Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified Plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Department of Labor (DOL) requires the Company to make contributions based on the prevailing wage law that covers specific government contracts under which the employees work. The Sponsor may also make discretionary matching and non-elective contributions for all employees of the Sponsor. Participants must be employed on the last day of the Plan year and have worked 1,000 hours during the Plan year to receive any discretionary matching or non-elective contributions. During the year ended December 31, 2016, the Sponsor made $387,987 in contributions.

Participant accounts:
Each participant's account is credited with the participant's contributions, Sponsor contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:
Participants are vested immediately in both participant and Sponsor contributions, plus actual earnings thereon.

NOTE 1 - DESCRIPTION OF THE PLAN - CONTINUED

Payment of benefits:
The Plan provides for distributions to participants or their beneficiaries upon retirement, death or termination of services from the Company. A participant's account may be distributed in a single lump sum or installments. In general, if a participant's account balance, as defined by the Plan, is greater than $5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement without the participant's consent. Participant's account balances that are less than $5,000 (the involuntary cash out amount), will be paid out in a lump sum regardless of participant election as to payment, upon termination of services of a participant for any reason if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan document.

In-service withdrawals of all or a portion of a participant's account balance may be withdrawn by a participant after reaching age 59 ½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust available alternatives prior to requesting a hardship withdrawal.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

DRAFT

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Investment valuation and income recognition:
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:
Benefits are recorded when paid.

Administrative expenses:
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants, investment expenses, investment advising, recordkeeping, and investment management are charged directly to the participant's account and are included in administrative expenses.

Recent Accounting Pronouncements
In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Plan (Topic 965)*, in three different parts as follows:

Part I: Fully Benefit-Responsive Investment Contracts, requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and eliminates the previous requirement to present these investments at fair value with an adjustment to contract value for purposes of determining total net assets available for benefits.

DRAFT

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Part II: Plan Investment Disclosures, simplifies the required investment disclosures under Topics 820, 960, 962, and 965 by eliminating the requirements to disclose the following in the notes to the Plan's financial statements: (1) individual investments that represent 5% or more of net assets available for benefits; (2) the net appreciation or depreciation for investments by general type; and (3) the classification of investments on the basis of their nature, characteristics, and risks. Instead, net appreciation or depreciation will only be required to be presented in the aggregate and investments will only be required to be grouped by general type.

Part III: Measurement Date Practical Expedient, is not applicable to the Plan.

ASU 2015-12, and all related parts, is effective for the Plan retrospectively for fiscal years beginning after December 15, 2015. The Investment Committee has adopted Parts I and II of this guidance as of and for the year ended December 31, 2016 on a retrospective basis as they believe it will simplify Plan accounting and its presentation in the financial statements and related notes. The presentation of the financial statements and notes herein have been changed to reflect such adoption.

Subsequent events:
The Plan has evaluated subsequent events through January 30, 2018, the date on which the financial statements were available to be issued.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

NOTE 4 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71 (or the draft Listing of Required Modifications issued April 4, 2009). The Plan administrator intends to apply for a determination letter on the Plan once the IRS opens such a program. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for Plan participants under Section 403(b).

DRAFT

NOTE 4 - TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator does not believe that any uncertain tax positions currently exist and, therefore, no loss contingency has been recognized in the accompanying financial statements.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 - INVESTMENT INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Great-West Life and Annuity Insurance Company, the Custodian of the Plan, and Great-West Trust Company, LLC, the Trustee of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2016 and 2015, with the exception of the guaranteed interest fund, which is shown at contract value.
- Total investment income, as shown in the statement of changes in net assets available for benefit for the year ended December 31, 2016.
- Notes receivable from participants outstanding as of December 31, 2016 and 2015.
- Interest income on notes receivable from participants for the year ended December 31, 2016.

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board, Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE 7 - FAIR VALUE MEASUREMENTS - CONTINUED

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 619,852	$ -	$ -	$ 619,852

NOTE 8 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan has a group annuity contract with Great-West Life and Annuity Insurance Company, who maintains the contributions in a guaranteed account. The Key Guaranteed Portfolio Fund is a general account product. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The interest crediting rate is reset quarterly. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

NOTE 8 - INVESTMENT CONTRACT WITH INSURANCE COMPANY - CONTINUED

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer and was 1.45% for 2016. Such interest rates are reviewed on a quarterly basis for resetting. Certain events limit the ability of the Plan to transact at contract value with the issuer.

Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

NOTE 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The following transactions qualify as party-in-interest transactions under ERISA:

- Certain investments managed by Great-West Life and Annuity Insurance Company, the Plan's Record-keeper and Trustee,
- Investment in a key guaranteed portfolio fund provided through Great-West Life and Annuity Insurance Company,
- All service providers including those paid by the Sponsor, and
- Notes receivable from participants.
