PATHOLOGY ASSOCIATES OF SAN ANTONIO 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2016

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Pathology Associates of San Antonio 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of all Plan provisions.

General:
The Plan is a defined contribution plan covering substantially all employees of Pathology Associates of San Antonio and Pathology Reference Laboratory (collectively, the Sponsor) who have one year of service and are 19 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plan Committee of the Board of Directors is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Contributions:
Each year participants may contribute any amount or percentage up to 100% of their pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Sponsor's matching contribution is paid on a discretionary basis as determined by the employer and shall be limited to the specified percentage of each participant's deferred compensation. Employer matching contributions of $259,031 were made for the year ended December 31, 2016.

The Sponsor may also make discretionary profit sharing contributions to the Plan. Employer profit sharing contributions of $826,208 were made for the year ended December 31, 2016.

The Sponsor will make safe harbor contributions to the Plan in an amount not less than 3% of each participant's compensation for participants who are employed on the last day of the Plan year and have 1,000 hours of service during the year. Safe harbor contributions of $352,108 were made for the year ended December 31, 2016.

Vesting:
Participants are immediately vested in both employee and employer contributions plus actual earnings thereon.

NOTE 1 - DESCRIPTION OF THE PLAN - CONTINUED

Participant accounts:
Each participant's account is credited with the participant's contribution, Sponsor matching contributions, as well as allocations of the Sponsor's profit sharing contributions, safe harbor non-elective contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants:
Participants may borrow from their fund accounts up to a maximum of $50,000 or 50% of their vested account balances, whichever is less. The term of the loan shall not exceed five years, except for loans associated with the purchase of a primary residence. These loans are secured by the balance in the participant's account and must bear a reasonable rate of interest. A participant may have a maximum of two outstanding loans at any given time. Principal and interest is paid through payroll deductions.

Payment of benefits:
The Plan provides for distributions to participants or their beneficiaries upon retirement, death or termination of services from the Company. A participant's account may be distributed in a single lump sum or installments. In general, if a participant's account balance, as defined by the Plan, is greater than $5,000 and employment is terminated other than due to retirement or death, the account may not be distributed before normal retirement without the participant's consent. Participant's account balances that are less than $5,000 (the involuntary cash out amount), will be paid out in a lump sum regardless of participant election as to payment, upon termination of services of a participant for any reason if the account balance is less than the involuntary cash-out amount. Distributions are subject to the applicable provisions of the Plan document.

In-service withdrawals of all or a portion of a participant's account balance may be withdrawn by a participant after reaching age 59½. In-service withdrawals of all or a portion of a participant's rollover account balance may be withdrawn at any time.

Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with the provisions specified in the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust available alternatives prior to requesting a hardship withdrawal.

Distributions from the Plan will normally be subject to income taxes and in certain circumstances may also be subject to IRS penalties, unless the distribution is transferred to another qualified plan or individual retirement account.

NOTE 1 - DESCRIPTION OF THE PLAN - CONTINUED

Forfeited accounts:
At December 31, 2016 and 2015, forfeited non-vested accounts totaled $27,005 and $9, respectively. These accounts will be used to reduce future Sponsor contributions. During the year ended December 31, 2016, forfeitures in the amount of $29,892 were used.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting:
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates:
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

Investment valuation and income recognition:
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Pooled separate accounts:
The pooled separate accounts (the Accounts) are maintained by Voya Retirement Insurance and Annuity Company (the Custodian) which was established by the Custodian to support the operations of variable annuity contracts. The Accounts invest in independently managed mutual fund portfolios as directed by the participants. Plan participants do not hold shares of the mutual funds, but units of participation in the Accounts. Dividend income and realized and unrealized gains for the underlying mutual funds are reflected in the value of the units of participation in the Accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Notes receivable from participants:
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2016 or 2015.

Payment of benefits:
Benefits are recorded when paid.

Administrative expenses:
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and investment management services are charged directly to the participant's account and are included in administrative expenses.

Subsequent events:
The Plan has evaluated subsequent events through January 30, 2018, the date on which the financials were available to be issued.

Recent Accounting Pronouncements:
In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset value (NAV) per share practical expedient under Accounting Standards Codification (ASC) 820. ASU 2015-07 is effective for the Plan retrospectively for the year ending December 31, 2016. The Retirement Plan Committee has adopted the provisions of ASU 2015-07 as of and for the year ended December 31, 2016 on a retrospective basis as they believe it will simplify Plan accounting and its presentation in the financial statements and related notes. The adoption of this guidance did not have an impact on the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Plan (Topic 965)*, in three different parts as follows:

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Part I: Fully Benefit-Responsive Investment Contracts, requires fully benefit-responsive investment contracts to be measured, presented, and disclosed only at contract value and eliminates the previous requirement to present these investments at fair value with an adjustment to contract value for purposes of determining total net assets available for benefits.

Part II: Plan Investment Disclosures, simplifies the required investment disclosures under Topics 820, 960, 962, and 965 by eliminating the requirements to disclose the following in the notes to the Plan's financial statements: (1) individual investments that represent 5% or more of net assets available for benefits; (2) the net appreciation or depreciation for investments by general type; and (3) the classification of investments on the basis of their nature, characteristics, and risks. Instead, net appreciation or depreciation will only be required to be presented in the aggregate and investments will only be required to be grouped by general type.

Part III: Measurement Date Practical Expedient, is not applicable to this Plan.

ASU 2015-12, and all related parts, is effective for the Plan retrospectively for fiscal years beginning after December 15, 2015. The Investment Committee has adopted Parts I and II of this guidance as of and for the year ended December 31, 2016 on a retrospective basis as they believe it will simplify Plan accounting and its presentation in the financial statements and related notes. The presentation of the financial statements and notes herein have been changed to reflect such adoption.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants are 100% vested immediately.

NOTE 4 - TAX STATUS

The IRS has determined and informed the Sponsor by a letter dated March 31, 2014, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although, the Plan has been amended since receiving the determination letter, the Sponsor and the plan administrator believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements for the IRC and, therefore, believe the Plan is qualified and the related trust is tax exempt.

NOTE 4 - TAX STATUS - CONTINUED

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 - INVESTMENT INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Voya Retirement Insurance and Annuity Company, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, as shown in the statements of net assets available for benefits as of December 31, 2016 and 2015, with the exception of the group annuity contract which is certified at contract value, and the exception of the investments in self-directed brokerage accounts (See Note 7).
- Total investment income, as shown in the statement of changes in net assets available for benefit for the year ended December 31, 2016, with the exception of investment income from self-directed brokerage accounts in the amount of $142,231.
- Notes receivable from participants outstanding as of December 31, 2016 and 2015.
- Interest income on notes receivable from participants for the year ended December 31, 2016.
- Schedule H, line 4i – schedule of assets (held at end of year) as of December 31, 2016, with the exception of the investments in self-directed brokerage accounts.

NOTE 7 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board, Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2016 and 2015.

Self directed brokerage accounts, which are made up of the following:

Cash and cash equivalents: Due to the nature of the interest-bearing cash account, there are no specific underlying assets assigned. Fair value of the interest-bearing cash account represents the amount that would be received if amounts were withdrawn at the reporting date.

Common stock: Valued at the quoted net asset value of shares in active markets held by the Plan at year end.

NOTE 7 - FAIR VALUE MEASUREMENTS - CONTINUED

Corporate bonds: Valued using pricing models maximizing the use of observable input for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Money market and mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Based on quoted net asset values of the shares held by the Plan at year end. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's fair value measurements at December 31, 2016 and 2015:

Assets at fair value as of December 31, 2016:

	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	$ 3,995,688	$ 16,524	$ -	$ 4,012,212
Investments measured at NAV	-	-	-	14,962,070
Total investments at fair value	$ 3,995,688	$ 16,524	$ -	$ 18,974,282

Assets at fair value as of December 31, 2015:

	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	$ 4,156,236	$ 13,861	$ -	$ 4,170,097
Investments measured at NAV	-	-	-	12,823,055
Total investments at fair value	$ 4,156,236	$ 13,861	$ -	$ 16,993,152

NOTE 7 - FAIR VALUE MEASUREMENTS - CONTINUED

Fair Value of Investments that Calculate Net Asset Value:
The following table summarizes investments measured at fair value based on net asset value (NAVs) per shares of December 31, 2016 and 2015, respectively:

	Fair Value December 31, 2016	Fair Value December 31, 2015	Unfunded commitments	Redemption frequency	Redemption notice period
Pooled separate accounts	$ 14,962,070	$ 12,823,055	$ -	Daily	Daily

NOTE 8 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2016, the Plan offered a traditional fully benefit-responsive guaranteed investment contract with Voya Retirement Insurance and Annuity Company totaling $1,344,786 and $1,161,151 for the years ending December 31, 2106 and 2015, respectively. Voya Retirement Insurance and Annuity Company maintains the contributions in a fixed account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1 percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This Contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract Value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya Retirement Insurance and Annuity Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion if their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 8 - INVESTMENT CONTRACT WITH INSURANCE COMPANY - CONTINUED

Certain events might limit the ability of the Plan to transact at contact value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal form the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transactions exemption under ERISA (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contact issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligations under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

NOTE 9 - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The following transactions qualify as party-in-interest transactions under ERISA:

- Certain investments managed by Voya Retirement Insurance and Annuity Company, the Record-keeper and Custodian for the Plan,
- Investment in a fixed account fund provided through Voya Retirement Insurance and Annuity Company,
- All service providers including those paid by the Sponsor, and
- Notes receivable from participants.
