NEIGHBORHOOD FAMILY PRACTICE 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2017 AND 2016

1. Description of Plan:

The following brief description of the Neighborhood Family Practice 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan, established July 1, 2004, and as amended August 1, 2013 is a defined contribution plan covering all employees of Neighborhood Health Care, Inc., dba Neighborhood Family Practice, (the Organization). Employees are eligible to contribute to the Plan upon hire. Furthermore, employees are eligible to receive discretionary employer matching contributions if they are age 18 or older and have completed 6 months of service. Employees are eligible to receive discretionary employer contributions if they are age 18 or older and have completed one year of service (defined as completing 1,000 hours of service in a calendar year). An auto-enroll feature of the Plan was added effective August 1, 2013. Eligible employees who become a participant on or after August 1, 2013 are automatically enrolled into the plan if an election is not made (including an election not to defer) and a 6% contribution is withheld each paycheck until the employee opts out or elects an alternative deferral amount. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

Participants may elect to contribute up to 100% of their compensation (which may not exceed annual dollar limits established by the Internal Revenue Service) into the Plan as pre-tax salary deferrals or as post-tax Roth deferrals. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover).

The Organization may make discretionary matching contributions to participants' accounts as determined periodically by the Organization's Board of Trustees. The matching contribution is based on a percentage of the participant contribution. The Organization matched all of the participant's contributions, limited to the first 6% of the participant's compensation, in 2017 and 2016. Employer discretionary matching contributions totaled \$84,166 in 2017 and \$63,701 in 2016.

The Plan also has a discretionary employer contribution feature. This contribution may be determined as a uniform percentage of compensation or as a uniform dollar amount. The Organization did not make any employer discretionary contributions during 2017 and 2016.

Participant accounts:

Separate accounts for each participant are maintained by the custodians. Each account is credited with contributions and earnings from investments held in the account. Participants may direct their contributions, including the employer's portion, into a number of investment fund options. Participants may change their investment elections daily.

NEIGHBORHOOD FAMILY PRACTICE 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2017 AND 2016

1. Description of Plan (continued):

Vesting:

Participants are immediately vested in their contributions and the Organization's contribution portion of their accounts plus actual earnings thereon.

Payment of benefits:

Once participants attain age 59-1/2, they may elect to withdraw from their account, any amount not to exceed their vested portion. All accounts are subject to distribution upon the participant's termination, disability, retirement or death. Hardship withdrawals are not permitted.

On termination of service, participants may elect to receive a lump sum distribution equal to the vested value of their account balance, or in installments not to exceed the life of the participant. Vested account balances of \$5,000 or less must receive a lump sum.

Benefits are recorded when paid.

2. Summary of significant accounting policies:

Basis of accounting:

The financial statements of the Plan are prepared using the accrual basis of accounting.

Participant notes:

Participants may borrow from their accounts. The minimum loan is \$1,000 to a maximum equal to the lesser of \$50,000 or 50% of the participant balance. Note transactions are treated as transfers between investment funds and the participant notes fund. Repayment of a note must be made over a period not to exceed five years, unless the note is used to purchase a principal residence, in which case the note is to be repaid over a reasonable period of time that may exceed five years. Notes are secured by the balance in the participant's account and bear interest at market rate. Principal and interest are paid through payroll deductions and interest is included in interest and dividends on the statements of changes in net assets available for benefits.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of June 30, 2017 and 2016. If a participant ceases to make note repayments and the plan administrator deems the participant note to be in default, the participant note balance is reduced and a benefit payment is recorded.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2017 AND 2016

2. Summary of significant accounting policies (continued):

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates and assumptions.

Investment valuation and income recognition:

The Plan's investments are reported at fair value, except for the guaranteed interest accounts which are reported at contract value, as provided by Lincoln Financial Group Trust Company, Inc. and Lincoln National Life Insurance Company, the custodians of the Plan ("Lincoln"). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. The Organization determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Subsequent events:

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through November 29, 2017, the date the Plan's financial statements were available to be issued.

3. Investments:

The following table represents the current value of investments at June 30, 2017 and 2016. All investments of the Plan were participant-directed at June 30, 2017 and 2016.

	<u>2017</u>	<u>2016</u>
Pooled separate accounts (at fair value)	\$ 3,337,641	\$ 2,667,006
Guaranteed interest accounts (at contract value)	<u>717,972</u>	<u>359,510</u>

NEIGHBORHOOD FAMILY PRACTICE 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2017 AND 2016

4. Fair value:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

For pooled separate accounts, fair value is based on the net asset value at which the mutual shares are actively traded at the end of the Plan year.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2017 and 2016:

	Level 2	
	2017	2016
Pooled separate accounts	\$ 3,337,641	\$ 2,667,006

NEIGHBORHOOD FAMILY PRACTICE 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2017 AND 2016

5. Investment contracts with insurance company:

The Plan has fully benefit-responsive investment contracts with Lincoln. Lincoln maintains the contributions in general accounts. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed interest investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan.

Because the contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the contracts.

Contract value, as reported to the Plan by Lincoln, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The following table presents the contract value of the guaranteed interest accounts at June 30, 2017 and 2016:

	<u>2017</u>	<u>2016</u>
Stable Value Fund	\$ 713,418	\$ 355,018
General Account	<u>4,554</u>	<u>4,492</u>
	<u>\$ 717,972</u>	<u>\$ 359,510</u>

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Lincoln. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdraw from the Plan or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with the Plan's participants, is probable.

The contracts do not permit Lincoln to terminate the agreements prior to the scheduled maturity date.

The minimum guaranteed interest rate varies by participant and depends on the date the participant established his or her account.

6. Administrative and investment expenses:

Certain administrative functions are performed by employees of the Organization. No such employee, nor the Organization receives compensation from the Plan for these functions.

Additionally, investment related expenses are included in net appreciation (depreciation) in fair value of investments on the statements of changes in net assets available for benefits.

NEIGHBORHOOD FAMILY PRACTICE 403(b) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

JUNE 30, 2017 AND 2016

7. Party-in-interest transactions:

Certain Plan investments are managed directly by the custodians. In addition to the investments managed directly by the custodians, the Plan has other investments with the custodians representing pooled separate accounts that are the insurance company's assets with the Plan maintaining rights to assets underlying the separate accounts. Lincoln is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest.

8. Information certified by custodians:

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at June 30, 2017 and 2016, and net appreciation (depreciation) in fair value of investments, interest and dividends for the years ended June 30, 2017 and 2016, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Lincoln Financial Group Trust Company, Inc. and Lincoln National Life Insurance Company (the custodians of the Plan).

9. Income tax status:

The Internal Revenue Service has determined that the Neighborhood Family Practice 403(b) Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is exempt from taxation.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Organization has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administration believes it is no longer subject to income tax examinations from years ended prior to 2014.

10. Plan termination:

The Organization expects to continue the Plan but reserves the right at any time within its sole discretion to reduce, suspend or discontinue contributions to the Plan or to terminate the Plan. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

11. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
