Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Diabetes & Glandular Disease Clinic, P.A. 401(k) Plan and Trust (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015 (ongoing), the related statement of changes in net assets available for benefits for the year ended December 31, 2015 (ongoing), the statement of net assets available for benefits as of December 31, 2016 (in liquidation), the related statement of changes in net assets available for benefits for the year ended December 31, 2016 (in liquidation) and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United State of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 8, which was certified by John Hancock Life Insurance Company (USA), the custodian of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2016 and 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter—Supplemental Schedule

The supplemental schedule of Schedule H, Part IV Line 4a - Schedule of Delinquent Participant Contributions, as of and for the year ended December 31, 2016, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Basis of Accounting

As described in Note 5 to the financial statements, the governing body of Diabetes & Glandular Disease Clinic, P.A., approved a plan of liquidation on January 1, 2016, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2015 financial statements to the liquidation basis used in presenting the 2016 financial statements. Our opinion is not modified with respect to that matter.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

DIABETES & GLANDULAR DISEASE CLINIC, P.A.
401(K) PLAN AND TRUST
Notes to Financial Statements
December 31, 2016 and 2015

Note 1 – Description of plan

The following description of the Diabetes & Glandular Disease Clinic, P.A. (the "Plan Sponsor") 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

Established March 1, 1981, the Plan is a defined contribution plan covering all employees of the Plan Sponsor who have attained age 21 and completed 1,000 hours of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to 100 percent of annual compensation, as defined in the Plan, which includes both pretax and Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Plan Sponsor contributes non-safe harbor discretionary matching contributions which are subject to the non-discriminatory provisions of the Plan. The Plan Sponsor discretionary matching contribution is 75% of 4% of eligible compensation deferred upon on a per pay period basis. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Plan Sponsor's contribution and (b) Plan earnings, and charged with an allocation of any administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options

Upon enrollment in the Plan, participants may direct the Plan's custodian as to the investment of their account balances in accordance with guidelines established by the Plan. The Plan currently offers various pooled separate accounts as investment options for participants. Participants may change their investment options daily.

Forfeitures

Forfeitures may be used to reduce administrative expenses of the Plan and then to reduce future employer contributions. Forfeited nonvested accounts totaled $1,163 and $32 at December 31, 2016 and 2015. During 2016, forfeitures of $32 were used to offset employer contributions. At the end of the Plan year, forfeitures of $1,163 were transferred to another account.

Note 1 – Description of plan (continued)

Vesting

Participants are fully and immediately vested in their contributions and the Plan Sponsor's safe harbor matching contributions, plus actual earnings thereon. Vesting in the non-safe harbor matching contribution portion of their accounts is based on years of service according to the following schedule:

Years of Service	Vesting Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of benefits

Participants, or their designated beneficiaries, are entitled to receive the full amount credited to their accounts upon reaching normal retirement age, as defined by the Plan, or in the event of death or disability. Participants may elect to receive either a single lump-sum payment or installment payments over a determined period of time based on assumed life expectancies. For termination of service due to other reasons, the participant will receive a lump-sum amount automatically if the participant's vested account balance is less than $1,000. In-service, financial hardship distributions are permitted by the Plan if certain conditions are satisfied.

Note 2 – Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan were prepared under the accrual method of accounting, until January 1, 2016, when the liquidation basis of accounting was used.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Quoted market prices are used to value investments. Units of pooled separate accounts are valued at quoted prices which represent the net asset value of units held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of significant accounting policies (continued)

Pooled separate accounts

Individual participant accounts for the pooled separate accounts are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds, but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Credit risk

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Administrative expenses

Substantially all administrative expenses are paid by the Plan Sponsor. Certain transaction fees are paid by the Plan.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Accounting changes

In May 2015, the Financial Accounting Standards Board (FASB) issued "*Accounting Standards Update (ASU) 2015-07, Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*" (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, *Fair Value Measurement*. ASU 2015-07 also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. ASU 2015-07 is effective for entities (other than public business entities) for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Early application is permitted. Management elected to adopt ASU 2015-07 early which includes removal of the requirement to assign a level to net asset value practical expedient valued investments.

In July 2015, the FASB issued "*ASU-2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practice Expedient.*" Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts.

Note 2 – Summary of significant accounting policies (continued)

Accounting changes

Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management elected to adopt Part II early.

Note 3 – Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Pooled separate accounts: The fair value of the pooled separate accounts is based on the underlying net asset values (NAV) managed by John Hancock Life Insurance Company (USA).

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements
December 31, 2016 and 2015

Note 3 – Fair value measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2016 and 2015.

	Assets at Fair Value as of December 31, 2016			
	Fair Value	Level 1	Level 2	Level 3
Other investments measured at net asset value	$ -	$	$	$
Total	$ -	$	$	$

	Assets at Fair Value as of December 31, 2015			
	Fair Value	Level 1	Level 2	Level 3
Other investments measured at net asset value	$ 2,633,777	$	$	$
Total	$ 2,633,777	$	$	$

Note 4 – Party-in-interest transactions

Certain Plan investments are units of pooled separate accounts managed by John Hancock Life Insurance Company (USA), the custodian of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Retirement Horizons, Inc. provides administrative services to the Plan. Fees paid by the Plan for administrative services totaled $1,660 and $3,580 for the years ended December 31, 2016 and 2015.

The Plan's trustees are also participants in the Plan. Their account balances totaled approximately 0% and 11% of the net assets available for benefits as of December 31, 2016 and 2015.

Note 5 – Plan termination

The Plan was terminated effective December 31, 2016 and all assets were transferred to a new Plan under a multiple employer arrangement. The Plan Sponsor elected for an informal termination, therefore, the Plan will not receive a determination letter from the Internal Revenue Service (IRS) with respect to the termination of the Plan.

Note 6 – Tax status

The Internal Revenue Service has determined and informed the Plan's third-party administrator by a letter dated March 31, 2014, that the standardized prototype plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2016, no uncertain positions are taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2014.

Note 7 – Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Financial information certified by the custodian of the Plan

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The custodian of the Plan, John Hancock Life Insurance Company (USA), holds the Plan's investment assets and executes transactions therein. Investment and investment income information included in the accompanying financial statements and supplemental schedule is based on information certified by the custodian as complete and accurate.

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

Note 9 - Delinquent Participant Contributions

During 2016, the Company did not remit $17,924 in participant contributions to the Plan in a timely manner, as defined by ERISA. The Company is in the process of correcting the late remittances. These contributions are considered prohibited transactions, which may result in an imposition of a 15% excise tax on the amount of the transactions.

Note 10 – Reconciliation of financial statements to Form 5500

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements at December 31, 2016 and 2015, to Form 5500:

	2016	2015
Net increase in assets available for benefits per the financial statements	$ 31,849	$ (276,093)
