed investment accounts consist of mutual funds that are valued at quoted market prices, life insurance contracts that are valued at cash surrender value, and real estate investment trusts, that are valued at estimated market value of all the assets, including cash and indirect property assets, net of liabilities and deliberated dividends or distributions.

Interest-Bearing Cash – The fair value of interest-bearing cash is based on cash value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2016 and 2015:

		Fair Value Measurements Using		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2016				
Mutual Funds	\$ 7,659,927	\$ 7,659,927	\$ -	\$ -
Self-Directed Accounts	793,876	-	-	793,876
Interest-Bearing Cash	2,479	2,479	-	-
Total Investments at Fair Value	\$ 8,456,282	\$ 7,662,406	\$ -	\$ 793,876

		Fair Value Measurements Using		
	Fair Value	Level 1	Level 2	Level 3
<u>December 31, 2015</u>				
Mutual Funds	\$ 6,322,300	\$ 6,322,300	\$ -	\$ -
Self-Directed Accounts	4,361,764	2,977,756	-	1,384,008
Total Investments at Fair Value	\$ 10,684,064	\$ 9,300,056	\$ -	\$ 1,384,008

Transfers Between Levels – The availability of observable market data is monitored to assess the appropriate classifications of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

Note 3 – Fair Value Measurements (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2016 and 2015:

	2016	2015
Balance, Beginning of Year	\$ 1,384,008	\$ 1,268,837

Benefits Paid to Participants	(638,074)	-
Adjustment to Fair Value	38,603	505
Balance, End of Year	\$ 793,876	\$ 1,384,008

Plan management evaluated the transfers between levels based upon the nature of the financial instruments and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2016, there were no transfers in or out of levels 1, 2, or 3.

The following table sets forth the disclosure for the fair value measurement of investments in certain entities that calculate NAV per share as of December 31, 2016 and 2015:

Note 4 – Information Certified by the Plan Trustee and Custodian

The plan administrator has elected the method of compliance permitted by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by DST Market Services, LLC (trustee for amounts as of December 31, 2016 and for the period July 1, 2016 to December 31, 2016) and Ascensus (agent for Ascensus Trust Company, custodian for amounts as of December 31, 2015).

The following information included in the accompanying financial statements and supplementary schedules was obtained from data that has been prepared and certified by DST Marketing Services, LLC and Ascensus:

Note 5 – Tax Status

The Plan uses a volume submitter plan document sponsored by DST Retirement Solutions, LLC, which received an opinion letter from the Internal Revenue Service (IRS), dated June 1, 2015, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, three tax years remain subject to examination by tax jurisdictions.

Note 6 – Related Party and Party-in-Interest Transactions

As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Party-in-interest balances include the Plan's investments in Dimensional Fund Advisors mutual funds, which total \$6,870,350 as of December 31, 2016. This balance and associated earnings are considered exempt party-in-interest transactions.

Party-in-interest balances also include notes receivable from participants of \$129,432 and \$127,943 as of December 31, 2016 and 2015, respectively, and are considered exempt party-in-interest amounts.

Note 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 – Nonexempt Party-in-Interest Transactions

The Company remitted participant contributions of \$50,202 and loan repayments of \$5,785 to the trustee later than required by Department of Labor (DOL) Regulation 2510.3-102. The participant contributions and loan repayments are pending correction in VFCP.
